

# THE BRETON BOOSTER

**Bell Let's Talk Day  
Thursday, January 28**

COVID-19 has affected every aspect of our lives, including our mental health. According to the Canadian Mental Health Association, 38% of Canadians say their mental health has declined due to COVID-19, and people already struggling with their mental health were 2 times more likely to say their mental health has declined due to the pandemic.

Since 2010, Canadians and people around the globe have joined in the world's largest conversation around mental health on Bell Let's Talk Day. Together we have taken big steps to reduce the stigma around mental health issues and inspire one another to take action and help create a Canada where everyone can access the mental health support they need. In a recent survey conducted by Nielsen Consumer Insights, 83% of Canadians now say they are comfortable speaking with others about mental health, compared to only 42% in 2012. By joining in and taking action, we are all helping to make a real difference.

This year's Bell Let's Talk Day campaign shines a light on the actions that we can all take, because now more than ever, mental health matters. Whether you're staying virtually connected with a family member, working directly with patients in recovery, investing in access

to care or even just taking care of your own mental health, every Canadian can play a part in their communities, workplaces, schools and at home.

When it comes to mental health, now more than ever, every action counts.

On Bell Let's Talk Day, Bell donates 5 cents to Canadian mental health programs for every applicable text, local or long distance call, tweet or TikTok video using #BellLetsTalk, every Facebook, Instagram, Pinterest, Snapchat, TikTok, Twitter and YouTube view of the Bell Let's Talk Day video, and every use of the Bell Let's Talk Facebook frame or Snapchat filter. All at no cost to participants beyond what they would normally pay their service provider for online or phone access.

You can also find resources, learn more about some of the organizations providing meaningful mental health supports and services throughout Canada and download the Bell Let's Talk toolkit to begin your own conversation about mental health at home, school or in the workplace.

Please join us this Bell Let's Talk Day by showing your support for all those who live with mental illness and those taking action to help them.

## Peter Kochansky

February 22, 1936 – January 13, 2021

It is with sorrow that we announce the peaceful passing of Peter Kochansky on the evening of Wednesday, January 13, 2021 at Breton Long Term Care, where he resided for the past six years.

Pete's big smile and happy disposition will always be remembered.

Following cremation, Peter will rest in the Horen Cemetery, alongside his parents.

Peter is survived by his sister, Elsie Mielnichuk; brother, Walter Kochansky; sister-in-law, Olga Kochansky and numerous nieces and nephews.

Peter was predeceased by his parents, Andrew and Barbara Kochansky; brothers, Eric and William Kochansky; brother-in-law, Harry Mielnichuk; sister-in-law, Mary Kochansky and nephew, Andy Mielnichuk.

A private graveside service will be held, and Peter's life will be celebrated later this year. Peter's family would like to thank the entire team at Breton Long Term Care for the wonderful care provided throughout the years.

For those who so desire, memorial contributions in Peter's name may be made directly to the charity of one's choice.

Condolences may be sent to [www.affinityfuneralservice.ca](http://www.affinityfuneralservice.ca)

# LETTERS TO THE EDITOR

Dear Editor:

On January 20, 2021, the Ag. Service Board of Brazeau County passed three motions to provide funds to land owners to assist in weed control. The motions included acreage owners as well as farmers and would subsidize 50% of chemical costs with no limit on the amount.

At no time did a single member of the ASB mention the word responsibility. Who is responsible for weed control? According to the Weed Control Act of Alberta (2008 W 5.1) Part 1 (2 and 3) makes it clear that an owner or occupier shall control noxious weeds and shall destroy prohibited weeds.

This raises the question as to why the public should be assisting in a landowner's responsibility to control his/her own weeds any more than to subsidize his/her vehicle insurance.

It seems that the net result of these motions is an upward flow of tax dollars to the largest land owners. Why should smaller operators subsidize large ones? Why does anyone need an incentive to control weeds any more than if you operate a vehicle; you do so according to the rules of the appropriate Act.

It is a no brainer and council should reject this initiative.

## RCMP POLICING PRIORITIES

The RCMP is committed to preserving the peace, upholding the law and providing quality service in partnership with the communities it serves. The purpose of this brief, seven-question survey is to ensure the public has a say in what the RCMP priorities are for the region. This is not a crime reporting tool but allows the public to provide input into how policing priorities are formed.

Each year, RCMP from the Drayton Valley and Breton detachments establish policing priorities to ensure that, in addition to responding to calls for service, members focus on the policing issues identified by the public as being the most important. These priorities are determined based on the feedback the RCMP receives from the municipalities and communities they serve.

