NOVEMBER IS FAMILY VIOLENCE PREVENTION MONTH

Alberta has the third highest rate of self-reported spousal violence among Canadian provinces, yet family violence is preventable. November is Family Violence Prevention Month (FVPM) in Alberta. It is a time to increase awareness of the warning signs of family violence and the resources and supports available so we can work together to end family violence and build healthier relationships in our communities.

MULHURST BAY COMMUNITY LEAGUE

MLA REPORT

from The Office of MLA Mark Smith,
Member of the Legislative Assembly
for Drayton Valley - Devon

Alberta's economy continued to move in the right direction in October.

According to Statistics Canada's latest labour force survey, Alberta created 14,000 new full-time jobs in October, marking the creation of approximately 80,000 new jobs since the beginning of 2021. This is the strongest job growth in the country.

The policies of our United Conservative government are working to create jobs and investment in constituencies like Drayton Valley-Devon. By introducing the job creation tax cut, cutting red tape, and keeping taxes low for families and businesses, we continue to do all we can to make Alberta the best place in the country to live, work, play, start a business, and raise a family.

The private sector has led Alberta's employment growth this year, accounting for 76,300 of the 79,400 jobs gained since December 2021. Job creators are once again looking to Alberta for investment opportunities, across a wide variety of economic sectors. From renewable energy to aviation to manufacturing to technology, companies like EDF Group, TC Energy, De Havilland Aircraft, Condor Airlines, CGC Inc., Orbia's Dura-Line, Infosys and Level 42 AI are choosing Alberta to put down roots and grow their operations.

This is a remarkable reversal from the record of the previous government, who lost 200,000 jobs and billions of dollars in investment due to tax hikes and an anti-oil policies. By lowering taxes, seeking out new business investment etc. the present government's policies are working to get Albertans back to work and signal to the world that Alberta is open for business.

We know many Alberta families and businesses are struggling with inflation right now, and Premier Danielle Smith has been clear that fighting inflation and making life more affordable will be one of her top priorities going forward.

Some of our existing programs are already working, however, to help Albertans keep more money in their pockets. Our electricity rebates have

so far distributed \$375 million to 1.9 million households since July, and our natural gas rebates will protect Albertans from high heating costs if monthly rates go above \$6.50 per gigajoule this winter.

To help us fight inflation, we continue to call on the NDP-Trudeau Alliance in Ottawa to get their irresponsible spending under control and scrap the federal carbon tax (along with the plan to increase it by an eye-popping 300 per cent), as well as the federal fuel tax. We are working hard to make life more affordable for Albertans, but we need the federal government, who controls many more levers than we do when it comes to inflation, to step up to the plate as well.

Alberta's tremendous job numbers aren't just theoretical. These new jobs mean regular paycheques that everyday families can count on to buy groceries, pay hockey registration fees, and take vacations. You can see Alberta's economic recovery taking shape across Drayton Valley-Devon constituency with people going back to work in a wide variety of fields, industries, and sectors.

In every corner of the province and in all sectors of the economy, optimism is growing for the future – and the Government of Alberta is working tirelessly to make sure Albertans are going back to work and able to take care of their families and pursue their goals and opportunities.

I can be reached at the main constituency office in Drayton Valley at 1-800-542-7307 toll-free. The office is open Monday to Friday. The Devon constituency office is open every Wednesday and the phones are manned Tuesday to Friday at 780-987-3666 or I can be emailed at draytonvalley.devon@assembly.ab.ca anytime

Soul Care

This past weekend I spent time enjoying the warm beautiful weather and I was reminded how beneficial it is to be outside enjoying what nature has blessed us with. Too often we allow technology to consume our hours and we lose touch of nature’s greatness that surrounds us.

According to the survey in **Best Health Canada** “almost 30 per cent of Canadians spend less than 30 minutes outdoors every week, which is less than five minutes each day. Meanwhile, 64 percent of adult Canadians spend less than two hours outside per week”.

We need to get outside

I didn’t feel like going outside and getting the kids ready was very exhausting, yet when we did get out, it was refreshing and so much fun. We all felt refreshed and relaxed! And the hot chocolate and coffee afterwards tasted SO good! Research tells us that going outside allows us to breathe fresh air which is so good for our lungs, our digestive system, and it improves heart rate and blood pressure! It is just good for you. It is also noted that breathing fresh air helps us to relax, concentrate, and collect our thoughts. It helps us ‘pause’. Many times,

when I am walking alongside individuals and if I find that the individual is feeling overwhelmed... I offer that we take a break and maybe take a walk preferably outside to help “**take a breather**”. This outdoor walk calms our nervous system and helps us think clearer. It always helps.

Today I encourage you to ask yourselves ‘**how much time am I spending outside?**’ I encourage you to put that phone down and go out and explore the beautiful surroundings we find ourselves in! Take a deep breath in and exhale, I guarantee you will feel better!

Peace my friends,

LETTERS TO THE EDITOR

To the Editor:

In a recent issue of the Drayton Valley Free Press, there is an article about a Lodgepole area facility. The article leaves out a number of things. The facility was developed to handle the "... recycling and reuse of drilling mud." The company is known as Recover Services Inc.

This facility has been in the "works" since at least 2016. Why were there no public meetings for public input to justify its location near Lodgepole? Even Fiscal Energy held a public meeting. Why the secrecy?

Other areas of concern that a public meeting might have resolved are the impacts that products and processes (waste and otherwise) might have on the air, ground water, earth, noise factor, and maintenance and costs due to traffic of big trucks.

The article states that the process "removes most of the hydrocarbons." The end product "only contains residual hydrocarbons and chlorides." This end product is taken to a landfill—which one? What might be in the residue that, perhaps, shouldn't go to a landfill?

Given that it is the job of our elected officials to protect the interests of the County, why is Mr. Guyon so "supportive of the project." Where is the evidence that County interests are protected? For example, what happens if the company closes up and leaves? Who pays for the clean up? Is this an example of serving two masters at the same time on the part of Mr. Guyon? Shades of Fiscal Energy fiasco here?

Shouldn't the affected public have a say whether they want this facility or not?

It appears Recovery Service Inc. is more important than 7000 County residents, especially those nearby!

Breton Word of Faith CHURCH

LEARNING TO LIVE IN THE POWER OF GOD

Some key thoughts from the Bible:

- God loves us all!
- He is here to save us:
 - In eternity (heaven),
 - In issues we face in this present life.
- He does this through our relationship with Him. We each have our own role to play.
- Friends, spiritually speaking, we cannot just sit back and hope for the best. Many things happen in this life that are unfortunate and not part of God's good will for us.
- Church is about learning our role and pro-actively participating in relationship with Him.
- We are learning to live in the power of God.
- We are learning to live in His love.
