## Update On 1954-1955 Class Photo of Breton High School

In last week's Breton Booster the Breton Museum submitted a class photo of Breton High School for the 1954 - 1955 school year. The back of the photo had been autographed by the individuals in the photo.

The Breton museum received two replies from individuals in the photo, and they were able to identify the students order in the photo. A big thanks goes out to Elizabeth Kugyelka (nee Vidok and Mary Nelson (nee Horvath), both students in the photo. Elizabeth also provided other information of about the class. One story she related is that the high school was located in the older two story part of the current Breton Elementary School and their class faced west where she said they could look out the window and see the stream train travelling into or out of Breton.

It is information such as these stories that helps the museum add context to a photo or artifact. While the item is important it is the stories related to the item that brings real value to the item and helps the museum better preserve the history of the Breton community.

Stay tuned as the museum will post other artifacts and photos of Breton's past. Until we can again see you at the museum stay safe and well.

## Home Delivery Options

From Deanne Young

Grocery orders can be placed over the phone for seniors, those that are self isolating and those that may not have transportation. Breton Family Foods,

Breton Supermarket and Breton IDA are taking orders for those in the Breton area. Our Breton grocery stores have been working non stop to meet our need. Thank you so very much to them and their staff for being an essential service to our community.

In order to ensure that your order goes smoothly, please be patient and understand that they may not have every item in stock that you require. Please allow flexibility on the brand of item that you are requesting, and make generic requests for "bread, milk, eggs". This will make the process much easier and will allow for more orders to be filled. After your order is placed a volunteer will then deliver your groceries.

If you would like to place an order in Breton, please call:

Breton Family Foods - 780-696-2441

Breton Supermarket - 780-696-3933

*AFTER GLOW*

I'd like the memory of me to be a happy one.

I'd like to leave an after glow of smiles when life here is done.

I'd like to leave an echo, whispering softly down the ways of happy times and laughing because of those amazing memories.

I'd like the tears of those who grieve to dry because of those happy memories that I leave when this life is done.

*Forever loved and missed,  
Dad, Mom,  
Craig, Tanner  
Family and Friends*

*In Loving Memory  
Friends Forever*

*A Letter to Our Families*

*To our Dearest Families,*

Some things we'd like to say; but first of all to let you know that we arrived okay. We're writing this from Heaven, where we dwell with God above, where there are no tears of sadness, there is just eternal love. Please do not be unhappy, just because we're out of sight. Remember that we're with you, every morning, noon and night.

The days we had to leave you, when our life on Earth was through, God picked us up and hugged us, and He said, "I welcome you". It's good to have you back again, you were missed while you were gone. As for your dearest families, they'll be here later on." "I need you here so badly, as part of My big plan. There's so much that We have to do, to help our mortal man." Then God gave us a list of things He wished for us to do, and foremost on that list of ours, is to watch and care for you. We will be beside you, everyday of the week and year, and when you're sad, we're standing there to wipe away the tears. And when you lie in bed at night, the day's chores put to flight, God and I are closest to you in the middle of the night.

When you think of our life on Earth, and all those loving years, because you're only human, there's bound to be some tears. Do not be afraid to cry; it does relieve some pain. Remember, there would be no flowers, without a little rain.

We wish that we could tell you, of all that God has planned, but if we were to tell you, you would not understand. One thing is for certain; although our life on Earth is over, we are closer to you now than we ever were before.

And to our many friends, trust God knows what is best. We are not far away from you; we're just beyond the crest. There are rocky roads ahead of you, and many hills that you must climb. Together we can do it, taking it one day at a time.

It was our philosophy, and we'd like it for you too, that is, give unto the World, so the World will give to you. If you can help someone who's in sorrow or in pain, then you can say to God at night, my day was not in vain.

And now we are content that our life was worthwhile. Knowing, as we passed along the way, we made somebody smile.

When you're walking down the street, and you've got us on your mind, we're walking in your footsteps, only half a step behind. And when you feel a gentle breeze of wind upon your face, that's when we're giving you a great big hug, or just a soft embrace.

When it is time for you to go from that body to be free, remember, you are not going; you are coming home to me.

*We will always love you from that  
place way up above.*

*We will be in touch again soon.*

**PS - God sends His love.**

*MISSING YOU*

You can shed tears that he is gone or you can smile because he has lived.

You can close your eyes and pray he'll come back or you can open your eyes and see all he's left.

Your heart can be empty because you can't see him or you can be full of love you share.

You can turn your back on tomorrow and live yesterday or you can be happy for tomorrow because of yesterday.

You can remember him and only he's gone or you can cherish his memory and let it live on.

You can cry and close your mind, be empty and turn your back or you can do what he'd want; smile, open your eyes, love and go on.

*Missing and loving you  
Always and forever,  
Your  
Loving Family*

## LETTERS TO THE EDITOR

To the Editor:

In February of this year three of our Councillors attended a conference in Vancouver.

According to Policy Number "Council 5" a written report will be provided by Councillors attending out-of-province conferences. As of this writing, a report was not available. It has since become so.

