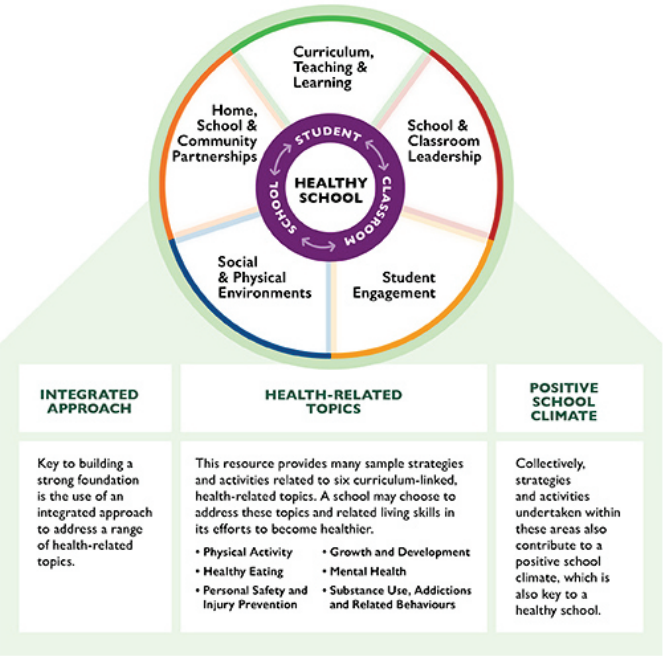
Thorsby Junior Senior High School
Sabre's Spotlight
by Kim Engler

TJSHS Wellness Committee

Thorsby Junior-Senior High School is putting our wellness into the spotlight. We are highlighting the foundations of wellness; healthy eating, active living, positive mental health, social environment, physical environment, partnerships and services, and the creation of policy to ensure that these priorities are carried forward.



The TJSHS Wellness Committee is made up of Staff, Students, Parents and community members that see value in these priorities and want to be involved in seeing them put into action within the school.

If you would like to be involved with this committee, support our efforts, or would like to share some ideas of ways that we can incorporate an area of wellness into our daily lives, please reach out to us via Mr. Dykstra or Mrs. Engler at the high school (780-789-3983).

LETTERS TO THE EDITOR

Voters Deserve to Know

There is about one week until the municipal election. Here are some questions Mayor Raymond and Council do not want you to ask.

Why does Thorsby not have an advanced poll like other communities? Why have they made it harder for ordinary citizens to cast their ballots?

Why are Thorsby's audited financial statements unavailable on the town's website?

Why did Councillor Nathan Raymond, who is the Mayor's son, not receive a reprimand from Council for allegedly defacing public property at Taylor Park? Last time I checked vandalism is a criminal offense.

Why is Mayor Rod Raymond bragging about tax reductions when service levels in Thorsby have never been lower? In other words, you're paying 20% less taxes and getting an 80% reduction in service. The math doesn't work, Rod.

Council had four years to reduce the sky-high water rates, and, yet we continue to pay for some of the most expensive water in the province. Why?

Why has infrastructure in the community been delayed, with the exception of the sidewalk and street Mayor Rod Raymond lives on?

And, perhaps most alarming of all, will the Mayor and Town Manager confirm in a written letter to the Thorsby Target, that no municipal contracts have been given to any member of Council or their business? There are questions regarding sole-sourced (no bidding) maintenance contracts at the Arctic Spa Recreation Centre. Who has this contract? Who are the shareholders of the company? We deserve to know now!

The harsh truth is Mayor and Council brag about being financial leaders. When you can't get access to audited financial statements, service levels are at-all-time-lows, water rates are sky-high, and there are serious questions about the awarding of municipal contracts, we know why Mayor Raymond and Council didn't want the advanced polls. Talk to your neighbors. Demand accountability. On October 18th, vote for a better Thorsby.

J. Harley

No Advance Voting...why not?

As a proud community member for over 15 years, it's a shame some Thorsby town residents, like myself, will miss out on their right to vote on October 18 as there is NO advanced voting for our community and many residents work out of town.

