

THE BRETON BOOSTER

BRETON ELKS LODGE #402 by AL

Well hi again to everyone. Here is hoping your summer is going well. Business is proving to be active in the world of Elkdom.

Sometime in 2020 a request from Breton Long Term Care was received requesting financial assistance for the purpose of enhancing the comfort for residents. The project was identified and on July 21, 2022 manager Heather Mathews and Tena Turbo took possession of a \$5,000.00 donation from Breton Elks. This money is designated for the purchase of a person lift. This will assist staff when a resident requires assistance in getting out of bed or for other mobility reasons. This

cost is to be shared with Drayton Health Foundation.

NEW STEAM TABLE & DISH CADDY FOR BRETON COMMUNITY CENTRE

The Breton Royal Purple Elks donated steam table and dish caddy to the new Breton Community Centre.

Thank you to Mayor Tornack and Village council for the photo

**Roberta Lee Hatt (nee Robinson)
(Berta)**

April 2, 1951 – July 7, 2022

It is with heavy hearts that we announce the passing of our wife, mom, grandma, and friend Berta on July 7, 2022 at the Drayton Valley Hospital after a two year battle with cancer.

Berta will be forever loved and missed by Willie, her husband of fifty years, children Tara (Aaron) Mueller, Tanya (Paul) Grinder, Tyler Hatt, Teneil (Andrew) Robb and her grandchildren Hayden, Breelyn, Macie, Braxton, Easton, Langston, Benson and Sutton. She is also survived by her Mother-In-Law Eleanor Hatt, Brother-In-Law Ron (Edna) Hatt, Sister-In-Law Cathy Hatt, Sister-In-Law Brenda Hatt (Bill) and numerous nieces and nephews.

She will also be greatly missed by her sisters, Mary, Barb, Audrey, Carolyn, April, and Elaine, brothers, Ed and Jim and their families.

Berta was predeceased by her parents George and Evelyn Robinson and infant brother Dean, brother Bob, Sister-In-Law Louise Robinson, Brother-In-Law Alan Uhrig, Brother-In-Law Jim Fillion, Father-In-Law Ernie Hatt and Brother-In-Law Allen Hatt.

Berta's family was her greatest joy in life, especially her grandchildren whom she loved and cherished, enjoying spending time teaching them nursery rhymes and spoiling them and all the things a grandma does!

Everyone that knew Berta, knew she was an incredible giving person, always taking the time to help and care for those around her.

The family wishes to extend their gratitude to Dr. Ayotte and the staff at the Drayton Valley Hospital for the exceptional care and compassion given to Berta.

Cremation has taken place and no service will be held as per Berta's wishes.

The family invites you to join them at the Breton Community Hall
on August 6, 2022 from 1-4 pm for an informal afternoon to celebrate Berta.

*In lieu of flowers donations may be made to the Edmonton Down Syndrome Society or
the Stollery Children's Hospital.*

Counselling Subsidies

Breton and Area FCSS is pleased to offer Counselling Subsidies.

A subsidy is available for individuals, couples and/or families who are struggling with common, everyday issues to access short-term preventative counselling services. The goal is to:

- Improve relationships with better communication and conflict resolution skills;
- Improve mood with anger management and emotional support;
- Enhance personal growth with creativity, spirituality, self-esteem, self-awareness, goal setting;
- Improve parenting skills by focusing on attachment;
- Reduce stress with life balance; and/or
- Learn new skills and behaviors

The cost of counselling can be a barrier for many individuals and families. This subsidy is available to those who do not have access to coverage through health benefits or employee benefits, such as an Employee Assistance Plan (EAP), and whose family income is less than \$75,000 per year. Fees are determined according to a sliding scale based on income and family size. Fees range from \$15 per session to \$50 per session. The maximum number of sessions available is seven for individuals and nine for couples or families.

Counselling services are provided through a partnership with Karunia Counselling from Leduc.

We know that in this current environment many may have additional stress and anxiety. We also know that transportation may be an added barrier. These sessions can be arranged to be in person in the Karunia offices in Leduc, over the phone in your

own safe environment or virtually on your computer.

To apply for the subsidy services, application forms are available through the Breton FCSS Office at 4916 50th Avenue or by contacting them at fcss@breton.ca or calling 780-696-3636.

ALL APPLICATIONS ARE STRICTLY CONFIDENTIAL.

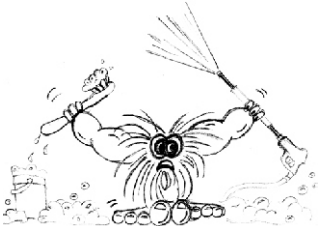

Breton and Area FCSS will be doing the intake of the applications. Counselling services are provided by Karunia Counselling by Registered Psychologists, Registered Provisional Psychologists, Canadian Certified Counsellors and Masters or PhD level student interns under the supervision of a qualified psychologist. All applications will be kept in strict confidence. Please contact us at 780-696-3636 or fcss@breton.ca for a application package or more information.

