

THORSBY TARGET

Blessing of the Backpacks

From Audrey Brousseau

St. Matthew's Lutheran Church is beginning their Sunday School this fall with a Sunday School Rally Day on Sunday Sept. 15th, at the 10:30 am church service. We welcome all children and families to our service. Students (young and old), teachers, and helpers are invited to bring along their backpacks and/or school bags for a special "Blessing of the Backpacks". As the new school year begins, our church community wishes all students and educators a successful year of learning. Our church is located at 5115-48 Ave Thorsby. For inquiries you can call the church at 780-789-3873.

Bylaw Reminder

From Town of Thorsby Bylaw

The Town of Thorsby Bylaw Services Department would like to remind all resident and business' that garbage collection bins need to be removed from the street or alley 24 hours after the garbage collection date as per the "Water, Wastewater, Solid Waste Bylaw # 2012-05". Bylaw Services will be placing warnings on the garbage collection bins for the month of September.

Starting in October failing to remove bins can and will result in fines of \$250.00. We thank

everyone that is currently complying, with the winter months coming soon this assists our operators with snow removal.

Lifesaving Donation

From Thorsby Seniors

Nicole Smith from Fortis Alberta was an honoured guest at our monthly 'Soup and Sandwich' day. The seniors were presented with a \$2,000.00 cheque for our new defibrillator.

Barry Rasch was instrumental in helping us secure the donation from Fortis Alberta. We appreciate the security this piece of equipment brings to our facility.

Many guests and members who were enjoying lunch were present for the presentation. Thank you Fortis Alberta, for your continued support in our community.

Heart to Home Meals Offers Healthy Meal Alternatives to Seniors

We are delighted to announce our 12th Franchise in Canada and Edmonton being the 2nd in Alberta, We deliver delicious and nutritionally balanced frozen meals to the Seniors.

Our meals get prepared in Brampton in our Food Production Plant where our team of chefs make all of our meals in our federally inspected kitchens, ensuring the highest standards of quality and safety. We create meals which are balanced and nutritious for seniors, with carefully controlled levels of salt, sugar and fat. They can be cooked from frozen in the microwave or oven, providing you with the convenience of a delicious meal in minutes. We're pleased to feature our full range of over 200 meals, soups and desserts for you to choose from. With Heart to Home Meals, you benefit from:

- No Contracts or Commitments - order whenever it suits you
- Approved provider through Veteran Affairs of Canada Access to Nutrition Program.
- Free Delivery* every 2nd Wednesday with a minimum order of \$100 which works out to \$50 a week

Heart to Home Meals provides
Choice to Seniors to live independently

No shopping, no chopping, no pots and pans just delicious meals delivered to your door. We make the meals so you can make the most of your day. Relax and enjoy the things you like to do because we're taking care of the meals. Heart to Home Meals has over 200 frozen meals, soups and desserts to choose from as well as products for special dietary needs. Each is designed by our chef and dietitian, and as a result you get the great flavour and the necessary nutrition. All you have to do is select the meals, order and our friendly drivers will deliver them direct to your home.

Our Food

Our menu includes a wide variety of entrées including

beef, chicken, pork, fish and vegetarian. We have several soups to start and tempting desserts for the sweet tooth. In addition, we provide a diverse range to meet the needs of low fat, low calorie, low sodium and texture modified diets – all designed with seniors in mind.

Nutrition and Convenience

One of the biggest advantages of our frozen products is that in just minutes you can have a piping hot nutritious meal on the table. When you are ready for something to eat, simply heat them according to the label directions and just minutes later, your wholesome, balanced meal is ready to eat.

Delivery Made Easy!

Our drivers are committed to delivering great customer service and are all police checked for your added peace of mind – we'll even put the meals in your freezer for you if you wish. We deliver to most postal codes on a weekly or bi-weekly basis – ask us about delivery in your area.

Ordering Couldn't Be Simpler!

You can order as often as you like. We are not a subscription service, so you don't have to sign up to regular deliveries. Just order whenever you need us. If you would like a full colour menu brochure, you can request one and we will mail it straight to you. Just give us a call at 1.800.704.4779 / 780-666-2336 when you're ready to place your order or if you have any questions about the service. Our offices are open Monday to Friday, 9am - 5pm. If you'd prefer, you can order online at www.HeartToHomeMeals.ca

HEALTH MATTERS

BY DR. JOHN F. HUNTER D.C.

THORSBY FAMILY CHIROPRACTIC CLINIC

Old fashioned caring for the whole family with modern techniques.

