

# THE BRETON BOOSTER

## ALBERTA TAKES STEPS TO SAFELY RETURN TO NORMAL

Provincewide public health measures will be gradually lifted as the fifth wave of COVID-19 subsides and pressure on the health-care system eases.

Alberta will begin a careful and prudent plan to phase out public health measures, starting Feb. 8. The three-step approach will begin with lower-risk activities while maintaining protections for the health-care system, including continuing care facilities.

Beginning Feb. 8 at 11:59 p.m., Alberta moved to step one, which includes the removal of the Restrictions Exemption Program and capacity limits on venues under 500 capacity, including libraries and places of worship, and allows for food and beverage consumption in seated audience settings for large events and entertainment venues. Mandatory masking for children and youth in schools, and for youth aged 12 and under in any setting ended Feb. 13 at 11:59 p.m.

*"The last two years have taken a significant toll on Albertans' overall health, social and economic well-being. Now that we are through the worst of the fifth wave and have achieved high vaccination rates, it is time to shift to a balanced approach where we are able to live with COVID-19 and return to normal."*  
Jason Kenney, Premier

*"The vast majority of Albertans are now fully vaccinated. It's a major factor that now allows us to ease restrictions, but we will do so only as conditions show that our health system's capacity is recovering. Albertans can help make that possible by getting every vaccine dose they are eligible for."*  
Jason Copping, Health Minister

Family Day in Alberta was first celebrated in 1990, making it the only province to have a statutory holiday in February until Saskatchewan began observing the day in 2007.

The holiday was proclaimed by Lieutenant Governor Helen Hunley, on the advice of her premier, Don Getty. Premier Getty said that it was important for Albertans to spend time with their families, and that this holiday would emphasize the importance of family values. The date was chosen to coincide with Washington's Birthday, in order to avoid disrupting trade with the United States.

Getty faced considerable criticism at the time; many employers felt an additional statutory holiday was an unnecessary financial burden. In response, Heritage Day was downgraded to a civic holiday, meaning employers would not be required to observe it. Under Alberta law, the employer may choose to observe Heritage Day as a general holiday, under which rules applying to general holiday pay will be used.

Some Getty critics had suggested the creation of Family Day was linked to the arrest and conviction of one of Getty's sons on cocaine-related charges. Getty himself, however, has said over the years that the two events were not related.

## **NATIONAL RANDOM ACTS OF KINDNESS DAY**

Each year on February 17th, National Random Acts of Kindness Day grows in popularity. It is celebrated by individuals, groups and organizations nationwide to encourage acts of kindness. The movement of Random Acts of Kindness inspires people every day. As a favorite celebration for many, people everywhere are enjoying doing these acts of kindness. Not only do the acts of kindness bring joy to the receiver, but they spread positive reactions to the giver, too!

"Kind words and actions can seem so small, but their effects are truly endless." (Author Unknown)

## **HOW TO OBSERVE #RandomActsOfKindnessDay**

Make a note to do nice things throughout the day. Are you looking for ideas? Here are a few that will get you started.

- Pay for the coffee or meal of the person in front of you in line.
- Leave a kind note for someone, no explanation needed.
- Share words of encouragement. You never know who might need them.
- Put your skills to work for someone in need. For example, offer to create a résumé for someone seeking a new job.
- Drop off a load of groceries at the local food pantry.
- Mail a "thinking of you" card to someone you've not talked to in a while.
- Order a bouquet of flowers to be delivered to anyone in the hospital. That means, call the florist and tell them to pick a hospital or nursing home and deliver flowers to the person the front desk thinks needs it the most. It could be a sick child, an elderly person with no family or a college student down on their luck.
- Send a thank you note to the local fire department, police departments, or any military personnel.
- Just smile

***Share your random acts of kindness using #RandomActsOfKindnessDay to post on social media as well as let us know on our Breton FCSS Facebook page.***

**Family Day – February 21** – The Breton Agricultural Society along with the Breton ELKS, Brighter Futures and Breton FCSS will be hosting lots of activities for you to join in on Family Day. ## CREATING ACCESSIBLE CHILDCARE IN RURAL COMMUNITIES

*by Leduc-Strathcona Services for Children*

Leduc-Strathcona Services for Children is a family day home agency that oversees the screening, approval and monitoring of family day homes located in Strathcona County, Edmonton, and Leduc County including Calmar, Thorsby, Beaumont and Devon. We strive to stay up to date with the most current curriculum and implement the best practices in the early childhood field by offering continuing education and training options for our educators on a monthly basis.

