## LOCAL REPRESENTATION AT CALGARY STAMPEDE

by Shawna Ofstie

We had the pleasure of attending the Calgary Stampede on Sunday, July 10 with Darcy & Sharon Powlik to watch the Chuckwagon races. Darcy, one of our local Remax Realtors in Thorsby sponsored 2 tarps for Troy Flad Racing, a local racer who resides near Warburg. Thank you to the Powliks for the opportunity to spend some time at the Stampede and go behind the scenes to check out the barns with Troy and his great team of helpers and horses.

Troy who has a huge social media presence, interviewed Darcy on his Facebook live feed where we learned about Darcy's 20 year real-estate career, his involvement in Team Roping, Hockey, Fastball and support of our local community.

On the tarp Darcy's advertises the Stollery Children's Hospital and Children's Miracle Network. Darcy has been a huge supporter of the Stollery since 2002 with a cumulative total of \$77,810 in donations and in 2021 was in the top 10 Stollery Contributors.

It wasn't until this past March though that Darcy had a real connection to this great cause and hospital. In March of 2022, Darcy & Sharon's grandson Kade, born to his son Brandon and daughter-in-law Sarah, needed a 5-6 hour open heart surgery. Thanks to the

Stollery, Kade is now happy and healthy.

*"The Stollery really does perform miracles"* says Darcy in this emotional interview.

Check out the Chuckwagon Races every evening at the Stampede. You will see Darcy Powlik's Tarp on Flads Wagon on the track again on Sunday July 24. And good luck to all our local Chuckwagon Competitors at the Stampede, Troy Flad (Warburg) Troy Dorchester (Westeros) and Chad Harden (Mulhurst Bay).

Darcy Powlik and Troy Flad at the Calgary Stampede

Troy Flad took an unfortunate 15 seconds in outrider penalties when one of his outriders didn't make it to the finish line on his horse

# Leduc County Recreation and Parks Master Plan

## *We need your input!*

Leduc County is proud to provide a variety of parks and recreation opportunities to our residents. We offer recreation programs, partner with local halls and societies on community-led events, take care of a number of parks, campgrounds and open spaces and maintain cost-sharing agreements with neighbouring municipalities.

To help us understand the current and future needs for parks and recreation services, Leduc County is undertaking a **Recreation and Parks Master Plan**. The plan will be a guiding document for the County for the next 10 to 15 years, and will be developed based on a thorough research program, which includes the involvement of residents.

### **GET INVOLVED**

Your feedback is an important part of our planning process! Watch your mailboxes for information on our Recreation and Parks Master Plan survey. We also have a number of community events planned where you can provide your input.

Learn more at [www.leduc-county.com/recreation-parks-master-plan](http://www.leduc-county.com/recreation-parks-master-plan).

# TOWN OF THORSBY COW MEETING NOTES

July 12, 2022

## Property Taxes

- The Town of Thorsby is much like other municipalities and has a tax incentive policy for both commercial and residential properties. Administration recommends Council have a robust discussion on these two policies and study the tax incentive vs the loss of tax revenue that these policies create when growth is stagnant.
- Seniors property Tax deferral was discussed - this program allows eligible senior homeowners to defer all or part of their annual residential property taxes through a low- interest home equity loan with the Government of Alberta.

## Lift Station

- In the Public Works report by Andrew Kearly, Dave Barbarash, the Town of Thorsby's Water Treatment Operator informed them that despite previous requests, no maintenance has been done on the lift station in 11 years. They now have to wait for reports from engineers and make a plan. Maintenance requires them to hire divers to videotape pumps and they suspect it's a real mess. Maintenance is necessary to prolong the life of old equipment because new equipment is very costly.

## Bylaw

- Bylaw Officer Barry Rasch mentioned in his report that he is working to educate the community on Community Standards in the Thorsby Target. Here are a few bylaws to remember
  - Do not park holiday trailers and utility trailers on the street unattached, they can only be on the street for loading and unloading attached to a vehicle.
  - Do not blow grass onto the street
  - Cut back branches that restrict alley, sidewalk and road access
  - Do not park on the boulevard
  - Do not put planters or trees on the boulevard
  - Mow your lawns, remove noxious weeds and clean up your garbage
  - Be respectful of your neighbors when you have barking dogs
  - When upgrading or building parking lots, fences, decks and more you may need a permit, call bylaw or the town office before you start your construction project.

## Recreation

- Kelley Probe reported that they purchased and received a new ice edger which Thorsby Minor Hockey will be paying 50% of the cost.
- On Friday nights from 6-8pm there will be Family activities including bowling and using the fieldhouse
- Summer programs are underway

## Water Concerns

- Interim CAO Donna Tona has been meeting with residents who have concerns about brown water. This is a sediment problem because we have old pipes and many leaks we may not be aware of or that haven't presented themselves to the town so they can monitor them.

