

THE BRETON BOOSTER

Change is Good!

From Breton ATB

We're happy to announce Matt Straker is joining the Breton ATB branch as our new Community Manager. **Join us on Friday, October 11th from 11am - 2pm for a customer appreciation day and to meet the new Manager.**

What's a community Manager you might ask? It's unique to ATB to be part of many of our rural communities and in many instances be the only financial institution serving the community. Matt has been the Branch Manager in Thorsby and will now cover both communities as well as support our locations in Winfield and Warburg as the Community Manager for the area. The opportunity emphasizes service to our customers and each of the communities we serve. In addition to the same great people you are used to seeing in the Breton branch, you may see some new faces to help serve your needs. And you may even hear from us a little more often than in the past!

Where is KathieJo going? Well, she isn't going anywhere! (Lucky us!) KathieJo has accepted the role of Small Business Advisor (Senior Manager Entrepreneurship is her official title) for Breton, Thorsby and surrounding area! There is one catch. ATB has taken her away from us for just a couple of months while she goes through some additional in depth training. But, they promise to give her back to us in December (phewww)! We are so lucky to have an experienced banker, farmer and entrepreneur join the team to help our business community with their financial needs! Congrats KathieJo!

Who is this new guy? Well, he's married with a toddler, a lab puppy and a cat. He grew up in small town Saskatchewan and spent a lot of time with his cousins on his Aunt and Uncle's farms. He's been in banking for nearly 20 years. In addition to his work in branches, he worked with ATB Wealth as a Financial Advisor, and spent 6 years supporting ATB's Agency Network as ATB recognized and invested in our small rural communities to upgrade services in locations like Warburg and Winfield. As a Branch Manager in Thorsby, he has created

strong connections with the town, partnered with the Chamber of Commerce, Thorsby Economic Development council and, along with his team, supported many local community groups and initiatives. Do you want to meet Matt? We are hosting a **"meet the new guy" customer appreciation day on Friday, October the 11th from 11-2**. Come join us for coffee, treats, and to grill the new guy and congratulate KathieJo on her new role!

What else can we tell you? Bonnie Lachance - many of you know Bonnie. She has also been promoted to what we call a 360 Advisor. She too, will be supporting small business owners with both their personal and business needs. Bonnie and KathieJo will work as a team depending on how complex your business need is. The great thing about the 360 Advisor role is that Bonnie can look at the entrepreneur from all sides - as a personal customer or as a business owner. If you've ever felt bounced around in the past, say no more: Bonnie and KathieJo have you covered from every angle!

What else? Well, we also want to share some of our involvement over the summer and fall in the community. Here are a few:

- FCSS Women's conference fraud presentation facilitated by Bonnie and KathieJo
- Breton Oilmen's Golf Tournament hole in one sponsored by our ATB wealth partners
- Ladies Golf Tournament
- Farmers Day Supper
- Winfield Ugetuk Days Pancake Breakfast
- Rockin the West volunteer support and cash donation
- July 1st Festivities

Local resident Melody Quast was the recipient of ATB surprise and delight recognition. We were delighted to surprise her by providing her with all of the necessary ingredients to make her wonderful jams and jellies. We also made a donation to the Breton food bank in her name.

Thank you to Breton and surrounding area for allowing ATB to be part of the community. We look forward to continuing our support in the community and to be your bank of choice.

The program has been very effective. Big Buddies involves partnering students with a mentor from the community. The program is 100% dependent on volunteer mentors from the community. Big Buddies is a volunteer adult mentoring program funded by FCSS that occurs at the Breton Elementary School (BES). Adults are matched with students who would prosper from positive interactions. The Big Buddy commits 1 – 2 hours of their time a month to come to the school, typically at lunch time, to do an activity with the student. All adults engaged in the Big Buddy program must have a current criminal record and child welfare checks completed. All Big Buddies will be oriented, and assistance will be given by the Family Wellness Worker (FWW). If you would like to make a difference in your community and the life of a child please call Brenda Huntley FWW at Breton Elementary School 780 696- 3555.

How can that include chocolate truffles?

Do You Love Halloween? – Breton FCSS is pleased to have the Breton High School Grad Class of 2020 coordinating and hosting the Halloween Hoopla and the Haunted House. If you would like to donate candy to our Community Halloween Event, please stop by the Village office with your donation and we will provide you with a sign for your door.

The traffic safety focus for the month of October is Pedestrian Safety.

Most pedestrian collisions happen during rush hour periods, when both drivers and pedestrians are rushing to get home. Reduce your speed when approaching busy intersections as pedestrians may be distracted and not signal their intent to cross. Seasonal changes in daylight during October and November and weather conditions can also make seeing pedestrians problematic.

Pedestrian safety facts:

- Between 2012 and 2016, on average, 45 pedestrians were killed and 1,181 were injured each year.
- The majority of pedestrian casualty collisions (95.4 per cent) occurred in urban areas in 2016.
- Half of the drivers (49.8 per cent) involved in pedestrian casualty collisions failed to yield the right of way to the pedestrian (2016).
- In 2016, the casualty rates per 10,000 populations were highest for pedestrians between the ages of 15 to 19. However, 84 per cent of pedestrians killed were 20 and older.
- In 2016, 34.2 per cent of pedestrians involved in fatal collisions had consumed alcohol.
- The likeliest time for these collisions was between 3 - 7 p.m., and more casualty collisions occurred on Friday than any other day (2016).

