## National Leader Makes Visit

Mr. Derek Barkley, of Sault Ste. Marie, Ontario, the National Leader of the Elks of Canada will be visiting Breton Elks Lodge No. 402 on Thursday, November 21, 2019, on their regular meeting night.

The Elks of Canada is a fraternal organization founded in Canada in the year 1912, and have a total membership approaching 10,000 members.

The organization is dedicated to working for the good and welfare of the community with priorities for the needs of children, senior citizens, and many others in need. They have provided playgrounds, children camps, senior citizen housing, and special equipment for hospitals and regional health units.

Special concern has been placed on the need for the early identification and rehabilitation of hearing impaired children. Funding is provided by their National Charity, the Elks & Royal Purple Fund for Children. Money from this Fund is also made available to provide assistance for the good and welfare of other children when finances are not available from other sources.

Since its inception, the Elks & Royal Purple Fund for Children has contributed over 15 million dollars throughout Canada in public awareness and special projects to bring about the early identification of the hearing impaired.

You can read Mr. Derek Barkley's Biography inside this issue.

## Wrapping up Fire Prevention month 2019

The month of October is recognized across Canada and the United States as fire prevention month. We thank all the residents who help us celebrate and

educate to better our community.

This year 243 people enjoyed spaghetti supper at the fire hall. Thank you to those who came and helped to make this evening so incredible.

Breton Elementary School hosted us, along with the RCMP, Ambulance and Parkland dispatch. We learned what to expect when calling 911, kitchen safety, Tech safety and about the hazardous of putting things in your mouth that are not yours and to always check with someone you trust. Every year we emphasis how important a fire escape plan is to their families, each year every child from BES that completes a fire escape plan receives a Dilly Bar. Be sure to thank the Drayton Valley Dairy Queen for partnering with us to encourage children to complete plans. Congratulations to Declan Jones for winning "Fire Chief" for a day.

New this year was our Smoke Detector Pizza Delivery Campaign, we delivered 17 pizzas and gave away one smoke detector. Thanks to all that participated, the members are very excited to do this program again next year. A huge thank you to Kal and Mirna from Breton Family Dining for being amazing partners in this, and for always treating the fire Department so well.

The Pizza Delivery Crew with Kal and Mirna.

Remember every month is fire safety month. Check your Smoke Detector once a month and change the batteries with the time change.

## Septic Sense:

Solutions for Rural Living

**November 27, 2019 at 6:00 p.m.**

At the Brazeau County Office – 7401 Twp Rd 494

### *Understanding and taking care of your septic system*

Did you know the average person puts 340 liters of sewage through a private sewage system (septic system) every day? For a family of four living in a two-bedroom house, that amounts to 1,360 liters per day and just under half a million liters per year!

Rural property owners are responsible for ensuring their systems operate properly and safely. If you have a septic system on your rural property, you will benefit from attending this workshop. Presenters will teach you how to understand, assess and properly manage your septic system, enabling you to protect your investment in your property and the valuable natural assets associated with your land.

Learn what you can do to properly manage and maintain your septic system. Attend the **Septic Sense** workshop hosted and presented by Brazeau County, with technical expertise provided by the Alberta Onsite Wastewater Management Association (AOWMA) and materials developed by Land Stewardship Centre (LSC).

During the workshop we will cover:

- What a septic system is and how it works
- Regulations
- Design and installation
- Appropriate use of your septic system
- Maintaining your septic system
- Troubleshooting

To attend the workshop, please pre-register by calling Nancy Chambers at the Brazeau County Office at: 780-542-7777 or by email at: [nchambers@brazeau.ab.ca](mailto:nchambers@brazeau.ab.ca) by November 20, 2019.

