

THE WARBURG BUGLE

WARBURG SCHOOL'S CHRISTMAS PROJECT

The Great Food Challenge, was a big success! Assistant Principal Mr. Hodges' office has been successfully stuffed with donations.

Thank you to all who donated and to our grade 5 class who brought in the most donations of all. The donations have been passed on to our local F.C.S.S. for distribution to those who need a little

extra hand up this Christmas season. A special thank you to Mackenzie Dancause, and her Elf Helpers, Makayla Dancause, and Shayla Reesik for organizing and tallying up all of the food items in each class.

Congratulations to our Senior Girls Volleyball team - Zone 1 A Champions.

(L-R) Kyla Cygan, Ass't Coach Amanda Richels, Haylee Johnson, Courtney Miller, Elicia Babcook, Rylee Richels, Makayla Klatt, Courtney Cygan, Taylor Bentley, Alyssa Babcook, Jenna Lawrence. (seated) Assistant Coach Tanya Babcook, Coach Caelin Foulston. ~missing from photo: Sawyer Bentley, Brooke and Lily Beauchesne~

Ruth Louise Hunder

January 27, 1943 – December 10, 2021

It is with sorrow and sadness that the family of Ruth Hunder announce her passing in Red Deer, Alberta, at the age of 78 years. Left to celebrate her life and cherish her memories are her husband of 56 years, Jim Hunder; her children, Joe (Karen) and Lenora (Randy); her grandchildren, Kara, Hayley, Kaitlyn, Allison and Brayden and her great grandchildren, Colbie, Waylon and Ashton. Ruth is predeceased by her parents, Henry and Emma Nagel as well as her brothers, Henry, Stan and Johnny.

Ruth's love for the outdoors and the time she spent with family camping and fishing, are treasured moments. Ruth had such a passion for her flower beds and gardening and also enjoyed spending time with family and friends floor-curling or playing cards. She loved spending time at the Golden Age Club in Breton, Alberta, with her good friends. Ruth worked with her heart and her hands in her crafts, especially her crocheting, knitting and chocolate chip cookies, but the greatest work of her hands is her family. Ruth will be greatly missed and forever loved.

A celebration of Ruth's life will take place on Monday, December 20, 2021, at 1:00 pm, at the Breton Community Centre, 48 Street, Breton, Alberta.

In keeping with the Alberta Government protocols to host a funeral service larger than 50 attendees, the REP program will be in effect. This requires that those attending must show proof of double vaccination or proof of a negative result from a rapid test administered within 72 hours prior to this service. Interment will take place at a later date in the Spring. The family would like to express their deep appreciation to the wonderful and caring ICU Nursing Staff at Red Deer Hospital.

Condolences may be sent to www.affinityfuneralservice.ca

25 YEARS

IN MEMORY OF JEFF BRODRECHT

MAY 2, 1967 - DECEMBER 17, 1996

FOOTPRINTS

One night a man had a dream. He dreamed he was walking along the beach with the LORD. Across the sky flashed scenes from his life. For each scene, he noticed two sets of footprints in the sand; one belonging to him, and the other to the LORD.

When the last scene of his life flashed before him, he looked back at the footprints in the sand. He noticed that many times along the path of his life there was only one set of footprints. He also noticed that it happened at the very lowest and saddest times in his life.

This really bothered him and he questioned the LORD about it. "LORD, you said that once I decided to follow you, you'd walk with me all the way. But I have noticed that during the most troublesome times in my life, there is only one set of footprints. I don't understand why when I needed you most you would leave me."

The LORD replied, "my precious, precious child, I love you and I would never leave you. During your times of trial and suffering, when you only see one set of footprints, it was then that I carried you."

There is not a day that goes by
that we don't think about you...

Warburg School NEWS

Elementary students have been practicing with music teacher, Mrs. White, for our annual Christmas Concert. A special feature of our program is showcasing our new skills on the keyboards purchased with the MusiCounts grant.

This year we will once again be presenting a virtual viewing of the concert which makes it easy for our students to share with loved ones far away. The concert link will be available on our website on December 17th.

Like and follow us on Facebook & Instagram or check out our website ws.blackgold.ca to see a bit of what's going on at Warburg School.

The last day of classes is December 17th and school will resume on January 3rd. Warburg School staff would like to send our community best wishes for the Christmas season and a very happy new year!

Genesee Battery Energy Storage System

Capital Power is sharing information about plans to develop a battery energy storage system ("BESS") at the Genesee Generating Station. We will be seeking regulatory approval from the Alberta Utility Commission in early 2022.

The BESS will be used to store, and later deploy, up to 210 MW of energy, using lithium-ion batteries. The project will use best-in-class battery storage technology and be amongst the first large-scale storage projects in Alberta.