We are honored to share that last spring we were the recipients of a space creation program that aids to support in the creation of quality childcare spaces. Our goal is to create more accessible childcare in rural communities where we find that statistically childcare options are lacking. We would also like to see regulated, monitored overnight care spaces that would better support parents who are shift workers and first responders in the community. We understand that there is no cookie cutter model for childcare and that families have a wide array of requirements when it comes to finding suitable childcare that meets their needs and the needs of their children.

It is the inherent right of all children to have access to safe quality childcare that supports their growth, development, and emotional needs. Our goal is to ensure that children and parents have access to these childcare options regardless of their hours or work or their location of residence.

# SLOW DOWN - MOVE OVER

RCMP Breton and Thorsby Detachment will be conducting enhanced enforcement of S.115(2)(t) of the Traffic Safety Act in the month of February.

S.115(2)(t)TSA –Exceed max speed limit when passing stopped emergency vehicle/tow truck when flashing lamps operating.

Motorists must reduce speed to 60 km/h or the posted speed, whichever is lower, when passing emergency vehicles or tow trucks that are stopped with their lights flashing. This law applies to the lane(s) immediately next to the stopped vehicles. The fine for speeding in these areas is doubled.

## Breton Word of Faith CHURCH

LEARNING TO LIVE IN THE POWER OF GOD

*Some key thoughts from the Bible:*

- God loves us all!
- He is here to save us:
  - In eternity (heaven),
  - In issues we face in this present life.
- He does this through our relationship with Him. We each have our own role to play.
- Friends, spiritually speaking, we cannot just sit back and hope for the best. Many things happen in this life that are unfortunate and not part of God's good will for us.
- Church is about learning our role and pro-actively participating in relationship with Him.
- We are learning to live in the power of God.
- We are learning to live in His love.
- His love is a caring, positive, affirming environment.

# ALBERTA TAKES STEPS TO SAFELY RETURN TO NORMAL

*continued from front page*

Subsequent steps will see changes to working from home, masking requirements, large venue capacity limits and indoor social gathering limits, with a final step removing isolation requirements and COVID-specific measures in continuing care settings. The lifting of restrictions will progress once pressures on the health-care system have sufficiently eased.

## STEP ONE

**Effective Feb. 8 at 11:59 p.m.:**

- Restrictions Exemption Program (REP) ends, along with most associated restrictions.
- Entertainment venues will continue to have some specific rules in place:
- Restrictions on sale of food and beverages and consumption while seated in audience settings will be removed.
- Restrictions on closing times, alcohol service, table capacity in restaurants and interactive activities will remain in force.
- For all businesses, venues and facilities – whether they were previously eligible for the REP or not – capacity limits are removed, except for:
- Facilities with capacity of 500 to 1,000, which will be limited to 500.
- Facilities with capacity of 1,000-plus, which will be limited to 50 per cent.

**Effective at 11:59 p.m. on Feb. 13:**

- Masks will no longer be required for all children and youth in schools.
- Masks will no longer be required in any setting for children aged 12 and under.

## STEP TWO

**Effective March 1:**

- Any remaining provincial school requirements (including cohorting) will be removed.

- Screening prior to youth activities will no longer be required.
- Capacity limits will be lifted for all venues.
- Limits on social gatherings will be removed.
- Provincial mask mandate will be removed.
- Mandatory work from home removed.

## STEP THREE

To be determined based on hospitalization rates continuing to trend downwards  
COVID-specific measures in continuing care will be removed.

Mandatory isolation becomes a recommendation only. Additional details on all restrictions and measures in place will be released prior to each step at

[alberta.ca/CovidMeasures](https://alberta.ca/CovidMeasures).

# BRAZEAU COUNTY ASB UPDATE

by Dallas Ekstrom

The County of Brazeau Agricultural Service Board (ASB) continues to represent our local agricultural community. We are just one of almost 70 ASB boards across Alberta, who have the opportunity to influence local and provincial government decisions. I would like to emphasize that this is an incredible resource available to you for information and action for the betterment of our agricultural and rural communities.