Save the Date – Thursday September 22 – Celebrating Breton

This evening will bring our community together to see all of the great business, non-profit and recreation opportunities. We invite any groups, home business or store front businesses to join us. There is no fee to participate, registration forms available from the Village office. Only one vendor from a company business will be accepted) i.e., Thirty-One Bags, Tupperware, Pampered Chef etc. Please contact us for more information or email fcss@breton.ca for a registration package.

“Make Hay While the Sun Shines”

Last week was busy for me, as the old adage goes you need to make hay while the sun shines. Whenever I have trouble thinking of an interesting topic to write about, I turn to the archives of the Edmonton Journal and Edmonton Bulletin. I am amazed at the coverage many small communities, such as Breton, received from the Edmonton papers in years gone by.

Located just southeast of the Village of Breton, are the Breton Soil Plots operated by the University of Alberta. In 1929-30, the Breton Soils Plots were established by leasing 10 acres from the Ben Flesher family. The Department of Soil Science started to conduct experiments on fertilizers and crop rotations on “Gray Wooded Soils”. The scientific name is Gray Luvisol Soils, but more commonly called Gray Wooded Soils, due to the soil having a gray appearance when they were initially cleared and plowed. Gray Wooded Soils tend to be slightly acidic, have low soil fertility and are low in organic fiber. Early settlers found that although the land had an abundance of vegetation growing on in, and there was ample rainfall, within a few years of clearing and breaking the land their crops started to decline. Common farming practices of the day, used on the soils of the prairie, did not work on forested gray wooded soils. The productivity of agricultural crops in the area increased significantly over the next decades, due to the knowledge gained through experiments with the use of fertilizers, crop rotations and the addition of legumes to a rotation at the Breton Plots. As Elsie Flesher wrote in the Ladder of Time... “These plots could be said to be responsible for many of the histories recorded in this book: for without them, it is very doubtful if all those writing histories would still be in this “gray wooded soils” area to carry on a farming operation.”

A July 6, 1949 news article in the Edmonton Journal was where I found my inspiration for this week’s museum

article. The news headline read: “First Field Day on Clover Haying”. On the 8th of July there would be a demonstration on the haying of clover. It appears from the article that this demonstration was one of the first in western Canada. Several machinery companies were to be on hand to demonstrate their power mowers, side delivery rakes, hydraulic stackers, and square balers. The use of the latest in haying equipment would be demonstrated by the farm machinery dealers and discussed by agricultural engineers with attendees.

The program commenced at 10 AM, at the plots, located on the Flesher farm. The haying demonstration was held on the neighboring farm of Victor Hanson. In addition to the haying demonstration, there was to be information provided on the beneficial effects of various fertilizers on clover and grain crops grown.

The last sentence tells the difference between 1949 and 2022 ... “Farmers and their wives are invited” ... I didn’t realize that in 1949 farming was gender specific. Like the TV infomercials... wait there’s more. For the farm wives, Home Economist Miss Norma Smith of Wetaskiwin, and Miss Judson who specializes in home planning and interior decoration, will be on hand to discuss home problems. Gives a whole new meaning to “Date Night”.

Until next time make hay while the sun shines.

Is it time for your mammogram?

Screen Test is coming to Breton August 12 & 13, 2022 and Drayton Valley August 15 to 22, 2022

Screen Test is a free service provided by Alberta Health Services that offers screening mammograms. Our mobile screening units travel to 120 communities throughout Alberta to provide convenient access to breast cancer screening.

Having regular screening mammograms is the best way to find breast cancer early, before symptoms appear and when treatment may work better.

Who should have a screening mammogram?

If you're 50 to 74, you don't need a referral to have a mammogram. Make screening part of your regular health routine. Plan to have a mammogram every 2 years or as decided by you and your healthcare provider.

If you're 40 to 49 or over 75, discuss the risks and benefits of screening with your healthcare provider. You will need a referral if you're 40 to 49 and it's your first mammogram, or if you're over 75.

Call 1-800-667-0604 (toll-free) to book a mammogram with Screen Test. Breast density scores are now included in your Screen Test result letter

Breast density is the amount of dense tissue compared to the amount of fat in a person's breasts. It can be harder to find cancer in dense breasts because this tissue appears white on a mammogram, the same colour as many kinds of breast cancer. It's common to have dense breast tissue.

Dense breasts are only one of many risk factors for breast cancer. Other factors, such as age and genetics, have a bigger impact on your overall risk. You can't tell how dense your breasts are by size, look or feel. The only way to find out is by having a mammogram.