780.789.3001

Chiropractors have a role to play in their patient's general well being and self care. One way that chiropractors do this is through maintenance care. Most people associate a visit to the chiropractor with injuries like whiplash, thrown backs and other kinds of pain that require immediate treatment. That is only one part of a much bigger picture.

What is maintenance care

The goal of maintenance care is to maintain optimal function and movement, keep your body balanced and to prevent future injuries.

When you go to your chiropractor for maintenance care, they will assess your posture, movement and general musculoskeletal health. This kind of care is beneficial for everyone, not just people who are physically active.

When we examine younger patients, we can monitor how their bones are developing and ensure their movement patterns are correct and normal. When we see senior patients, we often work to keep our patients mobile and help prevent future falls and injuries.

Maintenance care goes hand in hand with self care

The end goal of maintenance care and self care is the same: to ensure you are healthy. Maintenance care focuses your physical well being, which is one part of the bigger picture of your health.

Good self care and health is a balance between looking after your physical health, as well as your emotional health and mental health.

It isn't hard to incorporate self care into your day. Maintenance care, getting restful sleep and eating well are just a few ways to keep you at your best.

Maintenance care extends beyond the chiropractic clinic

A maintenance and injury prevention-style treatment plan is unique to each patient, just like self

care. After an assessment, chiropractors work with their patients to set health goals and make recommendations on treatments. Often, patients are able to fulfill these recommendations independently.

It's common for chiropractors to teach their patients stretches and simple exercises to build into their lives. These activities can help build strength, loosen stiff muscles and joints, improve your quality of movement and help break unhealthy movement habits we get into during our daily life.

Maintenance care does not mean you will need to visit your chiropractor forever

Maintenance care can include teaching patients stretches, helping to monitor existing physical conditions, nutritional counselling and providing advice to empower patients.

A good chiropractor wants to give you the tools to become self-sufficient and in control over your aches and pains, not have you rely on his or her services for the rest of your life.

How do I know if chiropractic is a good choice for me?

It's important to keep in mind that self care requires different tools to successfully support your health. Chiropractic is a great way to keep your body flexible and relieve pain, and it fits well with other kinds of self care activities.

The best way to determine whether chiropractic care is for you is by having a conversation with a chiropractor. Depending on your needs, your chiropractor may work with another health care professional, or refer you for a different kind of treatment.

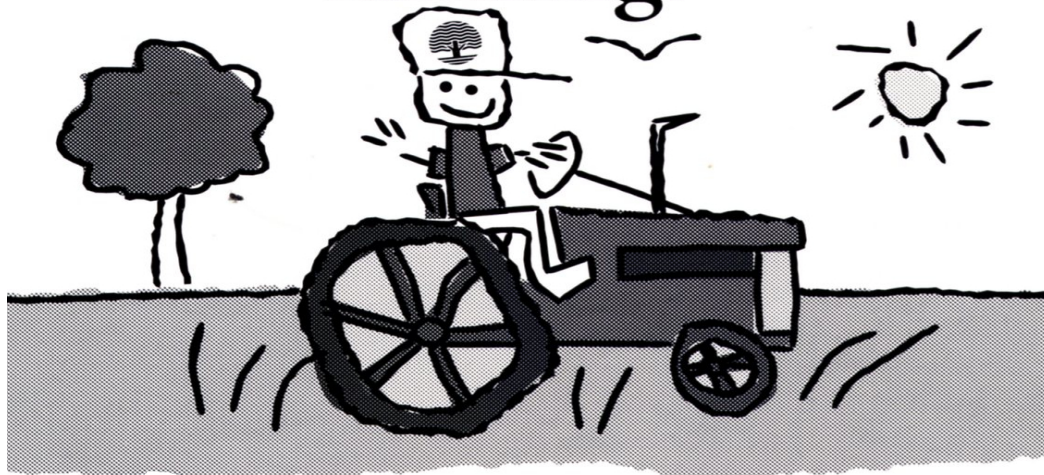

If it hurts, see a chiropractor.

Maintenance care can help prevent pain and keep your joints functioning to the best of their ability but injuries can still happen. If your pain is persistent, seek advice from a chiropractor.

Chiropractors are highly educated and specially trained musculoskeletal experts. Your chiropractor can treat aches and pains, as well as build customized stretching routines and whole-body wellness strategies in conjunction with your chiropractic treatment.

We want to take some of the risk out of farming.