I understand our community is full of amazing, hardworking individuals who don't all work in town, or are working the elected hours that our voting poles will be open. Those that work out of town (like myself), are hospitalized that day, work other elections or other approved exceptions, won't have the ability to vote during this important time.

It has been brought to my attention that there has been discussion on Facebook regarding this issue, however I know not all town residents are on Facebook and many, if they are on, have taken a break during this time due to the ever increasing negativity that surrounds FB.

If you are able, please attend the Arctic Spas Recreation Centre Fieldhouse to vote on October 18 between the hours of 10am to 8pm.

Other details can be found on the Thorsby website.

Terry Hintz.

Why Relationships Matter!!!

Thorsby has a rich history of volunteering successes. Our
community has been benefiting from those pillars of strength that still serves our community's needs today. The Councils and Staff of yesterday and today owe our volunteers a debt of gratitude for all the work that they have done and continue to do. Working together
with respect and appreciation creates amazing opportunities. It's fair to say we can respectfully debate views and still meet in the middle. Not

one opinion should supersede others. These are conversations that should always remain public with support of our town and county residents and businesses.

The conversations of today remain complex in nature hence why careful, thoughtful conversations are necessary. Here's a list of frustrations that are out in our community on our Recreation Complex. Why is our current Council rewriting recreation in our community without adequate communication? Why not hold a public engagement in the summer when the building was first opened, not in the fall with a looming election? A delegation of 12 went to Leduc County Council to speak openly about how they have been treated after exhausting efforts to express their frustrations with Thorsby. This Council is determined to change historical proven successes in programs and events even though they rarely step foot into the building themselves, so how possibly can they truly understand. Why is Leduc County not being informed as a partner regularly? Here are several comments that were made this summer by some of our elected officials from Thorsby "The Recreation Centre is nothing more than a money pit" and "If I could throw the Recreation Complex keys at Leduc County I would"

We as a community are always learning on what works best when delivering the best value. Hard costs of running a building have very little flexibility so why not make the place as busy as possible to offset running costs? Our Recreation Complex offers a great mix of opportunities to enjoy as itserves many residents. With some rebranding, adding in programing and events we can become proud of what we were known for throughout the region just a few short years ago. When we have dedicated staff, volunteer groups, sponsors, and users working hard to make our facility great with great financial contributions they deserve to be respected and listened to when they come forward. This Council has failed to understand our community! ***"This Is Why Relationships Matter"***

PRENIOSLO, Julian
1945~2021

With deep sadness the family of Julian Prenioslo announce his passing at the age of 75. He is survived by his sisters Jane (Marcel) Landry and Zeny (Ken) McDonnell; sisters-in-law Betty Prenioslo, Elaine Prenioslo and many nieces, nephews and cousins. He was predeceased by his parents Joseph and Josephine Prenioslo, sister Lenora in Poland, sister Mary (Walter) Brzezowski, brother Henry Prenioslo, sister Natalia (Julian) Thomas, brother Ted Prenioslo and a very special Aunt and Uncle, Sophie and Joseph.
Due to Covid restrictions, a funeral and reception is not possible at this time. A Celebration of Life will take place at a later time.
The family wishes to thank the 2 ICU's at the University Hospital for the outstanding care and compassion for Julian.
Donations will be accepted for the Warburg Catholic Cemetery or the charity of your choice.

PRENIOSLO, Evelyn Ann (Stilet)
1949~2021

It is with heavy hearts that we announce the passing of Evelyn on Sunday, September 26, 2021. She is survived by her brother Marvin (Marion), niece Stacey, nephews Danny, Leslie and James. Evelyn was predeceased by her husband Julian, parents John and Barbara Stilet, sister Vivian and brother Ivan.
Due to the Covid restrictions, there will be no funeral, but a Celebration of life will be held at a later date.
The family wishes to thank the wonderful staff at the Grey Nuns Hospital for their kindness and support of Evelyn while she was in their care.
Donations will be accepted for the Warburg Catholic Cemetery or the charity of your choice.

