

THE BRETON BOOSTER

Breton Food Bank Fund Drive Oct 12- Oct 24th, 2020

The Breton Food Bank regrets that due to Covid-19, AB Health Services recommendations, and social distancing, the Breton FCC Food Bank will not be canvassing the Village of Breton to collect food and/or monetary donations during our Annual Food & Fund Drive this October. In lieu of food donations we are requesting residents who wish to donate, toward helping to feed those who are struggling to feed their families, do so with monetary donations.

The Food Bank has arranged for several drop off points in the Village of Breton. Many rural residents are travelling to the Village less often than they used to in order to limit contact with people other than their cohorts, therefore we will be accepting donations for a two week period instead of just a week.

If you wish to bless our ministry with a donation, please write Food Bank Fund Drive on the memo line of your cheque. If donating CASH include a note with your name, address and amount of your donation if you require a receipt. Place your donation in an envelope. Write Food Bank Fund Drive on the outside of the envelope and hand it to a person at one of the following drop off points:

Breton Food Bank. P.O. Box 57 , Breton AB, T0C 0P0

We apologize for any inconvenience we may have caused. The Food Bank appreciates the support of all the residents of our service area. Without the generosity of those who donate we would be unable to continue this ministry.

2020 has been a difficult year, oil prices took a dive, covid created a new normal, and the weather negatively impacted not only the farmers but other sectors also.

It is a privilege to be able to serve those who are in need during this very strange time. May you remain healthy and safe as we navigate through all that is happening. Thank you for your generosity.

CAMPBELL, John "Ray"

March 10, 1954 – September 26, 2020

On September 26th 2020 John "Ray" Campbell passed away peacefully in his sleep at the age of 66 years. Ray was predeceased by his parents, John Edward Campbell and his mother Cleo Ramona Campbell (nee Boomer).

Ray will be sadly missed by his family and friends, especially his partner, Deena Fairlie, his three children from his first marriage Crystal, Kathleen & Johnny and Deena's three children, Hillary, Tyler and Erin, alongside all of his beautiful grandchildren.

Ray was a kind and loving soul. He brought happiness to a lot of lives. He loved working with his hands and could fix or build anything. If you could dream it he could make it. Ray also, particularly loved bargain hunting and would spend time searching for deals and special finds.

He enjoyed sharing his life stories and spending time with people. He will be remembered for his passion, kindness, and his infectious smile and positivity.

In lieu of flowers or in Ray's memory please consider making a donation to the Mazankowski Alberta Heart Institute.

As Fire Prevention Week™ approaches, the Fire Department reminds residents to “Serve Up Fire Safety in the Kitchen!”™

Drayton Valley/Brazeau County Fire Services is teaming up with the National Fire Protection Association® (NFPA®) — the official sponsor of Fire Prevention Week for more than 90 years — to promote this year’s Fire Prevention Week campaign, “Serve Up Fire Safety in the Kitchen!”

The campaign works to educate everyone about simple but important actions they can take to keep themselves and those around them safe.

Cooking is the leading cause of home fires and home fire injuries in Canada. The majority of reported home fires started in the kitchen. Most home fires start with the ignition of food or other cooking materials.

“We know cooking fires can be prevented,” said Lorraine Carli, vice-president of outreach and advocacy at NFPA. “Staying in the kitchen while cooking, using a timer, and avoiding distractions such as electronics or TV are steps everyone can take to keep families safe in their homes.”

The Drayton Valley/Brazeau County Fire Services encourages all residents to embrace the 2020 Fire Prevention Week theme.

“The most important step you should take before making a meal is to Serve Up Fire Safety in the Kitchen!” said Fire Chief Thomson “A cooking fire can grow quickly. I have seen many homes damaged and people injured by fires that could easily have been prevented.”

Drayton Valley/Brazeau County Fire Services wants to share safety tips to keep you from having a cooking fire.

Never leave cooking food unattended. Stay in the kitchen while you are frying, grilling or broiling food. If you have to leave, even for a short time, turn off the stove.

If you are simmering, baking, roasting, or boiling food, check it regularly. Remain in the home while food is cooking, and use a timer to remind you that you’re cooking.

You have to be alert when cooking. You won’t be alert if you are sleepy, have taken medicine or drugs, or have consumed alcohol that makes you drowsy.

Always keep an oven mitt and pan lid nearby when you’re cooking. If a small grease fire starts, slide the lid over the pan to smother the flame. Turn off the burner, and leave the pan covered until it is completely cool.

Have a “kid-free zone” of at least 1 metre around the stove and areas where hot food or drink is prepared or carried.

