

THE WARBURG BUGLE

KINDERGARTEN KINDNESS CART!

Kindergarten students delivered treats to our staff and School Resource Officer, CST. Alipour, with their Kindness Cart.

**HAPPY
FAMILY
DAY**

**No School
on February 21**

If you are looking for some inspiration and don't want to venture out too far, here are 10 easy activities you and those you love can do on Family Day:

- Make breakfast together. ...
- Make your own cards. ...
- Go out and enjoy the weather. ...
- Take cheesy family portraits. ...
- Have a family movie marathon. ...
- Don't forget about your pets. ...
- Make your own scrapbooks. ...
- Create a tradition....
- Bust out the games....
- Create a time capsule...

Sudoku Answers
from Feb 4 Issue

The object of the puzzle is to fill the remaining squares, using all the numbers 1-9 exactly once in each row, column, and the nine 3 x 3 subgrids.

2022 LEDUC COUNTY BOARD APPOINTMENTS

Leduc County invites county residents to apply for the following positions by **4:30 p.m. on Feb. 22**. Mileage and an honorarium may be provided to committee/board members.

LEDUC COUNTY LIBRARY BOARD

Manages, regulates and controls municipal library services. The committee is comprised of six members of the New Sarepta library region and two Leduc County Council members. *This is a voluntary position; no per diem or mileage is provided.*

- **Positions available:** one
- **Term:** three years ending Dec. 31, 2024
- **Meeting frequency:** four times per year on Mondays commencing at 6:30 p.m.

PARKS AND RECREATION ADVISORY COMMITTEE

Acts in an advisory capacity to Council. The committee is comprised of six members of the community and two Leduc County Council members.

- **Positions available:** three (one each from Leduc, Thorsby and Warburg)
- **Term:** two years ending Dec. 31, 2023
- **Meeting frequency:** four times per year on Wednesdays commencing at 6:30 p.m.

EDMONTON INTERNATIONAL AIRPORT (EIA) NOISE ADVISORY COMMITTEE

The Noise Advisory Committee is managed by the Edmonton Regional Airports Authority for the purpose of reviewing complaints related to aircraft noise. The committee is comprised of members from adjacent and nearby municipalities, Transport Canada, NAV Canada, airline representative(s) and Edmonton Airports.

- **Position available:** one
- **Term:** two years ending Dec. 31, 2023
- **Meeting frequency:** as needed

If you are a Leduc County resident and have an interest in serving on any of these committees/boards, submit your resume via email or mail by **Feb. 22 at 4:30 p.m. to:**

JOYCE GAVAN, Legislative Coordinator
780-770-9259
joyceg@leduc-county.com
101, 1101 5 St.
Nisku, AB T9E 2X3

Wilf Brandt Trucking Ltd. is seeking Class 1 & Class 3 Tank Truck Drivers, for Year-Round Production Fluid Hauling in the Warburg, Thorsby, Leduc, Rimbey and Drayton Valley areas.

Current Oilfield Safety Tickets are a definite asset and willingness to work shift cycle a must.

Successful candidates can expect year-round work, benefit package and excellent wages.

Pre-Employment Screening is a pre-requisite to hire.

Please email resume along with a current drivers abstract to resumeswb@gmail.com

Warburg Village Market

It's February the border between winter and spring. The weather can be a little crazy...this might have something to do with the fact that we get our information from a groundhog, or maybe it's just the crazy Alberta weather in general!

No matter what the weather you always get our best at Warburg Village Market. Check our flyer posted on Facebook or in the store, weekly specials, and great value!

For all your comfort foods, fresh fruit and vegetables, party favorites, beverages of all kinds. Come in today! Try our fresh; made in store, sandwiches, they're great! Finish with a coffee and cookie baked in store as well. We are a hidden jewel for lunch. Thank you for your support!

WE'RE OPEN FOR YOUR CONVENIENCE

Warburg Public Library

Update

Warburg Library has been offering a **fundraiser, Pixie bags**, there are a limited supply left. If anyone is interested there is a workshop Saturday February 19, 12:30pm to 2:30pm, the cost is \$15.00 per person, this includes the supplies for making the pixie bag and the supplies to complete and make it unique, this is dyes and leather stamps. please call 780-848-2391 to register.

I have ordered **93 plus new early readers** and these have started coming in! Patrons with a trac card can come to WPL or order on tracpac to borrow these books for your young reader.

LIFTING OF PUBLIC HEALTH RESTRICTIONS

Libraries are no longer subject to capacity restrictions. Mandatory masking for children under 12 are no longer required as of February 14th under the Provincial mandate. Other measures, including the Provincial masking requirement and work-from-home order, remain in place and are targeted to be lifted March 1st if current trends continue.

