

THE BRETON BOOSTER

Return To Schools

From Mark Smith, MLA

The suspension of in-person schooling in March has been hard for many students and their families. Kindergarten to Grade 12 education changed significantly as a result of the COVID-19 pandemic, and I know that students, parents, teachers and school boards did their best to adapt to a different way of learning. However, we all know that students who attend schools learn best in the classroom with their teachers and peers, and our goal is to get us back to normal learning as soon as possible. With back to school season approaching, many parents have been eagerly waiting to see what school will look like this upcoming year.

This week, Alberta's government announced that students will be returning to classrooms across the province, and here in Drayton Valley-Devon, at the beginning of the new school year. This is great news for families in our community. The decision to re-open schools has been made with the safety of students, teachers, and other staff members being the highest priority. For in-person learning to proceed, health measures are being put in place for their safety. Each school will implement public health measures, including frequent cleaning of surfaces, introducing hand sanitizers to school and classroom entrances, grouping students in cohorts, and adjusting schedules to allow for greater physical distancing. While

school may feel a little different at first, these changes will allow a safe, near-normal return to class.

Throughout the COVID-19 pandemic, keeping Albertans informed on new measures has been a key part of Alberta's response. To help prepare families, Alberta's government has developed a re-entry toolkit to help prepare parents and students for what to expect in the new school year. This toolkit includes videos for students explaining some of the health measures, a guide for parents, frequently asked questions, school posters, a self-screening questionnaire in multiple languages, and links to health guidelines. The resources in the school re-entry toolkit will help families discuss changes with their children.

As Alberta's students prepare to go back to school, the Minister of Education will continue to work closely with Chief Medical Officer of Health Dr. Hinshaw, as well as school boards, to ensure that all schools are prepared to welcome students back.

The re-opening of our schools, and our entire economy, is a result of the hard work of Albertans to slow the spread of COVID-19. As students return to school, each of us has the tools to ensure that we can safely return to daily life. I have been passionate about education for many years. I believe this plan to be truly beneficial for students overall.

ALEX J. WALDRON

Alex J. Waldron of Rimbey, Alberta passed away at the Rimbey Hospital and Care Centre on Saturday, July 25, 2020 at the age of 76 years.

Alex was born on December 2, 1943 in Farnham, England, and was a long-time resident of both Breton and Rimbey. He graduated from the University of Alberta with a degree in education, and taught at the Breton High School for 32 years. In his spare time, Alex enjoyed volunteering in the community, as well as to extensively travel throughout North America and various other geographical locations. He had a very kind heart and quick wit that was unmatched, and will be forever missed by all who knew and loved him.

Alex is survived by his loving wife, Penny; his two sons, Mark (Karen), and Michael (Daniele); as well as four grandchildren and four step grandchildren. He is also survived by his brother, Stuart (Heather); his sister, Barbara Malin; in addition to numerous nieces and nephews, other relatives, and many cherished friends. Alex was predeceased by his parents, John and Daisy, and his sister, Dale.

By invitation only - due to the current government gathering restrictions - a private Memorial Service to Celebrate Alex's Life will be held at the Rimbey United Church on Wednesday, August 5, 2020 with Pastor Marco Ste-Marie officiating at 1:00 p.m. (Mountain Time, US and Canada).

To join Alex's Celebration of Life online, (Meeting ID: 845 1037 6670; Passcode: 091199), please follow the Zoom Link at:

<https://us02web.zoom.us/j/84510376670?pwd=SFNIU0hYSgzZ5RVNzL1lTN20xNG83QT09>

If friends desire, memorial tributes in Alex's Memory may be made directly to the Rimbey Health Services Donations Program, c/o Rimbey Hospital and Care Centre, Box 440, Rimbey, Alberta T0C 2J0 (www.rimbeyhealthdonations.com).

