

# THE BRETON BOOSTER

## PHASED APPROACH VS VACATE DURING CONSTRUCTION BRETON SCHOOL COMMUNITY MEETING SUMMARY AND SURVEY

*by Brad Volkman, Superintendent of Schools  
Wild Rose School Division*

Wild Rose School Division would like to thank all those who attended the October 4, 2023 community engagement meeting to discuss the Breton High School modernization project.

In the WRSD 2022-25 Three Year Capital Plan, as per the government's Planning and Building Schools process, the board of Trustees submitted to the government of Alberta the right-sizing of Breton schools as its top capital plan request. This was based on engineering reports indicating that both BHS and BES would soon be in need of major upgrades as well as their combined low utilization rate of only 50%. Our goal was to submit a project request that would provide a fully modernized school, increase utilization and keep all K-12 students in the community of Breton. This plan was discussed at a Breton community engagement meeting on April 12, 2021.

In March 2023, the government of Alberta approved design funding for our request to modernize Breton High School into a K-12 school and demolish Breton Elementary School. Alberta Infrastructure (project manager for this modernization) proceeded to select a design architect and engineering team to work with WRSD in developing a suitable design for a modernized K-12 school. The design process is expected to take place during the 2023-24 school year. If the government of Alberta awards a construction budget for this project this coming spring, it is hoped that construction could begin sometime in late summer or fall of 2024.

Before the design of the modernization can begin, the architect needs to know if we are planning on vacating BHS during construction or planning to use a phased approach. The design of the modernization will be

impacted based on which choice we make. The Board of Trustees needs to make this decision by the end of October so that the design process can get started.

At the October 4 community meeting, WRSD administration presented some of the pros and cons for both choices. Please see this link for a copy of that presentation. ([www.wrsd.ca](http://www.wrsd.ca) or [pros/cons in this issue](#))

In a phased approach, students and staff are moved to one section of the building while construction takes place in other parts of the building. If we choose the phased approach, it is beneficial to have the least number of phases possible. As such, we would consider moving some or all of the junior high grades to Breton Elementary during construction to keep the number of phases to a minimum. This would leave just the grade 10-12 students and staff moving to different parts of BHS throughout construction. Parts of the school would be unavailable for long periods of time, while this is happening. In addition to regular classrooms, this will include the gymnasium and specialized classrooms used for CTS and Fine Arts courses.

If we choose to fully vacate BHS during modernization, we would need to find another location for those students and staff. Black Gold School Division has offered us the upstairs section of Warburg School. It contains enough space to accommodate all of our grade 7-12 students and staff. It also has 2 gymnasiums as well as shop, food studies and fine arts classrooms that would be accessible to our BHS students and staff. BHS students would continue to be taught by BHS teachers. Breton sports teams would be maintained during this time. BHS would be its own school, functioning within the Warburg school building. Using this choice would mean that upon arrival to Breton each day, all of our grade 7-12 students would get on transfer buses that would take them to Warburg. At the end of the day, these transfer buses would return students to Breton, after which they would get on their regular bus home. This solution would mean earlier pick up times (10-15 minutes) and later drop off times (10-15 minutes) for all Breton bus students, to account for the additional travel time to Warburg.

# No one wants blackouts.

---

## What Canadians want is reliable and affordable power.

---

Ottawa's proposed regulations will make electricity unaffordable and unreliable. The estimated \$1.7 trillion cost of achieving a net zero grid by 2035 will leave our power grid dependent on intermittent and unreliable sources.

And the federal government wants electricity demand to at least double by 2050.

### **Canada can't afford a hasty transition.**

Drastic changes to our electricity grid would not only dismantle thriving industries that are vital to our provincial economy – current electricity rates would also double, triple or even quadruple depending on the province.

Tell the Feds reliable and affordable electricity matters. And ask them why they are rushing to do something by 2035 when the experts agree that it can't feasibly be done.

Speak up at **Tell the Feds.ca**

*Alberta* 

**Older Adult Exercise Classes** – Friday Mornings @ Breton Community Centre – We are excited to get started with our low impact older adult exercise classes. We have the same fabulous instructor in Cassie but will be holding them on a new day and time. We will be at the Breton Community Centre on Friday mornings from 9:30 – 10:30. These are drop-in classes and have a fee of \$2/ session. You are encouraged to participate at your own level, this can be sitting or standing.