This writer can remember seeing only one such report in the last 20 years.

There are a number of issues arising from this policy:

1. What is the penalty for non-compliance; i.e., not providing such a report;
2. What about non-council people attending and their reporting;
3. Why is the public (who pay for these conferences) kept in the dark? How do we know Councillor/other attendees attended the sessions?
4. The policy states that "Council recognizes that it is beneficial to a Councillor's performance to attend meetings and conferences and social functions."

Attend a meeting and make your own assessment as to the validity of #4.

To repeat: conference attendance is NOT a paid holiday.

5. Why are written reports not required by Councillors for ANY event attended and per diem paid? What do we get for the \$1500 plus they receive per month for attending to constituents' concerns?

There will be an evaluation of the submitted reports from the above conference. It is reasonable that such reports are (a) submitted by all attendees (not a compilation; (b) include the substance of the presentations; and (c) include an evaluation of perceived benefit to the County.

I would like to suggest to Council that the reports be printed in the Breton Booster and the Drayton Valley Free Press so that they have a wider readership. Not everyone has access to a computer.

Lynn Oberle, 780 696 2459

All "Letters To The Editor" must be printed with the name of it's author. Letters To The Editor are the opinions of those who wrote them, not necessarily those of Community 39 Enterprises.

### **A Message from Your Member of Parliament – Gerald Soroka**

Parliament was scheduled to return on April 20, but with the continued need for social distancing to contain the COVID-19 outbreak, a modified spring session is happening.

It is extremely important that Parliamentary oversight is maintained and imperative that we respect public health directives.

In order to allow for safe physical distancing, 32 of the 338 MPs will meet in person on a rotating basis every Wednesday in the House of Commons, with up to two weekly virtual sessions available for members to ask questions of government. MPs not slated to be in Ottawa will focus on helping constituents in their ridings.

# Covenant Corner

from Pastor Jeff Gooderham

I found a story called "Pushing the Rock" told by Wade Martin Hughes, Sr. It is the story of a weak, sickly man, who could not afford to go to the doctor and his condition seemed to grow worse. The man lived in the deep back woods in an old log cabin. Out in front of his cabin was a huge boulder.

One night in a vision, God told him to go out there and push the huge rock all day long, day after day. The man got up early in the morning and with great excitement pushed the rock until lunch, then he rested a while and pushed the rock until supper time. Pushing against the rock gave him a sense of meaning. Day after day he pushed. Day rolled into week, and week into months, he faithfully pushed against the rock. After 8 months of pushing the rock, the weak sickly man was getting tired of pushing the rock. In his tiredness he started to doubt his dream.

One day he began measuring from his porch to the rock to see how much he had moved the rock. After weeks of pushing and measuring, he realized he had not moved the boulder. As a matter of fact, the boulder was in the same place as when he started. The man was so disappointed that after 9 months he felt his work had accomplished nothing. He was tired and his dream seemed dashed upon the rock. The man sat on his porch and cried. He had invested hundreds of hours for nothing. Nothing, it was all nothing!

As the sun was setting in the west, Jesus came and sat down next to the man as he cried. Jesus said, "Son, why are you crying?" The man replied, "Lord, You know how sick and weak I am, and then this dream gave me a false hope and I have pushed with all that was within me for over 9 months, and that dumb old rock is right where it was when I started."

Jesus was kind and said to him, "I never told you to move the rock, I told you to push against the rock." The man replied, "Yes, Sir, that was the dream."

Jesus told the man to step in front of the mirror and look at himself. As he did, he was amazed at what he saw: a strong muscular healthy man. He remembered that he had not been coughing at night. He started thinking of how well he felt and the strength that he had built by pushing on the rock. Then the man realized that the plan of God was not for the rock, but for him!

The storms, the trials, the heartaches, the disappointments, are all but part of the process. Don't start measuring your success, trust the God that will take the process and build you up. God is stretching you, God is growing you!

"For our light and momentary troubles are achieving for us an eternal glory that far outweighs them all!" 2nd Corinthians 4:17

# Call to Action for COVID-19 Volunteers

April 22, 2020 - Albertans have always risen to the call of duty when our province has been challenged, and the COVID-19 pandemic is no different. Today, the Government of Alberta is launching a new tool to connect Albertans with volunteer opportunities during this unprecedented global crisis, and launching the Northern Lights program to recognize Albertans who volunteer to support their community.

While physical distancing and gathering restrictions are in place, there is still a need for healthy volunteers to help those in need with countless opportunities to do so. The Alberta Cares Connector embraces the Alberta spirit of supporting the vulnerable by offering our assistance, skills and time to those who need it most.

"Volunteerism is the Alberta way. I continue to be inspired by many acts of Albertan generosity and compassion. From the Sikh community providing meals for truckers keeping our supply lines open, to a Calgary woman in her time of mourning sewing masks for her community, to kids leaving care packages on their elderly neighbours' doorsteps – the examples of generosity and selflessness are endless. The Alberta Cares Connector will build off this community solidarity and ensure that those who can help will make the biggest impact during this time when support is acutely needed. The Northern Lights program keeps a platform commitment to spotlight those who personify the Alberta spirit by giving back to our community through volunteerism."