To find out more about Fire Prevention Week programs and activities, please contact the Drayton Valley/Brazeau County Fire Services at (780 514 2216). For more general information about Fire Prevention Week and cooking fire prevention, visit www.fpw.org.

Counselling Subsidies – Breton and Area FCSS is pleased to offer Counselling Subsidies. Appointments can be in person (Leduc Office), Virtual or by Phone.

A subsidy is available for individuals, couples and/or families who are struggling with common, everyday issues to access short-term preventative counselling services. The goal is to:

- o Improve relationships with better communication and conflict resolution skills;
- o Improve mood with anger management and emotional support;
- o Enhance personal growth with creativity, spirituality, self-esteem, self-awareness, goal setting;
- o Improve parenting skills by focusing on attachment;
- o Reduce stress with life balance; and/or
- o Learn new skills and behaviors

The cost of counselling can be a barrier for many individuals and families. This subsidy is available to those who do not have access to coverage through health benefits or employee benefits, such as an Employee Assistance Plan (EAP), and whose family income is less than \$75,000 per year. Fees are determined according to a sliding scale based on income and family size. Fees range from \$15 per session to \$50 per session. The maximum number of sessions available is seven for individuals and nine for couples or families. Counselling services are provided through a partnership with Karunia Counselling from Leduc. We know that in this current environment many may have additional stress and anxiety. We also know that transportation may be an added barrier. These sessions can be arranged to be in person in the Karunia offices in Leduc, over the phone in your own safe environment or virtually on your computer. To apply for the subsidy services, application forms are available through the Breton FCSS Office at 4916 50th Avenue or by contacting them at fcss@breton.ca or calling 780-696-3636. ALL APPLICATIONS ARE STRICTLY CONFIDENTIAL. Breton and Area FCSS will be doing the intake of the applications. Counselling services are provided by Karunia Counselling by Registered Psychologists, Registered Provisional Psychologists, Canadian Certified Counsellors and Masters or PhD level student interns under the supervision of a qualified psychologist. All applications will be kept in strict confidence. This program is being made available through funding from the Government of Canada's Emergency Support Fund, the Drayton Valley Community Foundation and Breton and Area FCSS.

NON-TRICKY TIPS FOR A SPOOKY SAFE HALLOWEEN

DON'T trick-or-treat, hand out treats, or go to a party if you are feeling ill (even if symptoms are mild) or in isolation/quarantine.

Trick-or-treating

- Choose costumes that allow your child to wear a non-medical mask. They can wear a mask underneath a Halloween mask as long as they can see and breathe comfortably. Make sure it's comfortable so your child won't need to adjust it.
- Go only with family or cohort members and keep a healthy distance from others.
- Stay in your community to limit the number of people you come into contact with.
- Carry hand sanitizer and use it after touching touch-points like doorbells or railings.
- If you can, knock instead of pushing doorbells, or keep 2 metres from the door or porch and call "trick or treat". Make sure the person calling is wearing a mask.
- Wait until you're home and have washed your hands before handling candy.

Handing out candy

- Print posters from [Alberta.ca](https://alberta.ca/covid19) to hang in your window or place on your door to let trick-or-treaters know if you're handing out treats this year or not.
- Wear a mask and use tongs or a grabber.
- Keep a healthy distance from trick-or-treaters. If possible, hand out candy from the driveway, open garage, or lawn instead of your front door.
- Ask trick-or-treaters to knock instead of ringing the doorbell.
- If you are indoors (school, apartment building, or mall) use a table or desk to keep a safe distance from trick-or-treaters (e.g. school classroom, apartment building, mall)

- Avoid handling treats
 - Use prepackaged candy (no homemade treats)
 - Hand treats out directly from the package they came in
 - Don't leave self-serve bowls of bulk candy
 - Make candy bundles/bags and space them out on a table or blanket for trick-or-treaters to take
- Get creative! Build a candy slide down your front steps or railing! Build a (safe) candy catapult! There are many fun ways to hand out treats while maintaining physical distance.

Attending a party (adults and kids)

- Spend time with people you know. The smaller the group the better.
- If possible, host your party outside. It's easier to keep a healthy distance between guests and there's better air circulation. (See guidance for ["Outdoor Events"](#))
- If the party is indoors, keep it small and maintain 2 metres away from people in other families and cohorts. (See guidance for ["Indoor Events"](#))
- Don't share drinks, snacks, cigarettes, vapes or cannabis – and no bobbing for apples!
- Choose games and activities that don't involve sharing items, and allow for distancing.
 - Set up art and craft stations so that each guest has their own materials (no sharing).
 - Instead of face painting, hand out temporary tattoos or stickers that guests can put on themselves.
 - Make sure any shared items are sanitized between uses.
 - Wash or sanitize your hands often. Have hand sanitizer easily accessible.