**Busing to Aquacise or Walmart in Drayton Valley** - On Monday's - Together with Warburg FCSS the bus will arrive in Breton at 9:15 to head to the Drayton Valley Gentle Aquacise class. Returning at 11:30. Purchase a 5 ride Bus pass for (\$36) or 10(\$72) bus pass from the Village of Breton office. Register with Shauna the Thursday prior to the Monday class to save your seat on the bus. If you register with the Active 55 program (at the pool) and live in Brazeau County (including the Village of Breton) there is no cost for the Aqua Size class. If you do not qualify for Active 55 the cost for the aquacise class is \$7.50 or a 10 card pass for \$67.50. We must have at least 8 riders to make a trip. The bus will also make a stop at Walmart for those that would like to shop for 1 hr.

**New Wellness Service coming to Breton** – The Village of Breton is looking forward to a new wellness service coming to our community. Footprints Wellness Pedicure will be offering services the 2nd Tuesday of each month starting on October 10th. Services include nail care, pedicures, detox treatments.

Contact Christa at 780-514-5640 or online at [www.yourintrinsicelement.com/copy-of-services](http://www.yourintrinsicelement.com/copy-of-services) to book your appointment.

**New Class Coming to Breton – Join us for Restore Yoga Class** – These classes will begin on Thursday October 12. A one-hour class will be held from 10:30 – 11:30 at the Breton Community Centre. The class will assist with enhancing overall mental and physical well-being, decreasing mental and physical fatigue, promoting healthy sleep patterns, reducing chronic pain and the regulation of the nervous system. Please bring a yoga mat, water, one – two yoga blocks, a bolster, and a blanket. For those that would like to try the class there will be some equipment available. Due to the calming environment required, this will be an adult only class. Childcare is not currently available. For more information please contact Breton FCSS at 780-696-3636

**Community / Volunteer Appreciation Night – Friday October 27** – Join us for an evening to celebrate all the Volunteers in our Community. There will be a special focus on all the volunteers that officially or unofficially assisted during the wildfires this year. The evening will be a supper catered by Starkist Catering from Bluffton,

followed by entertainment by Hypnotist Kevin Meier. Tickets are \$5 and are now available at the Village of Breton Office.

**Halloween Hoopla & Haunted House** – This is always an exciting time for the children (big or small) in our community. We are excited to be working with the Breton High School Grad Class of 2024 on this event. If you would be interested in Volunteering to help with the games, concession, or haunted house on October 31, please contact Breton FCSS at 780-696-3636 or [fcss@breton.ca](mailto:fcss@breton.ca)

We are also taking candy donations. Bring your candy donations to the Village of Breton Office and in return we will provide you with a sign for your door indicating that you have supported the Community Halloween Party – Halloween Hoopla.

**Counselling Subsidies – Breton and Area FCSS is pleased to offer Counselling Subsidies.**

A subsidy is available for individuals, couples and/or families who are struggling with common, everyday issues to access short-term preventative counselling services. The goal is to:

- Improve relationships with better communication and conflict resolution skills;
- Improve mood with anger management and emotional support;
- Enhance personal growth with creativity, spirituality, self-esteem, self-awareness, goal setting;
- Improve parenting skills by focusing on attachment;
- Reduce stress with life balance; and/or
- Learn new skills and behaviors.

The cost of counselling can be a barrier for many individuals and families. This subsidy is available to those who do not have access to coverage through health benefits or employee benefits, such as an Employee Assistance Plan (EAP), and whose family income is less than \$75,000 per year. Fees are determined according to a sliding scale based on income and family size. Fees range from \$15 per session to \$50 per session. The maximum number of sessions available is seven for individuals and nine for couples or families.

Counselling services are provided through a partnership with Karunia Counselling from Leduc.

We know that in this current environment many may have additional stress and anxiety. We also know that transportation may be an added barrier. These sessions can be arranged to be in person in the Karunia offices in Leduc, over the phone in your own safe environment or virtually on your computer.

To apply for the subsidy services, application forms are available through the Breton FCSS Office at 4916 50th Avenue or by contacting them at [fcss@breton.ca](mailto:fcss@breton.ca) or calling 780-696-3636. ALL APPLICATIONS ARE STRICTLY CONFIDENTIAL.