Located entirely within the existing footprint of the Genesee Generating Station, the BESS will create no air emissions and will not require additional water supply during the electricity storage and deployment processes.

Stakeholder input is an important part of the process and we value your feedback. More information is available at www.capitalpower.com/operations/genesee-1-2/, including the project specific information package.

LISTENING TO ALBERTANS ON THE DRAFT K-6 CURRICULUM

Albertans' feedback is informing ongoing curriculum renewal, with adjusted implementation timelines, changes to the design of the Social Studies curriculum and more opportunities for engagement in the new year.

Alberta's government has been listening to all input from Albertans on the draft kindergarten to Grade 6 (K-6) curriculum and is taking significant steps to address feedback from parents, teachers and subject matter experts.

Curriculum implementation

The COVID-19 pandemic has added unique pressures on students, their families and teachers. Recognizing this, Alberta's government is making changes to curriculum implementation timelines.

New curriculum in three subjects – English Language Arts and Literature, Mathematics, and Physical Education and Wellness – will be implemented in September 2022. To help set the course for successful implementation, Alberta Education will seek advice from an advisory group of education and curriculum implementation experts early in 2022. The group will also provide recommendations on implementation strategies for the remaining K-6 subjects.

Social Studies curriculum design and content changes

A new [draft design blueprint](#) addresses substantive feedback received related to age and developmental appropriateness of the Social Studies curriculum and lays out a plan to make curriculum content changes. The blueprint and further engagement will inform a new draft that continues to ensure students learn historical content, build civic skills, explore First Nations, Métis and Inuit and Francophone perspectives and learn about different cultures and communities

Content changes

In addition, this round of content changes in four subject areas will address the specific feedback that Albertans, as well as piloting school authorities, have provided to date. Changes have been made to [English Language Arts and Literature](#), [Physical Education and Wellness](#), [Fine Arts \(Music\)](#) and [Science](#) curriculums to add clarity, strengthen content as well as expand key topics such as positive body image, climate change and learning about dinosaurs

While Alberta Education has made some content changes to these subjects, there are also areas that are not yet addressed, such as changes related to First Nations, Métis, and Inuit and Francophone perspectives in subject areas outside of Social Studies. The government is continuing to work with education partners and community stakeholders to gather

feedback on these critical areas before changes will be made in the spring. Based on feedback, the draft Mathematics curriculum will also be updated this spring, prior to final provincial implementation in September 2022. All other subjects, including the draft French language curriculum, will also be updated.

Engagement opportunities

In January and February there will be new engagement opportunities for Albertans to share their constructive, meaningful feedback on updated draft content, as well as the draft design blueprint for Social Studies. In addition, Albertans are invited to attend virtual information sessions on the updated curriculum and implementation plans, starting on Dec. 16.

Albertans can register for virtual information sessions and sign up to find out more about new engagements when details are available in the new year at alberta.ca/curriculum-have-your-say.

In spring 2022, Alberta's government will carefully consider the feedback from all engagement opportunities and classroom piloting. This input will be used to finalize the Social Studies design blueprint, develop the corresponding draft Social Studies curriculum and further revise all subjects in the draft K-6 curriculum.

Quick facts

- Since September 2021, approximately 360 teachers have been piloting the draft K-6 curriculum with about 7,800 students across the province. School authorities and teachers will share valuable insights about their experience and the resources needed to support new curriculum.
- New engagement opportunities and virtual information sessions will be offered in English and French at various times to meet the diverse interests and needs of Albertans.
- Alberta Education has provided approximately \$1 million in grants to support education partner groups in conducting a consistent and coordinated engagement process with their communities so their unique perspectives can be heard and reported back to Alberta Education.
- Feedback from all engagements and piloting will inform updates to Indigenous and Francophone perspectives in all draft K-6 subjects in the spring.
- Engagement feedback will also inform an updated Mathematics curriculum prior to implementation in September 2022.
- Four subjects in the draft K-6 curriculum have been updated for Albertans to provide feedback on:
 - o English Language Arts and Literature
 - o Physical Education and Wellness
 - o (Fine Arts) Music
 - o Science
- Recognizing that the adjustments being made to the draft K-6 content will affect later grades, the government will sequence on work on drafting curriculum for grades 7-10 accordingly.

The TOPS Ten

Tips For Holiday Eating Without Weight Gain
By Michelle May, M.D

1. Be a food snob. Skip the store-bought goodies, the dried out fudge, and the so-so stuffing. If the food you select doesn't taste as good as you expected, stop eating it and choose something else. Think of how much less you'd eat if you only ate things that taste fabulous!

2. Think of your appetite as an expense account. How much do you want to spend on appetizers or the entree? Do you want to save some room for dessert? Go through the process mentally to avoid eating too much food and feeling uncomfortable for the rest of the evening.