There's no business like farming. That's why, when it comes to insuring your property, your liability and your income, it pays to deal with the experts. Our friends at Wawanesa are the largest farm insurers in all of Canada. They've been in the business a very long time, and they understand the needs of farmers. We will gladly visit your farm to discuss your needs.

Talk to us about tailoring a package for your farm insurance needs. We're also here to help you with home, automobile, tenant/condominium, home business, commercial, rental property insurance and more.

Thorsby Library
News

From Gayle Sacuta

Hello! It seems that I have been meeting many newcomers to our area these days, at the library and about town. Some people wonder where the library is located: we are at 4908-48 St. in the Town of Thorsby – at the Arctic Spa Recreation Complex - along with the hockey rink and bowling alley. Please come down and say hello and get registered for a library borrowers card. Then you can get access to books and information from around the world for free. We have the following upcoming programs, and more, to look forward to this fall:

On Tuesday, October 22 from 6:30 pm – 8:30 pm we are having a living library program in conjunction with Leduc & District Victim Services. Participants will hear stories from people who have experience in dealing with abuse and trauma. On September 24 and November 26 at 7:00 pm we are partnering with CPA Canada to bring you two programs on Financial Literacy. Find out more about these programs by contacting the library. Don't forget that on Friday mornings we extend an invitation to those with little ones to come to the library for a story or for rhymes, 11:00 am – 12:00 noon. If you are an adult who wants to learn the basics of computer and digital literacy, please contact the library and we will set you up with a youth who wants to tutor you. A learning experience all around! This program is in partnership with ABC Life Literacy Canada.

At Thorsby Municipal Library we have updated our Saturday hours to be from 10:00 am-1:00 pm. Our other hours are the same, Tuesday from 10:00 am – 7:00 pm, Wednesday from 12:00 noon until 7:00 pm, Thursday and Friday from 10:00 am – 5:00 pm. Please have a wonderful fall.

Crib Results

Wednesday Night Crib has now resumed for the season and the winners of the September 4th Crib Night were:

1st Place - George Yawney - 952
2nd Place - Lynn Watson - 945
3rd Place - Marion Snider - 943
Low - Eugene Senio - 842
High Hand was won by Elaine Blair with a 24 hand.

Crib Night takes place in the Arctic Spas Rec Complex Craft Room from 6:00 - 9:00 pm, every Wednesday. Everyone welcome!

Straight Out of Thorsby

From the County of Leduc, from Alberta and Canada, from Singapore to the U.K., from Australia to Holland, from the USA to Panama, Thorsby graduates are making a difference. This is the 34th installment in a series of profiles which indicate what a small school and community can produce.

The people who conduct the interviews are Audrey Brosseau and John Elson. If you have suggestions please contact John at 780-789-3822 or Audrey at 780-886-0658.

CHRIS SCHEETZ

Like many of us that grew up in Thorsby, my story started on a farm. The farm was full time for all of us, and we actually looked forward to school in September, as it was some time off the tractor seat. As Grade 12 was ending I still really didn't have a clue what to do with my life, and then one day it hit me. Back then, radio really was your only company on the tractor. No cell phones and GPS then! I loved listening to talk radio on 930 CJCA and really loved CISN COUNTRY 103.9 and remember the day it launched in 1982 when I was 11. To my Mom and Dad's credit they knew farming was not going to be my passion, and encouraged me to go to radio broadcasting school. Not only did I love radio, I loved to talk! Every one of the 30 people I graduated with, and most of these I had spent 13 years in school with, would agree I chose the right career. I remember the late Mr. Zurek telling me in grade 11 to pay attention, because I'd never get paid talking for a living. He was correct for many years as I worked below the poverty line.

Going to school downtown at Columbia Academy of Radio and Television, and living on Jasper Avenue, was quite the adjustment for this farm kid. The sound of coyotes howling was replaced with honking horns and car noise, and to be honest, I never slept well one night that year. I can say I was the only one in my apart-

ment building driving a Ford pickup with a loud dual exhaust. The sound of my truck fit in much better in Thorsby.