## Covenant Corner

from Pastor Jeff Gooderham

An old fable that has been passed down for generations tells about an elderly man who was traveling with a boy and a donkey. As they walked through a village, the man was leading the donkey and the boy was walking behind. The townspeople said the old man was a fool

for not riding, so to please them he climbed up on the animal's back. When they came to the next village, the people said the old man was cruel to let the child walk while he enjoyed the ride. So, to please them, he got off and set the boy on the animal's back and continued on his way. In the third village, people accused the child of being lazy for making the old man walk, and the suggestion was made that they both ride. So the man climbed on and they set off again. In the fourth village, the townspeople were indignant at the cruelty to the donkey because he was made to carry two people. The frustrated man was last seen carrying the donkey down the road.

We smile, but this story makes a good point: We can't please everybody, and if we try we end up carrying a heavy burden. Well-meaning people may offer us advice, and much of it is valuable. But when we try to do everything others want us to do, we can easily become frustrated and confused. That's why we need to remember that the One we must please above all others is Jesus. And we do that by obeying God's Word. Carried any donkeys lately? You don't have to if you're following Jesus.

"Come to Me, all you who labor and are heavy laden, and I will give you rest. Take My yoke upon you and learn from Me, for I am gentle and lowly in heart, and you will find rest for your souls. For my yoke is easy and my burden is light." Matthew 11:28-30

# BIOGRAPHY OF DEREK BARKLEY NATIONAL PRESIDENT/ GRAND EXALTED RULER 2019 -2020

Derek is currently an active member of the Echo Bay Lodge. He also maintains his membership in the North Bay Lodge where he spent 20 years prior to relocating back to Sault Ste. Marie in 2013.

Derek first joined the Elks in 1976 in Echo Bay. Derek's parents were dairy farmers in a small community in Northern Ontario. He learned quickly about hard work, and giving a helping hand to those less fortunate. Derek's father also served his community by serving a number of years as the Township's Reeve. Derek's mother also helped those less fortunate by providing a hot meal and some cash whenever the need arose.

He started his career with the Ontario Ministry of Transportation in 1975 and married Marilyn in 1980. He gave up his membership in the Echo Bay Lodge when he relocated to Sault Ste. Marie in 1980 and again relocated to New Liskeard in 1988. When work commitments resulted in another move to North Bay in 1994, he rejoined the Elks in 1995. He became an active member in the North Bay Lodge, going through the chairs until he became Exalted Ruler (2002-03). The following year he became District Deputy, and in 2005 he joined the Ontario Elks Association where he went through the chairs and became Provincial President in 2010.

He served as the co-chair for the National Elks convention held in North Bay in 2005. He also served on the National Member Services committee from 2012-2013. In addition, he served for 10 years as the Judiciary Chair for Region 2, and the Judiciary Chair for 5 years for the Ontario Elks Association. Derek retired from the Ministry of Transportation (MTO) in 2013 after 35 years. In his career, he managed highway design improvement projects and later on became the chief negotiator for the MTO where he settled a significant number of property expropriation cases through mediation and arbitration proceedings before the Ontario Municipal Board. He uses these skills to ensure the membership in his home Lodge remain focused, and work together harmoniously.

He now works as a consultant and is currently employed by a Calgary based firm, LandSolutions, as a land agent on a variety of transportation and pipeline projects in Southern Ontario.

Over the years, Derek continues to be actively involved in his community. He is a huge advocate and supporter of the annual Terry Fox Run and was a Board Director for the North Bay YMCA for 3 years. In addition, Derek has volunteered his time to many community activities including coaching youth sports teams, and working on the annual Strong Kids campaign through the 'Y'.

In his free time, Derek loves spending time with his wife and two girls, Ashley and Nancy. Now that his girls are out of university and working, he is finding more time to enjoy playing oldtimers hockey, fastball, and golf. He and Marilyn also like to attend Toronto or Detroit to watch baseball on the occasional weekend.

Through it all, he credits his wife Marilyn for always being in his corner, supporting his work career through numerous relocations, and also his Elks and other community endeavors. Without this support, he would not have been in a position to pursue these interests. Marilyn is also an Elk member and has a commitment to community service, by volunteering her time in various community projects.

