Black Gold School Division Releases 2021-2022 School Entry Plan

Nisku, Alberta (August 18, 2021) - Black Gold School Division today released its 2021-2022 School Entry Plan, focused on practices that support safety and the physical, emotional and mental wellbeing of students and staff, as well as the parent/guardian choice of learning.

“We have followed the science, and the advice and guidance from Alberta Health Services and the Chief Medical Officer of Health since the public health emergency began and it served us well, with almost zero transmissions in our schools last year, and we trust that it will continue to do so this year,” said Superintendent of Schools Bill Romanchuk.

To reduce the risk of transmission of COVID-19 and other respiratory illnesses, schools will not only incorporate all Alberta Health Services (AHS) recommendations but will exceed them by providing enhanced cleaning measures by custodial staff. “Additionally, our teachers will continue to work hard to promote good hand hygiene and sanitary practices, encourage physical distancing, and cohort students in the younger grades where practical,” said Superintendent Romanchuk.

Assemblies and large group gatherings of students will not occur at this time. However,

schools will begin to offer in-person extracurricular activities, performances, work experience, and celebrations while maintaining good public health practices.

Masking is mandatory (with a few exceptions) for all students and staff on school buses; however, masks are optional in schools. The decision to wear a mask is a personal choice based upon an individual's personal health and well-being. Students, staff, and visitors will be supported in their choice to wear a mask or not when at school.

For a safer return to school, Alberta Health Services is encouraging staff, eligible students and family members to get vaccinated with both doses before the school year begins. The decision to be vaccinated is a personal choice and staff will respect the health privacy of students, including their vaccination status.

A variety of resources and supports to help address mental, social and emotional health concerns will be available for students, staff and families. Black Gold's Mental Health at Home website has a number of strategies and resources to support positive mental health for our students.

If parents/guardians want to change their children's choice of learning, they have until noon on Saturday, August 21 to do so. Information on making this change was emailed to families on August 3.

CAMP BAR-V-NOK IS BACK

The Camp Barvnok Society was formed in the fall of 2016 to revitalize the Camp Barvnok property, located on the shores of Pigeon Lake, in the Summer Village of Golden Days. The camp was started in 1953, by a group of dedicated and determined community volunteers, and it is that Ukrainian determination, that has allowed Camp Barvnok to flourish for over 65 years.

Camp Barvnok offers a summer camp program, where children from the ages of 7-15, have an opportunity to learn various aspects of the Ukrainian culture, and enjoy the outdoors in a beautiful lakefront setting. This hidden little gem, that many around the community have never heard of, is also available for rentals to other groups such as schools, youth groups, family reunions, and weddings in our beautiful little church that was built in 1929.

Through the month of August, Camp Barvnok is holding a "Month of Giving" campaign to help with maintenance costs, as well as adding some much needed improvements such as a zipline, climbing wall, and other activities. There will also be a draw for a few prizes at the end of the month to thank all of our donors. Visit www.barvnok.com to support our efforts, and our Facebook page (<https://www.facebook.com/CampBarVNok>) to learn more about Camp Barvnok. We truly appreciate any support from the community, and hope to see you at Camp Barvnok soon.

For more information on donations, or camp rentals, please contact Jason at jason.sydor@barvnok.com

Maverick Party Contending for seats in Federal Election

Todd Muir of the Maverick Party to challenge the incumbent Conservative in the Yellowhead Electoral District this Election:

Drayton Valley, AB - Election announced for September 20

Todd Muir of the Maverick Party has announced that he is ready to challenge the incumbent Yellowhead MP Gerald Soroka in the September 20th, Federal Election. Todd is a high school teacher in Drayton Valley, where he lives with his wife Thanh, and their two kids. He is running as a candidate because of the fear he has for the future of this country. "Trudeau is putting us so far in debt that our children's children will never be able to pay it off. On top of that the Liberal government is putting road blocks up to stop our Western Natural Resources from getting to Market, while refusing to renegotiate the current equalization formula, which rewards provinces like Quebec while punishing provinces like Alberta. Western Canadians need voices in Ottawa who will stand up for the concerns of their constituents. Who will fight against carbon taxes and fight for a fair deal within Canada which includes fighting for pipelines, and against the Carbon Tax. We need leadership that benefits all Canadians, Not just panders to Central Canada for their votes as Justin Trudeau and Erin O'Toole and their parties do."