NEW public drop-off area at regional landfill

The Leduc & District Regional Waste Management Facility provides residents with a cost-effective, environmentally-friendly way to manage waste.

Serving residents in Leduc, Beaumont, Devon, Leduc County and Calmar, the regional facility has been enhanced to offer a new public drop-off area that will reduce wait times, provide safer vehicle access and more opportunity to sort recyclables. It features a paved entry, new scale and circular exit route and will allow residents to have a cleaner, easier and faster experience.

NEW PUBLIC DROP-OFF AREA

1. Proceed to the new scales.
2. Weigh in and proceed up the ramp onto the elevated loop where all materials bins are located.
3. Drop off your waste, recycling, organics and other accepted materials.
4. Proceed down the ramp and weigh out.
5. Follow the signs back to the entrance road.

Material Accepted:

- Residential & commercial waste
- General organics & yard waste
- Clean wood
- Blue bag recyclables
- Tires
- Household hazardous waste
- Used oil & oil filters
- E-waste
- Scrap metal & white goods
- Propane tanks

Fees: Waste disposal and recycling is free for residents of the five member municipalities with a resident card. Fees apply to special items, such as fridges. To learn more and to apply for a resident card, please visit leducregionallandfill.ca. Commercial and out-of-boundary fees also apply.

HOURS OF OPERATION	M / T	W	Th / F / S
SUMMER (May 1 - Sept. 15)	9-5	9-9	9-5
WINTER (Sept. 16 - April 30)	9-5	9-5	9-5

Closed Sundays, Christmas Day, Boxing Day & New Year's Day.
Open 9-3 Dec. 24 and Dec. 31.

Location: 49444 Range Road 244, Leduc County – 1.6 km east of Leduc city limits along Rollyview Road and 0.8 km north on RR 244.

THORSBY MUNICIPAL LIBRARY
PATHWAY to LEARNING

Thorsby Library updates and reminders:

from Gayle Sacuta, MLIS

Register for our Truth and Reconciliation evening with guest Naomi MacIlwraith by emailing Gayle at yatmgsacuta@yrl.ab.ca. Naomi will share information about the new Indigenous People's Experience at Fort Edmonton and offer tips and suggestions for moving forward in understanding and practice.

We borrowed a "Circuitry Kit" from Yellowhead Regional Library. For the next three weeks you may call the Library at 780-789-3808 to book a time for dropping into the library makerstudio to explore the fun. Little Bits, Snap Circuits, Squishy Circuits, MaKey MaKey, paper cicuits and various books will help you learn about electricity through tinkering and experiementing. Bring a laptop for the MaKey MaKey, nine-volt and double AA batteries.

The Library Board is inviting applications for new members. Call 789-789-3808 for more information and apply by October 12.The Library Board meets on the third Wednesday of the month at 7:00 PM. Contact the manager at yatmgsacuta@yrl.ab.ca if you wish to attend.

We are collecting books and DVD's for a used book sale. Watch for the date!

Library hours for October remain Tuesday 10-6, Wednesday 12-6, Thursday 12-6 and Friday 10-4.

VOTE
CAROL REMPEL
for MAYOR of THORSBY
on October 18

I intend to represent the residents and businesses in Thorsby in a fair and transparent manner. My experience and knowledge of business, leadership, management, financial budgets and teamwork gives me the skills necessary to participate in the growth and prosperity of the community. I have well developed communication and interpersonal skills, organizational skills and am motivated and dependable. My goal is to be part of the governance and decision-making process on council.

I am interested in your concerns and issues so please call, email or text me anytime.

MUNICIPAL ELECTION SERIES

Provincial Referendum Vote - Daylight Saving Time

By Amissa Jablonski

Referendum Question - Do you want Alberta to adopt year-round Daylight Saving Time, which is summer hours, eliminating the need to change our clocks twice a year?

Why do we change time now?

