Constable Alipour is creating connections with students and has had the opportunity to participate in a range of classroom activities, even baking pretend pumpkin pies with the kindergarten class.

The School Resource Officer is an important part of our school community and we are very happy to welcome Constable Alipour back for this school year.

## Warburg Village Market

November is a period of transition. Cooler shorter days and chilly harvest nights, a time of remembrance and gratitude. You've polished off the last of your Halloween candy, and now you get to take a deep breath of crisp air and settle into November.

Cool means we think of comfort foods, soups, pasta, hot chocolate. Mmmm grill cheese! See us for all of those and many more.

We bake fresh breads and buns most days and are adding more baking days for your convenience. Try our fresh in store made sandwiches and let us know what you think of our improved versions. Jody will now take over baking with Darlene coming on board to help out. If you would like a sandwich platter for an event, just let us know and we can help. Remember you always get our best. Thank you for your support!

## Warburg School NEWS

Congratulations to our senior boys cross country team for their excellent showing at Zones. Adam Plouffe - 1st, Nathan Akins - 3rd, Daniel Hunter - 10th. All qualified to compete at Provincials in Red Deer.

Our junior high cross country team has been training hard this fall and have competed at one meet in Wetaskiwin early in October. The team gained some great competition experience and had a fun day.

Our volleyball teams in junior and senior high are back on the court this Fall. The students are enjoying being able to practice their skills and compete against other schools in our zone at games and tournaments.

Thank you to all of our teams for representing our school with great attitudes and sportsmanship.

Elementary students participated in a cross country meet at our school in September. K-6 competed in their grade levels and enjoyed a spectacular sunny day being outdoors.

The Terry Fox Foundation was very pleased to accept our school's donation of \$1189.80. This outstanding amount is one of our highest ever total raised. Thank you to all who were able to donate toward our Terry Fox Run. A special note of thanks to Bailey Black for raising \$360.00 all by herself!

Our Grade 12 class of 2022 is fundraising for their graduation. Early November they will be selling Purdy's Chocolates. Contact a grade 12 student, or the school office if you would like to order chocolate that will arrive in time for Christmas!

Our School Parent Council has been working very hard organizing fundraisers toward the goal of purchasing new playground equipment. Currently they are fundraising with Growing Smiles. Until November 16th you can order Christmas wreaths, door decor and poinsettias online <https://warburgpss.growingsmilesfundraising.com>

Thank you to everyone who has supported their fundraising efforts. We are fortunate to have such an enthusiastic and vibrant school council. Please join in on their monthly meetings on Google Meets and add your voice. Find the meeting link on our school events calendar.

Our school website has a new look! If you have not checked out our site please visit [ws.blackgold.ca](https://ws.blackgold.ca) Parents and students will find all information pertaining to our school on the site.

## BLACKBIRD FARM & APOTHECARY

Matthew and Tammy Pawluik moved to Leduc County in 2016 and started Blackbird Farm & Apothecary in the fall of 2018.

Tammy's education and experience as a nurse was the driving force behind our personal care products and the very beginning of this adventure. Wanting to have safe, effective products to use ourselves daily was important and lead to the testing and development of our personal care product line.

Matthew's education in Forestry has always drawn and grounded him in nature. His work experience in the cabinet industry has honed his skills and love of creative design and working with his hands. This creativity is the foundation from which stems the custom woodworking and laser engraving side of what we do.

Together as a team we love to spend our time together working on all sorts of projects. From working in the garden, growing garlic, veggies and holistic plants. To being in the shop making shaving brushes to complement our shaving soaps. The products we make are all things we love to use ourselves and share with our family and friends.

We can often be found at the local markets including Mulhurst Bay Farmers market & Sunnybrook Market. Special pop-up markets such as Thorsby's pop-up market off main and seasonal markets like the Warburg Christmas Bazaar. If you have seen us at a market but have not seen what you're looking for, we are always happy to make custom products. We can do "one off" projects or bulk orders for your event or wedding with a complete line of gifts and giveaways.

We started with the simple idea of bringing the best from us to you. We put lots of love and careful thought into all we do. We hope you enjoy all we have to offer and share the experience with others in our small community.

Thank you so much for everyone's support,  
Matthew & Tammy Pawluik

# FUNDRAISING NEWS

Warburg Parent School Society Fundraising Newsletter

## In this issue:

- About WPSS
- Festive Flowers!
- WPSS committee
- Next meeting 22 Nov.

**Warburg School Council** is a structured group of parents, the school principal, teachers, students and community members whose purpose is to advise the principal and the school board respecting matters relating to the school. It is a means for parents and community members to work together with the school to support and enhance student learning.

**Warburg Parent School Society** is a fundraising branch of the Warburg School Council and its primary directive is to raise funds to purchase items that benefit all students of the school. In the past, the Society has purchased a large laminator, the score clock in our high school gymnasium, STEAM (Science Technology Engineering Arts Math) items for individual classrooms and 60 pairs of snowshoes to name only a few. Their fundraising was instrumental in recently purchasing a large number of items to begin our coding and robotics program at the school. Current fundraising efforts will go towards the purchase of some much-needed outdoor playground equipment.

## Festive Flowers!

## Government of Alberta Helping Alberta businesses go digital

***The Digital Economy Program will provide small businesses with free support as they grow and manage their businesses through technology.***

The Government of Alberta is investing \$10 million over two years toward the program, which will help Alberta small businesses increase their digital presence to reach more customers and compete in an increasingly online world.

Business Link and Digital Main Street™ are delivering the Digital Economy Program on behalf of the government. The program consists of two initiatives to support eligible small businesses across Alberta.

*"We want to provide Alberta's small business community with easy-to-use tools and resources to grow. This program will not only support Alberta's small businesses but will also provide employment opportunities for post-secondary students and recent graduates looking to apply their technology skills and gain valuable experience."* Doug Schweitzer, Minister of Jobs, Economy and Innovation

*"Rural Albertans have often had to choose between living in their hometown and pursuing new opportunities. As the world moves digital and small businesses have the ability to expand online, Albertans will be able to live and work anywhere. With programs like Digital Main Street, genius creations from small-town Alberta can be sold around the world."* Nate Horner, Associate Minister of Rural Economic Development

### ShopHERE powered by Google program

The ShopHERE powered by Google program allows eligible small businesses to create and operate an online store.

Businesses can access help through Digital Main Street to establish an online store and receive training and support to manage it.

Eligible businesses can now apply to the program. To be eligible, businesses must be registered in Alberta and have fewer than 50 employees. More information on the program, including full eligibility details and how to apply, can be found on the [Digital Main Street Alberta website](#).