As returning Chairman of the ASB, I am encouraged by the talent and the diversity of agricultural backgrounds that are represented on our 2022 board. I am grateful for every member of our well rounded team and their willingness to serve.

## Opportunities you may be interested in;

**March 15th at 7pm** - The West Central Forage Association will be offering an online webinar called;

**“Find the Fairness in Farm Transitions”** with Elaine Froese. Elaine Froese is often referred to as “the farm whisperer”. She is on a mission to help farm families communicate better, to find harmony through understanding, and to secure profitable farm legacies.

You can find more information and a link to register for the webinar on the West Central Forage Association’s website;

The Canadian Government has rolled out a **“2 Billion Trees Program”**. The federal government is partnering with organizations and individuals in planting 2 billion trees over a 10 year period. The first application process date is Feb. 17th, with further application dates to be announced. More information can be found on the “Government of Canada 2 Billion Trees” webpage.

Lastly, the County of Brazeau is pleased to once again offer our farmers weed control assistance through our **Herbicide Rebate Program**. Due to recent livestock feed shortages, a great quantity of hay and other forage has been transported into our area from other counties. As a result, we are facing an elevated risk of noxious weed growth in our county. We need your help combating this. We are asking everyone’s cooperation in weed control during the upcoming growing season. Please take advantage of the **Herbicide Rebate Program** available to our county farmers, as we work together to take care of our agricultural industry. For rebate details regarding; eligible herbicides, noxious weed types, and rebate process, please contact the county office at 780-542-7777 or [www.brazeau.ab.ca](http://www.brazeau.ab.ca)

Any questions or concerns? Please contact the county office. We appreciate your input!

## Preacher's Point

from Pastor Jeff Gooderham

Just before the death of actor W.C. Fields, a friend visited him in his hospital room and was surprised to find him thumbing through a Bible. Asked what he was doing with a Bible, Fields replied, "I'm looking for loopholes."

In the book of Hebrews chapter 9 verse 27 we read that it is appointed on to men once to die and then the judgement. There are no "loopholes" in avoiding the certainty of death and the judgement which then follows death. There is however, a way of salvation that leads from death into life. The bible tells us in Romans 6:23 that the wages of sin is death. Wages are something that are owed to us, something we have coming to us, that we deserve. So death and judgement are a result of the sin that we were born into. This means that we need something or someone to save us from that sin. So here is the good news! The verse continues, but the gift of God is eternal life through Jesus Christ our Lord. He is the one born without sin, who can redeem us or save us who are born under sin, for He took the wages of our sin and died the death that we deserved on our behalf. He is the salvation that we so desperately need. A great question was asked in the bible, what must I do to be saved? The answer: "Repent, meaning turn away from your sin, and be baptized for the remission of sins, and you shall receive the Holy Spirit."

**Tony Sentes**

September 6, 1939 – February 7, 2022

Tony Sentes of Breton, Alberta passed away at Drayton Valley Hospital and Care Centre on Monday, February 7, 2022 at the age of 82 years.

He will forever be lovingly remembered by his brothers, Joe Sentes, John Sentes, Andrew Sentes and David Sentes; nieces and nephews, Angel, Bonnie, Bryan, Sharon and Larry, as well as many extended family and friends.

When he was not occupied at the trailer court, Tony flew by the seat of his pants and loved to just get in his vehicle and drive. Once he had an interest in a particular place, off he went to check things out. He mainly travelled Canada and the USA, but was especially thrilled about his trip to Israel with his church group.

He is predeceased by his parents, Rosie and Gasper Sentes.

His family would like to extend their gratitude to Pastor Jeff Gooderham and his family, as well as those who attend Faithful Remnant Church for their love, on-going prayer and comfort.

On World Kindness Day,  
I wish that Life always reaches out to you  
in many unexpectedly kind and generous ways.

# Soul Care

Our family loves to celebrate Valentine's Day and we always try to do something fun; like bake some heart shaped sugar cookies, make a special fancy meal using our fun red plates or sometimes go out to eat. This year we sat down with our kids and asked them what Valentine's Day means to them. Our 5-year-old boy shared it is *"when you make cards and give it to people because that is a nice thing to do, and it is even nicer when you put a treat in it"*, for him it is this idea of being nice and kind to someone.

