## Identity Theft / Identity Fraud Let's Not Become a Victim

### What is Identity Theft?

The basic definition of identity theft and identity fraud is: Identity theft refers to the preparatory stage of acquiring and collecting someone else's personal information for criminal purposes. Identity fraud is the actual deceptive use of the identity information of another person (living or dead) in connection with various frauds (including for example; impersonating another person and the misuse of debit card or credit card data).

As of January 8, 2010, Senate Bill S-4 became law, making it illegal to possess another person's identity information for criminal purposes.

### Some of the Facts:

- Identity theft techniques can range from the unsophisticated, such as dumpster diving and mail theft, to more elaborate schemes using the internet.
- Technology, mainly the Internet, facilitates more elaborate schemes, such as skimming, phishing, and hacking as criminals gather profiles of potential victims. Computer spywares and viruses, designed to help thieves acquire personal information, are an emerging trend. You can be infected through an unknown downloaded program or opening and responding to an unsuspecting email.
- Victims of identity theft or fraud can experience financial loss and difficulty obtaining credit or restoring their "good name".

Identity thieves are looking for the following information: Full name, date of birth, Social Insurance Numbers (SIN number), full address, mother's maiden name, username and password for online services, driver's license number, personal identification numbers (PIN), credit card information (numbers, expiry dates and the last three digits printed on the signature panel), bank

account numbers, signature, Birth Certificate, and passport number. Any number or combination of these identifications can result in your identity being compromised and cause hardship for you and your family.

What your information could be used for:

Criminals can use your stolen or reproduced personal or financial information to:

- access your bank accounts to steal your money
- open new bank accounts to apply for loans under your identity
- transfer bank balances from your account to an account either, opened in your name or another account that is under control of an identity thief
- apply for loans, credit cards and other goods and services under your name
- make purchases using your credit cards and money
- hide their criminal activities under your name and identity
- obtain passports or receive government benefits while impersonating you

## Breton RCMP Investigate School Vandalism From Breton RCMP

On January 24th, 2018 the Breton RCMP were notified that the Buck Mountain High School had been vandalized with graffiti overnight. The graffiti covered several of the exterior walls with various writing in grey spray paint and it is believed that two individuals were involved.

The school provided video surveillance and one individual was captured on video before the two cameras in the vicinity were also spray painted. The suspect is described as a male wearing a face mask and a flat brim hat with the logo "TAPOUT" across the front.

If anyone has any information regarding the persons involved, please contact the Breton RCMP at (780) 696-3520 or Crime Stoppers at 1-800-222-8477.

## RCMP POLICING PRIORITIES

The RCMP is committed to preserving the peace, upholding the law and providing quality service in partnership with the communities it serves. The purpose of this brief, eight-question survey is to ensure the public has a say in what the RCMP priorities are for the region. This is not a crime reporting tool but allows the public to provide input into how policing priorities are formed.

Each year, RCMP from the Drayton Valley and Breton detachments establish policing priorities to ensure that, in addition to responding to calls for service, members focus on the policing issues identified by the public as being the most important. These priorities are determined based on the feedback the RCMP receives from the municipalities and communities they serve.

Brazeau County and the Town of Drayton Valley have partnered with the RCMP to conduct this brief survey to ensure that RCMP priorities align with those of the public. Information collected from this survey will be reviewed and considered by the RCMP, County and Town Councils.

This survey will remain open until February 9, 2018.

This survey can be taken online at: [www.surveymonkey.com/r/PS21Y9X](http://www.surveymonkey.com/r/PS21Y9X)  
Alternatively, surveys can be dropped off in-person or mailed to any of the addresses found below.

### BELL - Let's Talk – Mental Health Awareness Day

**January 31** - Many people living with a mental illness report that negative stereotypes about mental illness, and the resulting potential for discrimination, causes them more suffering than the illness itself. As a result, two thirds of those suffering from mental illness are too afraid to seek the help that they need.

