

THE WARBURG BUGLE

Warburg School News

From Janet Sarvas

Thank you to W.S. former student, Emma Rapati (Grad '06), for visiting our school on February 22nd. The Junior and Senior High students, and our staff, enjoyed hearing you speak on "A Day in the Life of a Computer Engineer" at Google. Thanks for taking time out of your visit with your parents to come back to Warburg School.

Congratulations to W.S. Grad (2013), Justin Prenioslo, on receiving the Janet Ingbergsson Memorial Award and a T4K Undergraduate Leadership Scholarship, for a total of \$2300 in his fourth year of a Bachelor of Science at U of A Augustana!

Do you have a skill that you can share with us? We would love to have you share with our students! Please contact the school at 780-848-2822 if you are willing to volunteer some of your time to show our students your hobby or interesting skill. Crochet, knitting, card games, auto technician, engine repair, etc. You don't have to be a parent of a student to volunteer, we invite you as a community member to share your genius. Contact our school office for volunteer information.

Our Breakfast Program always appreciates an extra hand with serving students in the morning. Please contact Deb Mellafont, 780-848-2923 if you have a morning or two to share!

Our F.C.S.S. will be hosting a program at the school on March 5 & 12, 5:45 -8:15 p.m. for parents/caregivers to gain an understanding about Anxiety in children. Light supper is provided. Please contact Terri at 780-848-2828 or email lrplc@educ-county.com to register

Our Elementary classes went skating through the month of February and fun was had by all at the Warburg Memorial Arena.

Now it is the Phys. Ed. 20 & 30 classes turn to skate and also learn the sport of curling at our Warburg Curl-

ing rink!

We are very thankful to have these facilities in our community to give our students an opportunity to learn a new sport and try out their skills on ice.

Pictured Above: Grade 4 enjoy some skating time!

Our Elementary assembly will be held on March 8th at 12:30 p.m. and we are excited to hear Mrs. MacGregor's grade 3 T.U.S.C. (Totally Unique Speaking Club) curators present their topics for the audience.

Also on March 8th our Junior/Senior High will view the Concrete Theatre live performance of Consent - by Miekko Ouchi. Please visit our website ws.blackgold.ca for more information!

Congratulations to our Archery Club at their recent competition in Drayton Valley. Top archer was Nathan Akins with a 2/47 ranking among Middle School boys. Warburg School had some great scores posted and you may view the rankings on the NASP tournaments website.

PUBLIC NOTICE

APPLICATION TO PERMIT DEVELOPED ROAD PLAN

Leduc County has received an application to permit the following developed road plan:

TOWNSHIP ROAD 504 BETWEEN HIGHWAY 770 AND RANGE ROAD 24

A plan showing the location of this road allowance may be viewed during regular office hours in Public Works and Engineering offices at the Leduc County Services Building (1103 5 Street, Nisku) until Friday, March 9 at 4:30 p.m.

The Public Works Committee will consider this application at its meeting on **Monday, March 12 at 2 p.m.** in council chambers, or if it cannot be heard, at the next scheduled meeting on Monday, April 9 at 2 p.m. Any person who believes they will be affected may be heard at that meeting.

For more information, please contact:

FOR IMMEDIATE RELEASE: MARCH 1, 2018

JOHN DEERE TO CELEBRATE 100 YEARS OF TRACTORS IN 2018
Farm-equipment manufacturer celebrating a century of tractors.

Edmonton, AB. John Deere entered the farm tractor business in March 1918 through the acquisition of the Waterloo Gasoline Engine Company. For the past century, John Deere tractors have been the machines that best portray agricultural productivity. In observance of the 100th anniversary of producing tractors, John Deere is connecting the pride of the past with the promise of the future.

The Waterloo Boy tractor was John Deere's first tractor in 1918. The tractor continued to be sold under the Waterloo Boy name until the John Deere Model D tractor was introduced in 1923. The 100-year legacy of the John Deere tractor is one of evolution and innovation. Today, leading-edge products such as the 9620RX - 4 track tractor, further advance the legacy.

"Starting with the Waterloo Boy to the next generation of tractors being sold today, John Deere has focused on delivering innovative products to meet the needs of our clients" explained Wayne Peyre, Martin Deerline General Manager. "The purchase of Waterloo Boy was a turning point in John Deere's history and has led to the company becoming a one stop solution for agricultural producers, and homeowners alike. Deere's focus on quality, innovation, and a commitment to clients has led to once again being recognized as one of Fortune Magazine's 2018 World's Most Admired Companies."

To commemorate the centennial of tractors, all 2018 model agriculture tractors will come with a commemorative decal. Martin Deerline, the area's local John Deere dealership, is also planning activities and customer appreciation events at all locations to celebrate the historic anniversary. Watch our website and flyers for further event details this Spring & Summer.

Martin Deerline is a proud retailer of John Deere equipment and leaders in the agriculture, lawn and garden, small construction, and golf and turf industries. With 10 Martin Deerline locations across Alberta our focus is to be a valued partner for our clients by providing high quality equipment and a high level of service and support.