This week was not only Valentine's Day but also Random Acts of Kindness Day and Week! I did some digging into how this day and week were established and found out that *"Random Acts of Kindness Day was initiated in 1995 in Denver, Colorado by a non-profit organization called The Random Acts Of Kindness Foundation. The event spread to New Zealand nine years later, in 2004, and the observance of the holiday became more and more widespread. It was created with the intention of encouraging more harmony and kindness between people by offering thoughtful gestures of kindness, no matter how big or small. It's closely linked to Random Acts of Kindness Day, which is usually during the same time period as Random Acts of Kindness week."* Well, who knew being kind has its own special day and week?

Personally, I think everyday is a good day to be kind. This week I invite you to reflect on how kind are you? If Random Acts of Kindness week was created with the *intention of encouraging more harmony and kindness between people*, are we living up to this? Let's face it, now more than ever we NEED to be kind to each other. Each and everyone of us is walking in and out of our own challenging moments and being kind to each other is the only way to be. Once again, I asked my skilled panel members (*my kiddos and their friends*) why is being kind so important?

Here are their answers:

- because we need to care
- because it's the right thing to do
- if there was no kindness the world would be dark and ugly
- if there were no kindness in the world, people would be hurting and in pain
- and last one - because God showed kindness.

Out of the mouths of babes, let's remember that we need to be kind and care for each other because it is the right thing to do. We need to be kind because the world can be dark and ugly, and many people are in pain and sometimes just a kind word or action can go a long way to brighten someone's day.

Finally, friends, we need to be kind because God showed kindness and love to us all by sending His Son Jesus to die for us, so we can be reconciled to Him – that is pure kindness, grace, mercy, and love.

**John 3:16 "For God so loved the world that He gave His one and only Son, that everyone who believes in Him shall not perish but have eternal life"**

Let's strive to be kind, not just this week, but every day.

In His Peace,

Pastor Natasha Westerhoud

**MP Soroka's Statement On Freedom of Speech -**  
sent February 8, 2022

OTTAWA: Gerald Soroka, Member of Parliament for Yellowhead, gave the following statement in the House.

*"Mr. Speaker, prior to my time in Parliament, I served in municipal government. I was encouraged to speak up on behalf of the people who put their trust in me. I am concerned I do not have the same freedom to ask legitimate questions about the government or popular narratives of society. In the past two years, many of the people in my riding have expressed concerns about their rights and freedoms. We say every Canadian has individual rights and freedoms, but our right to free speech is under attack. I am not talking about hate speech, but about having one's own opinion or questioning the government or society's popular narrative. For me, it seems that if someone asks questions about or does not agree with this narrative, their voice is shut down by hateful rhetoric, labelling them racist, misogynistic or a conspiracy theorist. What has happened to our freedom of speech? I hope we all can work to re-establishing this core principle in our domestic society."*

**MP Soroka Questions the Minister on Firearms -**  
sent February 8, 2022

OTTAWA: Gerald Soroka, Member of Parliament for Yellowhead, asked the following during Question Period:

*"Mr. Speaker, John, a constituent in my riding, has been a firearm owner for over 50 years. He served in the military and never had an issue related to the firearms he has owned. Many criminals in Canada purchase illegal handguns and commit crimes anywhere from armed robbery to murder and the government does nothing to stop them."*

*When will the Liberal government start punishing criminals instead of law-abiding citizens and remove the order in council so that John can sell his firearms?"*

Reply:  
Hon. Mark Holland (Leader of the Government in the House of Commons, Lib.):

*"Mr. Speaker, we have consistently introduced responsible legislation on firearms to make sure that the laws in place protect Canadians and that lawful firearms ownership is also protected, but that, like all*

*forms of rights and freedoms in our society, comes with reasonable restrictions. Just as in any other element of life, that is what we do with firearms because our priority is the safety of Canadians and making sure that we do not let ideology get in the way of making decisions for public safety."*

**MP Soroka Questions the Minister on Food**  
**Increases - sent February 2, 2022**

OTTAWA: Gerald Soroka, Member of Parliament for Yellowhead, asked the following during Question Period.

