What is the Value of 4-H beef to you?

The 4-H program guides our members to select quality livestock and maintain consistent nutrition, health and daily care. There is a need to start with a good animal and maximize its potential so then you are left with quality Canadian beef for the consumer. The 4-H Beef project and its many supporters have helped send thousands of our youth away to universities, Colleges and trade schools. They have returned to become our business leaders, teachers, caregivers, farmers, mechanics, welders and the list goes on. One thing for sure, when you purchase a 4-H steer you are not just investing in a child's future, but also in the future of this community.

Average Price in Pounds (lbs)

Round roast.....	\$8.50/lb
Sirloin tip roast.....	\$8.40/lb
Sirloin Steak.....	\$12.20/lb
Round Steak.....	\$8.30/lb
T-Bone Steak.....	\$15.60/lb
Rib Steak.....	\$15.00/lb
Stew Meat.....	\$7.50/lb
Lean Ground hamburger....	\$5.40/lb

A market steer on average weights 1400lbs. Ideally an average yield of 62% or more is desired. This results in approximately 600lbs of take home beef. If you were to buy this beef from a grocery store at these prices it would cost roughly \$5542.00.

385 lbs of roasts and steaks

Average Price \$11.10/lb = \$4273.50

215 lbs of Ground Beef and stew meat

Average Price \$5.90/lb = \$1268.50

Total = \$5542.00

Average Price of 4-H Steer

\$3.00 x 1400lbs

= \$4200.00

\$5542.00

Average Cut and Wrap

= \$750.00

- \$4950.00

Total:

\$4950.00

= **\$592.00**

You can Save **\$592.00** by purchasing a 4-H Steer instead of buying it at a grocery store and know that it is home grown.

Please note: These prices, weights and averages may vary due to market fluctuations, weather conditions and possibly even the breed of an animal can largely influence frame size and cut ability.

WHAT'S HAPPENING AT CLOVERLEAF MANOR from Kim Westlin

Hi from us all at Cloverleaf Manor

Hello sunshine, what an awesome sight you are! The snow piles get smaller day by day, spring might be here. Fingers crossed. Seeing the sun is like a happy pill and it is great to go outside and walk the path around the manor.

We've figured out how to yell 6 feet to have a conversation, to be honest, yelling has never been a problem for most of us. We tweaked our bingo and whiteboard games to follow social distancing rules, our Fun & Fit instructor is great, she doesn't have a problem yelling, and when we can finally get closer, the hugs will be free flowing.

Of course, like everyone, we are a tad bit stressed with the whole situation but we are a tough bunch and will help each other get through this

MESSAGE TO MY CONSTITUENTS

Support has been announced for students and post-graduates. The Canada Emergency Student Benefit will provide \$1,250 per month for eligible students or \$2,000 per month for eligible students with dependents or disabilities and will be available from May to August 2020.

The government also announced the Student Service Grant. Under this program, students who choose to serve their communities during the COVID 19 pandemic will be provided with up to \$5,000 for their education in the fall.

New measures were also announced for small businesses. The Canada Emergency Commercial Rent Assistance will provide forgivable loans to qualifying commercial property owners to cover 50 percent of three-monthly rent payments payable by eligible small business tenants experiencing financial hardship during April, May and June.

The loans will be forgiven if the mortgaged property owner agrees to reduce the eligible small business tenants' rent by at least 75 percent for the three corresponding months under a rent forgiveness agreement, which will include a pledge not to evict the tenant while the agreement is in place.

Tenants can qualify if their rent is less than \$50,000/month and who have temporarily ceased operations or have experienced at least a 70% drop in pre-COVID-19 revenues.

I have received many emails asking when things will fully return to normal business operations. This question is not easy to answer. Why?
There are too many variables.

- We need to know how the virus works
- Need to assist with worldwide efforts to develop a safe, effective vaccine.
- Will face masks, and physical distancing be frequent?
- Will large gatherings still be discouraged?
- For those most at risk from the virus, will they still be asked to spend as much time at home as possible?
- When will border and travel restrictions be lifted?
- When will essential industries start up?

I will be sure to keep you informed every step of the way as I update my Facebook daily.

Please reach out to my office at 780-723-6068 or Gerald.Soroka.c1a@parl.gc.ca if you have any questions.

Please be patient, take care and don't despair.
We are in this together.

MLA REPORT

from The Office of MLA Mark Smith,
Member of the Legislative Assembly
for Drayton Valley - Devon

Weekly Summary for April 28

It seems that spring is finally upon us! The temperature is starting to warm up and plans for vegetable gardens and colourful flower beds are in process. I hope that you and your loved ones are finding ways to enjoy the warmer weather while staying safe and practicing physical distancing. While cooped up kids are yearning to get out and enjoy the sunshine, I urge you to continue to avoid playground equipment and other collective group play spaces.

COVID-19 is a challenging time for many of us. If you are struggling, support is always available through the Alberta Mental Health Helpline at 1-877-303-2642. Updated information on COVID-19 and resources for coping can also be found at alberta.ca/covid19.

I am pleased to share that our government has launched a new program to address the economic challenges that Alberta faces. The new Site Rehabilitation Program will provide grants to oilfield service contractors to perform well, pipeline, and oil and gas site reclamation. The program, which is expected to create 5,300 direct jobs for Albertans, will lead the cleanup of thousands of sites here in our province. Applications for contracts by service companies will open May 1, and will help get Albertans back to work during a period of unprecedented challenges for the oil and gas industry. Our government is taking action to get Albertans back to work and look ahead to economic recovery.

Our government is listening to Albertans and making significant investments to recognize the unique challenges of providing health care services in rural Alberta. This week, as a result of frank discussions between the Minister and rural MLA's our government made changes to physician compensation in rural areas, including removing the cap on incentives through the Rural, Remote and Northern Program, increasing rural on-call rates, and freezing rural and family medical liability rates at \$1,000. In addition, our government is introducing a program to pay for 20 young Albertans from rural communities to attend medical school in exchange for work-

ing in a rural community for three years. These new investments will help recruit and retain physicians in rural areas of our province.

I am happy to share that additional relief measures are on the way for Alberta's small businesses. Many small businesses have been required to close or limit their operations to protect public health during the COVID-19 pandemic, and are facing extreme financial pressures. Our government is joining a Government of Canada program to support a loan program that will reduce the rent costs for small businesses by 75 percent. This program, which is expected to start up in mid-May, will offer forgivable loans. Small businesses are the backbone of our communities, and this program will help support them through COVID-19.

Thank you for doing your part to prevent the spread of COVID-19. Having said the government is now preparing to roll out the re-launch of the Alberta economy in a series of stages over the next few weeks and months. Stay tuned for upcoming announcements.
