

THE BRETON BOOSTER

Still Time To Register for August Programs!

From Breton FCSS

It has been so wonderful to see everyone at our events this summer. The kids have been really creative with the art projects, learned a lot in our science, and outdoor survival classes, and just had fun relaxing with movies and play time in the park. We have lots of fun activities left for August. Hope you will join us!

August 11– Join us at the Movies – It is time to go to the movies. Again, we will have our younger kids watching in the morning, 10 and older in the afternoon. Pre-packaged snacks and refreshments will be our treat for them. Parents and older adults are welcome to attend. The movies that we will be showing are “Sonic The Hedgehog” in the AM and “Think Like A Dog” in the PM

August 17 – Crazy Chemistry – Discover how chemical reactions are everywhere. Mix, mush and brew in this hands-on lab. Age groups will be split in an AM and PM session. Our morning group is Full but still lots of room for ages 10 and older in the afternoon.

August 18 – Greatest Cooks – Learn your way around the kitchen making amazing recipes. Youth will be divided into age groups. Our morning class for ages 5 – 8 is full. 9 and older in the afternoon has a few spots open

August 19 – Zoo 2 U – All ages are invited to come out and meet various domestic and exotic animals.

August 24 – Lacombe Corn Maze - All community members are invited to travel with us to the Lacombe Corn maze. Pack a lunch or purchase one on site. Bus leaves at 9:30 and returns at 4:00

August 25 – Climbing Wall/ Mini Golf/ Games/ Bouncer – An afternoon filled with fun for all ages.

August 26 – Kids Market – Start creating and planning what you could share with the community for our Kids Only Market.

Congratulations to Breton Cowboy Brayden Kreil, (pictured above) - Jr Bareback Champion, on winning the most tightly contested division in the 2021 Chute-Out Series! Hosted by Rafter 6P Rodeo Co with finals held in Thorsby on July 24th. Photo credit to Shelley Oulton

Jason David Garrett

October 8, 1978 - July 26, 2021

Our hearts are crushed to announce the tragic passing of Jason Garrett on Monday July 26, 2021 at the age of 42 years.

Jason was born in Lacombe and lived in Alix, Alberta until 1991 when he moved to the Breton area where he made his home. Jason completed high school in 1997 and went to work in the oilfield while continuing his guiding business. He met his wife, Mamie in 2005 and together they raised their three children. Jason loved to hunt and fish, spending as many hours in the outdoors as possible. He cherished spending time with family and friends, always making a special effort to get together. Jason had the biggest smile and the most infectious laugh. He was a kind and generous man; however, Jason was not particularly fond of sharing a "honey hole" or "lucky tree stand."

Jason will be lovingly remembered by his wife Mamie and his three children, Aiden, Addison and Alivia and his mother Linda Garrett. His will also be missed by his sister, Brandy Reade (Darby O'Grady), his brother Jeffery Reade (Tiffany Cretien), and nieces Chloe and Ellie plus extended family, Lorne and Cecelia Garrett, Pat and Rai Phippen, (Darien, Jaylyn, Shelby and Eric), Brian and Stacey Garrett (Dustin and Dawson), Shelly and Ryan Keenan (Katelyn, Evan and Hazel).

Jason was predeceased by his grandparents, Alma and Walter Garrett, his Uncles Raymond and David Garrett, and cousins, Richard Cornelson and Doug Bonnett.

Cremation has taken place and a Celebration of Life was held at the Warburg Community Hall on August 7, 2021 at 1 PM with Jeff Gooderham officiating.

In lieu of flowers, donations would be gratefully appreciated to the Stollery Children's Hospital Foundation, 800 College Plaza, 8215 - 112 Street, Edmonton, Alberta. T6G 2C8

Condolences may be sent to www.affinityfuneralservice.ca.

Arrangements in care of Colleen Sekura at:

Affinity Funeral Service

5001 - 45 Avenue, Drayton Valley, Alberta

 E4236973 \$130,000

LETTERS TO THE EDITOR

To the Editor:

On August 6, 2021, a public meeting was held at the Breton Fire Hall concerning a proposed hydrocarbon separation process to be located somewhere in the County of Brazeau. Fiscal Energy Corporation is making the proposal.

A “sister” company (Greenit Cleanit) made a similar proposal to the County of Leduc for a facility near Thorsby. It was rejected by residents near (within 2 miles) of the proposed site based on noise and odor, and the company withdrew it’s application.

My information source confirmed that there were 6 or 7 public meetings held concerning this proposal in Leduc County, including a Town Hall with TV coverage.

The sister company discussed above has/had (Google info) a facility near Edmonton, which may be shut down over its odor issues. This was not addressed at the Breton public meeting

Some things were either not discussed or inadequately so at the meeting. No consideration was given to the potential noise and inconvenience to residents of the considerable trucking that would be involved, nor the cost(s) of road maintenance and who would pay for it.