Daylight saving time (DST) was first used in 1908 in Port Arthur (now ThunderBay), Ontario as a way to make better use of longer daylight hours in the summer and thereby reduce energy consumption. The idea to shift time has been around for thousands of years, with the Romans using different water clock scales for different months and Benjamin Franklin suggesting Parisians could save candles by getting up earlier in the morning.

While regions of Canada may have been the first to adopt modern DST, Germany was the first country to adopt the practice in 1916 in order to save fuel during World War 1 by reducing the need for artificial light. Soon after Germany began the practice, it spread worldwide, but is not universally used across the globe with only about 40% of countries engaging in the practice.

What is the difference between Daylight and Standard Time?

Daylight Time (DT), in the northern hemisphere, happens during the summer months and sees clocks set ahead of Standard Time (ST), usually by an hour. This means the sun appears to rise and set an hour earlier in DT than it does in ST. At northern latitudes, this is exaggerated in the summer months as the further north you go, the longer the days are in the summer (and the reverse is true for the southern hemisphere).

What is best for my body?

Daylight has a major impact on the human body. Morning daylight, in particular, helps to regulate your circadian rhythm, which is your internal clock, by resetting the wake-sleep cycle and helping you to have a better sleep. In Alberta, Mountain Standard Time (MST) or UTC-7 (Coordinated Universal Time minus 7 hours), is already not the best clock setting for your circadian rhythm. This is because the ideal for your body is to have solar noon (when the sun at its highest point in the sky) correspond to noon on the clock. Even during MST, solar noon can be as late as 12:50PM meaning that, for Alberta, Standard Time is actually closer to a Daylight Time scenario.

Were we to switch to permanent Mountain Daylight Time (which is the same as Central Standard Time), as a 'yes' referendum result would require, that misalignment of solar noon and 12:00PM would be further exaggerated. This mismatch has the potential to wreak havoc on everyone's internal clocks, leading to increased traffic accidents, reduced ability to concentrate, and increased overall stress. To put it in another way, on the winter solstice this year (December 21), the sun would not rise until 9:48AM were we to adopt permanent Mountain Daylight Time. One might argue that the better course of action for people's heath would be to adopt permanent Mountain Standard Time.

Why are we having this referendum?

The idea of doing away with the switch to DT every year is not new. The provincial government has looked into the issue on a number of occasions but last concluded that, until industry and other jurisdictions were willing to stop changing the clock, it would continue with the practice. Groups such as the NHL and ski resorts lobbied hard the last time this change was being considered as it would have major ramifications on their operations. This referendum is being held to gauge Albertas' perspectives on this issue and will be binding. Should Albertans vote 'yes,' the change would not come into effect until Fall 2022 so we will still be changing our clocks at least two more times.

MUNICIPAL ELECTION SERIES
continued

MEET YOUR NEW
Black Gold School Division Trustee - Ward 1

NOTE: Ms. Martin was the only candidate in this race and was therefore acclaimed.

What prompted you to run for school trustee?
MICHELLE MARTIN - I chose to run for school trustee for two reasons. I believe that education is important for all. We are rural communities with lower enrolment and this affects our school funding.

What are your goals should you be elected?
MARTIN - My goals are to listen to the communities, the parents and students, as well as the educators and take that information back to the Board. I will ask the hard questions and stand up for our students. Even though we are smaller than other areas, our needs are not less.

What is the greatest challenge facing the western part of the Black Gold Regional School Division right now?
MARTIN - I believe that one of the greatest challenges our school division has right now is the not knowing. The changes that we are unable to control. The pandemic has created uncertainty and division. Our school division is doing its best to navigate the changes the government is implementing.

How can Black Gold Schools best navigate the ongoing pandemic in a way that supports students and teachers while keeping them safe?
MARTIN - Black Gold School Division can continue on the issue they have been on for the last two years. We listen, we question, and make decisions for the overall division, not one specific school. There are supports in place for those without technology equipment, lack of internet connection and mental health support to name a few. Continuing with the newsletters, timely meetings and open communication are key to making good decisions and keeping everyone in the loop.

