## Halloween Safety: Tips for Families From Breton FCSS

Halloween can be a fun and exciting time for kids. These safety tips for parents, children and homeowners will help keep everyone safe and happy this Halloween.

### For parents:

Do not use masks. Masks make it hard for children to see what's around them, including cars. Try a hypoallergenic (less likely to cause an allergic reaction), non-toxic make-up kit instead. Make or buy costumes in light-coloured material. Place strips of reflective tape on the back and front of costumes, so that drivers can better see your child. Costumes should fit properly to prevent trips and falls. Avoid items such as oversized shoes, high heels, long dresses and long capes. Dress your child for the weather. Add layers if needed. Put your child's name, address and phone number on his costume. Children under 10 should be accompanied by an adult for trick or treating. By the age of 10, some children are ready to go trick-or-treating with a group of friends. Keep in mind that gum and hard candy can pose a choking risk for young children. Remove make-up before bedtime to prevent possible skin and eye irritation.

### If your child is going out without an adult:

Make sure your child is in a group of at least 3 people. Give them a flashlight. A cell phone is also a good idea if you have one. Discuss in advance the route they should follow. Ask them to call you if they plan to go on a street that isn't on the route. Set a curfew (and make sure they have a watch with them). Tell your children not to eat anything until they get home.

### For children and youth:

Carry a white bag or pillowcase for your candy, and add some reflective tape. Dress for the weather. Cold weather or water absorbent materials in the rain can be very uncomfortable. Bring a cell phone, in case you need to make an emergency phone call. Always travel in groups. Be sure there are at least 3 of you at all times. Let your parents know where you're going to be at all times. Don't visit houses that are not well lit. Never go inside a stranger's house. Use the sidewalk whenever possible. If there's no sidewalk, walk on the side of the road facing

traffic. Don't criss-cross back and forth across the street. Work your way up one side of the street, and then start on the other. If you have any allergies, tell the person who is giving out the treats. Don't eat any of your treats before you get home. Once home, ask your parents to look through your treats with you to make sure everything is okay.

### For homeowners:

Turn on outdoor lights, and replace burnt-out bulbs. Remove items from your yard or porch that might trip a child. Sweep wet leaves from your steps and driveway. Use alternative to candles in your pumpkins, such as a flashlight or a battery-operated candle. Remember that some children have food allergies. Consider giving treats other than candy, such as stickers, erasers or a yo-yo.

**Looking for a Volunteer Opportunity this Fall- consider the Big Buddy Mentoring Program** – For the past several years Breton FCSS together with Breton Elementary and the Family Wellness Worker have offered a mentorship program called Big Buddies. The program has been very effective. Big Buddies involves partnering students with a mentor from the community. The program is 100% dependent on volunteer mentors from the community. Big Buddies is a volunteer adult men-

toring program funded by FCSS that occurs at the Breton Elementary School (BES). Adults are matched with students who would prosper from positive interactions. The Big Buddy commits 1 – 2 hours of their time a month to come to the school, typically at lunch time, to do an activity with the student. All adults engaged in the Big Buddy program must have a current criminal record and child welfare checks completed. All Big Buddies will be orientated, and assistance will be given by the Family Wellness Worker (FWW). If would like to make a difference in your community and the life of a child please call Brenda Huntley FWW at Breton Elementary School 780 696- 3555.

**Do You Love Halloween?** – Breton FCSS is pleased to have the Breton High School Grad Class of 2020 coordinating and hosting the Halloween Hoopla and the Haunted House. Mrs. Holmgren and Mrs. Carson attended an over-drive workshop in Drayton Valley on PD Day Friday, October 25. We were able to order some more digital titles for use for all students in WRSD.

We received 75 tulip bulbs courtesy of the Royal Canadian Legion. Last Thursday, Mrs. Holmgren and some student volunteers dug out the flower bed by our school sign; and replaced the soil. The bulbs will be planted this week in honour and in memory of our Veterans.

### Football:

On October 24 the Cougars hosted Hannah, the top ranked team in the province. The Cougars suffered their first defeat of the season in that game, losing by a score of 83-38. All future games will be played in Lacombe. The Provincials will be held in Raymond, Alberta this year.