Greetings from the Elks

from Allan Smith, Breton Elks Lodge #402

Well another summer has past us and now it's time to get back to work.

Although our summer was much wetter than most of us wanted, the R.V. Park was busy. July 1st weekend saw a full house with campers, as well as the following weekend. The Oilmen's had their Golf Tournament that weekend. Tent rentals were steady and the Elks are continuing their effort to improve and expand in this project. As always all profits raised are returned to the Community through donations to different Clubs, Organizations or personal requests.

A special guest Alex Markham visited our lodge to express appreciation for assistance he received from Breton Lodge. Alex is now employed by Alberta Treasury Branch after graduating from University.

In October the Breton Elks will be visited by our District Deputy. In November, Breton Elks will be honored with a visit from Grand Exalted Ruler with an official visit.

Since we are fast approaching the winter season it is time to mark all calendars for December 7th. This will be the time for the Annual Community Christmas Party.

Until next time, Happy Trails.

Covenant Corner

from Pastor Jeff Gooderham

Norman Cousins tells the story of being hospitalized with a rare, crippling disease. When he was diagnosed as incurable, Cousins checked out of the hospital. Aware of the harmful effects that negative emotions can have on the body, Cousins reasoned the reverse must also be true. So he borrowed a movie projector and prescribed his own treatment, consisting of Marx Brothers films and old "Candid Camera" re-runs. It didn't take long for him to discover that 10 minutes of laughter provided two hours of pain free sleep. Amazingly, his debilitating disease was eventually reversed. After the account of his victory appeared in the New England Journal of Medicine, Cousins received more than 3000 letters from appreciative physicians throughout the world.

The attitude we bring into life is critical. Paul although sitting in prison, said "rejoice always, again I say rejoice!" Life is not always easy, but God loves us, and He has given us new life through His Son Jesus Christ and that is worth rejoicing about! So as Paul said; "Rejoice! And again I say rejoice!!!"

5 Qualities of a Successful Executor

BY TAMAR SATOV / JUNE 2019

The person who administers your will has a tough but important role. Here are five things to look for when searching for the right person to do the job.

Creating a will means making big decisions that will impact your family for years after you're gone. While divvying up assets, assigning care for dependents and tax planning will take up most of your will-creating conversation, you'll also have to choose an executor — also called a liquidator in Quebec — who can carry out all your wishes. Naturally, finding the right person is critical to any good estate plan.

You might name your daughter as executor because she's an accountant and has the right skillset, but what if she's too busy or just doesn't want to do it?

An executor's obligations can include everything from arranging your funeral, to making sure your dependents or pets are looked after, to filing tax returns and administering assets as set out in your will. It's also a significant time commitment, so anyone you choose should have some free hours to dedicate to the job. "It takes at least a few months, and could even take two or three years — especially if there's litigation," says Christine Van Cauwenberghe, vice-president, tax and estate planning, at IG Wealth Management.

So, how can you select the right individual? Here's Van Cauwenberghe's checklist of the top five traits of effective executors.

- 1. Trustworthy.** "This person will be making all the decisions you're not around to make, so make sure you can trust them. They should act solely on your behalf and not gain any personal benefit from their decisions."
- 2. Responsible.** "Being an executor requires a lot of record keeping and correspondence; things like

informing financial institutions and utilities of the deceased's death, keeping track of where all assets are and what they're worth. Part of being responsible is also knowing when to reach out to professionals, such as lawyers, accountants, financial planners and corporate trustees, for help. Some people think they're required to do everything themselves, but that's not prudent. They could be held liable if they do things incorrectly."

- 3. Willing to work.** "You might name your daughter as executor because she's an accountant and has the right skill set, but what if she's too busy or just doesn't want to do it? Nobody likes unexpected surprises, so be sure to speak to your chosen executor in advance to make sure they agree. Consider introducing your executor to your lawyer, financial planner and accountant, so he or she will be more comfortable approaching them later for help, if necessary."

- 4. Canadian resident.** "Non-residents of Canada will likely not be accepted by the court as executors and, even if they are, it creates an extra layer of complexity with additional tax-filing requirements. Similarly, avoid selecting U.S. citizens, who also may need to file extra tax returns even if they live in Canada."

- 5. Impartial.** "Look out for conflicts of interest. For example, you might be trying to decide between appointing a new spouse or children from a first marriage, but with blended families neither is a good choice because the parties have conflicting interests. Similarly, some business owners want to name their partner as executor, but since the executor would likely end up negotiating with the partner's spouse over the sale of the business's shares, being an executor would put the partner in an impossible position."

Clients with complicated estates or those who don't want to burden surviving family with extra responsibilities could also consider corporate trustee services, notes Van Cauwenberghe. A corporate trustee is a professional who can oversee the administration of an estate. In terms of what to look for in one, find out the company's fee structure, the services they provide and what experience they have overseeing estates. "Hiring a corporate trustee may cost the estate some money, but the fees are small compared to the potential losses in the long run if mistakes are made," she says.