CREATING ACCESSIBLE CHILDCARE IN RURAL COMMUNITIES

by Leduc-Strathcona Services for Children

Leduc-Strathcona Services for Children is a family day home agency that oversees the screening, approval and monitoring of family day homes located in Strathcona County, Edmonton, and Leduc County including Calmar, Thorsby, Beaumont and Devon. We strive to stay up to date with the most current curriculum and implement the best practices in the early childhood field by offering continuing education and training options for our educators on a monthly basis.

We are honored to share that last spring we were the recipients of a space creation program that aids to support in the creation of quality childcare spaces. Our goal is to create more accessible childcare in rural communities where we find that statistically childcare options are lacking. We would also like to see regulated, monitored overnight care spaces that would better support parents who are shift workers and first responders in the community. We understand that there is no cookie cutter model for childcare and that families have a wide array of requirements when it comes to finding suitable childcare that meets their needs and the needs of their children.

It is the inherent right of all children to have access to safe quality childcare that supports their growth, development, and emotional needs. Our goal is to ensure that children and parents have access to these childcare options regardless of their hours or work or their location of residence.

For more information contact Leduc Strathcona Services for Children 780-986-3993 or email to lsfc@shaw.ca

Inspirational Black Gold Educator receives ATA Science Council Award

**Dr. E. Ann Lukey
with her
ATA Science Council
Distinguished Service Award**

Black Gold School Division (BGSD) is pleased to share that one of our long-serving educators, Dr. E. Ann Lukey, has been honoured by her peers on the Alberta Teachers' Association (ATA) Science Council with a Distinguished Service Award, in recognition of her broad and extended contributions to science education in Alberta.

The ATA Science Council is an organization operated by science teachers for science teachers, to promote, support and enhance the teaching of science in Alberta schools.

Dr. Lukey has had a nearly-two decade-long career with BGSD, having taught at Ecole Secondaire Beaumont Composite High School, Warburg School, and Leduc Composite High School. Currently, she is on secondment to Alberta

Education, where she is part of a team drafting senior high school science education policy.

"It was quite a surprise," said Dr. Lukey. "It's so nice to get good news during these dismal Covid times. I was pleased to share the announcement with my colleagues at Black Gold, as they have supported me and allowed me to do so many great things for students over the years."

"During my career I have had the privilege of teaching amazing students, had opportunities to collaborate with wonderful teachers, school administrators, support staff and parents, and help further science education by including teachers' voices in the process," she said.

Over the years, Dr. Lukey has valued working closely with senior high students who are contemplating their careers after high school, encouraging them to explore

the many post-secondary possibilities available to them. She has presented students with opportunities to go on field trips, listen to guest speakers and assisted them with competitions, scholarships, and job placement programs such as Women In Scholarship, Engineering, Science and Technology at the University of Alberta, and other non-governmental organizations.

In addition, she has mentored 13 student teachers on their high school practicums at Black Gold schools through the University of Alberta.

"I am particularly happy that over the years some of my biology and sciences students have gone on to become veterinarians," said Dr. Lukey. "In fact, my students inspired me to go back to school to take veterinary medicine, something that I always wanted to do as a kid. They gave me the courage to change it up, take a risk, and try out something new."

In 2005, Ann took a leave from teaching and headed back to university. She earned her Doctor of Veterinary Medicine degree from the University of Saskatchewan, and eventually returned to full time teaching with Black Gold.

"Teaching helped me to get to vet school, and vet school helps my teaching," said Dr. Lukey. She continues to practice veterinary medicine during breaks in the school year.

Whenever she gets a chance, Dr. Lukey encourages those around her to seize the day. "Don't be afraid to try something new or different, or take advantage of an opportunity that comes your way, because it may not be there in the future," she said.

"On behalf of the Black Gold School Division, I want to extend my heartiest congratulations to Dr. Lukey on achieving this pinnacle of excellence," said BGSD Superintendent of Schools Bill Romanchuk. "On a personal note, I have known Ann for a long time - we taught Biology together in Beaumont. Her students held her in the highest regard."

"I know her to be a dedicated and inspirational educator and collaborative professional," he said. "She is not afraid to take on new challenges and inspires others to do the same. She is certainly most deserving of this award."

LETTER TO THE EDITOR

When I was younger I believed that if you were in government you must of had some kind of experience in leadership or running a business, just something that would qualify you to lead a province or a country. Getting into municipal politics I learned you need to know nothing about anything. It is a job where if you are the flavor of the month you get elected.

I introduced the change in the bylaw so the villagers voted for the mayor and not the council. I wanted to know if what I had accomplished with the help of council in the 8 years I served the village meant anything to the majority or if they would vote for someone that they knew. I thank the ones that voted for me and the ones that didn't. After being removed it made me realize how many hours I was actually spending at the village office.