What else would you like voters to know about you and your bid to be a School Trustee?
MARTIN - I reside in Thorsby with my husband, four kids and pets. All of our children have attended the schools in Thorsby. I have volunteered in the school and Thorsby Minor Hockey over the last 15 years. Once upon a time, I had a desire to be a teacher. I love school and all that it entails. I also understand those that do not like school. I want to be that voice for those who are unable to speak for themselves. Let's represent everyone and not just a few. For the last ten years I have worked in the insurance industry. I understand the need for change and keeping up with technology advances and how to implement that into our schools and daily lives. Let's connect and we can go over any questions or concerns you may have.

What is your favourite breakfast food?
MARTIN - My favorite breakfast is waffles with strawberries and whip cream. I don't have that often so when I do, I enjoy every bite.

Elect BARRY RASCH for MAYOR

October 18, 2021

History

47 Years old
Sons Matthew and Michael
Born and raised in the Thorsby area
Resident of Thorsby for 25 years

My name is Barry Rasch and I have been privileged to serve the residents of my community on Council for 13 years for Thorsby from 2004-2017. In 2019 I ventured back to college and earned a diploma in Business and Digital Marketing Management. Over the years I have never stopped volunteering for my community. When I'm not planning or helping with a barbecue or fundraiser you will often find me hard at work on the trails or working on Communities In Bloom Projects. I have gained valuable experience as I worked with people and continue to build healthy relationships both in our community and surrounding municipalities. Sharing ideas and creating a team approach is where I have always excelled at. I have always focused my ambitions on the issues at home rather than afar simply because:

OUR ISSUES ALWAYS COME FIRST!

Remaining approachable and open minded is essential when addressing concerns. In the upcoming 4-year term if given the opportunity to represent you as your mayor I will work towards:

- Curb and Gutter, Sidewalks, Road Repairs and Re-paving Projects.
- All infrastructure will continue to be addressed through solid planning on a rolling 5 and 10 year capital replacement plan.
- Continue to look for efficiencies in our Operational Budget that has fair service delivery for residents
- Focus strategically on more utilization of the Water Plant and Bulk Water Sales
- Continue to look to attract investment both in Residential and Business Growth by interacting with developers and home builders
- Continue to support efforts that make our community healthy, vibrant and engaged
- Work on a plan that addresses Main Street Revitalization
- Work With Our Community Groups to establish better working relationships with Council so they continue to flourish
- Supporting Recreation, Programming and Community Events as they always should be
- Collaborate with Neighbouring Municipalities that fosters trust and respect for each other
- Deliver yearly Residential and Business Relationship Report Cards to the community
- Creating Transparency and Improving Communication from the Office and Council and how we do business
- Make our community accessible to foot traffic and those with mobility challenges
- Work with organizations to create Economic Development Opportunities that will grow our community

"Building our Community's Future Together"

MUNICIPAL ELECTION SERIES
continued

Compiled By Amissa Jablonski

Responses are presented as provided by candidates with only minor spelling and grammar edits.

Leduc County Councilor - Division 6 (Rr10 and west; south of TWP 492 through Thorsby, south highway 39)

What prompted you to run for county council?

GLENN BELOZER *(incumbent)* - To the residents of Leduc County Division 6. My decision to run for re-election was a simple one. After the years as your representative I gained a huge amount of experience and knowledge. I felt these two assets needed to be used for the betterment of our division.

SAM KOBELUCK - We need to have a strong voice and opinion on matters at the county level so that it is in the best interest of the county as a whole as well as the electorate of Division 6. After listening to people in my area, they felt that their concerns and views were not being addressed west of the 5th meridian. I feel that all parts of the county need to be looked at. If we work together, be transparent and accountable to the people, great things can happen. I believe that I can offer a great leadership voice to the county as well as to Division 6. I will work for you so that we are not left behind. I have a passion for our people and their concerns and that is why I am running for the election on Oct. 18th.

What are your goals should you be elected?

