Fire Restriction Issued For Leduc County

Leduc County is now under a fire restriction as a result of dry conditions and to minimize our firefighters' risk of exposure to COVID-19.

No open fires or fires in burn barrels are allowed and all open fires currently burning must be extinguished immediately.

All fire permits are suspended as per the Forest and Prairie Protection Act, and no fire permits will be issued for the duration of the restriction.

Citizens can use firepits and gas-fired (such as propane or natural gas) cooking and heating appliances such as barbecues, firepits and patio heaters, but should use extreme caution.

Fire officials will continue to monitor conditions, and will update the public at leduc-county.com and albertafirebans.ca when the restriction is lifted or downgraded, or a ban is issued.

THANK YOU FOR VOLUNTEERING

"VOLUNTEERS DO NOT NECESSARILY HAVE
THE TIME; THEY JUST HAVE THE HEART."

- ELIZABETH ANDREW

APRIL 18 - 24TH VOLUNTEER WEEK

Dedicated Hearts

Dedicated hearts like yours
Are not easy to find.
It takes a special person to be
So generous and kind.
To care so much for your fellow man
Is a quality all too rare.
Yet you give of your time and talents,
For all in need to share.
So thank you for being a volunteer,
We're privileged to work with you.
We want you to know how appreciated
you are,
Not just today, but the whole year
through.

To all Thorsby & area Volunteers...

National Volunteer Week April 18 - 24

Volunteering in a community can be a rewarding and inspiring experience. Not only will you meet amazing people along the way, you will get to see what truly makes a volunteer do what they do daily, weekly, monthly and yearly. By creating and innovating, you alone can change the landscape that benefits so many.

To everyone that sacrifices their own time to help their respected communities- you all deserve a huge thank you.

Your efforts are always noticed and appreciated.

Keep being amazing!!!!

The Value of One, The Power of Many

April 18 to 24 is National Volunteer Week

The National Volunteer Week theme for 2021, The Value of One, The Power of Many, reflects on the awe-inspiring acts of kindness by millions of individuals and the magic that happens when we work together towards a common purpose.

This past year has been challenging. While formal volunteer opportunities may have been restricted, we recognize the value of the caring and compassion that people have shown one another, and we recognize the power of people, organizations and sectors working together.

#VolunteersBringChange in many ways, so what does “The Value of One, The Power of Many” mean to you?” We use this week to celebrate, recognize and thank volunteers, and create awareness for the important work you do!

What is the Value of 4-H beef to you?

The 4-H program guides our members to select quality livestock and maintain consistent nutrition, health and daily care. There is a need to start with a good animal and maximize its potential so then you are left with quality Canadian beef for the consumer. The 4-H Beef project and its many supporters have helped send thousands of our youth away to universities, Colleges and trade schools. They have returned to become our business leaders, teachers, caregivers, farmers, mechanics, welders and the list goes on. One thing for sure, when you purchase a 4-H steer you are not just investing in a child's future, but also in the future of this community.

Average Price in Pounds (lbs)

You can Save **\$592.00** by purchasing a 4-H Steer instead of buying it at a grocery store and know that it is home grown.

Please note: These prices, weights and averages may vary due to market fluctuations, weather conditions and possibly even the breed of an animal can largely influence frame size and cut ability.

Estate plans can help you answer questions about the future

The word “estate” conjures images of great wealth, which may be one of the reasons so many people don’t develop estate plans – after all, they’re not rich, so why make the effort? In reality, though, if you have a family, you can probably benefit from estate planning, irrespective of your asset level. You may well find that a comprehensive estate strategy can help you answer some questions you may find unsettling – or even worrisome.

Here are a few of these questions:

What will happen to my children? With luck, you (and your co-parent, if you have one) will be alive and well at least until your children reach the age of majority (either 18 or 19, depending on where you live). Nonetheless, you don’t want to take any chances, so, as part of your estate strategy, you may want to name a guardian to take care of your children if you are not around. You also might want to name a Trustee – sometimes called a “guardian of the estate” – to manage any assets your minor children might inherit.

Will there be a fight over my assets? Without a solid estate strategy in place, your assets could be subject to the time-consuming, expensive – and very public – probate process. During probate, your relatives and creditors can gain access to your records, and possibly even challenge your will. But with proper planning, you can maintain your privacy. As one possible element of an estate plan, a living trust generally allows your property to avoid probate and pass quickly to the beneficiaries you’ve named.

Who will oversee my finances and my living situation if I become incapacitated? You can

build various forms of protection into your estate planning, such as an enduring power of attorney, which allows you to designate someone to manage your financial affairs if you become physically or mentally incapacitated. You could also create a power of attorney for personal care, which allows someone to handle health care decisions on your behalf if you become unable to do so yourself.

Will I shortchange my family if I leave significant assets to charities? Unless you have unlimited resources, you’ll have to make some choices about charitable gifts and money for your family. But as part of your estate strategy, you do have some appealing options. For example, you could establish a trust, which provides financial support to your chosen charities for a period of time, with the remaining assets eventually going to your family members. A charitable remainder trust, by contrast, can provide a stream of income for your family members for the term of the trust, before the remaining assets are transferred to one or more charitable organizations.

As you can see, careful estate planning can help you answer many of the questions that may be worrying you. Be aware, though, that certain aspects of estate planning, especially those related to living trusts and charitable trusts, can be complex, so you should consult your estate-planning lawyer or qualified tax professional about your situation. Once you’ve got your strategy in place, you should be able to face the future with greater clarity and confidence.
