THORSBY RCMP INVESTIGATING BREAK AND ENTER TO KOLLBROOK ESSO

Thorsby, Alta – On Jan. 2, 2022, at 02:12 am, Thorsby RCMP received a complaint of an alarm at the Kollbrook Esso in Thorsby. Upon RCMP arrival, officers observed that an unoccupied pick up truck was inside the Esso having been driven through the front doors.

"It was a scene from a horror show, mass destruction!" The community was so amazing with their caring messages and support. We thank everyone from the bottom of our hearts."

NEW FCSS PROGRAM "MEN'S SHEDS"

submitted by Brandon Friesen

Family & Community Support Services (FCSS) in Leduc County is putting on an event called MEN'S SHEDS for the men 18 years of age and older in the county to attend. The Calmar library will be hosting our first Men's Shed on **Feb 9th and will run from 6pm to 8pm.**

Men's Sheds is a program that allows the men of a community to build shoulder-to-shoulder relationships while doing constructive activities like woodworking, playing games, or just enjoying each other's company with a fresh coffee in hand. First designed in Australia in 2007 as a way for men of the community to come together for a common purpose. There are now thousands of sheds worldwide. Each shed designs their purpose based on the interests of those attending. There are sheds that focus on cooking, writing, woodwork, or even just gathering together. The options are endless and grow as the group itself grows.

Men are typically not social creatures and as such, do better when there is essentially something to do. This is why men tend to group together around a car that is being worked on or mingle next to the chef at a back yard BBQ. These programs help to create a safe place where men can go to bond and get a feeling of accomplishment while joining a support group that works to do good within the communities. The goal with any Men's Shed is to raise awareness of the many benefits to social, physical, and emotional health. If you would like to know more about the Men's Sheds program, please feel free to look over their website at www.menssheds.ca.

We invite any men eighteen and up to join us on Feb 9th at the Calmar Library (4705 -50th ave Calmar Alberta. You can also email us at mensshedsleduccounty@gmail.com

Warburg Public Library

Update

Happy New Year, 2022! Another great year to look forward to in the Library world! The Board Members and Staff of Warburg Library hope everyone had a Merry Christmas and a Happy New Year!

Now we look forward to a year of new programming, books, magazines and hopefully a downward slide of the Covid19 virus. When I look back at 2021, I see a year of struggles and the Community coming together to support each other, we have learned a lot about ourselves and the Community around us.

I want to once again acknowledge the support the Library received from the Community and all the donations for the 2021 Christmas draw, a record \$1,000 was raised to help pay for Patrons yearly memberships (these are free because of this draw every year) and programming. Donators are: Christina McDowell, Sandra Broadbent, Derek and Jennifer Mayr, Cheryl Garrett, Sandra Kelly, Pauline and Alyssa Brandt, Ashley Williamson, Kim Tran, Nia Blanchette, Jeanne Szepesi, Robin Duiker, Judy Beach, Jason and Michelle Kelln, Tiffany Torkelson, Dwayne and Laurie Mayr.

Today I am ordering new books for the Library, I have such a fun job! James Patterson wrote a book with Dolly Parton! It is called Run, Rose, Run. From America's most beloved superstar and its greatest storyteller — a thriller about a young singer-songwriter on the rise and on the run, and determined to do whatever it takes to survive. To be published March 2022.

Capital Power is sharing information about plans to develop a battery energy storage system ("BESS") at the Genesee Generating Station. We will be seeking regulatory approval from the Alberta Utility Commission in early 2022.

The BESS will be used to store, and later deploy, up to 210 MW of energy, using lithium-ion batteries. The project will use best-in-class battery storage technology and be amongst the first large-scale storage projects in Alberta.

Located entirely within the existing footprint of the Genesee Generating Station, the BESS will create no air emissions and will not require additional water supply during the electricity storage and deployment processes.