Breton and Area FCSS will be doing the intake of the applications. Counselling services are provided by Karunia Counselling by Registered Psychologists, Registered Provisional Psychologists, Canadian Certified Counsellors and Masters or PhD level student interns under the supervision of a qualified psychologist. All applications will be kept in strict confidence.

## BRAZEAU COUNTY COUNCIL HIGHLIGHTS

*October 3, 2023 Regular Council Meeting*

### Drayton Valley Library Board Contract

Council approved a one-year operating agreement with the Drayton Valley Library Board in the amount of \$191,596.00 for 2024.

### Herbicide Rebate Program Policy Ag-3

Council approved changes recommended by the Agricultural Service Board to the Herbicide Rebate Program Policy. The recommendation eliminates the portion of the program to review any applications, after all rebates had been paid, and “top up” any that reached the \$5000 cap, to a maximum of 50%.

### STARS Update

Glenda Farnden, Senior Municipal Relations Liaison for STARS Air Ambulance, provided an update on the organization. Last year, Council increased its annual contribution to STARS from \$2 per capita (approximately \$14,358) to a fixed rate of \$16,500 for 2023 and future years.

### FCSS Update

Drayton Valley and District Family and Community Support Services (FCSS) program manager Jennifer Flynn presented the organization's annual report. FCSS provides a number of preventative social programs, home support, and special events, among other services.

# PHASED APPROACH VS VACATE DURING CONSTRUCTION

## BRETON SCHOOL COMMUNITY MEETING SUMMARY AND SURVEY

by Brad Volkman, Superintendent of Schools  
Wild Rose School Division

### CONTINUED FROM FRONT PAGE

Regardless of which choice we make, we recognize that the modernization process will have its challenges for students, staff, families and the community of Breton. However, the end result of a fully modernized school built for 21st century learning, will keep this school building in the community for many years to come.

As suggested at the October 4 meeting and as we realize this is a significant decision, we would like to provide two ways for students, staff, parents and community members to provide feedback to the WRSD Board of Trustees prior to making this decision.

- If you would like to indicate your preference regarding whether or not we should fully vacate or use phasing during construction, please complete this one question survey (at [www.wrsd.ca](http://www.wrsd.ca)).
- If you wish to express your concerns in writing, please send them to [contactus@wrsd.ca](mailto:contactus@wrsd.ca).

**At 12:00 noon on Friday, October 13 the survey will be closed and any written comments received will be forwarded to the Board of Trustees. This information will be helpful to the Board in making this important decision at their October 17 public board meeting at the Drayton Valley Community Outreach School. This agenda item is scheduled for 1:00pm.**

**Thank you again for your interest and input regarding this exciting project.**

## PRO'S AND CON'S

(from Breton Community Meeting - October 4, 2023 pdf link - [www.wrsd.ca](http://www.wrsd.ca))

### PHASED APPROACH (Stay in Building)

Breton High School is modernized in phases with students in the building during construction.

#### Pros

- Students stay in the community
- Less busing time
- Families stay together

#### Cons

- Disruption to learning spaces with extended closures of CTS, music room, labs and gym
- Inconsistent building systems during transition (electrical, heat, bathrooms)
- Parking lot disruption
- Noise during learning time from construction
- Longer timelines for construction - approx 6 months
- Significant funds used in phasing, multiple contractor visits and an extended construction schedule instead of on the final product
- Design constraints as learning spaces need to be maintained during the modernization
- BES would be very full - impacts on gym, learning commons

### VACATE APPROACH (Bus to Warburg School)

#### Pros

- The school is 100% empty during construction and turned over to the contractors.
- Student Safety - risk reduction
- Faster construction timeline: reduce schedule by 25% (approx 6 months)
- Less disruption to school's daily schedule
- Students and teachers don't have to move classrooms multiple times
- Optimizing design for the future - more money spent on the school, not on phasing: approx \$500,000 to \$750,000
- No doubling of mechanical systems to keep spaces occupiable during construction
- More interest from contractors
- Prepared for shift to complete rebuild if necessary

#### Cons

- Students and teachers not in one location as a school
- Longer bus rides for BHS students
- Earlier pick up times (10-15 minutes) and later return home times (10-15 minutes) for all bus students
- Longer school day at BES students
- Community impact

# LEARNING SOMETHING NEW

*From the Internet*

**You're gonna say "I didn't know that!" at  
least 5 times. Really neat stuff here:**

## **Alaska**

More than half of the coastline of the entire United States is in Alaska.