As my year of broadcasting school was ending, I was prepared to try and get my first radio job away, in a small market no where near Edmonton. But I thought I'd call the radio stations in Edmonton and see if, just by chance, one of them would hire me to sweep the floors or anything for them. I believe at that time (1989), there were 7 stations in Edmonton and I called them all. To my surprise the only one that called me back and offered me an interview was CISN COUNTRY. In May of 1989, at 18 years old, I was working at my favorite radio station while still living on the farm, burning purple gas in my truck, and working downtown Edmonton. Don't get me wrong, it was not the glamour job I dreamed it would be. I started working behind the scenes in the promotion department, and did every job I could to make myself valuable. Everyone at the station thought I was working so hard; I believe it was the work ethic I learned from the farm and growing up in Thorsby. I didn't actually get on the radio as an announcer for about 2 years, and got my first big break flying in an airplane and doing traffic reports. I ended up doing that job for many years and it got me on the air in both the mornings and afternoons, and really helped me get my name out.

In 1992 I married Karen Harrish, my junior high sweetheart, also from Thorsby and we moved to Devon as she had a job at the Devon Hospital. Our children Baillie and Carter were born, and just like them, my career slowly grew and changed. I worked the overnight show and the evening show for many years, waiting for my breaks. It wasn't until 11 years into my career that I had my first weekend off, and that was with the mid day show, then the drive home show and music director role. Then I was promoted to Program Director, which is the manager of everything on air at the radio station. Seriously, for a kid from Thorsby who actually

put CISN stickers on the intercom speaker of his grade 8 class and all over his pickup truck, to be the boss of the station is crazy when you really think about it. 9 years ago, I moved to the morning show and gave up my role as the boss, which has been a great move for me personally. I work with Jack Sweeny whose husband Bobby also grew up in Thorsby, a half mile from me, and Matt DeBeurs who unfortunately, has no ties to Thorsby (poor guy).

Dean Brody has a song called "People Know You By Your First Name" and it's the song I could have written about Thorsby. Google the lyrics and you'll agree. Thorsby taught me to be thankful and help your neighbors anytime you can, and that's what I've been trying to do for 30 years. Highlights include the Stollery Children's Hospital Radio-thon that we've done with your help for 20 years and managed to raise over 20 million dollars, living on the field at Commonwealth Stadium for the Hope Mission and Edmonton's homeless and raising a million dollars, and so many more in between.

In the early 2000's a drought hit Alberta and my farming roots told me I had to help. I spent 5 days living in a tractor and people from both the farm and city responded and we managed to raise \$150,000 for the plight. One of the highlights of my time in the tractor was coming to Thorsby and spending time at the schools. Everyone showed me so much love. My time in the tractor raised awareness about how important the farming community is. Then a few years later when the "Mad Cow" BSE crisis occurred, I was moved to do a semi truck convoy to the border and have an Alberta Beef BBQ close enough to Montana they could smell it. I have my class one license and got a semi truck with cattle liner and invited others to join me. We thought we might have 10 trucks join us on that Saturday morning and boy were we wrong. Thousands of people joined us as we made our way down the QE2. We had an RCMP helicopter fly alongside us for safety, and at one point they estimated the convoy to be 52 kms long. In fact the City of Calgary closed the Deer Foot

for the convoy to go through, something they had only done once before when the Queen of England came to town. I don't tell you these stories to brag, these stories are about the people who joined me to help others. A few years ago I decided to raise awareness for drinking and driving, and distracted driving, by walking 250 kms in 5 days. My route included stops in both Warburg (my second home town) and Thorsby schools. Both of those stops were so special, and it makes me feel like my life has come full circle. So much of who I am is because of going to Thorsby School and the incredible teachers that I had.

I've been the 'On field' host for the Edmonton Eskimos for 12 years and again, for a kid from Thorsby who grew up loving the Eskimos, it's a dream come true, and I've also had the chance to host and work with the Oilers, which is crazy. Also with hosting the morning show on CISN, I have an hour program every Sunday at 5pm on 630 CHED called the "Scheetz Show" and will be launching a Podcast called "Chris Scheetz celebrity Pawdast" where I talk to celebrities about their dogs and I'm super pumped about it.

I don't think there is a day on the radio when I don't work Thorsby into the conversation. In fact many assume I still live there on the farm. It's a little too far out considering how many times I have to go into the city every day, but maybe when I retire at some point in the future, we will call Thorsby home again, though I feel like I've never left. People ask if I will ever write a book about everything I've had a chance to see and be a part of, and to be honest, if I ever thought it would have worked out like this, I would have taken some notes along the way. To be with your Jr. High School Sweetheart with 2 healthy adult children, working at your favorite childhood radio station for 30 years, working with your favorite childhood sports teams and just getting a chance to make a difference...all of it started on a farm in Thorsby and I give Thorsby all of the credit. As Paul Brandt would say "Small Towns and Big Dreams".