*"Mr. Speaker, according to Canada's 2022 food price report, the overall food price increase is from 5% to 7%. It is the highest predicted increase in food prices in the last 20 years. This is becoming a concern for many constituents in my riding. The price of food in Alberta is expected to be higher than the national average in 2022."*

*When will the Liberal government finally admit that its policies have directly affected the two-decade high inflation rate?"*

Reply:  
Hon. Chrystia Freeland (Deputy Prime Minister and Minister of Finance, Lib.):

*Mr. Speaker, as I have already pointed out, and as Canadians understand very well, inflation is a global phenomenon driven by global challenges, like congested supply chains and the fact that there have been very significant crop challenges around the world."*

*There are concrete things we can do to make life more affordable for Canadians, like building affordable housing and early learning and childcare. That is why I am so astonished that the Conservative Party opposed our early learning and childcare plan, which the Province of Alberta has now done a deal with us on."*

## LETTER TO THE EDITOR

Dear Editor,

It has been a long time since I sent in an opinion letter. Because of the censorship you were not allowed to publish anything that was not the covid narrative.

The story that we encountered a deadly virus worldwide at the same time, it could possibly wipe out a great part of humanity. It could only be kept at bay by wearing face-masks, social distancing, lock-downs, school closures and staying away from the elderly, eventually, it could only be conquered by injecting all people with graphene-oxide and spike proteins and whatever else is in there no one know, anti-freeze? It seems that the severity is behind us, not as many people died of it as predicted. Even after the hospitals did their very best to elevate the numbers by declaring pretty well every death a covid death, including most cancer, heart disease, car accidents and bullet wounds, in the end, sole virus-deaths were very very few. The real covid cases could have been treated with the forbidden drug; Ivermectine or HQC, which makes the deaths: homicides.

Life can go back to normal, free to have rodeo's, hockey and all other sport events, travel and going back to school and church. A sigh of relief, lets close the book, everything forgiven and forgotten. But wait a minute, someone is accountable for all the misery we went through' the fear, the lack of income, suicides, family unrest, elderly dying alone, etc. etc.

It is not only the pharmaceutical industry making trillions of dollars out of this debacle, they didn't keep all that money for themselves. It went to all the governments of the world to make new laws, diabolical laws that restricted all freedoms and made slaves out of all men. They spent it on endless brainwashing through the main stream media, on indoctrinating our children in our schools, also on building concentration-camps for dissenting people. Politicians that cashed in millions to enforce the advice of the death-officials like Deena H.

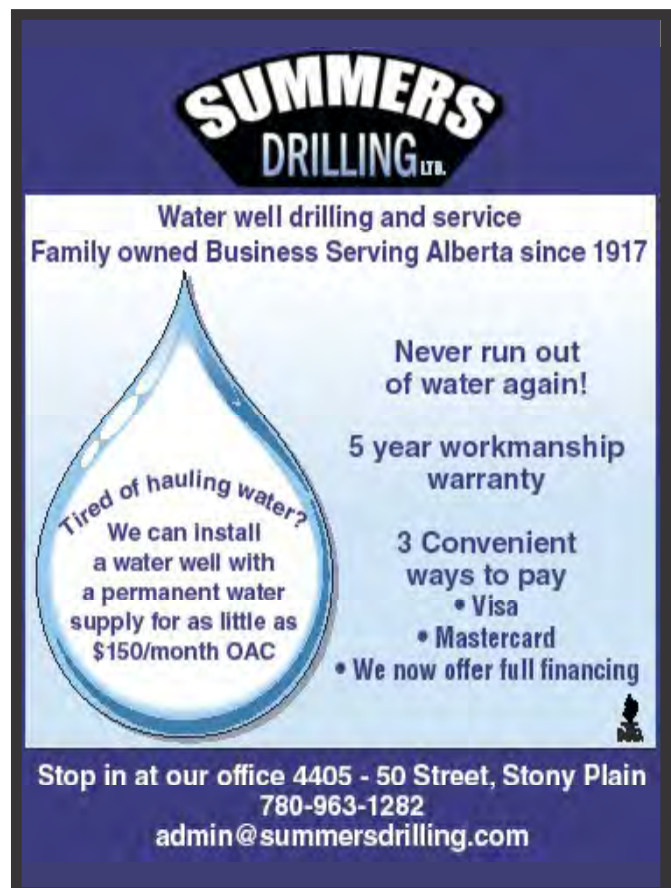

In the end, we can throw away our muzzles, go back to work to school and church or take a much needed holiday, we can smile and hug each other again and so on. But we cannot undo the injection, it is there to stay, much like a tattoo. What will it do? Only time can tell, we have been used as Guinea pigs, the next 7 years will tell us the truth I suppose.