Small, regular dose of aspirin keeps colorectal cancer at bay!

Rx
Notes from the Pharmacy team!

New findings confirm multiple benefits of aspirin. Historically, aspirin has most commonly been taken to treat or prevent headaches, arthritis musculoskeletal pain and cardiovascular disease. New findings suggest that aspirin may be a potential low-cost alternative to endoscopic colorectal cancer screening in resource limited setting or a complement in setting in which such programs are already implemented, including the general US and Canadian populations, in whom screening adherence remains suboptimal. Weekly aspirin could reduce colorectal cancer risk by 19%. Always check with your doctor before starting a new treatment.

We have everything you need to

Leduc Rural Crime Watch,
the "Eyes and Ears" of the RCMP
From Cor De Wit

What is fraud?

There are many types of fraud and the criminal has mastered many of these invasions of your privacy. Whether you mistakenly gave your personal information, or it was stolen from you, there are ways that you can protect yourself.

We will list the most well known types of fraud and basic definitions. As we move through the list, we will get into detection and prevention with the goal of not becoming a victim.

Identity Fraud: theft of a person's identity to assume their identity for criminal activities. This can be achieved by simply going through your discarded personal papers like letters and bank statements. The criminal builds a dossier of your identity and this allows the criminal to become you, in all respects, and can destroy your identify and make recovery extremely difficult. Shredding your personal documents is a viable alternative to just throwing away in the trash.

Telemarketing Fraud: when people call you to sell something, but do not deliver the item, or it is inferior in quality. Telemarketing fraud can happen to anyone. These types of criminals are very convincing and are smooth when speaking to you on the phone. The deals offered, seem legitimate at first, but quickly there are holes in the product description and a feeling that you are being taken advantage of. Be wary of special offers, and research thoroughly to ensure that you are getting what is advertised. If it sounds too good to be true, it probably is...

Internet/Email Fraud: use of deceptive actions to trick you into volunteering information that could be damaging to you. Email is the most likely method of internet fraud. The criminal states that there may be an issue with your email, and you should log into the site and verify your identity. This enables the criminal to get your "sign in" information that allows them to access your files and in some cases, your banking information. This can be difficult to protect. Use of good security software on your computer can help you by restricting the access to your computer through the internet system. Internet service providers do offer some protection, but it is up to you to ensure that access to your computer is controlled by you. Do not respond to requests to "log into" your various accounts.

Check Fraud: writing checks from a closed account or an account that has no money. (NSF checks) There is an easy cure for this invasion of your life. Keep all checks in a safe secure place, and destroy all checks from closed bank accounts.

Employee Theft and Business Fraud: when current or past employee steals from a business in material or money. This is a common problem especially in large businesses that have many employees. Put in place measures that control inventory of the business assets such as equipment, tools and monies.

Mortgage Fraud: to purposely mislead a mortgage issuer about the value of a property and when the property is sold or foreclosed for less than the mortgage value. This type of fraud can happen to you unwittingly, as you may not even be aware

that a mortgage has been taken out on your property, until the banker calls you wondering why you have not made any payments towards your mortgage. This is very hard to determine if you have been targeted. Watch your credit scores regularly and observe changes in credit ratings. Be careful what information that you post on social media.

Home Renovation Fraud: when a person posing as a contractor, promises renovation work but does not deliver, or the quality is noticeably substandard or disappears with your deposit money. Here are ways to reduce the chance of becoming a victim of Renovation Fraud. Check for the registration of the contractor on the Service Alberta web site or the Better Business Bureau (BBB). All contractors that work with in Alberta must be bonded and registered. They cannot take a deposit unless they are registered. Ask for references and check them thoroughly.

ATM/Bank card Fraud: if a lost or stolen card is used to withdraw money from an account, or if a card is made using a stolen identity to steal from that person's bank account, it is fraud. Always cover line of sight to others when typing your PIN number at an ATM. Never give out your PIN number and change as often as you feel is necessary. A rule of thumb is at least once per year, more often if you bank at an ATM frequently.

Investment Fraud: when an offer is presented for a high return on investment, it may be a fraudulent investment. Deal with a reputable firm, ask for references or ask your friends for recommendation on firms that have good track records with financial decisions.

Phony Bank inspector Fraud: when a person phones you, claiming to be a bank inspector, asking for help to catch a bank employee that is stealing from the bank. This is perhaps the most common method of defrauding you of your money in a bank. The caller may ask you to remove a small amount of money from your account and ask for your PIN number so they can return the money to you. They say that they want to catch the bank employee in a sting operation. Once the criminal has your PIN number, they access your account and clean it out, never to be heard from again. Bank inspectors do not recruit their customers for these investigations.

With most frauds attempts, always remember, if it sounds too good to be true, it probably is...

Announcements of upcoming community crime prevention and awareness sessions:

There are two public crime prevention and awareness meetings coming up at the **Rollyview Community Hall, Saturday, March 10th at 1:30 pm** in the afternoon. Then a repeat presentation at the **Telford Park Hall at 48142-Range Road 260, on Tuesday, March 13 at 7 pm**. Join us for a crime prevention presentation and question and answer session. The RCMP will be in attendance for both events. More community meetings in your area are in the planning stage and will be announced soon.