3. It is easier to get distracted from signals of physical hunger and satiety at social gatherings, especially if food is the main event. Make an effort to pay close attention to your body's signals.

4. Pace your eating prior to the event so you will be hungry, but not famished, at mealtime. But please ignore the old diet advice "eat before you go to a party so you won't be tempted". That is absurd! You want to be hungry enough to enjoy your favorites.

5. Socialize away from the sight of food. People who tend to over eat are "food suggestible", so just hanging around food causes them to eat more than they need.

6. Survey all of the food at a buffet before making your choices. Choose the foods that you really want most at that time and remind yourself that you can have the other foods at a later time.

7. If the food is so special give it your full attention rather than eating on autopilot. Eat mindfully by reducing distractions and sitting down to eat-even if it's just a cookie. Appreciate the appearance and aroma of food and savour one small bite by putting your fork down. You'll eat less food but enjoy it more.

8. Be cautious of "obligatory eating". Avoid eating just because it is on the table, on your plate, because you paid for it, it's free, or because someone made it. Deal with "food pushers" with a polite but firm "No, thank you". If you're concerned about hurting their feelings, ask for the recipe or a small portion to take home with you for another meal.

9. It's common to have candy and snacks lying all over the place this time of year. Avoid indulging in food because it's there. Grazing unconsciously leads to extra calories that you probably won't even remember enjoying.

10. Look for opportunities for physical activity. Take a walk after dinner to enjoy the lights, take a few laps around the mall before the mall opens to do some window-shopping, or take guests to local attractions. Most importantly, delight in all your senses. Enjoy the company, the atmosphere, the entertainment, and traditions as much as, if not more than, the food.

What is God's Will Concerning Healing?

The answer is simple, God's will is that all would be in good health all the time, and I can prove this from His own Word. I will start with Exodus 15:26. In the last part of the verse, God identified Himself as **“the Lord that healeth thee”**. When God brought his people out of Egypt, **“there was not one feeble person among their tribes”** Psalm 105:37. There were about 600 000 men besides women and children that left Egypt (Exodus 12:37), and nobody was sick or weak. There are several healings recorded in the Old Testament, but I would like to look at the New Testament now.

We can know God's will by looking at what Jesus did, because He said in John 6:38 **“For I came down from heaven, not to do mine own will, but the will of Him that sent me.”** And Jesus said in Hebrews 10:7 **“Then said I, Lo, I come (in the volume of the book it is written of me,) to do thy will, O God.”** So what did Jesus do while He was on earth? Acts 10:38 sums it up, **“How God anointed Jesus of Nazareth with the Holy Ghost and with power: who went about doing good and healing all that were oppressed of the devil; for God was with Him.”** Notice that it says He HEALED ALL THAT WERE OPPRESSED OF THE DEVIL. That means that sickness is oppression of the devil, and Jesus did good and healed the people because God was with Him. Also notice that if Jesus did good in healing the people who were oppressed by the devil, then sickness must be evil. Matthew 4:24 **“And His fame went throughout all Syria: and they brought unto Him all sick people that were taken with divers diseases and torments, and those which were possessed with devils, and those which were lunatic, and those that had the palsy; and He healed them.”** Matthew 12:15 **“But when Jesus knew it, He withdrew himself from thence: and great multitudes followed Him, and He healed them all.”** Notice that Jesus healed them all, not just the people that had faith or the people in His “good books”. He healed every one of them. In Luke 19:10, Jesus said, **“For the Son of man is come to seek and to save that which was lost.”** The word “save” in this verse is translated from the Greek word *sozo* which is defined in the Strong's Concordance as “to save, that is, to deliver or protect, heal, preserve, save, make whole.” So according to Luke 19:10, Jesus came to seek and to save and to HEAL the lost. The Greek word *sozo* is also used in John 3:15-17: **“That whosoever believeth in Him should not perish, but have eternal life. For God so loved the world, that He gave his only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life. For God sent not His Son into the world to condemn the world; but that the world through Him might be saved.”** Did you see that?!! “That the world through him might be saved.” Saved is *sozo*, saved and healed!!! That is exactly what Jesus did. He saved and healed people and he did it because it is the Father's will.

As Jesus said, He came to do the Father's will and that is exactly what He was doing when He went about doing good and healing all who were oppressed of the devil. Here is another place where Jesus said why He came. John 10:10: **“The thief cometh not, but for to steal, and to kill, and to destroy: I am come that they might have life, and that they might have it more abundantly.”** Sickness and disease is not abundant life; health and healing is abundant life!! I would also like to add that **“Jesus Christ, the same yesterday and to day and for ever,”** (Hebrews 13:8). Jesus healed then and He is still healing people today, because it is God's will for people to be healed and free from oppression.