Gloria Bullerwell

November 17, 1944 – December 4, 2021

It is with great sadness on December 4 2021, our beautiful mother, Gloria Bullerwell (born November 17, 1944) passed away at 6:20 am in Two Hills Health Centre, Two Hills, Alberta at age 77.

Gloria is predeceased by her son and survived by her two daughters, five grandchildren and five great grandchildren.

Gloria's humor and wit always brightened up a difficult time even in her last days. She definitely knew how to make people laugh.

Known as the crazy goat lady, Gloria's love for animals was beyond anything you could imagine, she always had some sort of farm on the go. It started with a horse farm and then a goat farm of 40+ goats. She ran her farm in Warburg, Alberta where she resided for many years and let me tell you this 4' 11" lady was tough! Throwing large hay bales and bags of grain around just as good as any strong farm hand.

She was a crusader for abused animals' heart and soul to all critters big and small. Animals just seemed to be attracted to her like a magnet.

Although they lived miles apart, she was greatly loved by her family. She was always available for a great word of advice or a shoulder to cry on. She was kindhearted, compassionate and always willing to lend a listening ear and warm hug.

Her close personal friends always there to lend a hand in a time of need, now stand united, heart awash in tears and grief. Despair not dear ones, Gloria's love and devotion shall forever shine upon your hearts.

Let emptiness and sorrow turn into peace, love and forever reverberate in the many lives she touched.

May she find peace in the valley with Spirit, her four-legged friends, her son David and her parents Grace and Clarence Gill walking by her side.

In lieu of flowers donations may be made to the Alberta SPCA (17904-118 Ave NW, Edmonton, AB, T5S 2W3) or to the Second Chance Animal Rescue Society (PO Box 3045, Athabasca, AB, T9S 2B9).

CELTIC KNOT MASSAGE

A little background on Nia Blanchette and Celtic Knot Massage

We moved to a 10 acre acreage north of Thorsby in June of 2015 and left behind the busy city of Edmonton life. My daughter Calli graduated high school this past June and my son Evin is online taking grade 10.

I have been told in the past that I gravitate towards the "healing" professions since I was young. Growing up as a teenager I was a lifeguard and taught swimming lessons. I worked as a personal care aide in a senior facility which lead me into nursing. I graduated as a Registered Nurse in 1997 and worked throughout various departments. Majority of my nursing career was in Neurosurgery at the University of Alberta.

At the age of 40 I chose to pursue a different career path which led me to massage therapy. I found throughout my own medical health journey that massage was extremely beneficial to many areas of health. I graduated in 2016 from the two year program.

I was born and raised in North Wales, UK and moved to Canada with my parents and siblings when I was 8 years of age only speaking Welsh. This is how my business name "Celtic Knot Massage" was born.

I had never been self employed before so I found myself nervous but yet excited. Thorsby welcomed my business in Feb of 2018 with open arms and I was extremely grateful. I now have a strong client base who I am honoured to call friends.

I offer therapeutic (deep tissue),
relaxation and prenatal massage.

Warburg School Library hosted another fantastic exhibit from the Art Gallery of Alberta for the month of November. We are so grateful for the generosity of the Alberta Foundation for the Arts funding the Travelling Exhibitions (Trex) as we have had the opportunity to host several exhibits in our library for our K-12 students to enjoy.

The www.youraga.ca website states "The Traveling Exhibition ...bring a folding chair is inspired by Black History Month and recognizes the significant contributions Black Canadians make to Alberta. The artwork explores the history, heritage and contemporary concerns, the artists in this exhibition 'bring a folding chair' to the table of Canadian society and the art scene in Alberta and, in sitting at the table, give voice to our common humanity."

We are very honoured to host the Trex artworks in our library and look forward to hosting another exhibit in the Spring.

Thank you to our senior high art students for helping Mrs. Sarvas set up this beautiful exhibit for all of our students to enjoy!

No brain, no gain.

Start Up Leduc Wetaskiwin Regions is launching an 8-month ENTREPRENEURIAL + MENTOR SHIP TRAINING PROGRAM.