The Maverick Party was formed in 2020 as a Western Canadian only party. As part of their guiding principles "Maverick Party Members of Parliament will always defend the best interests of Western Canadians and only support Legislation that benefits their constituents and the West." Estate plans can help you answer questions about the future

The word “estate” conjures images of great wealth, which may be one of the reasons so many people don’t develop estate plans – after all, they’re not rich, so why make the effort? In reality, though, if you have a family, you can probably benefit from estate planning, irrespective of your asset level. You may well find that a comprehensive estate strategy can help you answer some questions you may find unsettling – or even worrisome.

Here are a few of these questions:

What will happen to my children? With luck, you (and your co-parent, if you have one) will be alive and well at least until your children reach the age of majority (either 18 or 19, depending on where you live). Nonetheless, you don’t want to take any chances, so, as part of your estate strategy, you may want to name a guardian to take care of your children if you are not around. You also might want to name a Trustee – sometimes called a “guardian of the estate” – to manage any assets your minor children might inherit.

Will there be a fight over my assets? Without a solid estate strategy in place, your assets could be subject to the time-consuming, expensive – and very public – probate process. During probate, your relatives and creditors can gain access to your records, and possibly even challenge your will. But with proper planning, you can maintain your privacy. As one possible element of an estate plan, a living trust gener-

ally allows your property to avoid probate and pass quickly to the beneficiaries you’ve named.

Who will oversee my finances and my living situation if I become incapacitated? You can build various forms of protection into your estate planning, such as an enduring power of attorney, which allows you to designate someone to manage your financial affairs if you become physically or mentally incapacitated. You could also create a power of attorney for personal care, which allows someone to handle health care decisions on your behalf if you become unable to do so yourself.

Will I shortchange my family if I leave significant assets to charities? Unless you have unlimited resources, you’ll have to make some choices about charitable gifts and money for your family. But as part of your estate strategy, you do have some appealing options. For example, you could establish a trust, which provides financial support to your chosen charities for a period of time, with the remaining assets eventually going to your family members. A charitable remainder trust, by contrast, can provide a stream of income for your family members for the term of the trust, before the remaining assets are transferred to one or more charitable organizations.

As you can see, careful estate planning can help you answer many of the questions that may be worrying you. Be aware, though, that certain aspects of estate planning, especially those related to living trusts and charitable trusts, can be complex, so you should consult your estate-planning lawyer or qualified tax professional about your situation. Once you’ve got your strategy in place, you should be able to face the future with greater clarity and confidence.

Titanic Salad with Iceberg Lettuce

The traditional version of this popular salad is drowning in as much as 40 grams of fat per serving - a boatload of fat on a crash course to your hips! You can avoid that sinking feeling with our slimmed down, nutrient-packed version. Our hearts will go on...beating, that is, since we haven't gone overboard with fatty ingredients.

Dressing

- 1 1/2 cups light mayo (not fat-free)
- 1/2 cup light sour cream
- 1 1/2 Tbsp sugar
- 1 Tbsp freshly squeezed lemon juice
- 1/4 tsp salt

Salad

- 1 large head iceberg lettuce
- 1 1/2 cups thinly sliced baby carrots
- 1 1/2 cups thinly sliced celery
- 1 1/2 cups diced red bell pepper
- 1 cup frozen peas
- 1/2 cup crumbled cooked bacon
- 3 cups cooked chopped chicken breast

- 3/4 cup packed shredded light, medium or old (sharp) cheddar cheese (3 oz/85 g)
- 1/4 cup chopped green onions

To make the dressing, whisk together all dressing ingredients in a medium bowl. Cover and refrigerate until ready to use.

To assemble salad, tear (don't chop) the lettuce into bite-sized pieces and spread evenly in serving dish. (Use a dish that's about 9 x 12 inches in size, and at least 3 1/2 inches deep - a standard glass lasagna dish is too shallow.) To lettuce with carrots, celery, red pepper, peas, bacon, and chicken, in that order.