Brazeau County, the Town of Drayton Valley, and Parkland County have partnered with the RCMP to conduct this brief survey to ensure that RCMP priorities align with those of the public. Information collected from this survey will be reviewed and considered by the RCMP, County and Town Councils. Please note, Tomahawk is served by the Drayton Valley RCMP detachment and this survey is intended for residents of Tomahawk and the immediate area only.

**This survey will remain open until February 8th, 2021.**

This survey can be taken online at: <https://www.surveymonkey.com/r/8J8LJVD>

Let us know what you love about the community you live in!

### **Bell Let's Talk Day**

Bell Let's Talk Day is January 28 and we're encouraging you to help create positive change.

Mental illness affects people of all ages and from all walks of life. According to the Mental Health Commission of Canada, one in five people in Canada will experience a mental health issue or illness in any given year. Over the past 9 years, Canadians and people around the globe have joined in the world's largest conversation around mental health on Bell Let's Talk Day. Together we have taken big steps to reduce the stigma around mental health issues.

In a recent survey conducted by Nielsen Consumer Insights in 2019, 84% of Canadians now say they are comfortable speaking with others about mental health, compared to only 42% in 2012.

However, there is still work to be done to ensure all Canadians have access to the mental health support they need. This year, on Bell Let's Talk Day Canadians are encouraged to share the actions, large and small, that they are taking to improve the

lives of people living with mental health issues.

When it comes to mental health, every action counts. On Bell Let's Talk Day, for every text, mobile and long distance call made on the Bell network, tweet using #BellLetsTalk, social media video view, or use of the Facebook frame or Snapchat filter, Bell will contribute 5 cents more to Canadian mental health programs.

You can also learn more about some of the organizations providing meaningful mental health supports and services throughout Canada and download the Bell Let's Talk toolkit to begin your own conversation about mental health at home, school or in the workplace. Join in to as we work together to improve the lives of Canadians living with mental health issues and help create positive change.

**Counselling Subsidies – ALL Fees Waived Until March 31.** Breton and Area FCSS is pleased to offer Counselling Services

A subsidy is available for individuals, couples and/or families who are struggling with common, everyday issues to access short-term preventative counselling services. The goal is to:

- o Improve relationships with better communication and conflict resolution skills;
- o Improve mood with anger management and emotional support;
- o Enhance personal growth with creativity, spirituality, self-esteem, self-awareness, goal setting;
- o Improve parenting skills by focusing on at-

tachment;

- o Reduce stress with life balance; and/or
- o Learn new skills and behaviors

The cost of counselling can be a barrier for many individuals and families. This subsidy is available to those who do not have access to coverage through health benefits or employee benefits, such as an Employee Assistance Plan (EAP), and whose family income is less than \$75,000 per year. Fees are determined according to a sliding scale based on income and family size. Fees ranging from \$15 per session to \$50 per session will be reimbursed upon receipt of attending the appointment. This will be in effect until March 31, 2021. Counselling services are provided through a partnership with Karunia Counselling from Leduc.

We know that in this current environment many may have additional stress and anxiety. We also know that transportation may be an added barrier. These sessions can be arranged to be in person in the Karunia offices in Leduc, over the phone in your own safe environment or virtually on your computer.

To apply for the subsidy services, application forms are available through the Breton FCSS Office at 4916 50th Avenue or by contacting them at [fcss@breton.ca](mailto:fcss@breton.ca) or calling 780-696-3636. **ALL APPLICATIONS ARE STRICTLY CONFIDENTIAL.** Please contact the Breton FCSS Office and we can discuss your individual situation.

### Dr. Jody Carrington – FREE ONLINE COURSE

– Self paced – “Kids These Days”- If you own a kid, work with a kid, or love a kid, you will find something inspiring and practical in this course. Dare I say game-changing. (Dr. Jody Carrington’s words) This course was born from the hundreds of stories of kids, their families, and their support systems I was lucky to meet as I worked across Canada and the USA. Regardless of who I met or where I met them, the message was always the same: our kids are okay ONLY if those of us holding them are okay.

During the developmental years, schools—and educators—are the most significant connection point to most every child on this continent. But are the educators okay? I believe that most of the great educators want to make a difference. Many tell me, however, that they are finding it more and more difficult “these days” to love what they do. I think it’s time we did a better job of looking after them. First. Plain and simple. This course is for the

parents and educators: our teachers, bus drivers, administrators, educational assistants, librarians, administrative assistants, and custodians, parents, grandparents, caregivers. And anyone who leads, loves, and supports them. If that’s you, we invite you to sign up for this self-paced online course. This FREE course is available to anyone in the Village of Breton or Brazeau County. Please contact Breton FCSS to register at 780-696-3636 or email [fcss@breton.ca](mailto:fcss@breton.ca). If you do not have an iPad, we can make arrangements for you to borrow one to do the course with.