## Update on clean up from past Administration

- Current administration has been finalizing grant reports for the government that were not completed. They will be completed by months end
- All outstanding HR grievances, settlements, legal challenges with past staff have been settled and signed off.
- The 28 policies passed with the last administration will have to be rescinded as there are errors on them. They will be brought to council in a more orderly fashion.
- Bylaws are still being mapped and the current administration continues to try to locate the signed copies of the bylaws within the server. Blank bylaws are of no use.
- Interim CFO Cindy Van Leest continues to trace payments and deposits from 2021 to ensure proper handling for residents that felt they had improper payment allocations.

## Thorsby Municipal Library

# HEALTH ADVISORY

## BLUE-GREEN ALGAE (CYANOBACTERIA) BLOOM ADVISORY ISSUED FOR WIZARD LAKE

July 11, 2022

EDMONTON/CENTRAL ZONE – A blue-green algae (cyanobacteria) bloom has been identified in areas of Wizard Lake, located within the Edmonton and Central Zones of Alberta Health Services. Residents living near the shores of this lake, as well as visitors to this lake, are advised to take the following precautions:

- **Avoid all contact** with blue-green algae (cyanobacteria) blooms. If contact occurs, wash with tap water as soon as possible.
- **Do not swim or wade** (or allow your pets to swim or wade) in any areas where blue-green algae (cyanobacteria) is visible.
- **Do not** feed whole fish or fish trimmings from this lake to your pets.
- Consider limiting human consumption of whole fish and fish trimmings from this lake, as it is known that fish may store toxins in their liver. (People can safely consume fish fillets from this lake).

As always, visitors and residents are reminded to never drink or cook with untreated water directly from any recreational body of water, including Wizard Lake, at any time. Boiling of this water will not remove the toxins produced by blue-green algae. An alternate source of drinking water should also be provided for pets and livestock while this advisory is active.

Blue-green algae is naturally occurring and often becomes visible when weather conditions are calm. Appearing like scum, grass clippings, fuzz or globs on the surface of water, blue-green algae can be blue-green, greenish-brown, brown, and/or pinkish-red, and often smells musty or grassy.

People who come in contact with visible blue-green algae or who ingest water containing blue-green algae may experience skin irritation, rash, sore throat, sore red eyes, swollen lips, fever, nausea and vomiting and/or diarrhea. Symptoms usually appear within one to three hours and resolve in one to two days. Symptoms in children

are often more pronounced; however, all humans are at risk of these symptoms.

Weather and wind conditions can cause algae blooms to move from one location in the lake to another. Due to this, the advisory will remain in effect for Wizard Lake until further notice.

***Please note that areas of Wizard Lake in which the blue-green algae bloom is NOT visible can still be used for recreational purposes, even while this blue-green algae Health Advisory is in place.***

If you suspect a problem related to blue-green algae, or if you require further information on health concerns and blue-green algae, please call Health Link at 811. Additional information is also available online, at [www.ahs.ca/bga](http://www.ahs.ca/bga).

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

# TABS FOR TOTS

## PULL.COLLECT.DONATE

HELP US TURN

*Into this*

*Together We Can*

**Helping  
Regional  
Hospitals  
Since 2000**

[www.elksofAlberta.ca](http://www.elksofAlberta.ca)

## WHAT IS TABS FOR TOTS?

"Tabs for Tots" is a program of the Alberta Elks Foundation. It provides funds for Pediatric Care & Equipment for regional hospitals and health care units. The items are typically intended for delivery rooms, nurseries or pediatric wards.

Applications to the Tabs for Tots program can be made by any Elks or Royal Purple Elks Lodge through one of its members.

Projects can receive up to \$5,000 from the Tabs for Tots Program.

## HOW CAN I HELP

Tabs for tots collects the "tab off beverage cans as well as other recyclable metals. The collection is sold for scrap and the funds collected are allocated for helping local hospitals.

## THE POWER OF TOGETHER

Collecting 58,246lbs of tabs is not easy task. Together its is possible. Together we can supply much need medical equipment to local hospitals all over Alberta. Together we can make a difference. You don't have to be a member to help.

## *Did you know?*

Tabs are being collected in communities in a number of different ways involving schools, day cares and by local trades donating materials after a job has been completed

ELKS

[www.elksofAlberta.ca](http://www.elksofAlberta.ca)

## ABOUT US

The Alberta Elks Foundation created the Tabs for Tots program in June of 2000 under the direction of Brother Nick Henger. Since its inception the program has collected 58,266 lbs of tabs, 123,876 lbs of other metal which equals \$176,452.75. As a result Tabs for Tots has been able to donate \$170,711.67 worth of pediatric medical equipment to our local hospitals.

**To donate your tabs or other recyclable metals please contact  
the Breton Elks at 780.696.3800**