Talk to your healthcare provider about your breast density score and your personal risk of breast

cancer. Learn more about breast density on screeningforlife.ca.

Is it safe to go for screening mammograms during COVID-19?

Enhanced safety measures are in place to keep patients and staff safe and help prevent the spread of COVID-19. Details will be shared when you call to book your mammogram.

For more information on Screen Test and breast cancer screening, visit www.screeningforlife.ca.

SCREEN TEST

A screening mammogram is the best way to find breast cancer early. **And it can truly save your life.**

The **SCREEN TEST** mobile mammography unit will be in **Breton August 12 & 13, 2022** and **Drayton Valley August 15 to 22**. Appointments are required. Please call **1-800-667-0604 (toll free)** at screeningforlife.ca

Due to COVID-19, Screen Test is taking a number of precautions to ensure the safety of our clients and staff. Details will be shared when you call to book your appointment.

CHURCH

LEARNING TO LIVE IN THE POWER OF GOD

Some key thoughts from the Bible:

- God loves us all!
- He is here to save us:
 - In eternity (heaven),
 - In issues we face in this present life.
- He does this through our relationship with Him. We each have our own role to play.
- Friends, spiritually speaking, we cannot just sit back and hope for the best. Many things happen in this life that are unfortunate and not part of God's good will for us.
- Church is about learning our role and pro-actively participating in relationship with Him.
- We are learning to live in the power of God.
- We are learning to live in His love.
- His love is a caring, positive, affirming environment.

Soul Care

These past few months, I have been reflecting on my time that I had spent while serving in Poland, walking alongside the refugees from Ukraine. The stories continue to float around in my head, and I will be sharing more as the weeks unfold. This kind of experience is more about how it changes me, in how I think and live out my life and I am excited to share my story with my community.

I am pausing for a bit on my Soul Care reflections as I prepare for our upcoming VBS week and some time away!!

Vacation Bible School (VBS) is a week-long fun adventure that runs August 8 to 12 for kids in grade k to grade six! It runs from 9 am to 12 and is held at our church! We get to be together and learn about God, make fun crafts, eat amazing snacks, play fun games, and sing incredible bible songs!! What a great week! We have a fantastic team put together who is organizing all this and if this is something you think your kids, grandkids or friends would like to be a part of, give the church a call and register. I am so excited I get to be a part of this!!

I then head to Saskatchewan to take in a weeklong class at Briercrest as I continue my studies for Family and Marriage therapy and then end at a lake for some vacation time. We also hope to get in some camping time! How fortunate are we that we get to live near such wonderful camping opportunity spaces!! Our kiddos are so excited! I am sure I will have some fun stories and memories from this summer!! The one thing I like to do is buy myself a new summer journal and write my thoughts and experiences of the adventures that we find ourselves on, I invite you to do the same! It is so fun to reflect on them at Christmas time!

I look forward to the rest of the summer and I pray that you too can find some time to rest, to recharge and to find yourselves.

I find many are in 'not ok' spaces and I want to invite you to be honest with yourselves and find some time to care and invest in you. Be mindful of the fact that we may not be able to control the things around us, but we can control our reactions and what we allow into our lives.

Be kind not only to others but be kind to yourself, as we can be so hard on ourselves.

And remember to drop your shoulders...breathe...and be grateful for another day. Encourage someone today by some kind words or gestures.

Spend time with God and reflect on His goodness. I am so grateful for my faith and God in my life. Things or people may not make sense sometimes, but God is always faithful and by my side. God is always good.

What kinds of things are you looking forward to this summer? What are you grateful for?

Happy Summer, see you after the September long weekend!!

Laurie's Laughs

Sometimes a mom just needs a 5 minute break

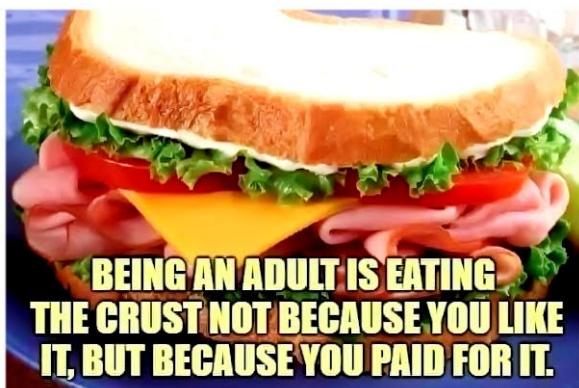

**Riding Lawnmower
\$300**

The bad news is,
I accidentally took the
wrong medication today.

The good news is,
I'm now protected from
heartworms and fleas
for the next three
months

My kids laugh because they think
I'm crazy.

I laugh because I know its
hereditary.

**BEING AN ADULT IS EATING
THE CRUST NOT BECAUSE YOU LIKE
IT, BUT BECAUSE YOU PAID FOR IT.**