I wished we all had said NO to all the abuse we went through, but, we are Canadians, we do what we are told without thinking for ourselves. Or shall we??

There is God, from everlasting to everlasting the same. He will not reject anyone who sincerely calls out to Him in the time of their need. Never forget!!!

Fritz Luten

## God is for Freedom

Throughout history there have been people that exploit, enslave and oppress other people. God hates oppression. There are many examples in the Bible where God set people free from the oppression of other people and of the devil. One obvious example is when God delivered the people of Israel out of Egypt. The Hebrews had been oppressed by the Egyptians for four hundred years. Here is what God said to Moses: **"Now therefore, the cry of the children of Israel has come to Me. Moreover, I have also seen the oppression with which the Egyptians are oppressing them. Come now therefore, and I will send you to Pharaoh so that you may bring forth My people, the children of Israel, out of Egypt"** (Modern English Version Exod. 3:9-10). In the end the children of Israel plundered the Egyptians and God drowned the Egyptian army in the sea. Here is what God said through the prophet Isaiah: **"Is not this the fast that I have chosen: to loose the bonds of wickedness, to undo the heavy burdens, and to let the oppressed go free, and break every yoke?"** (Isa. 58:6). God even commanded His people to not oppress one another. **"You shall not therefore oppress one another, but you shall fear your God. For I am the LORD your God"** (Lev. 25:17). Here are some more from Psalms: **"The LORD also will be a refuge for the oppressed, a refuge in times of trouble. Those who know Your name will put their trust in You, for You, LORD, have not forsaken those who seek You"** (Ps. 9:9-10). **"The LORD does righteousness and justice for all who are oppressed"** (Ps. 103:6). **"Blessed is he who has the God of Jacob for his help, whose hope is in the LORD his God, who made heaven, and earth, the sea, and all that is in them, who keeps faithfulness forever, who executes justice for the oppressed, who gives food to the hungry. The LORD releases the prisoners. The LORD opens the eyes of the blind; the LORD raises those who are brought down; the LORD loves the righteous"** (Ps. 146:5-8). This passage states that the Lord punishes oppressors: **"Their children also will be as before, and their congregation will be established before Me; and I will punish all who oppress them"** (Jer. 30:20). Early on in Jesus' ministry He declared what His mission was: **"The Spirit of the Lord is upon Me, because He has anointed Me to preach the gospel to the poor; He has sent Me to heal the broken-hearted, to preach deliverance to the captives and recovery of sight to the blind, to set at liberty those who are oppressed; to preach the acceptable year of the Lord"** (Luke 4:18-19). In the book of Acts Peter states what Jesus did while He was here: **"God anointed Jesus of Nazareth with the Holy Spirit and with power, who went about doing good and healing all who were oppressed by the devil, for God was with Him"** (Acts 10:38). Here is a statement that Jesus made concerning freedom: **"Then Jesus said to those Jews who believed Him, 'If you remain in My word, then you are truly My disciples. You shall know the truth, and the truth shall set you free'"** (John 8:31-32). Here in Ezekiel God is looking for someone to stand up for the oppressed: **"The people of the land have used oppression and exercised robbery and have vexed the poor and needy and have oppressed the sojourner wrongfully. I sought for a man among them who would build up the hedge and stand in the gap before Me for the land so that I would not destroy it, but I found no one"** (Ezek. 22:29-30). Clearly God wants His people to be free. **"Now the Lord is the Spirit. And where the Spirit of the Lord is, there is liberty"** (2Cor. 3:17). Do you think God can use truckers? God is behind anyone attempting to free the oppressed. God is for Freedom!!

## Never Argue With Children

A little girl was talking to her teacher about whales. The teacher said it was physically impossible for a whale to swallow a human because even though it was a very large mammal its throat was very small. The little girl stated that Jonah was swallowed by a whale. Irritated, the teacher reiterated that a whale could not swallow a human; it was physically impossible. The little girl said, "When I get to heaven I will ask Jonah" The teacher asked, "what if Jonah went to hell?" The little girl replied, "Then you ask him"
