Thorsby Stays Cool on Canada Day

From Nathan Raymond

On Wednesday a group met at the Seniors Center and the Seniors Board voted to officially open the facility. With restrictions being lifted, we decided to open it to the whole community as cooling zone, as it is one of the only larger facilities in town with AC. We figured since other communities were offering emergency heat relief we needed to at least offer something to the residents. The Town and Michelle Martin donated plenty of water to the cause. Because it was on a whim and we could only use social media to promote the idea, a few people showed up to cool down and visit over the few days. I would like to thank the awesome senior volunteers that stayed to greet people as they came in. What an amazing group!

Also at the last minute, I decided that we had to have a little fun on Canada Day. I organized a 'BEAT THE HEAT' cool down at the campground. I received tremendous response from many families. Newcomers to our community especially appreciated it. I went out and purchased freezies, water, ice and lots of water balloons. Veronica Tuck so graciously filled over six hundred water balloons for me as I had never done it before. Our new friend Dylan Potter brought down his water slide for the kiddos. We had some spray nozzles spraying and misting water. I wanted to make sure we all stayed cool and hydrated. More families showed up so we set up the slip and slide going down the hill, Thank you Kyle, Dylan and Paul for the help! The kids had a blast and even the parents took their turn.

But in my mind, the 'coolest' part was, that a few new families that moved here recently, before and during the pandemic, got to experience the amazing community spirit we have here and got to know each other. I know I met some really awesome folks. All in all, new friendships were formed, we were able to stay cool, share laughs, hugs, and celebrate Canada Day together after 16 long months of restrictions.

It was like having a beach day in Thorsby!

Thank you to everyone that came out, I hope to do it again soon. A special thanks to those that stepped up last minute to help me put it together.

MLA REPORT

from The Office of MLA Mark Smith,
Member of the Legislative Assembly
for Drayton Valley - Devon

Alberta's United Conservative government just wrapped up another busy session of the Legislature, during which we passed many bills and motions important to Albertans. I wanted to take this opportunity to share some of those accomplishments with you.

To ensure we are enhancing public safety across the province, we passed Bill 61: the Vital Statistics Amendment Act. This bill will ban dangerous offenders from being able to change their names and hide in our communities (similar to legislation we passed last session banning sex offenders from doing the same thing). By closing this loophole, we are taking steps to protect Albertans, particularly children, from dangerous people.

We also passed Bill 18: the Corrections (Alberta Parole Board) Amendment Act, to create an Alberta Parole Board that will provide a fairer, faster and more responsible justice system and end the 'revolving door' that sees repeat offenders, particularly in rural areas, regularly come in and out of our communities. This follows a recommendation from the Fair Deal Panel, which was tasked with consulting Albertans on strategies to secure a fair deal in the Canadian federation and advance our province's vital interests.

We passed Bill 52: the Recall Act, to give Albertans a way to remove elected officials they feel are not upholding their responsibilities, and Bill 51: the Citizen Initiative Act, to give Albertans a more direct role in the democratic system by enabling eligible voters to propose legislative, policy or constitutional action on issues that affect them.

And we passed Bill 211: the Municipal Government (Firearms) Amendment Act to act as a firewall against federal legislation that could have given municipalities the ability to create their own firearms laws – potentially leading to a confusing patchwork of firearms laws across the province. The vast majority of Alberta gun owners are responsible, trained and licenced. These folks are not the problem. This legislation will make it so firearms legislation is under the sole jurisdiction of the province.

Our government is done playing nice with politicians from other provinces who seek to block our energy products from getting to market. That's why we passed Bill 72: the Preserving Canada's Economic Prosperity Act.

This legislation gives our province the authority, if necessary, to restrict the export of crude oil and natural gas from Alberta. This has also come to be known as the 'turn off the taps' bill.

Albertans should get to decide who represents our province in the Senate. That is why we reinstated Bill 13: the Alberta Senate Election Act. Albertans by and large want and deserve to have a say on who represents them in the Senate. We are going to give them that opportunity in October. We also passed a motion asking Prime Minister Trudeau to delay filling two vacant Senate seats in Alberta until Albertans have had their democratic say in the fall. This was a prime opportunity for the Legislature to stand united, but the NDP voted against the motion. We also passed a motion establishing the question for the Equalization referendum this fall. The Notley NDP – who say they're "agnostic" on Equalization – voted against this motion as well.

We also established the Select Special Committee on Real Property Rights. This committee will be engaging Albertans across the province soon and submitting a report of recommended changes to the Alberta Legislature. Among other questions, the committee will be seeking to determine whether the legal remedies available to a real property owner who is deprived of the use of their real property are adequate. Whether the real property rights should be expanded, or in the case of an individual, constitutionally protected. And whether the law of adverse possession should be abolished.

These are just some of the highlights of this past session, but so many more good things are happening, including the full reopening of our economy as we get to the end of the COVID-19 pandemic.

It has been a long haul for Albertans but as the price for oil rises the economic forecasts show our province leading Canada in economic and job growth this year and next. The government continues to work hard to rebuild and diversify the Alberta economy. We continue to see investment in new areas of the economy with the recent announcement of a \$1.3 billion dollar hydrogen project that is going to provide 2,500 jobs and help to make Alberta one of the dominant international players in the hydrogen industry. Alberta is coming back stronger than ever.

Mark Smith, MLA for Drayton Valley – Devon

Summer Donation Drive

From Kristen Neumann

Before COVID hit last year, I had the extraordinary privilege of volunteering at the Pregnancy Care Center in Edmonton. The PCC is an organization that helps women and families who are experiencing unexpected ("crisis") pregnancies.

They do this by;

- Providing Free Prenatal classes to expectant mothers
- Helping single expectant mothers find adequate housing
- Helping to pay their rent and/or Bills if need be as well as buying them groceries
- Providing Baby Items such as: clothing, diapers, lotions, formula etc
- Providing mom with personal care items
- AND SO MUCH MORE!

Every so often, I receive email newsletters from them, and this month's included a short list of items that they are in particular need of.

So, I am hosting a donation drive to help collect the needed items.

They are as follows:

- Sleepers size 0 to 6 months (new or gently used)
 - (They will take baby clothing items beyond the above age range as well, but are in particular need of newborn-sized items)
- Baby lotion and baby shampoo/wash (new)
- Gifts for moms (specialty teas, candles, or other comfort items for her)

If you would like to donate, please contact me (Kristen Neumann) by phoning me at 780-789-2547 to arrange a date and time for donation pick-up.

My goal is to take the donations into the PCC at the end of July!
