# National Indigenous Peoples Day at Rundle's Mission

From Audrey Brosseau

Rundle's Mission held a Teepee Raising and Indigenous teaching event on Monday, June 21st in recognition of National Indigenous Peoples Day.

Elder Leonard Saddleback (Chief Calfchild) instructed and guided a few men from the community in putting up the teepee. Then Elder Saddleback shared many of his Indigenous teachings and explained the background and significance of some of the beliefs.

Julia Gibson had prepared some food, including bannock and frybread, for the feast which was followed by Elder Saddleback doing some traditional dances. MLA Rick Wilson who is Minister of Indigenous Relations, as well as Tanni Doblanko, Mayor of Leduc County, and Chelsea and Ireland from Leduc County Recreation participated in the event.

It was a day of learning for all. Rundle's Mission would like to thank our guests who attended and/or helped with the event and welcome the public to view the teepee on the Rundle's Mission site.

## Library Chatter

From Gail O'Neil

Staff is having so much fun at the Library this week and the week has only begun! Elora picked up the new wax stamping kit and has already become a Master stamper. Come to the Library Wednesday July 7 and learn the art of wax stamping, 1-3pm is for the younger ages,

Summer Reading Club participants and 3:30-5 pm is for the older participants. Other exciting news is the Library has a new sphero bot and staff have named him Leo. A big thank you to Nadia for bringing Leo here and training staff how to run him. Elora is an expert coder, with Leo's APP! Come to the library anytime and meet Leo.

Warburg Book Club: Fire Keeper's Daughter by Angeline Boulley, I would recommend this book, very well written. The Author keeps you intrigued with the many characters and situations. The references to Canada is cool. Just when you think you know where the story line is going, the Author throws in a curve and the ending is not what I expected. 10/10 and should be considered as a curriculum read for High School Students.

## Warburg Senior's Lunch a Success!

From Warburg FCSS

Thanks to the absolutely amazing work of a small crew of organized, caring and loyal volunteers, 136 curbside lunches were prepared, boxed, and handed to our local seniors!

We are humbled by the dedication of our helpers, Kevin and Helen, Joan and Brett, Mel and Darlene, Shawna, Lonnie and students Liam Crooks and Shayla Reesik from Warburg School. It was truly our honor to be able to serve our wonderful community seniors, and we look forward to doing so in person in 2022!

# Alberta RCMP Advise Water Safety Precautions For Summer

With summer here, people are now spending more time outdoors and planning recreational activity at lakes and rivers throughout Alberta. Alongside the fun and health benefits of these activities, the Alberta RCMP reminds Albertans that there is also always a risk of injury, accidents, and drownings.

Whether operating a boat, canoe, watercraft, or participating in activities like tubing or swimming, it is important to keep water safety top of mind in the months ahead. Since 2016, a total of 89 people have drowned in Alberta, with 80% of the drowning fatalities having occurred in a lake or river.

The Alberta RCMP recommends essential safety practices on the water:

- Clarity is safety - Never operate a boat while under the influence of drugs or alcohol, which is illegal and punishable under the Criminal Code. Impairment will also affect a person's motor ability, judgement, and reaction time.

- Check the weather - Always check the weather forecasts and reports before going on or in the water. Changing weather conditions can be extremely dangerous while on the water. Continue to monitor weather conditions for the duration of your water activity.

- Share your plans - Know the area you will be in and share your itinerary with someone, so that if there is an emergency you can be located quickly.

- Dress to protect - Boaters, tubers, and swimmers should wear life jackets or personal flotation devices when on the water. Tubers should wear a helmet. Wearing a life jacket

or PFD is the best defense for surviving cold-water shock and hypothermia. Dress appropriately for cool weather or extreme sun which can cause fatigue and disorientation.

- Prepare your boat - Before heading out on the water, boaters should make sure their boat is equipped with mandatory boat safety equipment such as life jackets, signalling devices, and bailing containers. Always bring emergency supplies like extra food, water, clothes, and a cell phone.

- Know your limits – Be self-aware and don't push your physical limits when playing or engaging in water. Many drowning instances we have seen over the years have been as a result of fatigue and being too far from shore. If you cannot swim, stay out of the water and seek the shade instead.

Public safety is a top priority for Alberta RCMP and water safety is a shared responsibility. By practicing safe boating and swimming, Albertans can help reduce the number of fatalities caused by drowning this summer. For more tips for water safety practice, view our YouTube channel video: <https://www.youtube.com/watch?v=CjVxiA6maIQ>.