**Volleyball:** The Junior Volleyball Teams hosted a tournament on the 25 and 26th of October, and made an amazing showing. Breton Gold won a silver medal and Breton Blue earned 3rd. place in their pool. The Gold team hosted six teams and the Blue hosted three.

## Covenant Corner

from Pastor Jeff Gooderham

Charles Spurgeon and his wife, according to a story in the Chaplain magazine, would sell, but refused to give away, the eggs their chickens laid. Even close relatives were told, "You may have them if you pay for them." As a result, some people labeled the Spurgeon's greedy and grasping.

They accepted the criticisms without defending themselves, and only after Mrs. Spurgeon died was the full story revealed. All the profits from the sale of eggs went to support two elderly widows. Because the Spurgeon's were unwilling to let their left hand know what the right hand was doing, they endured the attacks in silence.

"But when you give, do not let your left hand know what your right hand is doing!" Matthew chapter 6 verse 3.

## MLA REPORT

from The Office of MLA Mark Smith,  
Member of the Legislative Assembly  
for Drayton Valley - Devon

Today is not just any day and this article is not just an everyday article that can be skimmed and quickly forgotten because as I write this article it is Budget Day!

How is it going to impact our lives? Are taxes going to go up? Will the budget bring deep and serious cuts in spending? Who will be the winners in this year's budget?

All of these questions are asked in light of a new government that has inherited a \$62 Billion dollar debt that could blossom to \$100 Billion over the next 4 years if spending is not curtailed.

Alberta's debt has been growing faster than any other sub-national debt in the world. Alberta has experienced a deficit budget every year since 2008. Alberta could spend approximately \$10.4 Billion dollars less if our per capita spending matched the average of Canada's 3 largest provinces. We spend about \$2,600 dollars more per person to receive approximately the same level of services.

The budget that the Finance Minister presented to Albertans focused on controlling spending by reducing the budget by about 3 cents for every dollar the government spends. That may not sound like a lot but it speaks to the care that was taken to reduce spending while ensuring that Albertans priorities of Health Care, Education and taking care of the vulnerable would also be reflected in the budget.

The Minister has produced a realistic budget that uses cautious revenue projections. He estimates that there will be .6% real GDP growth this year with growth rates over the next 3 years of 2.7%, 3% and 3%. He has also used a conservative oil price for oil revenue predicting that the WTI price for oil will be \$57.00 this year and that it will likely rise to \$63.00 over the term of the present

government. A possibility of a global recession and how successfully we increase our access to tidewater could affect the predictions of revenue that this budget is built upon.

The budget is built upon prudent budget cuts that look to ensure effective use of tax dollars. With this in mind the government is predicting a 2019/20 budget deficit of \$8.7 Billion dollars while predicting that subsequent budgets will reduce yearly deficits until in the fourth year of the government's mandate there is a projected \$600 million dollar yearly surplus.

Health and Education spending will remain relatively stable with few if any cuts in spending while Advanced Education is looking at about a 5% reduction in overall spending. Municipalities will be facing spending cuts but Community and Social Services will see an approximately 7.6% increase and Seniors and Housing will receive a 1.6% increase and Children's Services will receive a 15% increase. The goal in this budget is to bring Public Sector remuneration in line with other provinces and the budget predicts a 7.7% reduction in the size of the Public Service over the course of the next 4 years obtained primarily through attrition as individuals retire.

Finally, the budget also focuses on Standing Up for Albertans. In light of the results of the Federal election this budget will follow through with the campaign promise to spend \$30 million on the Canadian Energy Center that will promote and defend Alberta's energy industry. There is also the intent to pursue fiscal fairness within the Canada by addressing the billions of dollars that leave Alberta every year through the equalization payments.

The 2019/20 Budget successfully addresses Albertans priorities of Health Care, Education and the vulnerable while facing up to the fiscal realities that have left the province in financial distress. It addresses fiscal issues responsibly with cautious revenue projections and realistic reductions in government spending while increasing spending in some areas but above all it addresses the priorities that Albertans set in the last election.
