Secure your cargo

As a driver, you are responsible for making sure the cargo you are carrying is secured to your vehicle.

- ▶ Use tie-down straps to properly secure objects.
- ▶ Place light objects lower in the container instead of on the top, to prevent them from exiting the container.
- ▶ Tie large items, like mattresses and construction equipment, directly to your vehicle with appropriate tie-down straps.
- ▶ Put loose items, like garbage and yard waste, in a covered container so they are easier to secure.
- ▶ Attach a safety flag to any items that extend beyond the back of your vehicle so they are more visible to other motorists.
- ▶ Place a tarp over loose items or those that billow in the wind to ensure they don't fall from your vehicle.
- ▶ If you are transporting earth, sand, gravel or other loose material, it must be at least 75 millimetres below the top of the container or your truck's box, and must be completely covered at all times.

2022 ANNUAL THORSBY HAYMAKER RODEO

Howdy Folks!

The Thorsby Haymaker Rodeo Association would like to take this time to invite you and your company to participate as a sponsor in the upcoming Thorsby Haymaker Rodeo that will be held on May 21st & 22nd, 2022.

Our energetic committee has been working hard behind the scenes to coordinate the contractor, the cowboys, and the stock to provide you with yet another exciting rodeo! Without the help of our volunteers and sponsor support, our May long-weekend Rodeo would not be what it is today.

We ask that you take the time to peruse the attached Sponsorship Selections sheet. If there is no selection which meets your needs, please contact us.

If you have chosen to become a sponsor, your company name will appear in our Rodeo program, around the inside of the arena and will be announced throughout the Rodeo weekend.

We would like to thank you for taking the time to participate in our rodeo, both in sponsorship and support!

Sincerely,

Thorsby Ag Society

TOWN OF THORSBY Council Meeting Notes

By Carol Rempel

Committee of the Whole - March 22, 2022

Light at the School Crossing

There was some discussion with our MLA Mark Smith regarding the signalization at the School Crossing on Secondary 778. The Provincial Government is reluctant to work on it currently as there is a whole Provincial plan in the works. The council has directed the Mayor and Administration to inform the Black Gold staff of the current state.

Public Works Presentation by Andrew Kearley

Andrew Kearley presented a draft budget for Public Works. Many costs are unknown, but he presented what he thought were the most cost-effective decisions for the Town of Thorsby.

Donna Tona, Interim CAO

"Council requires time to deliberate the budget as a whole and to have time to consider all the figures before the final deliberation and passage of the Budget and the passage of the Tax Bylaw. As well, the Administration is proposing 2 meetings per month starting in May to facilitate work schedules and to make sure the agendas are substantive."

Thorsby Hotel Delegation - Special Event

Deepak Nair from the Thorsby Hotel made a presentation regarding a Motorcycle Event proposal in the summertime. Thorsby Hotel and Lone Wolf Mechanical have joined forces and would like to host this event for approximately 500 motorcyclists. They have proposed a 3 day event which includes a show and shine, pancake breakfast, live music, food vendors, and a satellite bar. It will be a fundraiser, yet to be determined and will be a family event.

The council had concerns about the logistics, security, lodging, policing, AHS, AGLC, permits, and licensing. More discussions will be held before a council decision will be made. Possibly a new by-law as well.

HAS YOUR DOG TURNED YOUR YARD INTO A MINEFIELD?

Think about your yard. It's almost spring! You're excited to get in the yard. You go out in the back yard and cue the dreaded music.... Your dog has turned your yard into a mine field over the winter!

Here are some facts about DOG POOP. Did you know?

- Dog Poop Is Not Fertilizer
- It's an Environmental Pollutant
- It Carries Diseases
- It Can Overwhelm the Ecosystem
- It Smells Bad – and You're Neighbours are complaining

How to Clean Dog Poop From Grass

For messier deposits, such as loose stool or dog diarrhea, one suggestion is using compressed air to freeze the stool before picking it up. You could also sprinkle a small amount of clumping cat litter on top of the poop, which will make it easier to get it all. Another recommendation is following up by spraying the spot with a commercial disinfectant to kill any bacteria or viruses that might get left behind — make sure to use one that is not harmful to your dog or keep them away from the area while it does its job. And be sure to wash your hands thoroughly with soap and water if there's any chance you've come into direct contact with animal feces.

