We're Hiring!

Attend the
"Women in Policing" Career Presentation

The RCMP is looking for motivated and dedicated women to join our team. Learn how you can be part of Canada's national police force at a special recruiting presentation for women.

From Constable to Commissioner, anything is possible for the proud and dedicated women who serve in this historic organization. Since 1974, women have made significant contributions as RCMP officers in every part of Canada and around the world. They have a positive impact on the community while enjoying vast opportunities for growth and development in dozens of specialized units.

At present, 21.5% of RCMP police officers are women. The RCMP is committed to increasing the number of female officers to 30% to better represent the communities we serve across the country.

A "Women in Policing" Career Presentation is a unique opportunity to meet with recruiters and hear real life career experiences from female police officers who are proud to wear the RCMP uniform. A recruiting officer will also outline the process to apply, the benefits and rewards of a career in policing, provide advice and answer questions. The presentation is on:

Tuesday, January 16, 2018, 1830 HRS
RCMP Edmonton K Division
11140 - 109 Street, Edmonton, Alberta

The RCMP is looking for people from across the country to join Canada's national police service. If you or someone you know is thinking about becoming a police officer with the RCMP, visit rcmpcareers.ca.

NEW OWNERSHIP

Hi, I'm Rick Hart!

devonchrysler.com

I have lived in the Town of Thorsby for nearly 20 years. I am the Past President of the Thorsby Chamber of Commerce, Past President of the Thorsby Lion's Club, I have been Vice Chairman of Leduc Foundation and a Board Member of the 39/20 Alliance. I have also served on Town Council for the past 13 years, 3 years as Mayor of Thorsby and 10 years as a Councillor. I have enjoyed my time contributing to the community but have decided to begin a new chapter and continue with my sales career.

I have worked in farm equipment sales for Case and Argo as well as for Chrysler Dealerships in the area and I am looking forward to new adventures and opportunities with DEVON CHRYSLER.

I would like to invite my friends and former customers to stop by for a coffee and an opportunity to see the great products at DEVON CHRYSLER.

See you soon,

MESSAGE
FROM THE MAYOR
From Mayor Rod Raymond

We hope everyone had a good Christmas break. December was a busy time for council, with 19 ½ hours spent on interim budget deliberations. I wish to thank the residents who attended the public budget meetings and appreciate your input and support. We were able to balance the 2018 interim budget, but it required some difficult decisions.

This councils approach is to find efficiencies in operations. In my opinion as a resident tax payer, (\$8000.00/year in taxes) nothing was off the table. We asked the Town Manager for roles and responsibilities for all employees. We looked at every variance from the actual operating cost (money spent) to the 2017 budget, to come up with the 2018 interim Budget. We looked at overall wages paid to town employees. We looked at council honorariums and expense budgets. We looked at outside consulting costs. We looked at outside contractors for net benefit value. We looked at day to day operating costs for phones, internet, office supplies. We paid close attention to the two largest operating budgets: Public works and Recreation. The town manager, the chief financial officer and public works manager, were forth coming and very helpful as to where we could cut operating costs. The most difficult decision for the town manager was to eliminate a management position at the recreational complex. To eliminate a management position, held by a friend, talented colleague and person who has done a good job for the community, had to be a very hard decision to make. We as council knew this would not be popular, but we support this very difficult decision. We need to run operations as efficiently as possible. When faced with the possibility to raise user fees, for all hockey parents and users of the recreation facility, efficiency gains must be considered first. I wish to thank Ms. Probe for her years of service and wish her only the best in the future. Existing staff picked up the slack, so no programs were cancelled. The facility is still fully operational and functioning and there is no intention to close the facility. All future capital projects and upgrades are still budgeted. The county was advised through official channels. I personally would like to thank the rec staff, public works staff and current senior management for the outstanding job, done at the rec center.

The recreation facilities are critical to this community. As a former minor hockey board member, former minor lacrosse board member, former minor hockey rep and

house league coach, former minor lacrosse coach, I fully understand the pressures and costs faced by parents. In the 1980's and 90's when my children participated in minor sports, the commitment was expensive, and time consuming (our minor hockey, subsidized ice time rate was \$140.00 /hour in the 1990's) I feel we need to keep the rates for recreation programs as affordable as fiscally possible. I personally do not want to see the loss of control of our rec center to the county. If we run the complex, in the most efficient manner, more programs and services can be offered to all residents.

It truly is a sad commentary that possible potential future businesses and residents, historically and current only see problems and issues on Facebook. I do defend everyone's right to voice a respectful opinion, on any media, as they see fit. I do admire defending your friends. I am disappointed in dramatic grandstanding, perpetuating fear mongering and passing misinformation on as fact. Every resident is treated equally, irrespective if you are new to town, or your family has been here for years. We choose to be constructive or destructive.