Spread dressing evenly over chicken layer and spread to edges like you're icing a cake. Sprinkle cheese over dressing and top with green onions.

Cover and refrigerate overnight. Serve cold.

The Veterans Coalition Party of Canada

Registered 2019

We would like to take the opportunity to announce that Canadians have a true alternative for Federal elections. Canadians can now go to the polls with the knowledge that there is a party free of corporate donors, and elite lobbyist control. We are a true grassroots party with no career politicians, or corporate lawyers in the mix.

Veterans Coalition Party of Canada (**VCP**) was founded by veterans who believe that they must once again defend Canadian citizens, to protect the values, and way of life that Canadians hold dear. They are joined by First Nations, First Responders, and conscientious citizens who feel the need to stand up and offer Canada real representatives, both in Parliament and the House of Commons, instead of dictatorial leadership. These veterans have once again answered the call.

Most Canadians can agree our system is broken. Pleas for equal representation for the western provinces have been ignored. Our elected representatives have NO CHOICE but to vote for whatever their party leader dictates, or risk running as an independent. The VCP are MANDATED to vote for what their constituents want, thus giving them their voices back every day, not just election day.

TRUTH, DUTY, HONOUR, ACCOUNTABILITY, and INTEGRITY

These ideals mean everything to the VCP which is why every candidate has/had to sign a legally binding contract. Lie to your constituents, or ignore your constituent's wishes, equals removal from the party. That assurance is nonexistent with the big four Corporation Parties of Canada.

Let's face an ugly realization, the election is over before Manitoba has fully counted their vote tally, because most of the seats are in Ontario and Quebec. So, the excuse of splitting a vote makes zero sense! Making a positive change in our broken system is extremely difficult, but no different than buying a lottery ticket, "you won't win without playing". How can constituents make a change after election day when their voices are silenced by a dictator party leader?

"Vote for the Conservatives, they are the least corrupt party." Yes, someone actually said that to me! I, myself, believe a vote for any corrupt party condones the very corruption we have all seen unfold over the decades with the Hamster Wheel of Liberals, and Conservatives taking turns.

NDP, and Green sided with the Liberals, and voted down stiffer penalties for illegal weapons use! WHERE IS THE LOGIC? They also voted against pay cuts. 2020 MP's received a 3% pay raise each year for the next four years. The basic MP wage is \$186,000.00 a year. Your current incumbent has been sitting for twelve years in parliament, it doesn't take a math major to figure out how well he has done financially. He can lose his seat this September, and sleep well

knowing he can retire with a Golden Pension, while the rest of us regular people have to work a lifetime for a meager pension. Ask yourself, "What has your incumbent done for your community over those twelve years, and do you believe you are getting our money's worth!?"

Every party put out platforms, the VCP's platform is what their constituents suggest. Some of the suggestions from constituents in Devon, Leduc, Calmar, Beaumont, Thorsby, Breton, and Sunnybrook have made are:

Freeze foreign aid for four years (Case in point; 2 billion to India for affordable housing.)

Why not invest in Canada?

Revamp our tax system. The top percent pay little to no tax due to tax loopholes.

Stop giving billions to huge corporations that make billions in profits each year. (Cases

in point: Installation of new freezers at Loblaws, more tax dollars to Canadian

Tire to install charging stations.)

These are just a few, **YOU, THE PEOPLE ARE THE VCP PLATFORM.**

We have to start somewhere, we have to start NOW! It will take years to clean up the mess our grandchildren's children will inherit. Wait and see how the Conservatives do? Another four years? When do we start to say ENOUGH IS ENOUGH, and elect a Representative of the Constituents? (I dislike the word politician, because it spews LIAR.)

Who would you trust with your family's future? A lawyer, and/or career politician, OR a Veteran, or First Responder willing to sign a contract of accountability? The choice is yours.

I am asking the 32% of the population who do not vote because they feel that they have no viable choice, that their vote does not make a difference, and their voices are not represented after election day to look into the **VCP. TOGETHER WE CAN MAKE A DIFFERENCE!**

Thank you,

Travis Calliou
