## BREATHTAKING MURALS IN WARBURG

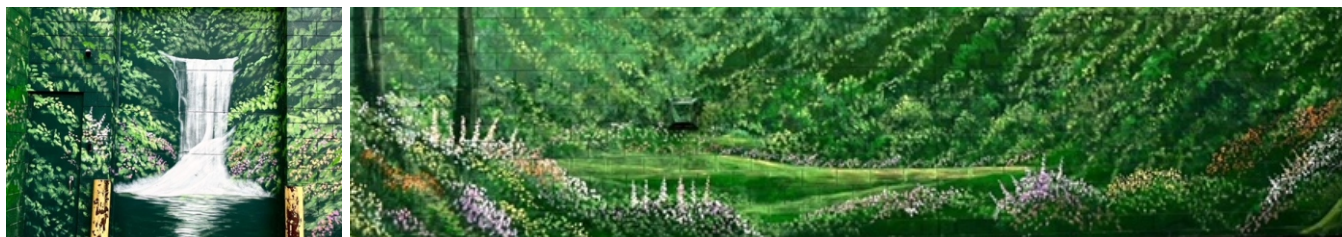

There is not many things more beautiful than a talented artists work. Thanks to 3-D Line Locating and the Warburg Village Market, visitors can now enjoy the beautiful work of Robert Murray displayed on the side of their buildings.

Lindsay Mayr, Vice President of 3-D Line Locating explained what inspired her to do this “Since Michael and I moved into our office building I always joked around with him that I was going to have a beautiful mural painted on the side of it; it needed to

*be spruced up! Little did he know I came across an amazingly talented artist from St. Albert (Robert Murray) who creates the most realistic murals that are true pieces of art; so instead of going ahead and painting the office white I thought why not create a mural for the community to enjoy! I have a love for the Mountains for they bring such peace to me and so this is the artwork I had him create for me. One of my favorite places to visit: Maligne Lake, Jasper (Spirit Island)”.*

*Creation of Lindsay Mayr's vision, Maligne Lake in Jasper on the south side of the 3-D Line Locating Building*

# Leduc County Recreation and Parks Master Plan

## ***We need your input!***

Leduc County is proud to provide a variety of parks and recreation opportunities to our residents. We offer recreation programs, partner with local halls and societies on community-led events, take care of a number of parks, campgrounds and open spaces and maintain cost-sharing agreements with neighbouring municipalities.

To help us understand the current and future needs for parks and recreation services, Leduc County is undertaking a **Recreation and Parks Master Plan**. The plan will be a guiding document for the County for the next 10 to 15 years, and will be developed based on a thorough research program, which includes the involvement of residents.

### **GET INVOLVED**

Your feedback is an important part of our planning process! Watch your mailboxes for information on our Recreation and Parks Master Plan survey. We also have a number of community events planned where you can provide your input.

Learn more at [www.leduc-county.com/recreation-parks-master-plan](http://www.leduc-county.com/recreation-parks-master-plan).

For more information, please contact Dean Ohnysty at **780-955-4535** or [dean@leduc-county.com](mailto:dean@leduc-county.com).

## SENIOR WISDOM

*submitted by Pearl Elson*

- The surest sign that intelligent life exists elsewhere in the universe is that it has never tried to contact us."
- I'm responsible for what I say, not what you understand or you think I said.
- Common sense is like deodorant. The people who need it the most never use it.
- My tolerance for idiots is extremely low these days. I used to have some immunity built up, but obviously there's a new strain out there.
- It's not my age that bothers me, it's the side effects.
- I'm not saying I'm old and worn out, but I make sure I'm nowhere near the curb on trash day.
- As I watch this generation try to rewrite our history, one thing I'm sure of .. it will be misspelled and have no punctuation.
- As I've gotten older, people think I've become lazy. The truth is I'm just being more energy efficient.
- I haven't gotten anything done today. I've been in the Produce Department trying to open this stupid plastic bag.
- Turns out that being a "senior" is mostly just googling how to do stuff.
- I want to be 18 again and ruin my life differently. I have new ideas.
- I'm on two diets. I wasn't getting enough food on one.
- I put my scale in the bathroom corner and that's where the little liar will stay until it apologizes.
- My mind is like an internet browser. At least 19 open tabs, 3 of them are frozen, and I have no clue where the music is coming from.
- Hard to believe I once had a phone attached to a wall, and when it rang, I picked it up without knowing who was calling.
- Apparently, RSVP-ing to a wedding invitation: "Maybe next time" isn't the correct response.
- She says I keep pushing her buttons. If that were true, I would have found "Mute" by now.
- There is no such thing as a grouchy old person. The truth is, once you get old you stop being polite and start being honest.

# LETTER TO THE EDITOR

Dear Editor

## *Say Yes to Backyard Chickens*

Last Village Council it was proposed to Council to change our current bylaw to allow members of our community to have Backyard Chickens (Hens Only).

I'm sure more than a few of my fellow community members have noticed the effects of inflation in every aspect of their lives. If the news is any indication, we have been warned about impending food shortages as well.

It is Forward thinking to amend our bylaw to enable sustainable living practices that would make a real difference in our community. We hear to support local by buying local, but it could also be to support local by allowing us to sustain ourselves!

I've heard that people should not live beyond their means, but it seems to me that living is starting to be beyond us regular folks means. Some of you might think, if you want to raise Chickens for eggs- get an acreage. Think about that statement, if we can barely afford to live- how could we afford that?

A limited number of Hens (no Roosters) allowed per property is not a nuisance by any means. They are certainly more quiet than a pet Dog and not going to poop in your neighbors garden bed like a Cat! They are fairly quiet & low maintenance. Obviously if people wanted to have Chickens they would have to house them and have a chicken run. A loose chicken is a gone chicken. I have complete faith that people can figure it out, given the opportunity. Backyard Chickens is a very common practice worldwide, rural and metropolitan.

Changing this bylaw would have an incredibly meaningful impact on families who have many mouths to feed in a time when food security is low. Even if you personally don't like Chickens, please consider how it would help members of our community. Not every house is going to get them

if we amend this bylaw, and if you don't like chickens- don't get them!

This could be a very simple process, after all- a bylaw was simply made to prohibit them and can simply now be amended.

Kimberley Tran