**Celebrate Kindness** – We would like to help you celebrate those that have shown kindness to you in the past year. Purchase a chocolate rose and write a message to show those that have been kind how much you appreciate them. Reserve your “Rose” by calling Breton FCSS at 780-696-3636 or email [fcss@breton.ca](mailto:fcss@breton.ca) “Roses” available February 9 - 11. Cost: \$1/ each. Pick up at Breton FCSS. Limited quantities.

**2021 Programs** – Please watch our Breton and Area FCSS Facebook page and the Breton Booster for information on programs and activities that are scheduled for 2021. We are waiting for announcements on allowable programs within COVID-19 restrictions.

# Covenant Corner

from Pastor Jeff Gooderham

The great composer Ludwig van Beethoven, lived much of his life in fear of deafness. He was very concerned about his hearing because he felt it was essential to creating music of lasting value.

When Beethoven discovered that the thing he feared most was coming rapidly upon him, he was almost frantic with anxiety. He consulted doctors and tried every possible remedy. But the deafness increased until at last all hearing was gone.

Beethoven finally found the strength he needed to go on despite his great loss. To everyone's amazement, he wrote some of his grandest music after he became totally deaf. With all distractions shut out, melodies flooded in on him as fast as his pen could write them down. His deafness became a great asset.

One thing we know in life; the greatest things, the most valuable things cost the most. Jesus tells us in Luke chapter 9 verse 24; "For whoever desires to save his life will lose it, but whoever loses his life for My sake will save it." Our life is precious to us. It is very valuable. To lay it down seems far too costly, until we understand exactly what Jesus is saying. Giving up this life, this temporal, fleeting life is hard. We want to have our own control, but Jesus says to be His disciple we must die to our life and allow Him to live in us and through us. Giving up this life may seem costly, but not giving it up costs far, far more. To give up this life, we receive the life of Christ which is eternal, and instead of dying we live forever. Like Beethoven's deafness becoming his greatest asset, our death becomes our greatest life!

## MLA REPORT

from The Office of MLA Mark Smith,  
Member of the Legislative Assembly  
for Drayton Valley - Devon

### Supporting responsible resource development and protecting the environment

As you may know, on June 1, 2020, the Government of Alberta rescinded the 1976 Coal Policy. The old policy had become outdated and new environmental policies and land use planning have taken its place to better protect our air, water, land and wild species. Stronger regulation and modern protections include the Environmental Enhancement Act, the Eastern Slopes Policy, Integrated Resource Plans, regional plans and sub-regional plans.

While there are many important discussions to be had on coal and the future of the industry in our province, it is critical that we have factual debates in order to get the best possible outcomes for Albertans. For instance, Alberta isn't just on pace to phase out emissions from coal used for heating purposes by 2030, we are ahead of schedule. While there is movement away from coal used for heating purposes it is a fact that the world relies heavily on metallurgical coal as a primary component in the production of steel, which is used to build everything from buildings to bridges. Alberta has significant coal resources that provide thousands of jobs in several communities across Alberta.

Recently in the news some would have you believe lands that used to be protected are now open to development, when in fact coal development continues to be restricted in former Category 1 public lands, many of which are automatically protected because they are national parks, provincial parks or other pro-

tected areas.

Some people think that recent coal policy changes means an end to restrictions on Category 2 and 3 lands, when in fact responsible coal development was always permitted on these lands, subject to environmental considerations. The Alberta Energy Regulator is a world-class organization, and will continue to work tirelessly to ensure our air, water (including our headwaters) land and wild species are protected from harm. Responsible coal development will not change our mountain landscapes as companies must adhere to strict rules around land reclamation and environmental effects; and the Piikani nation, whose people have been stewarding the eastern slopes for a millenia, recently offered their full endorsement for the Grassy Mountain Coal project, which has been under review since 2015.

We know this is an important issue to Albertans. To ensure Albertans are heard, Alberta's government has cancelled 11 leases issued in December 2020. I strongly encourage you to visit [CoalHardFacts.ca](http://CoalHardFacts.ca) to find out the facts on coal, share your thoughts and concerns, and learn more about coal and its role in our province