## **Amazon**

The Amazon rain forest produces more than 20% of the world's oxygen supply

The Amazon River pushes so much water into the Atlantic Ocean that, more than one hundred miles at sea off the mouth of the river, one can dip fresh water out of the ocean. The volume of water in the Amazon river is greater than the next eight largest rivers in the world combined and three times the flow of all rivers in the United States.

## **Antarctica**

Antarctica is the only land on our planet that is not owned by any country. Ninety percent of the world's ice covers Antarctica. This ice also represents seventy percent of all the fresh water in the world. As strange as it sounds, however, Antarctica is essentially a desert; the average yearly total precipitation is about two inches. Although covered with ice (all but 0.4% of it, ice.), Antarctica is the driest place on the planet, with an absolute humidity lower than the Gobi desert.

## **Brazil**

Brazil got its name from the nut, not the other way around.

## **Canada**

Canada has more lakes than the rest of the world combined.

Canada is an Indian word meaning 'Big Village'.

## **Chicago**

Next to Warsaw, Chicago has the largest Polish population in the world.

## **Detroit**

Woodward Avenue in Detroit, Michigan, carries the designation M-1, so named because it was the first paved road anywhere.

## **Damascus , Syria**

Damascus, Syria, was flourishing a couple of thousand years before Rome was founded in 753 BC making it the oldest continuously inhabited city in existence.

## **Istanbul , Turkey**

Istanbul, Turkey, is the only city in the world located on two continents.

## **Los Angeles**

The full name of Los Angeles is: El Pueblo de Nuestra Senora la Reina de Los Angeles de Porciuncula -- and can be abbreviated to 3.63% of its size: L.A.

## **New York City**

The term 'The Big Apple' was coined by touring jazz musicians of the 1930s who used the slang expression

'apple' for any town or city. Therefore, to play New York City is to play the big time - The Big Apple.

There are more Irish in New York City than in Dublin, Ireland; more Italians in New York City than in Rome, Italy; and more Jews in New York City than in Tel Aviv, Israel .

## **Ohio**

There are no natural lakes in the state of Ohio, every one is man-made.

## **Pitcairn Island**

The smallest island with country status is Pitcairn in Polynesia, at just 1.75 sq. miles/4,53 sq. Km.

## **Rome**

The first city to reach a population of 1 million people was Rome, Italy (in 133 B.C.)

There is a city called Rome on every continent.

## **Siberia**

Siberia contains more than 25% of the world's forests.

## **S.M.O.M.**

The actual smallest sovereign entity in the world is the Sovereign Military Order of Malta S.M.O.M). It is located in the city of Rome, Italy, and has an area of two tennis courts. And, as of 2001, has a population of 80, 20 less people than the Vatican. It is a sovereign entity under international law, just as the Vatican is.

## **Sahara Desert**

In the Sahara Desert , there is a town named Tidikelt, Algeria, that did not receive a drop of rain for ten years. Technically, though, the driest place on Earth is in the valleys of the Antarctic near Ross Island. There has been no rainfall there for two million years

## **Spain**

Spain literally means 'the land of rabbits'.

## **St. Paul , Minnesota**

St Paul , Minnesota , was originally called Pig's Eye after a man named Pierre 'Pig's Eye' Parrant who set up the first business there.

## **Roads**

Chances that a road is unpaved:

in the U.S.A = 1%;

in Canada = 75%

## **Russia**

The deepest hole ever drilled by man is the Kola Superdeep Borehole, in Russia It reached a depth of 12,261 meters (about 40,226 feet or 7.62 miles.) It was drilled for scientific research and gave up some unexpected discoveries, one of which was a huge deposit of hydrogen - so massive that the mud coming from the hole was boiling with it.

## **United States**

The Eisenhower interstate system requires that one mile in every five must be straight. These straight sections are usable as airstrips in times of war or other emergencies.

## **Waterfalls**

The water of Angel Falls (the world's highest) in Venezuela drops 3,212 feet (979 meters.) They are 15 times higher than Niagara Falls .