BELOZER - My goals for the next term. The Rural Road Initiative needs to be carried on. Working with my fellow councillors to get our rural roads in the best condition we can. Second, I am working as a member of Alberta care/co-ordinated action for recycling enterprises and the Leduc regional landfill to possibly secure a plastic collection depot for Leduc County. Plastic to be collected would be grain bags, net wrap plastic, twine, chemical jugs, and silage cover plastic.Unfortunately, these plastics now are being burned or holes dug and covered. Neither of these options are good for the environment.

KOBELUCK - My priority would be to understand the issues that most affect my constituents and then to advocate powerfully for them. We need to make the county more transparent so that the people know what we are doing and why we have voted a certain way. Elected officials need to be accountable to our ratepayers.

What is the greatest challenge facing the western part of Leduc County right now?

BELOZER - I feel the greatest challenge in the western part of the county is economic developments. Location is not our friend. Promoting development is an ongoing problem.

KOBELUCK - Taxes, and road construction and maintenance are probably the two areas that we need to look at. Dust suppression, fixing and paving of roads, drainage, bridge repairm and crime rate. Bylaws and policies also need to be looked at in the planning department.

How are you going to work with neighbouring municipalities to provide what the community needs at a reasonable cost?

BELOZER - Working with our neighboring municipalities has been one of my strong assets. I'm in constant conversation with our neighbor county's councillors on issues like possibly finding a cheaper and better dust suppression. I also am in contact often with councillors across Alberta. Many different issues are discussed among ourselves at conferences.

KOBELUCK - Communities within Leduc County have their own municipal government and tax base. We need to work with these communities with our cost share agreements that are in place and help them out because Leduc County residents are using their recreation centres, halls and recreational fields. These costs of operation and infrastructure maintenance should be shared by both parties on a percentage basis.

How can Leduc County best navigate the ongoing pandemic in a way that supports development while keeping people safe?

BELOZER - Through the pandemic Leduc County was always open for business. With the combination of low taxes in the region and the efficiency of our staff to get permits quickly has secured a number of development opportunities. As for residents' safety, Leduc County follows the lead of Alberta Health for guidance.

KOBELUCK - Covid 19 has created a devastating blow to our economy and health care system. We in the County of Leduc must make sure residents are safe by following AHS rules and protocols. Essential and non-essential services need to continue but let's be safe by following the rules and if you feel that vaccinations are your priority – go for it. The virus is not going away for a long time and people need to be educated on the trials and tribulations that it has caused the residents of Leduc County. We can still operate our county by social distancing and by having vaccinations if so desired. The people need to be very careful and safe and follow the rules as implemented by AHS.

What else would you like voters to know about you and your bid to be a County Councillor?

BELOZER - As a lifelong resident of Leduc County my knowledge of the county is extensive. I work at the council table to keep division 6 in the forefront of conversation.

KOBELUCK - I live on Range Road 20 just south of Hwy 39 and attended Thorsby High School – graduated – went to the University of Alberta with a teaching degree majoring in Biological Sciences. I have taught for 37 years and after retirement in 2007

became a school board trustee for 10 years in county west. It was during this role that I had a great opportunity and understanding how the political system works. We represented the whole division but the interests of county west – Warburg and Thorsby were always on my mind. Over the years, I have worked on numerous advisory boards on the provincial and local level and volunteered my time within the community. I believe that I have strong people skills, a high demand for accuracy and discipline, am a dedicated team player, approachable and a good listener. For these reasons I would seek your vote to be a County Councillor.

What is your favourite breakfast food?
BELOZER - I don't normally eat breakfast but when camping, I love spicy sausage and eggs.

KOBELUCK - Leftover perogies fried in butter and onions.

Leduc County Councilor - Division 7 (RR10 and west; north of TWP 492 through Thorsby, north highway 39)

What prompted you to run for county council?
PAM FOULLIARD - I was approached a couple of times to run for council and the more thought I put into it, I knew that I would be a perfect fit. I'm passionate about people and I love the area that is Division 7. I have lived out here for 26 years, and I have raised my family here. I am at a position in my life where I have time to give back and support the people of Division 7.

