## THORSBY 4-H MULTI-CLUB

*Submitted by Club Reporter Joseph Saarela*

The Thorsby 4-H Multi Club year is off to a great start. We had our first meeting on September 7th. The projects we are offering this year are beef, horse, and cleaver. We have 42 members this year and 8 cleavers.

Our club calf this year is named King Julian. The club calf is a huge fundraiser where the money raised is donated towards a charity or a cause of the members choice. It's a great opportunity to give back and make a positive impact in the community. This fundraiser would not be successful without the hard work and dedication of the members, leaders and volunteers or the continued community support.

## REMEMBRANCE DAY

*From Phyllis Madiuk*

The Canadian Legion Pioneer Br. 144 invites everyone to the Remembrance Day Service at the Thorsby Jr./Sr. High School on Friday November 11 at 10am. Laying the wreaths at the Cenotaph is at 11am. L/Col Al Bratland will be the emcee. Clergy participating are Pastor Scott Brown and Pastor Glen McBride. A lunch donation would be appreciated.

### Remembrance

Remembrance is the cornerstone of The Royal Canadian Legion's (RCL) work in Canada. The Poppy Campaign is a major source of funds used to assist veterans, ex-service people and their dependents. In essence, the purposes and objects of the RCL were born of the need to promote unity and further the spirit of comradeship and mutual help among all who have served. The Legion strives to pass on these traditions to the families and descendants of our ex-service personnel.

Perpetuating the memory and the deeds of the fallen, the mandate of the Legion, succeeds by promoting and caring for memorials to the valor and sacrifice of our veterans and ex-service members while providing suitable burial and maintaining an annual memorial day. The Legion ensures the preservation of the records and memories in perpetuity.

By educating public opinion regarding national duties to the dead, the disabled and others who have served, as well as their dependents, the Legion strives for peace, goodwill, and friendship among nations.

Remembrance Day shall remain and be reverently observed on the 11th hour of the 11th day of the 11th month of each year by us and our successors.

## MEMBERSHIP

A Chamber is not all about organizing events, we do much more. Our objective is to create an environment in which businesses can prosper in our region. Our main function is to promote interest in local business possibilities. Our activities range from hosting events to lobbying local representatives to charitable works for the betterment of the community.

Currently we are working towards the reconstruction of our Chamber sign at the North Entrance of town. We want this to not only advertise local business but promote the community and our assets. Our goal is to transform it into a community and tourist information station and a sign that Thorsby can be proud of for years to come. This will not happen overnight because we have grants to apply for, funds to raise and a design to work on but we are hoping to get it started in the spring of 2023.

We are also working on local rewards like discounts at local businesses and a "Shop Local" Campaign on top of all of the great things Chambers have to offer. To become a member or for more information email [thorsbyabchamber@gmail.com](mailto:thorsbyabchamber@gmail.com) or call Shawna at 780-499-9006.

Check us out on Facebook and in the Thorsby Target for updates or if you are a member, you will get monthly emails.

## Choosing to Change One Sip at a Time

What do you, Trees, flowers and hamsters have in common? All need water! All living things must have water to survive, whether they get it from a fountain, a rain cloud, or a little bottle attached to the side of a hamster cage or a plastic bottle from the store.

Without water, your body can't work properly. Water makes up more than half of your body weight and you can't survive for more than a few days without it.. Your body has lots of important jobs and it needs water to do many of them. Your blood, which contains a lot of water, carries oxygen to all the cells of your body. Water is also in your lymph, a fluid that is part of your immune system, which helps you fight off illness. Water helps you to digest food. And you need water to get rid of body waste, too. That's a lot of water!

Your body doesn't get water only from drinking it. Any fluid you drink will contain some water, maybe lots. Many foods contain water, too. Fruit contains quite a bit of water, which you could probably tell if you've ever bitten into a peach or plum and felt the juices dripping down your chin! Vegetables contain lots of water - think of slicing into a fat tomato from the garden or crunching into a crisp stalk of celery.

Water, water, water. Yes, those three sips. Take your time. We've been talking a lot about water. (There's that word again) You might wonder if you're drinking enough. There is no magic amount of water that you need to drink every day. It's based on your individual needs. You may drink some with your meals, which is awesome. Of course you should drink something when you are thirsty and water is an excellent choice. But when it's warm out or you're exercising, you'll need to drink extra water. You may have heard that eight, 8-ounce

glass is enough, but if you're exerting yourself, you'll need even more.

When you drink is also important. If you're going for your walk, or working out, be sure to drink water before, during and after these activities. Don't forget your water bottle. You can't do your best when you are thinking about how thirsty you are! You don't want to become dehydrated, so keep that water bottle handy. Not only does water fight dehydration, but it's awfully refreshing. The best part? It has no calories.

# DIRECT LINE INSURANCE & THE WARBURG CULTURAL CENTRE

by Shawna Ofstie

Warburg Cultural Society members were very grateful when they were presented \$5,000 toward their renovation project from Wawanesa Insurance. Gord & Carol Enders of Direct Line Insurance in Warburg nominated the Cultural Society to receive this funding through Wawanesa's "Capital" Donations program. This program supports infrastructure, investments, equipment/technology improvements, programs that have a significant start-up cost, etc. (but not endowments), and are generally of a one time nature. Projects and programs must support one of their five focus areas: Arts & Culture; Community Activities; Education; Health; and Social Services and charities which provide wide community support and broad community benefits will be considered first.

Direct Line Insurance has been temporarily working out of the Warburg Cultural Centre since December of 2021. Almost a year ago on November 28, 2021 a stolen front end loader was driven through the building in an attempt to remove the safe. The criminals attempt was unsuccessful but they managed to destroy the building so it could not be salvaged. It has been a long process and due to the delays and shortages still felt by "COVID" the hole remains where their building used to stand. Thankfully they are hoping to break ground in the next month according to owner Gord Enders.

Gord expressed his appreciation of the Cultural Society for allowing them to rent the building over the past year and to all of their customers and clients. This was a blessing in disguise for the Cultural Centre who had to shut down anyway during much of the time therefore they could still bring in a steady income. The Cultural Centre is excited to begin renovations once Direct Line's building is completed, hopefully by next summer.

Picture taken on October 25, 2022. They are hoping to break ground for the new Warburg Direct Line Insurance building in the next month.

Picture taken approximately a year ago after the break-in November 2021. There have still been no arrests so if you have any information on this crime please contact the RCMP.