**November is Family Violence Prevention Month – For the next few weeks we will be featuring information on various topics around Family Violence Prevention.**

What happens in a healthy dating relationship? · You enjoy the time you spend together · You respect each other's opinions · You can disagree and know it's okay to talk about your differences · You feel good doing things apart from each other as well as together · There is a sense of safety and security in your relationship · You do not try to restrict or control each other · It's easy to be true to yourself when you are with the other person. You encourage each other to be great.

Being in a healthy dating relationship does not mean you always agree or that you are going to stay together for a long time. It just means you are respectful to each other while you are dating. But not all dating relationships are healthy.

Is it a big problem? Well, it might surprise you to know that dating violence is, in fact, more prominent than spouse abuse. It affects far too many people, and has a lasting impact on both self-esteem and future relationships.

What is abuse? Abuse is about power. Abuse is about control. Abuse is about one person trying to control or dominate another. Here are some control tactics that might be used. EMOTIONAL ABUSE TACTICS may include: · Treating you with disrespect - Name-calling, insulting, blaming, humiliating - Interfering with or ridiculing your beliefs and values · Emotional roller coaster - Being explosive or having wild mood swings - Manipulating you emotionally, such as, "If you love me then you will do as I want" · Isolation - Being possessive, not wanting you to be with other people - Trying to keep you away from your friends and family.

SEXUAL ABUSE TACTICS may include: · Pressure to have sex · Unwanted sexual touching and/or unsafe sexual practices · Making fun of you if you do not want to do certain sexual things · Forcing a person into degrading, humiliating or painful sexual acts. · Forcing you to use technology to record intimate images of you or

your partner

INTIMIDATION TACTICS are actions meant to scare you. They may include: · Behaviours that could harm you or people or possessions you care about, such as: - Throwing things or breaking things - Destroying your possessions - Using technology to spread intimate images of you without consent · Threats - Threatening to harm you, people or pets you care about - Threatening to spread rumours about you or get you in trouble - Threatening to commit suicide if you do not do something they want - Threatening gestures or facial expressions - Threatening to use technology to hurt you · Stalking or harassment tactics, such as: - Following you - Parking close by and watching where you live or work - Contacting you by phone, Internet or text message more than you feel comfortable with - Contacting your friends or family to ask about you or spread false rumours about you - Using technology to stalk or harass you.

PHYSICAL ABUSE TACTICS may include: · Shoving, slapping, kicking, biting, punching, pinching, hair pulling, pushing or elbowing you · Throwing things at you · Threatening to harm you with an object or weapon.

Know the early warning signs: Seven warning signs that you are dating a person who is abusive and could be violent. 1. Soon after you begin dating, your boyfriend or girlfriend pressures you to make the relationship very serious or to have sex.

2. Your boyfriend or girlfriend becomes extremely jealous and possessive. He or she thinks these destructive displays of emotion are signs of love.

3. Your boyfriend or girlfriend tries to control you and to make all decisions about what you do together. Your boyfriend or girlfriend does not take your views or desires seriously.

4. Your boyfriend or girlfriend tries to keep you from spending time with close friends or family.

5. Your boyfriend or girlfriend verbally and emotionally abuses you. He or she does things like yell at you, swear at you, manipulate you, spread false and degrading rumours about you, and try to make you feel guilty.

6. Your boyfriend or girlfriend threatens physical violence.

7. Your boyfriend or girlfriend has abused a previous girlfriend or boyfriend. He or she accepts and defends the use of violence by others. These are only some of the possible signs of abuse. Trust your instincts and get help if you feel your partner is abusive.

For more information on this topic, refer to the Dating Abuse booklet; available online at [www.familyviolence.alberta.ca](http://www.familyviolence.alberta.ca) or by phone at 310-1818, toll-free in Alberta.

Dear Mrs. Jones,

I wish to clarify that I am not now, nor have I ever been, an exotic dancer. I work at Home Depot and I told my daughter how hectic it was last week before the blizzard hit.

Her picture doesn't show me dancing around a pole. It's supposed to depict me selling the last snow shovel we had at Home Depot.
