## Pigeon Lake Environment Gets A Boost From Technology

May 2021 - The Pigeon Lake Watershed Management Plan, an innovative environmental strategy and 2021 Emerald Award nominee, will soon get a significant boost from technology.

A “smart buoy” with satellite communication capabilities will be able to provide information every 15 minutes about key air and water column conditions like air temperature, barometric pressure, wind speed and direction, and water dissolved oxygen levels, temperature, clarity and total algae using a weather station mounted above the water, and sensors that measure variables below the water all the way down to the bottom of the lake. With the Pigeon Lake smart buoy providing essential data to understand lake health, the lake community can not only apply targeted measures to help Pigeon Lake, but the information could help all Alberta lakes.

The buoy project is the result of the collaborative work to implement the Pigeon Lake Watershed Management Plan, in particular the “In-lake technical committee” of the Alliance of Pigeon Lake Municipalities (APLM). The initiative is being funded by the Summer Village of Crystal Springs through a Community Partnership Grant from Alberta Municipal Affairs.

The buoy is the latest innovation in an aggressive program by area residents to implement the landmark 2019 report that contained some 46 science-based recommendations to improve condi-

tions in the lake and watershed.

Alberta Municipal Affairs Minister Ric McIver said, “Albertans treasure their environment and so does their government. We’re proud to work with the community by providing technical advice and \$200,000 in funding. This smart buoy will help us be even better stewards of our land so that residents can continue to enjoy places like Pigeon Lake for generations to come.”

Crystal Springs Mayor and project lead Ian Rawlinson said the buoy initiative “should indeed have potential value to every Alberta lake, but it is also another significant step in Pigeon Lake’s drive to become Alberta’s premier recreational lake”. “The project speaks to the potential of technology in understanding lake health and the value in community/government partnerships.”

My life has held adventure  
A few snags along the way  
But filled with special memories  
That in our hearts will stay.  
Life is what you make it  
As most of us have learned  
So fill each day with meaning  
Enjoy the time you've earned.  
I've had so many good times  
With my children and my friends,  
These are the things I cherish  
When we say, "Remember when.."  
Each year has been a chapter  
In the amazing book of life  
And now it's time for me to rest,  
Gone is all the strife.  
So celebrate a life well lived  
Don't grieve forever more,  
Remember I am in your hearts,  
Till you reach your golden shore.  
My life on earth is over  
But others must go on  
With no regrets I leave my love  
To greet each break of dawn.  
Now as the sun sets in the west  
And evening darkens the sky  
I take my final journey  
And bid a fond goodbye.

## Gordon William Schnick

The family, friends and community of Warburg are deeply saddened by the loss of a legendary character in Gordon William Schnick, who died of cardiac arrest on April 27th at age 82.

Gordie was incredibly loved for his generosity, honesty, sense of humour, and unbridled zest for life. He was a pillar of the business and sports community, a loyal friend, and an immensely cherished family man. He was a constant positive influence on everyone and his laughter echoes forever in our hearts. He is survived by his wife of 58 years Phyllis, sons Derek (Shawna) and Danny (Alina), granddaughter Jordyn, brother Wilfred (Sylvia), sisters Eleanor (Kurt) and Carolyn (Ken) and numerous kin. He was predeceased by his son Roddy (1983), granddaughter Camryn (2003) and sister Linda (2013) and brother-in-law Kurt (2016).

Gordie had friends all across the communities and farms from Leduc west, having met as a Warburg Lumber customer, a horse event, or just a random meeting. He made friends everywhere and left an indelible impression. He was instrumental in getting minor hockey going in Warburg, and spent many hours building up the arena, coaching and riding wing as an elite sniper for the Warburg Grizzlies. (It is well-known that he also had an elite slash that involved a 360 degree wind-up). Gordie and his brother Wilf sold the lumber yard in 1992 and took an early retirement. He was able to hobby ranch, mountain ride with the Fern Crik Social Club, travel extensively with Phyllis from Inuvik to Arizona, get together with family, take every opportunity to play crib and have a beer with all comers, and amble about with his trusty dog Boots, taking coffee and shooting the breeze with anyone who would have him. There is no doubt Gordie will be dearly missed by everyone who knew him.

Regrettably, a traditional funeral is not possible but Gordie was not much for them anyways. He always said, "you know, I expect a few tears when I go but what I really want is a big party with lots of good laughs and stories".

A celebration of life befitting his wishes is planned for late August. In lieu of flowers, donations can be made to Warburg Union Cemetery or STARS ambulance.

