

# THE BRETON BOOSTER

## PUBLIC SERVICE ANNOUNCEMENTS

### ONGOING CONCERNS IN LOCAL HEALTHCARE

There are ongoing concerns within the Breton and Drayton Valley communities from elected officials and residents alike about staffing and recruitment challenges that have impacted other services. The Drayton Valley Hospital for example continues to have five acute care beds closed due to staffing and recently had temporarily paused endoscopy services in order to redeploy staff to other areas. While Medical Affairs has secured two new physician recruits, there continues to be concern about a "shortfall" in local healthcare services.

### TEMPORARY ACCESS CHANGES TO COMMUNITY LAB SERVICES IN DRAYTON VALLEY AND BRETON DUE TO STAFF SHORTAGES

The laboratory at the Drayton Valley Hospital as well as the collection lab in Breton are experiencing staffing shortages due to multiple staff on medical leave. Effective immediately, walk-in appointments have been temporarily suspended at both lab locations.

All community patients requiring lab collections like blood work must make an appointment to do so. Previously booked appointments and urgent requisitions from physician clinics are not impacted. Mobile lab collections will also continue for continuing care residents in Breton.

These changes will remain in place until early September when staffing levels are expected to stabilize.

Additionally, there may be temporary reductions in the hours of operation at the lab in Breton, depending on available staffing. These reductions will be mitigated to

the fullest extent possible and one day of lab service will continue to be preserved each week until staffing challenges are resolved. Any patients with previously booked lab appointments that are impacted by staffing availability will be contacted directly to rebook at the soonest opportunity.

Lab appointments can be booked using the website [www.aplappointments.ca](http://www.aplappointments.ca) or by calling the Alberta Precision Laboratories appointment line 1-833-572-0577. Patients requiring heart rhythm monitoring using the Holter device must be booked directly with the lab in Breton by calling 780-696-4708.

At this time lab appointments are available within 2 to 7 days, depending on the nature of the collection needed, at both locations. These changes are only affecting lab collection services. Laboratory testing that is conducted in Drayton Valley is not impacted and will continue.

Alberta Precision Laboratories and AHS continue to actively recruit for additional laboratory staff at both locations.

### MOBILE MAMMOGRAPHY SERVICE TO VISIT BRETON

Women ages 50 to 74 – the group most at risk of developing breast cancer – will have local access to mammography services this month when Alberta Health Services' Screen Test program visits Breton.

A mobile mammography trailer will be stationed at Breton Continuing Care Centre, located at 4919 49 Avenue on August 12 and 13.

Residents can book an appointment or learn more about the program by calling toll-free 1-800-667-0604.

A mammogram is an X-ray of the breast and has proven to be the most effective way to detect breast cancer. Early detection allows for a greater number of options for treatment and a better chance of survival.

Visit [www.screeningforlife.ca/screentest](http://www.screeningforlife.ca/screentest) for a complete listing of Screen Test mobile sites.

### **Counselling Subsidies**

**Breton and Area FCSS is pleased to offer Counselling Subsidies.**

A subsidy is available for individuals, couples and/or families who are struggling with common, everyday issues to access short-term preventative counselling services. The goal is to:

- Improve relationships with better communication and conflict resolution skills;
- Improve mood with anger management and emotional support;
- Enhance personal growth with creativity, spirituality, self-esteem, self-awareness, goal setting;
- Improve parenting skills by focusing on attachment;
- Reduce stress with life balance; and/or
- Learn new skills and behaviors

The cost of counselling can be a barrier for many individuals and families. This subsidy is available to those who do not have access to coverage through health benefits or employee benefits, such as an Employee Assistance Plan (EAP), and whose family income is less than \$75,000 per year. Fees are determined according to a sliding scale based on income and family size. Fees range from \$15 per session to \$50 per session. The maximum number of sessions available is seven for individuals and nine for couples or families.

Counselling services are provided through a partnership with Karunia Counselling from Leduc.

We know that in this current environment many may have additional stress and anxiety. We also know that transportation may be an added barrier. These sessions can be arranged to be in person in the Karunia offices in Leduc, over the phone in your own safe environment or virtually on your computer.

To apply for the subsidy services, application forms are available through the Breton FCSS Office at 4916 50th Avenue or by contacting them at fcss@breton.ca or calling 780-696-3636.

**ALL APPLICATIONS ARE STRICTLY CONFIDENTIAL.**

**Greetings from  
Breton Elks Lodge #402**

Well, hello everyone, although I was not planning any stories until September this summer is turning into a busy season but that is not all bad.