It's the only part time job that I know where you get paid what the guy that was just fired made and you may have had no job experience of any kind. Also you get to set your own wage and toss out everything previous council or government put in motion. There are many examples of this at all levels. Leduc county cut taxes which did very little to the average tax payer but cost 5 million less revenue for them to make up. Which they tried to pass down to the smaller communities by lowering their cost sharing agreements and raising the amount for the smaller municipalities. This is unjustified considering that the majority of the population that use the village rec facility's come from the county. Back to setting wages while lowering taxes they gave themselves a \$729.00 a month raise. The previous mayor made \$70,000.00 in 2016 and the current mayor made \$105,000.00 in 2020. I'm sure they never gave the feet on the ground that kind of raise.

I'm writing this because I always believed that the government worked for the people, but I sat in many meetings my last year where the biggest concern was how they were going to get reelected, not what they were going to do to better their community in the next four years. The last three weeks I have seen so much of this with the provincial and federal politicians, trying to get back to being the flavor of the month.

When the government was putting restrictions on small businesses the large box stores have made record profits. In the beginning of the pandemic when we knew nothing about covid I agree we needed restrictions, but once the data showed that the majority dying was our seniors with other medical problems. I believe with the vaccine being administered restrictions should of been lifted. If the politicians believe in the science and the vaccine reduces symptoms, and reduces the death rate, then why do we need the restrictions. Omicron proved that even with an 80% + vaccination rate and restrictions that it infected more people than any other variant with less deaths. We need to learn to live with covid it's not going away.

My biggest concern with our current governments is how they are treating the peaceful protesters across Canada. When the government was destroying small businesses it was fine. When the truckers stepped in to get our rights back they have been called multiple names and the main stream media has been pushing that agenda. I'm glad Independent news media along with many other countries news outlets, showing the

other side of the story over the internet, have shown us what's really happening on the ground. When the protestors slowed traffic at the border and it is costing big business money it has become a state of emergency, but the governments have no problem crushing small business for the last two years. They have changed laws and taken the money that people have donated to this cause. Shows me that the government has misused its power and if they can do this to this group of thousands of people. What can they do to each of us as individuals.

The government and the banks have taken money from personal accounts and the R.C.M.P. in Alberta have caused thousands of dollars of damage to excavators on private land because they thought they may be used at the Coutts border. When the R.C.M.P. break the law to enforce the law are we headed to a policed state? The federal government are also tracking 30 million cell phones in the name of science and public health. They have financed Main Street media to print their propaganda and agenda. I remember when media use to print both sides and allowed the public to make up their own mind.

Our federal government has called the working class multiple names and a small minority. Recent poles have showed different results 54% of the people want the mandates removed. If it was a small fringe group then why is the federal government now implementing the Emergency Act which was the old War Measures Act which his father used. If you believe that we have not lost our freedom and our privacy and the federal government succeeds we are now in the first phase of a socialist run country. Two ways to become a communist country bring a large army or go to a socialist government first and then transition to communism. Once the majority of the population is being paid by the government it is easy to become a socialist government. What percentage of the population was on Cerb and still on Cerb?

Growing up I could not understand how Hitler convinced one part of the population to turn on another part of their population. His communication officer said to convince the majority you tell a lie, tell it often, and tell it loud. He accomplished this by controlling what the population heard on a daily basis. He made sure every house had a radio free of charge so he could push his propaganda. Our governments control main stream media to push their propaganda. Thankfully we have independent news media and social media which broadcasts other countries so we can hear an outside view away from our government and hear both sides.

If they were following the science and not using covid as a way to control the public we would be following the lead of thirty plus countries that have dropped all restrictions. If you wish to have back your rights and freedoms then contact your government. You can start at the local level they have contacts that you don't have, email, phone, or text and find out where they stand.

I know there will be people that disagree with me, but as an adult I can disagree and discuss open dialogue and still remain friends.

Kevin Maine

NOTICE OF PUBLIC HEARING Adopt an Alternate Advertising Bylaw

Tuesday, March 8 at 1:15 p.m.

Leduc County is proposing to adopt a bylaw establishing an alternate method for communicating information required under section 606 of the *Municipal Government Act (MGA)*.

Under section 606 of the MGA, a council must give notice of certain bylaws, resolutions, meetings, public hearings or other things by advertising in a newspaper or other publication circulating in the area, mailing or delivering a notice to every residence in the affected area, or by another method provided for in a bylaw under section 606(1).

Section 606(1) stipulates that a council may, by bylaw, provide for one or more methods, which may include electronic means, to communicate proposed bylaws, resolutions, meetings, public hearings and other things referred to in section 606.

Leduc County is proposing the information be communicated electronically on the County's website, in addition to any other method deemed appropriate by administration.