Condolence messages may be forwarded to the family by visiting: www.ofc-ltd.ca

Warburg Doubletree 2 quarters **For Sale** August 19, 2020

Warburg, AB

Two miles south of **Warburg, AB** and only 1/2 mile east of paved Hwy 770, you find these two **highly fertile** quarters. With the east-west fence being the doubletree, a buyer has the choice of leaving them hooked for life or buying them separately.

The NE quarter is the showcase. Currently, a big hay **producer** because that is what its owner has asked of it. As a hay producer it inevitably steps up and could go head to head with any of the best lands in Alberta. In total, these 157 acres of prime land could be converted to cultivated acres overnight. After years in hay, one can only imagine what this quarter could produce when it comes to grains, oilseeds or pulse crops. It does get better as the quarter comes with passive income by way of **SLR** to help make the payments.

The SE quarter with 160 acres comes with the same horsepower. A good portion of the quarter could be brought under cultivation if a buyer so desired. The quarter is currently in pasture, however, this is the perfect quarter to build on only 30 minutes west of Devon or Leduc. The meandering creek that forms a switchback on the west side gives this quarter unbelievable character. Whether you're a farmer, mixed farmer or rancher, adding this quarter to your barn is sure to pay **huge financial gains** for generations to come.

Visit **CLHbid.com** for more details including Starting Bids!

August 19 – 9:00 am – Canvas Painting – Join us in creating this beautiful Inuksuk. Approximately 14" x 11". Class is open to all youth ages 5 and older. Cost - \$5

August 26 – 1:00 pm – Scavenger Hunt - Join us in

ending our summer activities with a Scavenger Hunt throughout the community. Participants will work in Family groups or Cohort groups. Lots of treats and prizes to end our summer with. Register your group by August 25th. FREE. Meet at the Village of Breton Office.

Do you love Escape Rooms? – We are pleased to offer to you our Escape Mail. Created by Mobile Escape, you are challenged to compete the mystery with all of the clues in the Escape Mail. Each month we will make available a new challenge. This is a great activity to do as a family with your older children, or your cohorts. Cost - \$5. Is you are unable to come into the Village office, we can mail one to you once we have received your payment.

HOME ALONE - Online Course - This safety program is ideally suited for children aged 9-12 years old. Safety and accident prevention are the common themes throughout the program. The information is relevant and current to today's young learners. Course content includes:

- Street smarts and bike safety
- People safety ("Tricky People" and Safe strangers)
- Online and internet safety
- Snacking and kitchen safety
- Home fire safety
- Sibling rivalry
- Preventing accidents
- How to handle emergencies and other situations
- Basic first aid skills

Cost- \$10 - two weeks to complete from the time of registration. Please contact our office to register for the course. Payment can be made at our office or on your credit card through Option Pay on our website at www.breton.ca

Please note that the new email address for Breton and Area FCSS is – fcss@breton.ca

Brighter Futures – Summer Craft Kits – If you are looking for some cool crafts to do at home on the rainy days of summer (and we seem to be getting a few of those) stop by the Breton FCSS office and pick up a kit for your family. Breton FCSS is pleased to partner with Brighter Futures on this program.

All of our programs will follow Social distancing practices and COVID-19 regulations as set out by AHS will be followed to ensure the health and safety of all participants.

Keep up to date with Breton FCSS happenings on our new Facebook page. – Breton and Area FCSS

K-12 Re-entry Information

From Deanne Young

K-12 School Re-entry Information – The Province has been updating the re-entry information for schools starting in September. Here is some of the information. There are many good documents for parents and staff. If you do not have internet access and would like a copy of any of the documents, please stop by our office and we can print them for you. <https://www.alberta.ca/k-to-12-school-re-entry-2020-21-school-year>

Overview

Students across Alberta will return to class for the 2020/21 school year under Scenario 1: In-class learning with enhanced health and safety measures.

COVID-19 information: Guidance for schools on re-entry scenario 1

Get the facts: Back to class for 2020-21

Masks

School health measures now include mandatory masks (Aug 4)

Mask use for grade four to 12 students, and all school staff, will be mandatory where physical distancing cannot be maintained, including on school buses.

Exemptions will be made for students and staff who are unable to wear a mask due to medical or other needs.

