

THE BRETON BOOSTER

COMMUNITY EASTER FUN IN BRETON

from Al at Breton Elks #402

Hello everybody and Happy Easter to all. What a great day for an outdoor get together.

Good Friday the sun was put in full force pushing our temperature to a balmy mid teens. Along with these fine weather conditions came a large gathering of people with a large group of future tax payers. The big guy dressed in white made his annual trip with a big basket of Easter Eggs. The Breton Elks made sure that a good supply of Hot Dogs and Hot Chocolate was available.

At this time, we need to extend a big thank you to the staff and management of Salt and Pepper for their generous donation of Hot Chocolate for the occasion. Also, thank you to Breton Ag Society members, FCSS, and Village Council for their great support.

Community Volunteer Income Tax Program
FREE INCOME TAX PREPARATION - For Low Income Persons, Families, seniors and students. Although this is something that most of us would like to avoid thinking about and doing, I am afraid that this is unavoidable. You need to file your income tax each year, even if you have no income to report. By doing this you may receive benefits that you did not know you were eligible for. Also, in the event of the death of your spouse, benefits can easily be transferred to you, if you have filed a return for the last calendar year. If you did not file a tax return in

2021 you may not be receiving benefits from the government that you are eligible for. The focus of the Community Volunteer Tax Program is to assist those individuals who have limited income. This includes seniors, families, and students. If your income was approximately in one of the following categories, you may qualify for assistance. *1 person - \$35,000 / Couple - \$45,000 / Family - \$52,500

We are not able to complete returns with income from the following sources: *Capital Gains or Losses, Farming Income, Rental Income, Self-Employment, Interest exceeding \$1,000, Bankruptcies, Deceased Persons*

This service is FREE to those who qualify. If you require this service, please gather your information, and bring it to the Village of Breton office Monday to Thursday between 8:30 - 4:00. Clients will be notified when your return is completed. The program will run from March 1 - April 30, 2023. We require the following information to complete your return:

- Personal Information (Social Insurance Number, Birth date, Marital Status, Address)
- Dependent's information - spouse/ children's names, birth dates.
- All "T" Slips (T4's, T4A, OAS ect.)
- All Forms, Schedules, and Labels you have received from Revenue Canada.
- Receipts for any expenses such as medical, moving, tuition, sporting activities. Printouts from your pharmacist are available for those with numerous prescriptions.

The County will make an immediate payment of \$591,592.94 (the Retroactive Recreation Advance) to the Town. In respect of the County's Judicial Review, of the arbitrator's decision, if the Court decides in favour of the County, the Town shall repay the Retroactive Recreation Advance.

NATIONAL HUSBAND APPRECIATION DAY

Copied from Twitter feed

More romantic than Father's Day, more serious than National Boyfriend Day, and with less pressure than Valentine's Day, Husband Appreciation Day is observed on the third Saturday in April. Also known as National Husband Day or World Husband Day, we love this little-known holiday dedicated to the men in our lives who show up for us in bold and subtle ways every day of the year. Its fun-loving spirit gives us lucky spouses an opportunity to be creative and thoughtful in how we show our appreciation to our partners.

Other days of the year to celebrate our partners are National Spouses Day on January 26, and Wife Appreciation Day on September 19.

Here are a few quotes and tidbits to celebrate...

- "After marriage, husband and wife become two sides of a coin, they just can't face each other, but they stay together" Al Gore
- "A good wife always forgives her husband when she's wrong" Barack Obama
- "When you are in love, wonders happen. But once you get married, you wonder, what happened" Steve Jobs

And the best one is...

- "Marriage is a beautiful forest where brave lions are killed by beautiful deers" Brad Pitt

Laughter Therapy:

- While getting married, most of the guys say to girl's parents, "I will keep your daughter happy for the rest of her life." Have you ever heard a girl saying something like this to the boy's parents like I will keep your son happy for the rest of his life.... Nooooo ... because women don't tell lies!
- If wife wants husband's attention, she just has to look sad and uncomfortable. If husband wants wife's attention, he just has to look comfortable & happy.
- A Philosopher HUSBAND said: Every WIFE is a 'Mistress' of her Husband. "Miss" for first year & "Stress" for rest of the life...
- Position of a husband is just like a Split AC, No matter how loud he is outdoors, He is designed to remain silent indoors.
- Husband to wife: U should learn to embrace your mistakes.....She hugged him immediately.

Soul Care

This week, I am heading to Ecuador to partner with the Woman for Woman Ministry opportunity, which is organized by our Evangelical Covenant Church of Ecuador and through The Santiago Partnership.

I want to thank everyone who had dropped off the supplies that we needed; your contribution is so appreciated.

I would like to invite you to pray for us while we are away.

- Would you pray for good health, travel mercies and that we would be going with a flexible, approachable, and teachable heart.
- Would you pray for the 300 and more woman who we will be walking along side during this week.
- Would you pray for each woman that is on the team. Pray that we can hear God and know what He is calling us to.
- Will you pray for me as I get ready to care for the woman, offering Pastoral care and trauma care.

God is in the details of this trip and I am humbled to be invited into this story.

We will have Missions Sunday on Sunday April 30th, and I invite you to join us as we share about our experience.

To find out more about what the Santiago Partnership is all about I also invite you to check out their website. www.santiagopartnership.org

LETTERS TO THE EDITOR

To the Editor:

With reference to the FCM 2023 Sustainable Communities report, kudos to the Reeve for submitting the report. It has to be one of a very few.

The following is my take on this report:

The first paragraph mentioned that there were “... *more sessions than we could have possibly attended.*” Since we haven’t seen reports from the other reps, are we to assume that all three county reps went to the same sessions?

And what value is it to Brazeau County to have P. Polievere interested in what we do (or don’t do) here? Tax reductions and rebates were mentioned, but was the effect of these on how the \$40 million overspending fits in or who benefits the most from this decision? Was the whole story told here?

In the second paragraph, it is mentioned that “... *two question periods* . . .” had many questions unanswered by the Conservatives. What value is this to us? Why do we spend tens of thousands of dollars to attend sessions when questions are unanswered? We have that in our own Ratepayers’ hour. What connection do the federal Conservatives or any other political party have to the local situation in Brazeau County?

Other comments in Paragraph 2 refer to “... *our citizens first*” philosophy. The effect of that philosophy hasn’t made it to this observer yet (take in a ratepayers’ hour sometime) or note also the use of “workshops” to eliminate public participation.

It is stated that “... *we’ve also saved almost 5 million dollars in administrative costs.*” Where?

As far as the statement about improving public engagements, when was the last county public meeting held and for what purpose?

With regard to the Violet Grove Wetlands and Solar Aquatics Facility in Cynthia, was the whole story told? How much has it cost the rest of the county for these projects when perhaps lagoons (like the rest of us have) work just as well for a whole lot less.

As to the comment about sustainability, where will the money come from to establish these projects as

our reserves are nearly depleted.

Noting the statement about attracting business, it appears that the only ones moving in are toxic style dumps--why would we want them? What do they contribute to the enhancement of the county?

Other questions: where has the \$250 million infrastructure referred to been spent? On what infrastructure? Is this why we won’t properly fix the Moose Hill bridge? What/where are the innovative businesses that enhance our oil and gas, our forestry, and agriculture? Where/what are the “clean technologies” as mentioned?

In conclusion, what really will be the benefit to the county of the thousands of dollars spent on this conference? Call your councillor to see how they defend the expenditure.

Lynn Oberle