Mental illness affects people of all ages and from all walks of life. It can take many forms, including depression, anxiety and schizophrenia. Most individuals find ways to live with their illnesses but how they are treated by others often proves to be more of a challenge than the illness itself. We invite you to join the conversation around mental health on Bell Let's Talk Day, January 31. Stigma surrounded many diseases in the past, but concerted efforts to confront these attitudes resulted in change for the better, including better treatment, more funding for research, and greater understanding from family, friends and colleagues. The goal is to achieve the same level of acceptance and understanding regarding mental illness.

On Bell Let's Talk Day, for every text, mobile and long distance call made on the Bell network, tweet using #BellLetsTalk, social media video view, or use of the Facebook or Snapchat filter, Bell will contribute 5 cents more to Canadian mental health programs.

**Be Kind** -Simple kindness can make a world of difference. Whether it be a smile, being a good listener or an invitation for coffee and a chat, these simple acts of kindness can help open up the conversation and let someone know you are there for them.

Expressions like "You'll get over it" and "Just relax" can minimize how a person is feeling. Instead offer your support and say "I'm sorry you aren't feeling well." Ask what you can do to help.

**Listen and ask** - Mental illness is a very common form of human pain and suffering. Being a good listener and asking how you can help, sometimes just even being there for people you care about, can be the first step in recovery.

Here are a few examples of what to ask:

- I'm sorry you aren't feeling well.
- I've noticed you've seemed down lately.
- Is everything ok?
- How can I help?

Talk about it - Break the silence. Mental illness touches us all in some way directly or through a friend, family member or colleague. Stories of people who have experienced mental health issues and who are doing well can really challenge stereotypes. Most people with mental health issues can and do recover, just by talking about it.

## MP REPORT

from The Office of MP Jim Eglinski,  
Member of Parliament for Yellowhead

## Funding Opportunity for Farms Hiring Youth

From Jim Eglinski, MP for Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform local farm operators and employers in the agricultural sector that the Agricultural Youth Green Jobs Initiative application period is now open.

Projects can start on April 1, 2018 with the possibility of starting earlier based on available funding. Projects must also be completed by March 31, 2019.

The Agricultural Youth Green Jobs Initiative helps fund internships for post-secondary graduates and high school students working in the agriculture industry. These internships include activities or projects that benefit the environment.

Funding is available through the following two streams:

1. **Green Farms Stream:** Farm operators could receive up to a maximum of \$10,000 per youth intern, 30 years old or younger, including high school students to implement projects that are environmentally beneficial.
2. **Green Internships Stream:** Employers in the agricultural sector but not directly on a farm could receive up to a maximum of \$16,000 per post-secondary graduate intern to undertake environmental activities, services or research that will benefit the agriculture sector.

Interested applicants can apply by email to: [AAFC.Green.jobsStage.en.agroenvironnement.AAC@agr.gc.ca](mailto:AAFC.Green.jobsStage.en.agroenvironnement.AAC@agr.gc.ca), mail or fax by submitting the completed Project Application Form and required attachments to the Alberta regional office. These forms, and more information, can be found on the Agriculture and Agri-Food Canada website at: [www.agr.gc.ca/eng/programs-and-services/list-of-programs-and-services/agricultural-youth-green-jobs-initiative/?id=1459879253586](http://www.agr.gc.ca/eng/programs-and-services/list-of-programs-and-services/agricultural-youth-green-jobs-initiative/?id=1459879253586)

"I encourage any local farms operators or employers in the agricultural sector to consider applying for this opportunity to invest into our youth and familiarize them with local agriculture," concluded MP Eglinski.

## **Covenant Corner**

from Pastor Jeff Gooderham

A few years ago, a couple of adventurers tried to become the first to circle the globe in a hot air balloon. They took off from St. Louis, Missouri, rose to 24,000 feet, and started eastward across the Atlantic Ocean toward Africa. The prevailing winds carried the balloonists on a direct course for Libya, which was a big problem. Libya, at the time, was ruled by a dictator who hates Americans and doesn't want American balloons flying over his country. There was a pretty good chance that the balloon would be shot down if it crossed Libyan air space.