As always, the Town of Thorsby has information for you. Please call our Bylaw Officer Barry for further information.

LEDUC COUNTY MEETINGS NOTES

Please note that these notes are not an official record of Council meetings; official minutes are posted online once approved by Council.

March 8, 2022

Public presentation

David DeBruin and Richard Haas, with Voltarix Group, provided a public presentation related to the Creekside Solar Project located south of Calmar near the intersection of Township Road 494 and Range Road 271. As part of their presentation, David and Richard requested the following information be provided from Leduc County to Voltarix by March 31:

- A copy of the documentation where a Leduc County vote was taken in opposition of this project.
- A copy of the documentation where the Mayor was authorized to speak on behalf of the County.
- Requested Council to discuss the necessity of another meeting with Voltarix, and provide a date and agenda for an in-camera meeting, if requested.

Deputy Mayor Smith thanked the presenters and advised that administration would respond to their request.

Sponsorship request – Canadian Energy Museum

In June, it is the 75 anniversary of the Leduc #1 oil discovery. An anniversary event will take place on June 18 at the Canadian Energy Museum. A sponsorship request was submitted to Leduc County for event support. The sponsorship and grants committee reviewed the request and recommended a sponsorship of \$5,000.

Council approved the sponsorship request.

Public hearing: Alternate Advertising Bylaw 22-21 (second and third readings)

A public hearing was held at 1:15 p.m. for the Alternate Advertising Bylaw.

A report was provided by administration that shared the following information:

- On Dec. 14, 2021 Council provided first reading to the bylaw.
- The public hearing was originally scheduled for Feb. 8, but was deferred to March 8 to allow for a second round of public participation due to an omission in the

January advertisements.

- In October 2017, the Municipal Government Act (MGA) [s. 606(1)] was amended to allow municipalities' flexibility on mandated communication to residences by allowing for alternate advertising methods to meet local needs. This flexibility with notification methods allows for current and future technologies and allows municipalities to adapt their communication to meet local requirements.
- The introduction of this bylaw will ensure that posting to the County website is authorized as a method of official notification.

Next, registered speaker Karen Neilson provided a statement in opposition to the bylaw. Karen also submitted an additional letter from Michelle Mitchell for the record.

Next, registered speaker Kevin Neilson provided a statement in opposition to the bylaw.

Afterwards, staff member Renee Klimosko read into the record the letter submitted from Michelle Mitchell, which stated her opposition to the bylaw.

The public hearing concluded at 1:42 p.m.

Bylaw 22-21: Alternate Advertising

Bylaw 22-21 was given second and third readings.

Business Retention and Expansion (BRE) Feasibility Study project funding request

A recommendation was made for Council to approve funding for the BRE program and Business Retention Centre (BRC) facility pilot project in the amount of \$89,000 in 2022 and \$526,000 in 2023, for a total of \$615,000. This funding would extend the timeline of the project from one year to two years.

The funds would come from the special purpose operating reserve and administration will pursue additional grant opportunities to offset the draw from the reserve.

Council approved the funding request.

JUST ANOTHER SATURDAY IN THORSBY....

The Pancake Breakfast put on by the Thorsby Historical Society was a huge success! They even had a band playing while we ate! Thank you volunteers & community for supporting our community!

Jim Hepler played guitar at the Thorsby Municipal Library while we checked out some of the beautiful art by local artist DJ King. King's art will be at the Thorsby Municipal Library until April 13.

Over 35 local vendors were at the CL Country Market in the Fieldhouse.

The Alberta Broomball Association Jamboree was held at the Arctic Spas Recreation Centre. Approximately 60 players from all over Alberta came out to play. President Greg Mastervick (pictured right) from St. Albert and Vice President Brian Gouthreau (Pictured left) from Lethbridge traveled to Thorsby to volunteer.