Please find many family photos and memories, a video of the family service held for him, and information regarding his Celebration this summer on the Hainstock & Sons Leduc website.

### Subsidized counselling service

Short-term preventative counselling supports people who are struggling with common, everyday issues. Leduc County Family and Community Support Services (FCSS) offers subsidy to residents of rural Leduc County, Calmar, Thorsby and Warburg to ensure everyone can afford the cost of counselling.

Counselling fees are determined on a sliding scale based on family income and family size. In order to be eligible for subsidy, your family income must be less than \$75,000 per year.

Services are provided by local counsellors and are available in person, over the phone or virtually.

For more information and to be assessed for subsidy, call **1-800-379-9052 ext. 6421** or **780-955-6421**.

# LETTER TO THE EDITOR

May 6, 2021

Dear Editor:

## Town Council intends to takeover the plans and development of Taylor Park.

The Taylor Park Planning and Fundraising Committee has been working towards the development of Taylor Park since 2019. We have been reaching out with public engagement, support letters, fundraising and overall dialogue about the park. The Council on the other hand did not like the plans and was not interested in working together with a volunteer group, but at the last council meeting it came to a head. I was a delegate on April 27 to reach some decision on a budget and phase one of the park. Mayor Rod Raymond touted that we were not a registered organization or society. Does that mean, we as volunteers, are not competent without a title to our name, or our plans and ideas are not valuable to the community. He said, "We do not want power, we do not want a gazebo, and we do not want a statue of Thor." Will there be a stage? A mural of our past, present, and future of Thorsby? Does that mean that the park will not be an Arts & Cultural Park? Sorry Mr. Taylor that there has been so much confusion about the proposed park.

The air was so thick of animosity, rather than collaboration, that I was shocked at Mayor Raymond's attitude towards me. Where is the Code of Conduct? A motion was made to put \$20,000 towards the park. Mayor Raymond said, "We only want trees and flowers" Councillor Raymond was to talk to the engineer and ask for 5 new concept drawings for the park and to include battery operated solar lights.

When a committee is formed of capable volunteers, why does the council want to take over rather than work together? Is not governance their mandate? If the Council took over all the committees and organizations in the community, there would be no need to volunteer or fundraise. It saddens me that this can happen in Thorsby, a community that I am passionate about. The mayor has shown no respect to a volunteer group that raised money, donated items, and their time to make a better community and enhance the quality of life. Couldn't the mayor just say we want our engineering firm to work with your committee on revising the plans?

"The Council has spoken."

# Club Activities Resume! Lakedell Lighthouse Club Report

Submitted by: Payton Schwindt,  
Kamryn Tabler and Emersyn Tabler

For about six weeks now, we have been able to do in person activities, while following the AHS protocols for COVID-19. We have been social distancing, masking and sanitizing to keep members and their families safe! Although we can do in person activities with projects, in very small groups, we have still been having our meetings online through Zoom. Hopefully we can have them in person again soon! It would be nice to see all our friends again.

The Lighthouse portion of the club has been able to resume our Thursday night rides with Teri Larsgard. The first ride back was March 4. We ride in two groups; Group A and Group B to have smaller groups to maintain AHS guidelines. Every group rides every second Thursday. On March 6, we had our first equine clinic since we had to shut down back in November. The instructor was Lindsey Kuefler and Elvin Kopp. Although we had to make adjustments to the schedule to make sure everyone was safe, it was really nice to see everyone in person again! Each member was put into small groups, rode for two hours and then went home. We had our April clinic on April 17 and 18th. We split into two groups; one group went on Saturday and one on Sunday to reduce capacity. The mounted clinician was Frank Nesvadba. Thanks so much Frank, we all learned so much from you. Thank you to Amy Belec and Geneva Rodin for helping with showmanship and trail throughout the day! It was a lot of fun! The snow that came overnight on Saturday, meant that the groups from Sunday didn't get to work on the outdoor trail course, but we were able to get some work done on our Assessments books.

Canine projects have also resumed. We have

changed nights so that everyone can follow Covid protocols. Monday, March 8 was the first canine session since lockdown. Sherry Howey does a great job working with us, doing training sessions on agility as well as just basic training and simple commands. We get to have our training sessions at the Lakedell Arena, in two different groups, 2 Mondays a month! The dogs are really starting to show improvements since the beginning of the year.

Unfortunately, the West Central Regional Horse Show for the 2021 year has been cancelled due to COVID-19. It is very sad to have the show cancelled again, but hopefully we can have the show next year! We are planning our Achievement Day for the end of the year where everyone completes their goals from this year. Hopefully it can be in person!

Happy riding, stay safe!