This brings up another big problem. Hot air balloons aren't easy to turn. In fact, they can't be turned at all. They're at the mercy of the wind. But they can find different winds. This is done by changing altitude. At a higher or lower altitude, a balloonist can usually find a crosswind blowing in a different direction. So the quick thinking adventurers started letting hot air out of their balloon and dropped 6,000 feet. At that altitude, they found a wind that was blowing south rather than east. Once they were safely to the south of Libya and its missiles, they heated up the balloon, rose almost 10,000 feet, and caught another wind that was blowing eastward toward their destination.

What is your destination? In Proverbs chapter 14 verse 12 the Bible says; "There is a way which seems right to a man, But its end is the way of death." Knowing our destination is very important. Jesus said "I am the way, the truth, and the life!" We can choose to change directions from one of death to one of life! God says; "Choose life!!"

Story Continued From Front Page

How can you find out if your identity was stolen?

The best way to find out is to monitor your hard copy or on-line financial accounts frequently and to check your credit report regularly for any unusual activities. If you receive calls from collection agencies about unfamiliar accounts, or if you applied for credit and were unexpectedly turned down, you should investigate further.

Report it

If you suspect or know that you are a victim of identity theft or fraud, or if you unwittingly provided personal information or financial information:

- Step 1 - Contact your local police force (RCMP or EPS) and file a report.
- Step 2 - Contact your bank/financial institution and Credit Card Company.
- Step 3 - Contact the two national credit bureaus and place a fraud alert on your credit reports.
  - o Equifax Canada at Toll free: 1-800-465-7166
  - o TransUnion Canada at Toll free: 1-877-525-3823

• Step 4 - Always report identity theft and fraud. Contact the Canadian Anti-Fraud Centre at 1-888-495-8501 Service Canada at 1-800-206-7218 (If your SIN card has been compromised)

Prevention is the best way to deal with this crime:

• Identity theft can occur over the Internet (email) or telephone, via fax or regular mail. Therefore, be particularly wary of unsolicited e-mails, telephone calls or mail attempting to extract personal or financial information from you. If an email or phone call asks you to log into your online account or give the numbers to your account over the phone, BEWARE, this is a common tactic to extract valuable information used to steal your identity.

• Ask yourself if you really need all of the identity documents you carry in your wallet or purse. Remove any you don't need and keep them in a secure place instead.

• Periodically check your credit reports, bank and credit card statements and report any irregularities promptly to the relevant financial institution and to the credit bureaus.

• During transactions, it's safer to swipe your

cards yourself than it is to allow a cashier to do it for you. If you must hand over your card, never lose sight of it.

• Always shield your personal identification number when using an ATM or a PIN pad.

• Memorize all personal identification numbers for payment cards and telephone calling cards. Never write them on the cards.

• Familiarize yourself with billing cycles for your credit and debit cards.

• Trash bins are a goldmine for identity thieves. Make sure you shred personal and financial documents before putting them in the garbage. This includes ATM slips or receipts

• Cut up expired and unused cards credit / ATM cards.

• When you change your address, make sure you notify the post office and all relevant financial institutions (your bank and credit card companies).

• Don't fill in forms that ask for more information then you feel is necessary.

• Beware of social media sites that ask for information that could put you at risk. Do not post personal information on social media sites as these sites are checked regularly for potential targets of "identity theft" thieves.

The above information was compiled from the RCMP and Service Alberta web sites.

And, a second meeting is scheduled for Rollyview Community Hall, March 10th at 1:30pm in the afternoon. Then a repeat presentation at the Telford Community Park Hall on Range Road 260 March 13 at 7 pm. Join us for a crime prevention presentation and question and answer session. The RCMP will be in attendance for all events. More community meetings in your area are in the planning stage and will be announced soon.