Mask use for kindergarten to grade three students will continue to be optional.

All students and staff will receive two reusable masks from Alberta's government. More than 1.6 million masks will be distributed to 740,000 students and 90,000 staff.

School staff will receive one reusable face shield for their use in the schools to use at their discretion. A mask must still be worn while wearing a face shield.

Additional supports

Hand sanitizer

Alberta government will distribute 466,000 litres of hand sanitizer between all school authorities based on students population

Thermometers

Each school will receive two contactless thermometers

Staff Testing

Alberta Health and Alberta Health Services are

working hard to expand testing capacity and reduce turnaround times for testing, including in school staff, teachers, and students.

Screening measures

Self-screening questionnaire

Parents, students and school staff must review the self-screening questionnaire each day before going to a school building. Visitors must also use this questionnaire to determine if they may enter a school.

Self-screening questionnaire (PDF)

People with medical conditions

For students with pre-existing or underlying medical conditions or risk factors, parents should:

Consult your child's physician to consider the health risks and make a decision about returning to school that will best support the child.

Contact your child's school to discuss available options and support.

Staff should also consult a physician and discuss options with their school board.

In addition to consulting with a physician, Albertans can assess the risk of experiencing severe health outcomes from COVID-19.

A student showing COVID-19 symptoms who has allergies or other pre-existing medical conditions that cause similar symptoms should get at least one negative COVID-19 test result before returning to school.

These symptoms would be their baseline health status. The student can attend school as long as they stay the same. Talk to your school about your child's pre-existing medical conditions so the school may keep a confidential record of these conditions.

Tool kit and resources

Re-entry materials and tool kit resources are being updated to reflect the Aug 4 School health measures now include mandatory masks announcement.

Parents and students can use the following resources to prepare for the new school year.

Parent guide

The 2020/21 Parent Guide (available in 7 languages) contains steps parents and students should follow to reduce the risk of COVID-19 in schools.

Guidance documents

The following guidance documents provide detailed health measures to help keep students and staff safe at schools.

Guidance for playgrounds

Guidance for outdoor fitness

Guidance for sport, physical activity and recreation

Hello from West of the Fifth Law! By now you've hopefully seen our Ads or heard that a law firm has opened in Warburg. We thought it would be good to introduce ourselves and take a moment to talk about our practice.

Our firm is staffed by myself, Clayton Swan, a Lawyer and my fiancée, Linnée Peters, who will become a Lawyer on August 19. Both Clayton and Linnée have roots in Rural Alberta.

Our firm has four values: Being Innovative, Being Local, Being Affordable, and Being Available. This article, being the first of a four-part series, is going to focus on what it means for us to be "Available".

Our vision for our practice is to provide legal services to Rural Albertans. Small communities across North America have suffered in recent years as young professionals have been drawn to urban centres leaving few remaining local professional services behind. We believe that Rural Albertans deserve legal services just as much as Urban Albertans do, and to that end, we're being the change we want to see by making ourselves fully Available to Rural Albertans.

So, let's talk a little bit about what being Available actually means. We're not an Old School lawyer who sits in their office all day expecting everyone to come to them. In order to be more Available our firm structure is decentralized. This means we intend to find locations in communities where we can meet people. We would like to find a way to meet with you where you're at. We haven't completely fleshed out the plan yet so please bear with us as we figure this out. You can read more about it on our website w5law.ca/value/community-calls, and stay tuned for more columns from us on this subject and many others.

As a consequence of a decentralized model your odds of meeting with a lawyer will be much higher if you call ahead. We may be out meeting clients in other locations or we may be working from home that day but still able to drive out and meet you. We eventually hope to create a regular schedule of locations, but while we gauge demand our physical location will vary day-to-day.

A further point I'd like to bring up that sets us apart from typical Old School Lawyers, and is in keeping with our firm value of being Available, is that upon request we are able to be flexible about what times we meet with you at. Most Lawyers are limited to meeting with clients only during the 9-5 business day. We recognize that for many people this increases costs by requiring you to take time off from work. Our response is to provide some limited capacity for scheduling appointments with clients after-hours for no additional cost. This can also include telephone and video conferencing appointments.