And mark your calendars, for the **Leduc RCW AGM, April 10 at 7 pm, at the Telford Seniors center, on the East end of main street Leduc. More information at LeducRuralCrimeWatch@gmail.com**

We would like to thank our members for their continuing support and their tips that have been submitted to the RCMP.

Working together, "We can make a difference."

ColourSpectrums Personality Styles Workshop

ColourSpectrums is a personality styles and human communications model presented in an interactive and entertaining workshop format. Participants are guided through a process of self-reflection, group discussions and activities to discover and celebrate diverse personality strengths of both themselves and their children.

Leduc County presents Weed and Pest Workshop

2018 weed and pest forecast

Join Leduc County Agricultural Services for a weed and pest workshop to discuss weeds, crop pests and diseases farmers should look for in 2018.

Guest speakers Scott Meers and Mike Harding from Alberta Agriculture and Forestry will be presenting, along with Brendan Demilliano, Agricultural Foreman with Leduc County.

Workshop details:

Date: Thursday, March 22

Time: 1 to 4 p.m.

Place: Nisku Recreation Centre (NRC)
606 - 18 Avenue, Nisku, AB

RSVP: call 780-955-4593 by March 19

Coffee and snacks will be provided.

Cannabis legalization survey

Feb. 20 to March 9

Municipalities in Alberta are responsible for establishing rules for retail locations, creating additional restrictions on public consumption and establishing guidelines for land use and zoning related to cannabis legalization.

Leduc County values input from the public on these topics, and invites residents to complete a brief survey to share their thoughts on cannabis legalization to help inform new municipal bylaws or related policies.

Complete the survey at:

[surveymonkey.com/r/cannabis-legalization](https://www.surveymonkey.com/r/cannabis-legalization)

For more information on cannabis legalization visit **leduc-county.com/cannabis**.

Breton Museum Holds Successful Black History Program

From Allan Goddard

Approximately 100 people attended the 24th annual celebration of Black History Month February 25, hosted by the Breton Museum. A number of descendants of the families who settled the communities of Amber Valley, Keystone (Breton), Campsie, and Junkins (Wildwood) were in attendance. In addition, people from Breton, Drayton Valley, Warburg and surrounding communities attended.

For the past nine years the Breton Museum has had the pleasure to partner with the Breton Faith Covenant Church to host Black History Month in celebration of our community's early heritage. The museum's thanks go out to the church volunteers who helped with the sound system and the serving of refreshments after the program.

This year's program was the viewing of the Nation Film Board documentary called the "Mighty Jerome". The film follows the career of Canadian Track star Harry Jerome in the early 1960's and the challenges he faced not only from untimely injuries, but also the challenges he faced because of his racial background. The film documents his determination to come back from a devastating leg injury to race again, winning several medals and proving to his detractors that he was determined to succeed. Although the film had a sombre tone and was set in the 1960's it drove home the message that even today there is still work to do to eliminate racial inequality.

In addition to the film screening a food drive was conducted for the Breton Food Bank with individuals attending the event contributing 223 lbs of food and \$125.00 in cash donations for use by the Breton Food Bank, thank you for your generous donations. The Breton museum would also like to thank all who attended for their support of the Breton Museum in the preservation of the community's heritage and history.

Breton / Thorsby RCMP Lay Charges Following Pursuit of Stolen Vehicle

The Breton RCMP were alerted to a truck spotted on Highway 39, that had been reported stolen in an earlier armed robbery/ car jacking in Stony Plain. Following a brief pursuit which ended in Rimbey's RCMP detachment jurisdiction, the truck was stopped, driver arrested and charges have been laid.

On February 16 just before 1:00 a.m., Stony Plain responded to an armed robbery/ car jacking that occurred on Highway 43, where a citizen had his truck stolen from him. Two Caucasian males demanded his wallet, cellphone, Ipad and his truck. The citizen complied and the suspects fled in both the truck they were initially driving and the stolen truck. Notification was sent to all surrounding detachments to be aware of this incident, and to monitor for both the stolen truck and the suspect truck.

At 8:30 a.m., Breton RCMP members received information that led them to locate the stolen truck on Highway 39. The driver failed to comply with demands of the RCMP and fled. A pursuit ensued which included assistance from the detachments of Rimbey, Rocky Mountain House, Drayton Valley and Thorsby.

The suspect was arrested in the stolen truck and taken to Drayton Valley RCMP Detachment. The truck was recovered by the RCMP for return to the owner. The suspect is facing criminal charges as follows: Operation of MV while being pursued by police, Dangerous Operation of MV, Possession of Property Obtained by Crime over \$5000.00, and Mischief. He has been remanded in custody and is scheduled for court on February 20 at the Provincial Court of Alberta in Drayton Valley.

If you have information about this investigation, please call the Stony Plain RCMP at 780-968-7200 or call your local police detachment