In addition, at no time was ground water contamination addressed. As this facility will be handling hazardous materials, this is a legitimate concern.

One observer emailed this writer the possibility

of Fiscal Energy disappearing and the County left with the clean-up and that the County could be a dumping ground for the province’s environmental problems.

It was stated by the company that they were in contact with Brazeau County 18 months ago. Why are we only now hearing about this? Why have council discussions only been in camera?

One can only hope the County does due diligence on this matter given the potential negative effects. This County’s record re “due diligence” is not good (cf) corporate review Farmer about 4 years ago.

L. Oberle

Addendum:

It also has come to my attention that some of Brazeau councillors may need to review the MGA as to what constitutes a public meeting and who can attend.

All “Letters To The Editor” must be printed with the name of it’s author. Letters To The Editor are the opinions of those who wrote them, not necessarily those of Community 39 Enterprises.

CORRECTION - In the ‘Alberta Open Farm Days 2021’ article, (Breton Booster Aug. 4 Edition 1490) we stated that Sunnybrook Hill Orchard is at the Mulhurst Farmers’ Market on Fridays. They are at the LAKEDELL Farmers’s Market on FRIDAYS and the MULHURST Farmers’ Market on Thursdays.

Sorry for any inconvenience.

Walk a Mile in My Shoes.....or 100. – We want to get our community feeling better and that means getting active. From May 24th until September 6, we are encouraging individuals, families, seniors to get out and walk. Register with us and pick up one of our tracking sheets. For every 100 miles completed your name will go into a draw for prizes. Sheets can be picked up at the Breton FCSS office or email us and we can send one out to you. The steps you walk are in addition to your daily tasks. Plan a date with other families or those on your block to take a walk around town, around the school track, or in your neighborhood. For more information, please call 780-696-3636 or email fcss@breton.ca

HOME ALONE SAFETY FOR KIDS (9-12 years old) – Online Course

Is your child ready to stay home alone? The Home Alone Safety for Kids program helps children and their families get ready for their child's first steps towards independence and being without adult supervision for short periods of time.

Course content includes:

Street smarts and bike safety

- People safety ("Tricky People" and Safe strangers)
- Online and internet safety
- Snacking and kitchen safety
- Home fire safety
- Sibling rivalry
- Preventing accidents
- How to handle emergencies and other situations
- Basic first aid skills

The unique delivery model of our Home Alone Safety for Kids program reaches children of all learning-types. Innovative digital and traditional

gaming techniques provide a fun and positive learning environment. Engaged participants learn valuable life skills to help them make safer choices when on their own.

Home Alone Safety for Kids is available online and can be completed independently, at your child's own pace, in the comfort of your own home. The online format may be better suited for children who are unwilling or unable to attend a full-day class session and for parents or caregivers who wish to participate in their child's training and reinforce key safety messages. Contact Breton FCSS to register for this online class.

Seniors Information Day – We are in the initial planning of a fun information day for older adults and anyone that works with older adults or caregivers. Save the date of Tuesday September 28, 2021. The day will be filled with speakers, learning, information booths, great food, entertainment and door prizes. We welcome anyone from Breton, Brazeau County, Wetaskiwn County, Leduc County and Drayton Valley. Watch for further information in the next few weeks.

Breton Women's Wellness Day – Save the Date for our next Women's Wellness Day – Saturday October 16th. We are currently in the planning stages and look forward to having you join us. If you would like to be a vendor in our trade show area, please email fcss@breton.ca for more information.

Fall Programming – Now that it looks like we may be able to offer some programming in the Fall we would like to hear what you would like to learn about. FCSS will be putting together a poll on our Facebook page or you are welcome to email us or call in any suggestions. Programming for your well-being, skill learning, support groups are all areas that we may be able to support. Send any suggestions to fcss@breton.ca or call 780-696-3636. Our survey is available through this link <https://www.surveymonkey.com/r/C56XBBG> or paper copies are available at the Village of Breton Office or the Breton Library.

WINFIELD PRE-KINDERGARTEN

What: 2021-22 Student Registration

When: Ongoing

Who: Any child age 3 by September 1st until age 5 or Kindergarten

Days: Tuesday and/or Thursdays 8:45 – 11:45 am

Our program runs September through May and operates out of Room 1 in the Winfield Elementary School. Parents are an important team player in the success of their child's learning and growth; parent volunteers are a necessary part of our program. We look forward to seeing you.