Start Up Leduc and Wetaskiwin Regions is a new initiative and is launching a program called SMARTstart which is for entrepreneurs and new business owners in the Leduc + Wetaskiwin region within their first 3 years of business. This entrepreneur training program was developed to address small business start-up needs in our evolving community and increase the chances of the business' success rate.

"We are fortunate and excited to announce this program in our community. I think of this program as a post-secondary business course equivalent that is solely focused on real life business skills you will actually use. If you are a small business owner in your first three years or an entrepreneur with an idea that you want to ensure is feasible and transformed into an action plan then I would highly encourage you to apply. Small businesses drive the economy and we want to do everything we can to help our small businesses succeed. This program does that by partnering participants with a successful local business mentor for eight months, participation in live seminars facilitated by local professionals, peer to peer sessions, access to online training modules geared toward business owners, and tools to complete strategic planning or feasibility studies." says Amber Cook Program Director and owner of The Light House Cowork.

Participant applications will be accepted until January 9th, 2022 and the 8 month program launches in February.

We are also taking applications from experienced business owners who want to give back to new entrepreneurs by becoming a 1-1 mentor to one of our program participants. You can reach out to Program Director Amber Cook at info@startupleduc.ca to learn more.

The program has been running across Alberta for 9 years and over 100 people have completed SMARTstart with amazing success. The program is

proven to increase business success rates; 17% of participants have started new businesses, 22% have had business continue successfully, and 28% of participants have expanded their businesses.

The Start Up Leduc Wetaskiwin Regions initiative is operated by The Leduc Nisku Wetaskiwin Regional Chamber of Commerce, The Light House Cowork and is funded by many partners including The City of Leduc, City of Wetaskiwin and JEDI (Joint Economic Development Initiative) Alberta.

More Information on this initiative and program is available online at www.startupleducwetaskiwin.biz/services

MLA REPORT

from The Office of MLA Mark Smith,
Member of the Legislative Assembly
for Drayton Valley - Devon

While 2021 has been a challenging year for many Albertans, there is a lot worth celebrating from this past year.

Alberta is leading Canada's economic comeback. We replaced approximately 340,000 jobs that were lost due to the pandemic, and we added approximately 105,000 new jobs that will help Albertans pay their bills and mortgages. At 64 per cent, Alberta now has the highest employment rate in the nation.

2021 saw the return of high oil prices. Our province is now producing more oil than ever before in our history. According to a recent forecast from the Canadian Association of Energy Contractors, Alberta will see over 6,000 new wells drilled in 2022 – a 26 per cent increase from 2021.

In 2021, we continued our focus on diversification, with burgeoning industries like technology having banner years in our province. Alberta is now home to more than 3,000 technology companies, a 233 per cent increase since 2012. 2021 also saw Amazon Web Services recently announce that it's building a data hub in Calgary. This \$4.3 billion investment will create 1,000 new jobs and marks the largest technology sector investment in Alberta history.

Our film and television industry also had a record year in our province, with more than 50 major productions underway, supporting over 9,000 jobs. These projects include HBO's *The Last of Us*, the largest production in Canadian history. With Alberta being featured in movies like *Ghostbusters: Afterlife*, it's easy to understand why our province is fast becoming the new "Hollywood North."

2021 saw historic industry investments in renewables. Air Products is investing \$1.3 billion to build a net-zero hydrogen energy complex near Edmonton and Dow Chemical is investing up to \$10 billion to build the world's first net-zero carbon emissions ethylene and derivatives complex near Fort Saskatchewan, marking the biggest capital investment in the province in 15 years. This is just a couple of the exciting investments happening in Alberta that will create thousands of new jobs for our

workers.

We know the pandemic has been hard on many Albertans, so we made historic investments to support those struggling with addiction. In 2021, we doubled down on addiction treatment announcing that the government will fund more than 8,000 addiction treatment spaces annually, doubling the original commitment made in 2019 and firmly establishing Alberta as a national leader in treating addiction.