Thank you for reading and we look forward to being Available in your community!

Clayton Swan

MP REPORT

from The Office of MP Gerald Soroka,
Member of Parliament for Yellowhead

July 27, 2020

One-Time Payment for Persons with Disabilities

OTTAWA: Gerald Soroka, Member of Parliament for Yellowhead, would like to inform constituents that Bill C-20, An Act respecting further COVID-19 measures, has received Royal Assent, extending CEWS to December 19, 2020.

Bill C-20 will also allow for the sharing of information to facilitate the delivery of a one-time payment for persons with disabilities with a non-taxable and non-reportable payment of up to \$600 who:

- Are holders of a valid Disability Tax Credit certificate (eligible persons not yet in possession of such a certificate will be able to apply for one up to 60 days after today's Royal Assent to be considered for the one-time payment);
- Currently receive Canada Pension Plan disability benefits or Quebec Pension Plan disability benefits; or
- Are in receipt of disability supports provided by Veterans Affairs Canada.

Complete details on Bill C-20 can be found at: <https://www.canada.ca/en/department-finance/news/2020/07/government-legislation-to-support-canadian-workers-businesses-persons-with-disabilities-and-legal-rights-receives-royal-assent.html>

July 28, 2020

Canada Revenue Agency Update

OTTAWA: Gerald Soroka, Member of Parliament for Yellowhead, would like to inform constituents that the Canada Revenue Agency (CRA) is extending the payment deadline and applying relief to interest on existing debt. The payment due date for current year individual, corporate, and trust income tax returns, including instalment payments, from September 1, 2020, to September 30, 2020. Penalties and interest will not be charged if payments are made by the extended deadline of September 30, 2020. This includes the late-filing penalty if the return is filed by September 30, 2020.

Interest on existing tax debts related to individual, corporate, and trust income tax returns from April 1, 2020, to September 30, 2020 and from April 1, 2020, to June 30, 2020, for goods and services tax/harmonized sales tax (GST/HST) returns will also be waived. While this measure for existing tax debts does not cancel penalties and interest already assessed on a taxpayer's account prior to this period, it ensures that a taxpayer's existing tax debt does not continue to grow through interest charges during this difficult time. This measure provides immediate relief to impacted taxpayers.

The previously extended filing due dates for individual, corporate, and trust income tax returns remain unchanged. However, the CRA will not impose late-filing penalties where a current year individual, corporation, or trust return is filed late if it is filed by September 30, 2020.

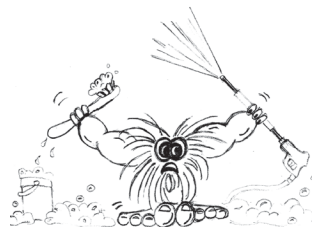

Remember to file your individual, corporate and trust returns as soon as possible, even though payment deadlines are being extended. This is particularly important for individuals receiving credits and benefits, such as the Canada Child Benefit.

Breton Municipal Library Announces Availability of Non-Medical Masks

These masks are part of the Masks for Albertans program and coordinated by Alberta Municipal Affairs Public Library Services Branch.

Disposable, non-medical masks have been made available to Albertans through other locations, including the drive-thru at select restaurants. However, it was pointed out that not everyone in the community is able to access this program because of lack of transportation, distance or other reasons.

As we were preparing our re-opening plans, we realized that access to personal protective equipment in the community could be a barrier for many residents. Even though there are other distribution points, they aren't always accessible to everyone. Public libraries are a community resource and community gathering space. We are easily accessible to members of the community and we are committed to reducing barriers to information and resources in our community. By supplying masks, we are supporting community access to a tool that, currently, assists in preventing the spread of COVID-19.

Breton Municipal Library received masks for distribution. The masks may be used in the library and packages are available for community members to take away. The masks can be picked up throughout the library.