Jason Kenney, Premier

Volunteers are the foundation for many community organizations providing social support and assistance to those in need. Alberta has more than 26,400 non-profit organizations and, each year, more than 1.6 million Albertans provide more than 262 million volunteer hours to support the non-profit and voluntary sector at a value of \$5.6 billion.

"Albertans are proud to have the highest volunteer rates across Canada, and we take action in countless ways to meet the needs of our communities and neighbours. During this unprecedented crisis, Albertans understand that the need for volunteerism and social support is urgent. And, once again, they have demonstrated their commitment to their neighbours and communities through selfless acts of service. The Alberta Cares Connector will assist Albertans who want to help at this time by connecting them with local volunteer opportunities to help those most in need."

Leela Sharon Aheer, Minister of Culture, Multiculturalism and Status of Women

This new tool will build on the success of every day Albertans who answered the call to action by providing an easy one-stop-shop for those looking for service opportunities. The Alberta Cares Connector will ensure those organizations and programs that depend on the generosity and assistance of volunteers are able to continue to provide support to those in need.

Donating items to shelters in need.

Reaching out to seniors through positive messages or phone calls.

Northern Lights Volunteer Recognition Program

Government is also launching the Alberta Northern Lights Volunteer Awards to honour everyday heroes as the province responds to the COVID-19 pandemic. The honourees will be nominated by fellow Albertans and selected for profiling on the program's website and through social media.

There are no requirements for hours of service, and any individual or group who helps out in their community is eligible for an award. The nomination submission requests a brief story about the nominee's contribution. Nominations will be accepted online on an ongoing basis.

"Volunteers are the heart of non-profits and right now we need Albertans to give their time and talents to community organizations. Any act of volunteerism, done safely, will make a huge difference. That's why the Government of Alberta is making a point of recognizing those individuals, businesses and organizations who have answered the call in this time of need. Let's share the uplifting and inspirational stories of special volunteers who are brightening the lives of others and their communities during this difficult time by nominating them for an Alberta Northern Lights Volunteer Award."

Jeremy Nixon, parliamentary secretary to the Minister of Community and Social Services

The program is now accepting nominations.

## MLA REPORT

from The Office of MLA Mark Smith,  
Member of the Legislative Assembly  
for Drayton Valley - Devon

For many, a couple weeks ago was an important time to observe religious traditions for Easter and Passover. These traditions bring us comfort and community in challenging times. From virtual Easter dinner and online Sunday services, to Easter egg hunts conducted from the car, many people successfully celebrated while maintaining appropriate social distance. I know that my family connected by having a Zoom Easter supper where we ate and visited over the computer. I hope that, despite everything that is going on, you were able to connect with loved ones and celebrate the Easter season in new and innovative ways.

I am happy to report that our government is taking strong, immediate action to get Albertans back to work. This week, our government announced \$2 billion in accelerated capital investment from the 2020 Capital Plan. The accelerated projects will resurface roads, repair bridges, restore schools, and fill potholes, all to get thousands of Albertans working through the COVID-19 recession. This doubles the planned capital maintenance for 2020-21, allowing our government to work with companies province-wide and help to keep workers employed.

The COVID-19 response has created serious challenges and uncertainty for small business owners in the past few weeks. Business Link is now available to help small businesses learn about and connect to available COVID-19 supports based on their unique business needs. The platform is offering free programming through June, including one to-one guidance and expert sessions with specialists to help small businesses survive this extremely difficult period.

This week, Alberta Health released its modelling projections outlining possible timelines of the COVID-19 pandemic. These projections highlight the importance of continuing aggressive countermeasures to protect the lives and livelihoods of Albertans in order to stop the pandemic and restart the economy. This modelling will help us prepare for the demands on Alberta's health care system and province-wide response to COVID-19, and provides transparent information to Albertans on this pandemic. As we continue to fight COVID-19, our province will keep Albertans informed on what we can reasonably expect in the weeks to come.

In order to keep vulnerable Albertans safe during the COVID-19 pandemic, the Chief Medical Officer of Health has ordered a province-wide ban on visitors to continuing care facilities. This ban on visits, except for in cases when a resident is dying, builds on restrictions implemented last week to ensure that all facilities in Alberta follow strict standards and prevent the risk of COVID-19 to vulnerable patients. These measures are not taken lightly, but they are critical to saving the lives of our loved ones from this pandemic.

Since the beginning of the pandemic, Albertans have stepped up to support frontline workers in the fight against COVID-19. In order to coordinate the hundreds of offers of medical supplies and other essential equipment from businesses and nonprofits, our government has launched the Alberta Bits and Pieces Program. This program will accept offers of materials that are needed by front-line workers and make sure that they get where these materials are needed most. If you have any services or equipment to donate to Alberta's COVID-19 response, I encourage you to visit [Alberta.ca/bitsandpieces](https://alberta.ca/bitsandpieces).

As a province and constituency, we will get through this, as always, our office is reachable at 780-542-3355.