We need to promote the advantages our community, support our great, hardworking residents, if we wish to attract more businesses and residents. The more business and residents we have, there is the potential to reduce everyone's water costs and mill rate. To me, it's kind of a "no brainer" I personally wish to conduct town business face to face. I don't hide behind a key board. I am available and open to discuss any concern, any town resident, might have. I want to thank everyone who has contacted me in person, to find out the facts and offer their support. I wish to thank everyone who attended the public council meeting, on the 9th of Jan., and appreciate all the questions, put before council. Tough decisions create controversy. Your support, makes me feel we are going in the right direction, by taking a practical, level headed, fiscally responsible approach, to all the issues faced by our community. I am responsible for my actions and decisions, which includes decisions made by town managers and fellow council members.

MP REPORT

from The Office of MP Jim Eglinski,
Member of Parliament for Yellowhead

Changes Made to the Canada Summer Jobs Program for 2018

I have serious concerns over an issue that has recently come to light regarding the Canada Summer Jobs Program (CSJ). For years, the CSJ Program has provided funding to employers across Canada to hire young Canadians for summer job placements. Students benefit by gaining valuable employment and work experience, and communities benefit from the important services provided by these organizations. This has always been done in a non-partisan fashion.

I have learned that the Liberals have tried to quietly, without any consultation with Members of Parliament or Canadian employers, change the process through which employers apply for funding through the CSJ Program. The Government is now requiring those who apply for funding to sign the form that the employer agrees to uphold certain “values”—values that align with the Liberal Party’s own ideology. This is unacceptable and, I would argue, is inconsistent with the Canadian Charter of Rights and Freedoms. This is a deeply concerning development and Canadians should be extremely skeptical of a government that is basing funding decisions on whether or not you hold the same beliefs and values as they do.

There are numerous churches and religiously motivated organizations that receive annual funding through the CSJ Program and have received this funding for years. Typically, these funds are used to run summer camps and programs. Many young people who work at these programs gain valuable work experience over the course of the summer. In no way are the funds used for any unlawful purpose as this Government seems to suggest. This new requirement would leave these institutions two choices. Choice #1 would be to sign the form against their own beliefs and religion – which for most is not an option. Choice #2 would be to lose the funding and cancel their programs. Religious institutions should never be treated this way by their

own Government.

The Charter of Rights and Freedoms explicitly protects the freedom of conscience and religion, freedom of belief, freedom of expression, and freedom of opinion. To punish employers applying for non-partisan funding simply because they have different views and ideology than the Government of the day is unacceptable.

If the Prime Minister were to apply this same process to eligibility for Old Age Security (OAS), I am sure that there would be a number of seniors that would either be forced to lie on the form or be forced to live without benefits that they are entitled to. As a diverse society, Canada allows for diverse opinions and protects those who may think differently than those in positions of power. In fact, the right to freedom of belief and opinion is guaranteed by the Charter.

If your organization is effected by this discriminatory Liberal change, I urge you to submit your application anyway with a brief note explaining that in good conscience you are unable to sign the form.

I will be pressuring the Government to remove this ridiculous requirement in the application process for the CSJ Program and will be watching closely to ensure that employers in my riding are not rejected for refusing to swear to abide by this Government’s priorities.

I encourage you – whether you’re impacted directly or not – contact the Minister of Employment, Patricia Hajdu at Patty.Hajdu@parl.gc.ca and Prime Minister Trudeau at pm@pm.gc.ca and let them know you won’t stand for these dangerous changes. LETTER TO THE EDITOR

I wanted to thank Kelley Probe our Recreation Co-ordinator at the Arctic Spas Recreation Complex for her many years of commitment to improving recreation and quality of life in Thorsby and Area over the past 7 plus years. Under Kelly many successes at the complex were achieved and I'm grateful for the hours of dedication that she has given as well as her husband as a volunteer. Kelly has worked hard on projects such as:

- Community Group Support
- Program Guide
- Ice Rink Utilization
- Go Girl Events
- Seniors Lunches
- Programming Support
- Accessibility To The Facility for Seniors through grants
- Craft Canada Arena Upgrades in conjunction with the Darcy Pawlick Crew
- Christmas Street Lights Support Selection
- Thorsby History Plaque Dedications
- And Many Many More.....

Council has eliminated this position in the 2018 Budget and axed the Capital Upgrades Planned as well as Reduced The Operating Budget for the Recreation Complex

Our community is known for its Exceptional Recreational Opportunities in our community. Although I can appreciate Councils own focus and priority I can't see the need to cut a top staff position that had the most experience in knowledge, budgeting, utilization of the facility and delivery.

Recreation isn't a business Council. It doesn't make money. If you can collect 60% back your doing good. So if you do have another idea please share with the community because this is defiantly a change in service that should of had some degree of public engagement and discussion on. All current supporting documents support recreation so are you rewriting all of them?

Leduc County is a huge partner that contributes 60% to the budget so informing them and getting their input would of been the correct thing to do not after the fact. Remember they have rate payers as well that have concern with this move. This will cut the dollars coming from the County now as well in operations and capital. I know you have a big job and I know it won't be easy but please respect our facility with your support.

Concerned, Barry Rasch