Greetings from the Elks

from Allan Smith,
Breton Elks Lodge #402

Greeting from Breton Elks Lodge #402

Well hello everyone. Hopefully everyone was able to enjoy a little outside action and remain healthy.

Our summer was a little slow getting started, but our fall season came on strong. Now that fall has arrived it is now time to get down to business and pick-up from where we left off at the beginning of summer.

The R.V. Park got off to a slow start, but proved to be very productive in spite of our Covid restrictions. At the recent meeting much discussion was held on possible upgrades to the park. Such upgrades are centered on the electrical service. Another concern was brought forward with regards to the current supply of wood. The current supply is dwindling and the park is in need of a future supply. Any donation of fire wood would be greatly appreciated.

In other business the Covid situation is still forcing a strain on activities. For this reason, it was decided that the Breton Elks will not sponsor the Annual Community Christmas Party.

We want to thank Brother John Broks for suppling the lunch to close out our meeting.

Until next time, good Health to all and looking forward to another opportunity to bring news of Breton Elks.

Covenant Corner

from Pastor Jeff Gooderham

In September 1988, Hurricane Gilbert hit the Louisiana coast. At that time, it was considered the "Storm of the century." It battered the shoreline, severely disrupting the shrimping business. Many shrimp boats were lost, causing great concern for several families who were dependent on shrimping for their livelihood.

On the morning news a reporter did an interview with a shrimp boat owner. He was asked how the storm would impact the shrimpers. With the devastation of Gilbert as a backdrop, this man said, "well, much has been lost,

but, there is a good side. The storm will have stirred up the bottom of the ocean, making for better shrimping once we're able to get back out there." This man understood hope!

Isaiah 40:31; "but those who hope in the LORD will renew their strength. They will soar on wings like eagles; they will run and not grow weary, they will walk and not be faint."

The Bible Truth Page #6

Is Seeing Believing?

What is faith? Is it seeing, sensing, feeling, or hearing what we prayed for? If someone says, "I believed with all my heart that such and such would happen on this day, and on that day I did NOT SEE IT, so I guess it wasn't God's will." Is this FAITH? No! How can it be? The Bible says in 2 Corinthians 5:7, **'For we walk by FAITH, and NOT BY SIGHT.'** Also, in Hebrews 11:1 it says **'Now faith is the substance of things hoped for, the evidence of things NOT SEEN.'** Jesus tells us plainly what real faith is in Mark 11:22-23 **'And Jesus answering saith unto them, Have faith in God. For verily I say unto you, That whosoever shall say unto this mountain, Be thou removed, and be thou cast into the sea; and shall not doubt in his heart, but shall believe that those things which he saith shall come to pass; he shall have whatsoever he saith.'** Look at Numbers 23:19 **'God is not a man, that he should lie; neither the son of man, that he should repent: hath he said, and shall he not do it? Or hath he spoken, and shall he not make it good?'** Faith is having confidence in God that he will do what he says in his Word, and acting on his Word. When we pray for something that he has promised to us in his Word, such as healing, we can have confidence that we have it. We can SAY and declare that we have whatever we asked for because God does not lie. We can believe regardless of what our feelings or physical senses tell us.

Faith is a decision. We decide to believe God and what he says in his Word. After all, isn't that what we did when we made Jesus our Lord and Saviour? We have never seen Jesus physically, yet we believe that he died for us and rose again and has given us eternal life. Romans 10:10 **'For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation.'** Likewise, we can believe and declare anything else that he has promised us, such as healing, provision, peace, strength, protection, etc. We just simply take him at his Word, and pay no attention to what our senses tell us. When it comes to faith, we must believe BEFORE what we prayed for comes to pass, knowing that it will.

How do we get this kind of faith? In Romans 10:17 it says: **'So then faith cometh by hearing, and hearing by the word of God.'** Why by the Word? Because Jesus is the Word and God has made his will known to us in his Word. John 1:1 **'In the beginning was the Word, and the Word was with God, and the Word was God. John 1:14 'And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father,) full of grace and truth.'** Therefore, we cannot truly know God if we do not read the Bible. John 15:7 **'If you abide in me, and my words abide in you, ye shall ask what ye will, and it shall be done unto you.'** True faith in God is trusting God, and having assurance that he will do what he says he will do or has done, despite what we see in the natural. In conclusion, we read the Bible, believe that God's word is true, act on it and speak it, being confident that we have what we asked for.