Thank you,
Winfield Pre-Kindergarten Association

Ross - Beard Lumber Company

From Allan Goddard

From the mid 1920's until the early 1950's numerous lumbering companies, both large and small, operated in the Breton area. The museum over the years has frequently documented the history of the D.R. Fraser Lumber Co. and Anthony Lumber Company, but there were others that contributed to the local economy. One of these was the Ross-Beard Lumber Company owned by Joe Ross and Charles Beard. The Ross-Beard Lumber Co. moved to Antross the winter of 1925-1926. Their mill was located about 23 kms west of Antross, and north of Buck Mountain. As there was no road to the mill location, they first had to build a road from Antross.

To begin with, horses were used for all phases of the operation, and for the first few years they planned the lumber green at the mill site and then hauled the lumber to the railway siding at Antross. This required four teams each comprising of 4 horses hauling the finished lumber by sleigh to the railway siding.

As the Depression years of the 1930's descended on the lumber company, lumber demand and prices decreased, to sell the lumber they had to dry pile the lumber during the winter before planing it the following summer. To accommodate this, they built a large planer mill at Antross. With increased mill production and the larger planer operation a faster method to transport the lumber from the sawmill was needed.

The use of horses was replaced first by small gas Cat's, then Republic trucks called "Yellow Bellies" with hard rubber tires. Neither of these methods proved adequate. The company then purchased a Linn Tractor unit. The Linn was similar to the Steam Hauler but on a smaller

scale, and was powered by a gas engine. The tractor unit was loaded with lumber and four loaded sleighs were pulled by the tractor. The Linn could haul up to fifty thousand board feet of lumber per train. Like the Steam Hauler the route had to be on fairly level ground. They would use hay to brake on the small hills and rough locks on the sleigh runners on steeper hills. Cliff Ross writes in the Ladder of Time that he was the night driver on the Linn in 1933 and 1934, which leads me to think that they ran the Linn in shifts. To handle the work load, Ross Beard owned 48 heavy sleighs for use in their logging operation. The sleighs had ten-foot-wide bunks with runners seven feet in length, all made by the company's blacksmith Andy Olsen, with the woodworking done by Archie Collins.

In 1936, a forest fire burnt the sawmill and a significant amount of lumber. After the mill burnt, Hale Ross, Joe's brother took over the planing mill at Antross and had other smaller mills supplying him with rough lumber. Cliff Ross writes that after they were notified that the sawmill had burnt, he walked the 23kms to assess the damage, it was total. What stuck in his mind was that the caretaker had saved himself by remaining down a water well as the fire swept past. The only other living thing was the caretaker's milk cow who had suffered significant burns but survived.

The planing mill continued to operate until circa 1942 when Hale Ross finished the operation at Antross. The operation was then moved to the Grande Prairie area.

The two photos (top right) from the Breton Museum collection show the Linn tractor crossing a log bridge on the Ross - Beard haul road from their mill to Antross, the other shows the Linn Tractor coming down a steep hill.

Warburg Local Aims High and Wins Big

By Amissa Jablonski

Warburg local Dianne Hunter has turned a love of the outdoors into a full-time hobby that has put her on top of the province. A lifelong, avid hunter, Dianne took up archery as a way to further challenge herself. Soon, she was pulling the bow for more than just sustenance and is finding success on the Alberta Archery circuit.

As Dianne began to introduce her kids to the world of hunting, she wanted to show them the challenges of hunting for food over sport alone so she took up bow hunting. As she learned the ins and outs of this method of hunting, she developed the opinion that it is a more ethical and natural way of harvesting wild game. Soon archery for utility morphed into a love for the sport and Dianne began training in earnest.

Ms. Hunter began competing and was soon seeing success. Archery requires a large amount of physical strength so Dianne trains whenever she can, especially because she chooses to pull to the maximum for her category. She even built a shooting range on her property in order to keep in shape. This became particularly advantageous during COVID as opportunities to shoot with others all but disappeared and those opportunities that did occur were smaller so as to respond to COVID protocols. Luckily, the World Archery Federation began posting weekly challenges to help keep athletes' skills honed and Dianne took full advantage of these.

This pandemic practice helped net Dianne a gold in target FITA double 720 and a silver in field target at the 2021 Alberta Archery Outdoor Provincial 3D, Target and Field competition held July 31-August 1 in Lac La Biche. She is particularly proud of her gold medal as she ended up shooting with the fibre optic sight pin missing from her bow! Ms. Hunter was also heartened to see the large number of archers at the competition given how hard it is to come by coaches in Alberta and, frankly, across the country. It was also a grueling shoot given the high temperatures necessitating many equipment checks and constant hydration.

Dianne finds archery to be a sport that is accessible to all ages. Competitions include categories for children, youth, adult (18-50), and masters and include the disciplines of 3D (shooting at stuffed animal targets), double 720, and field target so there is truly something for every archer. Shoots take place all over the province and athletes typically compete on their own dime, making it a la-

bour of love. Now that she has placed so well in Provincials, Ms. Hunter has Worlds in her sights. She focuses on competing for herself and has found this strategy to be fruitful demonstrating that archery is just as much of a mind sport as it is one of strength.