Details of the proposed bylaw can be found on the County's website at www.leduc-county.com/alternate-advertising.

Information can also be requested by contacting **Renee Klimosko**, General Manager, Financial and Corporate Services at **780-979-6191** or renee@leduc-county.com.

A public hearing for the proposed bylaw will be held at the Leduc County regular council meeting on **Tuesday, March 8, 2022 at 1:15 p.m.** Written or oral submissions can be made by any person who claims to be affected, or from any other person council agrees to hear from.

If you want to speak at the public hearing, please **pre-register by Tuesday, March 1, 2022 at 4:30 p.m.** You can pre-register online at www.leduc-county.com/alternate-advertising or by calling 780-955-4560 or emailing lynn@leduc-county.com.

To view the public hearing online, visit www.leduc-county.com.

Comments relating to the proposed Alternate Advertising Bylaw can be submitted at www.leduc-county.com/alternate-advertising, to communications@leduc-county.com, by mail to 101-1101 5 Street, Nisku, AB T9E 2X3, or by fax to 780-955-8866. **Please submit comments by Tuesday, March 1, 2022 at 4:30 p.m.**

The MGA states that this bylaw may be petitioned to Council. If you wish to file a petition, or to learn more about how to file a petition, please visit www.leduc-county.com/alternate-advertising or contact us at 780-955-4560.

If you make a written submission, the information you provide may be made public, subject to the provisions of the *Freedom of Information and Protection of Privacy Act*.

The Bible Truth Page

God's Special Forces Unit

In the previous article (Who is in Control?), I proved with scripture that Adam gave Satan control and authority on earth. I also pointed out that Jesus defeated the devil, and that Jesus now has all authority in heaven and on earth. Unfortunately for us, Satan is still here. He is defeated and no longer has authority but is still seeking whom he may devour. **"Be sober and watchful, because your adversary the devil walks around as a roaring lion, seeking whom he may devour"** (Modern English Version 1 Peter 5:8). Notice that it says, "seeking whom he may devour". Satan is not able to devour whomever he wants. Although he is still here, he is limited in whom he can devour and what he can do. He is like a criminal that is running loose. He is still doing damage because he has the ability, but he is no longer the ruler. Now he is just a renegade.

So why does God allow him to continue devouring people? Well God has designated and equipped a special force here on earth, to stop the devil and his buddies. The problem is not God. The problem is that the special forces unit is not doing its job!! While Jesus was here, He trained and equipped His followers to deal with the devil. **"How God anointed Jesus of Nazareth with the Holy Spirit and with power, who went about doing good and healing all who were oppressed by the devil, for God was with Him" (Acts 10:38). Jesus healed "all who were oppressed by the devil", and in the process He trained His disciples to do the same. Also notice that healing sick people is a good thing, and making people sick is oppression of the devil. Here is one example of Jesus training His disciples to heal the sick: "As you go, preach, saying, 'The kingdom of heaven is at hand.' Heal the sick, cleanse the lepers, raise the dead, and cast out demons. Freely you have received, freely give" (Matt. 10:7-8). Here is another excellent example: "Then He called His twelve disciples together and gave them power and authority over all demons and to cure diseases. [2] And He sent them to preach the kingdom of God and to heal the sick. [6] So they departed and went through the towns, preaching the gospel and healing everywhere" (Luke 9:1-2,6).** So there it is; Jesus gave them power over the devil and then He commanded them to go use it to set people free. First He demonstrated, then He equipped and sent them out. That is training!!

After Jesus was raised from the dead, having completed and finalized the defeat of the devil, He gave instructions to His disciples. **"He said to them, "Go into all the world, and preach the gospel to every creature. He who believes and is baptized will be saved. But he who does not believe will be condemned. These signs will accompany those who believe: In My name they will cast out demons; they will speak with new tongues; they will take up serpents; if they drink any deadly thing, it will not hurt them; they will lay hands on the sick, and they will recover." After the Lord had spoken to them, He was received up into heaven and sat at the right hand of God. Then they went forth and preached everywhere, the Lord working with them and confirming the word through the accompanying signs. Amen" (Mark 16:15-20).** That is dominion over Satan!! Here is another instruction that Jesus gave after He was raised from the dead. **"Then Jesus came and spoke to them, saying, 'All authority has been given to Me in heaven and on earth. Go therefore and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, teaching them to observe all things I have commanded you. And remember, I am with you always, even to the end of the age.' Amen" (Matt. 28:18-20).** So there it is. Jesus taught His disciples to exercise dominion over the devil and then He commanded them to go and teach others to do the same. Jesus' plan and the provision of the Father was then, and still is today, for His followers to continue making disciples and "healing all who are oppressed of the devil", for God is with us. Jesus told believers to go! We are His special forces unit!
