

THE BRETON BOOSTER

Counselling Subsidies

Starting in September, Breton and Area FCSS is pleased to offer Counselling Subsidies.

A subsidy is available for individuals, couples and/or families who are struggling with common, everyday issues to access short-term preventative counselling services. The goal is to:

- Improve relationships with better communication and conflict resolution skills
- Improve mood with anger management and emotional support
- Enhance personal growth with creativity, spirituality, self-esteem, self-awareness, goal setting
- Improve parenting skills by focusing on attachment
- Reduce stress with life balance; and/or
- Learn new skills and behaviors

The cost of counselling can be a barrier for many individuals and families. This subsidy is available to those who do not have access to coverage through health benefits or employee benefits, such as an Employee Assistance Plan (EAP), and whose family income is less than \$75,000 per year. Fees are determined according to a sliding scale based on income and family size. Fees range from \$15 per session to \$55 per session.

The maximum number of sessions available is seven for individuals and nine for couples or families.

Counselling services are provided through a partnership with Karunia Counselling from Leduc.

We know that in this current environment many may have additional stress and anxiety. We also know that transportation may be an added barrier. These sessions can be arranged to be in person in the Karunia offices in Leduc, over the phone in your own safe environment or virtually on your computer.

To apply for the subsidy services, application forms are available through the Breton FCSS Office at 4916 50th Avenue or by contacting them at fcss@breton.ca or calling 780-696-3636.

Breton and Area FCSS will be doing the intake of the applications. Counselling services are provided by Karunia Counselling by Registered Psychologists, Registered Provisional Psychologists, Canadian Certified Counsellors and Masters or PhD level student interns under the supervision of a qualified psychologist. All applications will be kept in strict confidence. This program is being made available through funding from the Government of Canada's Emergency Support Fund, the Drayton Valley Community Foundation and Breton and Area FCSS.

LETTERS TO THE EDITOR

Dear Editor:

Since it is now common knowledge that the Kenney government intends to "write down" the "linear tax" on pipelines, it is time to react.

I understand this means that Mr. Kenney doesn't intend to collect the tax AT ALL. It will therefore be another tax break for oil and gas.

Given that he has already provided a \$4.7 billion tax break to them, it looks a little excessive to say the least. Every municipality/jurisdiction in the province will suffer from this move, especially when added to the downloading already imposed; e.g., policing costs and other grant reductions.

Since this linear tax represents about 85 percent of County revenue, this means a drastic cut that will have to be made up elsewhere; i.e., increase in property tax and/or reduction of services.

If you feel this is OK, do nothing. If you feel there is something wrong here, let the following politicians know:

Minister of Municipal Affairs, Kaycee Madu:

Edmonton.SouthWest@assembly.ab.ca

Mark Smith:

DraytonValley.Devon@assembly.ab.ca

Jason Kenney: premier@gov.ab.ca

Rachel Notley:

edmonton.strathcona@assembly.ab.ca

Please note the following two public meetings called by the Council to address this issue:

Breton Fire Hall on August 11 @ 6 p.m.

Brazeau County Parking Lot on August 13 @ 6 p.m.

Lynn Oberle

Greetings from the Breton Book Club

From Gail Amendt

Have you been wondering what has become of our group since COVID19 put a damper on in person gatherings? Wonder no more. After our forced hiatus, we will be back up and running this fall, but in a slightly different way.

Book club is moving online for the time being. After considering numerous platforms, we have decided to hold book club on Facebook. It isn't perfect, but it's ease of use even from a cell phone, and its familiarity to many of our members makes it the best option at this time.

To join our group, go on Facebook and search for Breton Book Club (you must capitalize the first letters of each word), then ask to join. The group is private, so only members of the group can see the discussion. We would love to have new members.

For the time being, discussions will begin on the second Wednesday of the month, and will continue as long as we have things to talk about, hopefully for several days! If you have never joined our group before because Wednesday evening doesn't work for you, now is the time to give it a try.

Our first book is *Becoming* by Michelle Obama, and discussion will begin on September 9th. Copies of the book are now available at the library. Stop by and pick up a copy.

If you need help joining the group, or are new to Facebook and need some pointers, stop by or phone the library. Katelynn will be happy to help. If you have any questions, call the library at 780-696-3740, or Gail Amendt at 780-696-3566.

Our House Rocks...

From Kevin Maine

Curling will start October 5. This will be a different season but I'm looking forward to see all our winter friends.

Due to COVID19 there will be some changes in the club. There will be waivers that need to be signed before you can curl. We will have sanitizer stands in the

rink also we will have a cleaning schedule. Masks are not required at this time but can be worn if you wish. The lounge will be set up differently to follow AHS guidelines. The rules have also been altered so we can practice social distancing. For an update on the rules you can go to curl Canada, they have them posted. Being a smaller club it is easier for us to follow the AHS guidelines.

Also there has been some interest to have a daytime open league, if you are interested send me an email at Warburgcurling@gmail.com. Also I'm looking for feedback on the liquor menu and the food menu as well, if you wish something on the menu email me - I'm open to suggestions. I'm hoping for more news by time the curling season starts.

Registration is now open - to keep your spot register soon. Other clubs are having a huge increase in members because the snow birds are looking for something to do this winter.

The club would like to thank Kyle Townsend and Hugh Cherwonka with their help on the ice last year. With the season being cut short we were not able to thank our volunteers. The members that run the bar, Deb for running the casino account and the volunteers that helped with the ice install. The Moon's for supplying the water. Jessie Nelson for taking over the Junior Program. A big thank you to Les Nemeth for looking after the Senior League - call him to register for the Thursday morning seniors 780.848.2661. I would also like to thank my favourite mother in-law that keeps our finances in order and me in line with spending.

We are doing some work on the plant and checking to see if the heat floor can be operational. The board approved up to \$3000.00 dollars to be spent on what we need to be compliant with the COVID19 guidelines. I'm looking for input on how we can change our bonspiels to attract more teams if we are able to hold bonspiels with outside participants.

Also we are on Facebook should we have any announcements.

We have one in-ice sponsor, for more information on sponsorship opportunities, call Kevin Maine. Our club runs on sponsors and volunteers.

Thank you, Kevin Maine

Breton Municipal Library Announces Availability of Non-Medical Masks

These masks are part of the Masks for Albertans program and coordinated by Alberta Municipal Affairs Public Library Services Branch.

Disposable, non-medical masks have been made available to Albertans through other locations, including the drive-thru at select restaurants. However, it was pointed out that not everyone in the community is able to access this program because of lack of transportation, distance or other reasons.

As we were preparing our re-opening plans, we realized that access to personal protective equipment in the community could be a barrier for many residents. Even though there are other distribution points, they aren't always accessible to everyone. Public libraries are a community resource and community gathering space. We are easily accessible to members of the community and we are committed to reducing barriers to information and resources in our community. By supplying masks, we are supporting community access to a tool that, currently, assists in preventing the spread of COVID-19.

Breton Municipal Library received masks for distribution. The masks may be used in the library and packages are available for community members to take away. The masks can be picked up throughout the library.