In addition to her competitive aspirations, Dianne wants to get more people involved in the sport. She coaches kids at her personal range and gifts equipment to her students. Additionally, she teaches and mentors at the Alberta Hunter Education Instructors Association (AHE-IA). On August 7 and 8, she taught six classes at AHE-IA's Outdoor Women's Program at Alford Lake showing women how to shoot. She also hopes to be teaching at AHEIA's Outdoor Youth Program August 21-22 at Alford Lake and is willing to help anyone interested in learning more about the sport.

Ultimately, Dianne wants people to know that archery is a pastime that welcomes all ages and abilities. Many start out struggling with the sport but with a little time and practice can become quite skilled. She believes that women, in particular, can benefit from learning the sport and cites increasing numbers of licences being issued by Alberta Conservation to women as proof of archery's growing popularity within the demographic. To learn more, you can follow Dianne on Facebook at www.facebook.com/consumingthewild or on Instagram at www.instagram.com/nrg40.

Preacher's Point

from Pastor Jeff Gooderham

In his 1983 acceptance speech for the Templeton Prize for Progress in Religion, Aleksandr Solzhenitsyn, recalled the words he heard as a child, when his elders sought to explain the ruinous upheavals in Russia: "Men have forgotten God; that's why all this has happened." He added, "If I were called upon to identify briefly the principal trait of the entire twentieth century, here too I would be unable to find anything more precise and powerful than to repeat once again: "men have forgotten God." The wise King Solomon calls us to remember our Creator in the days of our youth before the difficult days draw near. He reminds us of the brevity and vanity of life apart from God. He says this is the conclusion of life; "Fear God and keep His commandments, for this is mans all. For God will bring every work into judgement, including every secret thing, whether good or evil."

MP REPORT

from The Office of MP Gerald Soroka,
Member of Parliament for Yellowhead

August 03, 2021

Rural Transit Solutions Fund

OTTAWA: Gerald Soroka Member of Parliament for Yellowhead would like to inform constituents of the Rural Transit Solutions Fund in the amount of \$250 million. This funding is available over five years beginning in 2021 and will support the development of locally driven and transit solutions by helping people living in rural communities get to work, school, appointments, and visit loved ones.

From on-demand services, to publicly owned, ride shares, and volunteer community car-pooling, funding will help rural, remote, Northern and Indigenous communities and eligible organizations across Canada develop and offer new public transit options to their residents.

Eligible applicants can seek grants of up to \$50,000 in support of project planning; up to \$3 million to help cover capital costs (the purchase of a vehicle or digital platforms); and up to \$5 million to support zero-emission transit solutions (for the purchase of a zero-emission vehicle(s)).

A minimum of 10% of the total \$250 million funding envelope for Rural Transit Solutions Fund will be allocated to Indigenous projects being led by and for Indigenous populations and communities.

As part of the first call for applications from August 6, 2021 to October 8, 2021, eligible applicants can seek up to \$50,000 in support for project planning grants.

More information can be found at: [https://www.](https://www.infrastructure.gc.ca/rural-trans-rural/details-eng.html)

[infrastructure.gc.ca/rural-trans-rural/details-eng.html](https://www.infrastructure.gc.ca/rural-trans-rural/details-eng.html)

July 30, 2021

Canada Student Financial Assistance Program (CSFA)

OTTAWA: Gerald Soroka Member of Parliament for Yellowhead wishes to advise that students under the new Canada Student Financial Assistance Program (CSFA), will have access to direct financial support through the form of Canada Student Grants (CSG), Canada Student Loans and Canada Apprentice Loans, making it easier for them – as well as recent graduates – to pay off their student debt.

As of August 1, 2021, the Government is extending the doubling of CSG for an additional two years. This means that the maximum amount available for CSG will be up to \$6,000 for full-time students and \$10,000 for students with disabilities until July 31, 2023. The flexibility for students to use their current year's income when applying for the CSG will be permanent so those in financial need will not have their previous workforce participation count against them.

Also, the waiver of interest accrual on student and apprentice loans has been extended to March 31, 2023.

Disability supports under the CSFA Program will be extended beyond recipients with life-long disabilities to recipients whose disabilities are persistent and prolonged. This will allow access up to \$22,000 in grants, in-study supports, and specialized repayment assistance on their loans.

As well, the Repayment Assistance Plan will be enhanced so that no one with an income of \$40,000 or less will have to make payments on their student loans.

Homicide victims rarely talk to police

San Francisco (AP) — A new survey of homicide victims and their families found that most victims and their families did not talk to police about the crime. The survey, conducted by the San Francisco Police Department, found that 70 percent of victims and their families did not talk to police about the crime. The survey also found that 60 percent of victims and their families did not talk to police about the crime.