In 2021, we fought for and delivered a made-in-Alberta childcare plan that protects Alberta's mixed-market system. This new plan will make childcare more affordable for families with kids aged zero to kindergarten by reducing fees by an average of half in early 2022 and by 2026, all Alberta families will pay an average of \$10 per-day for childcare. And unlike the NDP's proposed plan, we delivered a plan that includes private operators who make-up most of our system.

In 2021, we were proud to deliver on a promise to give Albertans a say on Canada's broken equalization system and watched as over 60 per cent of voters voted in favour of reform. We will continue to update you as we proceed to our next steps of fighting for a fair deal for Alberta within our confederation.

2021 also saw what economist Trevor Tombe called "the largest improvement in provincial finances ever recorded." The deficit for 2021-22 is now forecast at \$5.8 billion. This is \$12.4 billion lower than the budget estimate and \$1.9 billion lower than the first quarter fiscal update. Total revenue in 2021-22, meanwhile, is forecast at \$57.9 billion, \$14.2 billion higher than the budget estimate and \$2.9 billion higher than the first quarter fiscal update. In 2022, we will remain focused on prudent fiscal management to ensure our province's books are healthy.

Alberta's Recovery Plan is working, and Albertans are going back to work. In 2022, our United Conservative government will remain relentless in delivering jobs and investment for Alberta families and businesses. Truly, our best days are still to come.

The Bible Truth Page

Physical Healing

I have heard it said that Jesus died for our spiritual healing. This statement is not at all true. Jesus died so that we could have forgiveness of sins and be made righteous, the same as He is righteous. In the process we also receive a new spirit and physical healing. This is plain to see in the Bible if we are willing to read it as written. Let's start with 1 Peter 2:24. **"He Himself bore our sins in His own body on the tree, that we, being dead to sins, should live unto righteousness. 'By His wounds you were healed'"** (Modern English Version 1 Peter 2:24). Notice especially the last part of that verse, "By His wounds you were healed". The wounds Peter is referring to are the wounds that Jesus received when He was whipped before He was crucified (Matt. 27:26). He took those wounds for our physical healing. Peter is actually quoting a prophesy about Jesus from the Old Testament book of Isaiah. **"Surely he has borne our grief and carried our sorrows; Yet we esteemed him stricken, smitten of God, and afflicted. But he was wounded for our transgressions, he was bruised for our iniquities; the chastisement of our peace was upon him, and by his stripes we are healed"** (Isaiah 53:4-5). The Hebrew word used for *grief* in this passage includes sickness, disease, and calamity, as well as grief. The Hebrew word that *sorrow* is translated from means physical pain, mental pain, affliction, and sorrow. *Healed* is translated from a Hebrew word that means to cure, to heal, make healthful and make whole. When we accept these scriptures as written we can clearly see that they are talking about physical healing.

I have one last nail to drive into the spiritual healing coffin, and that is Matthew 8:14-17. **"When Jesus entered Peter's house, He saw his wife's mother, lying sick with a fever. He touched her hand, and the fever left her. And she rose and served them. When the evening came, they brought to Him many who were possessed with demons. And He cast out the spirits with His word, and healed all who were sick, to fulfill what was spoken by Isaiah the prophet, 'He Himself took our infirmities and bore our sicknesses'"** (Matt. 8:14-17). This short passage removes any doubt as to the context of 1 Peter 2:24 and Isaiah 53:4-5. The Word of God means what it says. Jesus cast out demons and physically healed all who were sick to fulfill the prophesy in Isaiah 53:4-5. That is the same physical healing Peter referred to when he wrote "By His wounds you were healed". Also notice that he said *were*. That word is past tense. Peter wrote this letter after Jesus had been whipped for our healing. We were healed when Jesus was whipped; our healing has already been provided. All we have to do is believe Jesus and take a stand against the devil who stole our healing from us.