TIPS From TOPS! From P. Elson

Our meetings are designed to encourage weight loss, maintenance, to educate and to provide support. New members are welcome to attend a meeting with no obligation. Meetings are held at the Thorsby Senior's Centre on Monday mornings with weigh in from 9am to 9:15am and the meeting following from 9:15am to 9:45am. There is an annual fee to TOPS International of \$49 and a monthly fee to the Thorsby Chapter #1694 of \$5. The first month chapter fees are free. Phone Jane at 780-789-3789 or Elaine at 780-221-3939 for more info.

Tips to Stay on Track (Now that 2022 is No Longer the 'New Year')

Sticking to well-ness goals often goes quite well for the first few weeks of a new year. But it's also equally common to start feeling less motivated as February gets underway. Take this proactive approach for staying on track over the weeks ahead:

- Remember that food affects mood. So avoid the trap of emotional eating as a short-term distraction from boredom, sadness and stress.
- Challenge yourself to make a new recipe each week. I personally like finding new breakfast or brunch foods to test out. (Sweet potato toast is one currently on my "must try" list.)
- See if you can commit to 15 minutes of active movement time daily for five to seven days in a row. Once you've done that for two weeks, bump up the time frame to 20 minutes. Then gradually keep adding five minutes every two to three weeks until you get past the 30 minute mark. And if you miss a day, no biggie! Simply start back over from the beginning. The real objective is training yourself to be consistent in regard to how, and when, you exercise by encouraging you to find activities that

actually work in your normal schedule - making it more likely that you'll stick with a new routine long-term.

Focusing on the parts of the well-ness journey you most enjoy is a much more effective - and positive - outlook rather than solely dwelling on how far you still have to go. And be proud of yourself for not giving up on the resolutions you set at the beginning of this year. I'll be sending you a virtual "high five" too.

The Bible Truth Page

The Word of God

The Word of God, which can be found written in the Bible, is not just an old story. The Word of God is alive and powerful. It is the Word of Life. The Word of God is truth, so it can't be changed, nor does it need to change. The heavens and the earth were created by the spoken Word of God, and they remain to this day. God said, "Let there be light," and there was light and there is still light to this day. The Word of God is forever settled and established in heaven, and it lives and abides forever. The Words of God are Spirit, and they are life. The Word of God is a sword in the realm of the spirit. The Word of God is life and health to all your flesh. They that hear, believe, and do the Word of God are blessed in their spirit, soul, and body forever. It works effectively and lives in those who believe it. The Word of God does what He sent it out to do. God has exalted His Word above His name. The Word of God is Jesus Christ. **In the beginning was the Word, and the Word was with God, and the Word was God. He was in the beginning with God. All things were created through Him, and without Him nothing was created that was created. In Him was life, and the life was the light of mankind** (*Modern English Version* John 1:1-4).