Back in 2004 Breton Elks decided to establish a Patrol Team. This consists of members getting together to dress in some sort of uniform that is separate from normal wear for regular meetings. The purpose of a Patrol Team is to add color to installation ceremonies and upon occasion to initiation ceremonies. These occasions are usually accompanied with music to add a little more flare.

This past July the Sherwood Park Elks Lodge invited Breton Patrol Team members to provide their talent at the National Convention. This also gave our Patrol Team members the opportunity to assist with the installation of one of our own. Brother Don Gillis was installed as Grand Leading Knight or in everyday terms Vice President of Grand Lodge. This was a first time experience for Breton Members to be involved with Grand Lodge installations. Congratulations on a job so well done.

# Soul Care

Poland Reflections 4/10

My first glance at the group of people who were getting off the bus...was their clothing. They wore very colourful clothing, shiny and a bit different than what I

have been noticing. Right away what I noticed is that they stood out...or apart...they were a bit different. There were many women and children clinging together and all navigated towards the table of goodies. I noticed they had bags and started to fill up the bags, then they filled up some more. They came to my table and asked a few questions about what we had and who could take the items. I shared that we had items for moms and babies and if they needed something they are more than welcome to take the items. They took everything. They were so present and engaged that I did not notice that they had come back and even took the baskets! I was a bit surprised and then my partner who was working with me that morning shared with me that the people who just came through are Ukrainian gypsies. Well...I was intrigued...who are these beautiful people who seemed to be so colourful and fully present when you meet them.

My friend who is from Ukraine shared with me that I have just encountered The Romani people (Roma) who originated from Northern India and migrated as a group. She went on to share that Romani people face persistent prejudice and discrimination in Ukraine and before the Russian invasion, around 400,000 Roma in Ukraine continue to live in poverty and have lack of access to employment, education, and health care. With a bit of more investigating I found out that during the 2022 invasion of Ukraine, Roma people suffered due to the lack of civil status documentation which held off their access to humanitarian assistance. Some sources report denying refugees access to European countries. They are often seen as less than in the community and a nuisance.

My friend shared with me that she knows Roma families and is friends with a Roma pastor who shares Jesus' truth and love with the community he lives with. Many Roma people resell items they buy in bulk to make money, busk, read tarot cards, dance in the streets...some live on their own yet many continue to live in community, and they all seek opportunities to create means of supporting their families.

I was reminded that day that many people all over the world continue to be discriminated against and set apart for whatever reason. It may be the way they look, the way they act, the way they speak or...you fill in the blank...all this leads people to do what they can to survive.

I wanted to get to know the beautiful people more. I wanted to go see where they lived and what they did for a living. I wanted to hear their songs and see them dance and I wanted to get to know their families.

It is only when we invest and allow ourselves to embrace other people's stories that we can start to set our differences aside and see and accept people for who they are. It is only then that we can meet people where they are at.

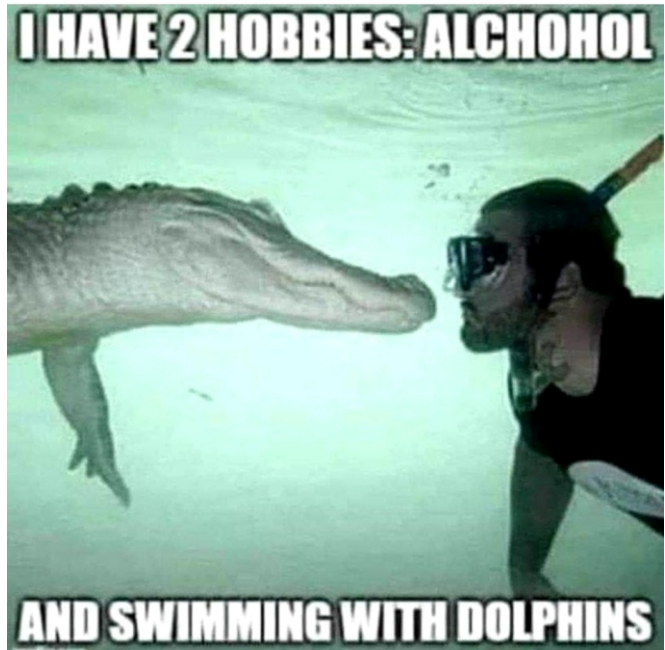

I want to do better, and I want to be that person who sets aside the differences and loves people as they are. I want to be able to learn from each other and love well. I never want to make anyone feel like they are a nuisance or be a part of someone's suffering. I want to do better.