RAY SCOBIE *(incumbent)* - I ran for councillor last term with the retirement of the previous councillor and encouragement from Division 7 residents. I am running again as I would like to continue the work with residents to address their concerns.

What are your goals should you be elected?
FOULLIARD - I have been very busy door knocking and hearing from the people of Division 7, so their concerns I would bring forward. Other goals would include:

- Rural crime (how can we decrease it)
- Support local Ag businesses and tourism
- Maintain roads and bridges

SCOBIE - Keeping taxes reasonable while maintaining service levels with improvements. Continue to find innovative methods to improve county roads.

What is the greatest challenge facing the western part of Leduc County right now?
FOULLIARD - I feel that the greatest challenges facing the western part of Leduc County right now are road maintenance and rural crime.

SCOBIE - Aging roads, bridges and culverts. Many are reaching expected service life as the majority were built in the 1950's and 1960's.

How are you going to work with neighbouring municipalities to provide what the community needs at a reasonable cost?
FOULLIARD - I would achieve that by keeping open relationships with other municipalities and securing cost share agreements.

SCOBIE - Support our collaboration agreements to maximize municipal shared services including recreation, the nurse practitioner program, and emergency services.

How can Leduc County best navigate the ongoing pandemic in a way that supports development while keeping people safe?
FOULLIARD - Leduc County follows regulations currently set by AHS.

SCOBIE - As the County does not have Health Care expertise we rely on AHS to guide our safe work programs and make decisions accordingly.

What else would you like voters to know about you and your bid to be a County Councillor?
FOULLIARD - I have always been passionate about people and I am ready to commit to being the liaison between the people and the county. Debating and fighting for Division 7 will be my priority as Division 7 is the biggest division while also being the least populated which often makes us feel forgotten. Returning calls, texts, and emails within 24 hours is also very important to me.

SCOBIE - I take resident concerns very seriously and do my utmost to find some resolve for the residents. Feel free to call me with any concerns or issues. If your call is missed I will get back to you.

What is your favourite breakfast food?
FOULLIARD - My mom's breakfast brunch is my favorite breakfast food.

SCOBIE - Loaded Omelet!

ELECTION 2021

leduc-county.com/election

LEDUC COUNTY

IDENTIFICATION REQUIREMENTS

Local Authorities Election Act (Section 35)

Eligible voters must provide proof of identity and current residence to vote for councillor, school trustee(s) and Senate.

As per Leduc County's Voter Identification Bylaw (Bylaw 5-13), voters must produce the following for inspection by a deputy returning officer of the voting station:

- **one piece** of valid government-issued identification containing the voter's photograph, current address and name

OR

- **two pieces** of identification from the following list:
  - Canadian military identification
  - birth certificate
  - Alberta Personal Health Card
  - baptismal certificate
  - Alberta identification card
  - Social Insurance Number card
  - certificate of Canadian citizenship
  - Royal Canadian Mounted Police identification card
  - Veteran's Affairs Canada identification card
  - Old Age Security (OAS) card
  - student identification card
  - credit/debit card
  - library card
  - hospital/medical card
  - fishing, trapping or hunting licence
  - marriage certificate
  - firearms licence possession - acquisition
  - firearms - possession only licence
  - any other piece of identification acceptable to the deputy returning officer

If the deputy returning officer is not satisfied that the identification verifies the identity and age of the person seeking to vote, they make the final decision as to whether or not the person is allowed to vote.

SUMMER VILLAGE OF GOLDEN DAYS

Leduc County will conduct the Senate election and provincial referendum vote for the Summer Village of Golden Days. Eligible voters can vote at the following voting station from 10 a.m. to 8 p.m.:

- Sandholm Community Hall (47376 Range Road 12)

VOTER ELIGIBILITY

Leduc County residents are eligible to vote if they:

- are 18 years old
- are a Canadian citizen
- are a resident of Leduc County on election day (Oct. 18)

Leduc County does not prepare a voter list. You must complete a declaration at the voting station that confirms you are eligible to vote. You can only vote in one jurisdiction, even if you have more than one residence.
