COUNCIL

September 6, 2022

HIGHLIGHTS

Regular Council Meeting

Production Well in Rocky Rapids

Council directed Administration to proceed with drilling a production well at the Rocky Rapids water treatment plant to determine accurate sub-surface conditions and if softer water is obtainable.

It appears feasible that a grey shale/sand/sandstone formation, which indicates softer water, could be located if a well was drilled to a deeper depth (approximately 200 feet). This exact formation and the volume of water found in a lower aquifer cannot be known or guaranteed until after an exploratory well is installed.

Winter Road Maintenance Policy

Council adopted the Winter Road Maintenance Policy, which sets clear expectations for snow removal within Brazeau County, and increases the level of service for snow removal on Brazeau County roads. The policy is available under Front Page News on the Brazeau County website.

1. Brazeau County snow clearing services will, at a minimum, commence and be prioritized according to Table 1: Service Level Standards

Table 1: Service Level Standards

Priority Level	Description	Time to Clear†	Snowfall Depth††
Priority 1	Paved roadways	8 hours	1-3 cm
Priority 2	Gravel roadways	72 hours	10 cm of accumulation
Priority 3	Subdivisions and Hamlets	5 days	10 cm of accumulation
Priority 4	Community halls/sidewalks and private driveways	Upon request	10 cm of accumulation †

† Time frame dependent on snowfall/wind event ending and ice control not being required.
 †† Snowplows and graders may be deployed prior to the threshold being met. It is the Maintenance Supervisor and early watch personnel's discretion on whether the threshold is met.
 † Subject to Priority 1 & 2 being completed.

2. Regardless of the service levels outlined in Table 1, calls received for snow clearing from emergency services (police, fire, ambulance) supersede and will be given the highest priority for snow clearing.
3. Snow clearing of paved and gravel roadways will be completed concurrently as the different road types and areas require different snow clearing equipment.
4. Generally, the starting point for snow clearing within each route will be alternated, from east to west, except where local conditions dictate a higher priority starting point for snow clearing (i.e., isolated drifting, localized snowfall, isolated ice control), as per the Maintenance

Support for Eagle Point Blue Rapids Parks Council

Council approved writing a letter of support for an application to Alberta Environment and Parks for the Eagle Point – Blue Rapids Parks (EPBR) Council's core park operational costs. This funding will help support EPBR operations for the next year as it continues to encourage the practice of environmental

stewardship to improve ecological integrity along the park system's 50 kilometres of the North Saskatchewan River. The Park Council's management and operations of the Eagle Point-Blue Rapids Park System has improved the recreational and learning opportunities. Council has provided a letter of support in the past.

Library Agreement

Council directed Administration to enter into an agreement with the Drayton Valley Municipal Library Board to provide \$194,464 based on the proposed 2023 library budget. This is the same level of funding provided in previous years.

Organizational Meeting Date

Council set October 19 at 1 p.m. as the date and time for the Organizational Meeting. Council will appoint councillors and members of the public to committees and boards. Those interested in serving on a committee or board are asked to complete and submit an application form, available on the County website under County Hall/Council/Committees and Boards.

Soul Care

I am back !!
Had a great break with lots of stories to share!!

I thought I would share some summer reflections that I had journaled, while it still feels like summer out!

Any one that knows me knows that I do not like water.
You won't get me on a tube...and a boat...well I really struggle with that.
No way! A cruise ship is on any bucket list of mine.
I like to be BY the lake...stream...pond...but in it...hmm.

You see, I don't swim. Never learned and was never surrounded by lakes or water.

And I don't like getting wet...I don't like swimmers itch...or fishy stuff floating around...and well...I am just not a fan.

Yet...I really liked the look of this paddle board thing going on...

So what does my hubby do this July...gets me a paddle board for our anniversary.

Well...now I have to do this...in the water.

So I take it with me to my favorite place on earth...and after a bit of back and forth ...humming and hawing... I decide I need to get on...like seriously I can't pass this up.

So...I threw on the biggest life jacket I could find...and prayed a lot..and got on...

Well...I loved it.

Thanks honey.

What scares you? Take the plunge!
Jump in and embrace it! Don't pass it up!

Also...I am hosting a Soul Care Mini Reset Retreat this Saturday, I still have a few spots left if you are interested!

Change is in the air

Where and who do we invest in?

LETTERS TO THE EDITOR

PEOPLE DID YOU KNOW...

That Breton Health Clinic has a Health Nurse that comes to our clinic the first Wednesday of the month! I did not know that, (was pleasantly surprised) and wondered how many others did not know that?

With the continuing collapse of our Health care system, the battle to receive a better level of care is constant! With policies that reassemble, ignore it and it'll go away, or we'll wait until it becomes something else, and my personal favorite, you're on the list, we need all the help we can get!! If Doctors can't use the expensive education they obtained because of the restraints of policies, an extra pair of helping health hands would be a great asset to our little community, it could only benefit the people here.

Please take advantage of this wonderful opportunity to have an extra health perspective. I'm sure you will find it as helpful and informative as I did. I am sure they will be able to help you with any number of health concerns you may have. To make an appointment to see her in Breton, call 780 542-4415 Drayton Valley Health Unit. Good health to all...

Bert Toppman

To the Editor:

In a recent mailout from the County (Brazeau), I received a new paper ID for the use of county garbage sites. The notice included instruction to laminate this paper as its loss or wear out would cost me \$10 to replace.

Strange how the county has millions to pave roads for a few people but doesn't have money to laminate my garbage ID!

The County has recently decided to "hard surface" the road to the "Horse Trails." How many people will this multi-million-dollar project benefit, and how does this expenditure benefit the rest of the County?

I understand that the road count was done over a two-week period, including a long weekend. How does this count represent yearly use and daily average? The road is fine before the hard surfacing, so no need for this expenditure.

Earlier this term, Councillor Swap expressed the opinion that users of the county ball diamonds should engage in fund raising to help pay for the diamonds. How much are the "Horse Trail" users going to contribute and how many are county residents that pay taxes here?

Since this appears to be a Swap promotion, perhaps one should call him for answers. Not only are we paying for this upgrade, the county had agreed to clean up the resulting manure. A good deal for the county?

Remember we pay councillors about \$1500 per month to deal with your concerns.

If you think this is ok, do nothing. If not, call your councillor and the province and come to a council meeting to express your displeasure.

Keep in mind that this Council over the last 5 years or so, has spent roughly \$35 million more than revenues. Many reserve accounts have been seriously depleted.

Laurie's Laughs

A human fart can be louder than a trombone. I discovered this at my daughter's school concert.

My two favorite hobbies are smoking weed and rescuing stray dogs

When people say they slept like a baby, does that mean they woke up screaming 3 times that night and crapped their pants?