For the word of God is alive, and active, and sharper than any two-edged sword, piercing even to the division of soul and spirit, of joints and marrow, and able to judge the thoughts and intents of the heart (Heb. 4:12). **That which was from the beginning, which we have heard, which we have seen with our eyes, which we have looked upon, and our hands have touched, concerning the Word of life-- the life was revealed, and we have seen it and testify to it, and announce to you the eternal life, which was with the Father and was revealed to us** (1 John 1:1-2). Jesus said to God, "Sanctify them by Your truth. Your word is truth" (John 17:17). Jesus said, "The scripture cannot be broken" (John 10:35). **By faith we understand that the universe was framed by the word of God, so that things that are seen were not made out of things which are visible** (Heb. 11:3). God said, "Let there be light," and there was light (Gen. 1:3). **Forever, O LORD, Your word is established in heaven** (Psalm 119:89). **For you have been born again, not from perishable seed, but imperishable, through the word of God which lives and abides forever** (1 Peter 1:23). **It is the Spirit who gives life. The flesh profits nothing. The words that I speak to you are spirit and are life** (John 6:63). **Take the helmet of salvation and the sword of the Spirit, which is the word of God** (Eph. 6:17). **For they are life to those who find them, and health to all their body** (Prov. 4:22). **But He said, "Indeed, blessed are those who hear the word of God and keep it"** (Luke 11:28). **For this reason we thank God without ceasing because, when you received the word of God, which you heard from us, you received it not as the word of men, but as it truly is, the word of God, which effectively works also in you who believe** (1 Thes. 2:13). **I have written to you, fathers, because you have known Him who is from the beginning. I have written to you, young men, because you are strong, and the word of God lives in you, and you have overcome the evil one** (1 John 2:14). **So shall My word be that goes forth from My mouth; it shall not return to Me void, but it shall accomplish that which I please, and it shall prosper in the thing for which I sent it** (Isa. 55:11). **I will worship toward Your holy temple, and praise Your name for Your lovingkindness and for Your truth; for You have exalted Your word above all Your name** (Psalm 138:2). **He is clothed with a robe dipped in blood. His name is called The Word of God** (Rev. 19:13). The Word of God never gets old or out of date. It is essential that we read His Word every day, "For length of days and long life and peace will they add to you" (Prov. 3:2).

LETTERS TO THE EDITOR

Follow the science,

We've all heard it over and over again, especially through the mouth of our politicians.

It makes us think of busy white robed men and women in laboratories, checking the contents of glass containers, writing down data and facts. Looking through microscopes to define the mysteries of life. They find cures for illnesses or at least treatments, they find out the best rubber for our tires, summer and winter. With our modern metals, the Titanic would still be with us, the hull would have dented and not ripped. It is really experimentation and observation, monitoring closely the result of the new invention. All around, they make life better, more comfortable and safe. Good for those. Other scientists work on the most effective bombs, Zyklon-B gas, as used in the chambers of Auschwitz, and further on to advance different biological and chemical weapons, and other war related paraphernalia, a lucrative business indeed. I wouldn't be surprised that that is the reason the east likes to buy oil from the middle-east, in return they now buy stuff from them. Alberta would only buy skidoo's. Also history is pulled into the realm of science. This is an area a bit like math, math is clear cut, $2+2=4$, nothing else. It gives a collection of facts, how do you interpret fossils, ruins, sedimentary rock, etc., even though history shows facts, there is mostly nobody around to ask about that long bygone time, we depend on written documents. Stone tablets go back around 4000 years. Scientists are able to translate the age old Sumerian script and Egyptian Hieroglyphics into proper English.

Other scientists find out that cells in living matter are immensely complex and to be honest cannot come to any other conclusion than that there is intelligent design in all of nature. The only problem is; this is not the narrative, which is billions of years of survival of the fittest. From mud and lightning to primitive fish, salamanders, mice followed by Apes and at last Homo-Sapiens, Humans. Conveniently forgetting where the division between male and female occurred, (which is quite necessary for reproduction in plant, animal and human life). This kind of science is called pseudo-science. It has no relation to reality, it is theory, speculation and assumption. Imagine, our smart-phone the result of an explosion?

The facts of our history are safely hidden in the archives of the Bodleian Library; Oxford UK. Known as the "Tysilio Chronicle". In it is the written lineage of some of the British and Scandinavian Royalty going all the way back to Japhet the son of Noah, whose Art is still with us lodged in the eternal ice on mount Ararat in Turkey. ("After the Flood" by Bill Cooper B.A.) There is much more to say about all that, but for now all I want to say is; we must take science with tongue in cheek at times and

certainly when it comes to "invisible" viruses. They do and say what their paymasters want them to say. They are normal men and women, with the same ambitions, passions and beliefs as all of us, and not necessarily filled with integrity or honesty because of their white garb.

Fritz Luten

Laurie's Laughs

Did you know?

People who are late are often happier than those who have to wait for them.

If cats worked in shops . . .

The most terrifying moment in life is when the toilet refuses to flush at someone else's house

I replaced my litter box with a FedEx box, now when it's full I just tape it shut and put it on my porch for someone to steal.
