

THE BRETON BOOSTER

110 YEARS OF HISTORY THE STORY OF A ONE ROOM SCHOOL

by Allan Goddard, Breton Museum

Located about six km north west of the Village of Breton stands the Funnell Community Centre. The building was originally the Funnell School. On January 25, 1912 the Funnell School District #2638 was established to provide for the educational needs of the children in the area. Just a year before, several African American families had established the community of Keystone, and one of their first priorities was to establish a school.

From existing records at the museum, it appears that it took until 1913 before a teacher was hired and classes started. We know that the school borrowed eight hundred dollars for the purpose of building and furnishing the school in November of 1912, and a further three hundred dollars in 1913 to complete the school.

The School District was named for Richard Funnell who had homesteaded in the area in 1907, just a year after the Dominion Land Survey had been completed. While the school is named in honor of Richard Funnell his name only appears a few times in the school records which have survived. It doesn't appear he was ever part of the School Board.

The local school board was responsible for assessing and collecting local land taxes for the purpose of operating the school. As with many local school districts, the financing of a school was a daunting and continuing challenge. Often the school was closed due to cold weather, lack of a teacher, or funds to pay the teacher. It wasn't uncommon for the next teacher to be hired while the previous teacher was still owed money. By 1930 as the Depression deepened, and with no money in which to pay the school taxes, the land owners would often provide wood to heat the school to offset some of the taxes owed to the school district. During the 1930's the timbers on which the school had been built deteriorated, the school inspector threatened to condemn the building

unless the foundation of the school was repaired. With donated materials and labor, the school was raised and a cement foundation and new floor installed with credit given to taxes owed.

Numerous teachers taught at Funnell over the years. The last teacher was Gwen Hooks who started teaching in 1946. The Funnell school operated until 1954, with declining enrollment and the start of centralizing one room schools the children of the area were bussed to Breton for school.

In 1958 a local group called the Breton Farmers Union of Alberta took over the building to use as a Community Centre. This group lasted a couple years until the community formed the Funnell Community Club. Since 1960 the building has served as a community centre. Over the years, numerous renovations were carried out and an addition added to the original building. Card parties and dances were held along with bridal showers, for brides to be from the community. From 1931- 1981 a local group, the Funnell Mothers Club, raised funds for improvements while it operated as a school and then for the community. One of the premier highlights over the years has been the annual Christmas Concert. Many memories could be told by this building. The Funnell Community Centre is likely one of, if not the, oldest building in B r a z e a u County which is still located on its original site serving the community.

*Stay tuned as
my next article
will delve into
Richard
Funnell and
his story.*

Word of Faith

CHURCH

LEARNING TO LIVE IN THE POWER OF GOD

Some key thoughts from the Bible:

- God loves us all!
- He is here to save us:
 - In eternity (heaven),
 - In issues we face in this present life.
- He does this through our relationship with Him. We each have our own role to play.
- Friends, spiritually speaking, we cannot just sit back and hope for the best. Many things happen in this life that are unfortunate and not part of God's good will for us.
- Church is about learning our role and pro-actively participating in relationship with Him.
- We are learning to live in the power of God.
- We are learning to live in His love.
- His love is a caring, positive, affirming environment.

MLA REPORT

from The Office of MLA Mark Smith,
Member of the Legislative Assembly
for Drayton Valley - Devon

After facing severe drought in 2021, Alberta farmers are very hopeful for the harvest ahead in 2022.

Right now, canola fields are doing particularly well, with Ian Chitwood of the Alberta Canola Producers Commission recently saying, "Everything is coming up really, really well right now. We're getting some good moisture for the first time in a couple of years. Prices look good. The fall looks good. Everything is lining up. As long as we can avoid the hail, we'll be OK."

Alberta producers planted 6.5 million acres of canola this year, as the global need for cooking oil reached its highest point ever due to a variety of factors, including the war in Ukraine. Our world-class farmers will be critical in meeting that demand now and for years to come. As the 2022 crops continue to come in, we wish all our farmers nothing but the best.

To help raise awareness about the amazing work our farmers do, this week, our government will be celebrating Local Food Week – a celebration of Alberta-grown food. Local Food Week kicks off with Open Farm Days, which starts August 13. This is a time when local farms open their doors, so Albertans can see exactly what they do and how they do it.

During Open Farm Days, we encourage all Albertans to visit a participating farm, meet a farmer, and learn more about our agriculture industry.

Also during Open Farm Days, some of Alberta's most talented chefs will be cooking farm-to-table dinners in rural communities across Alberta. We encourage all Albertans to find an opportunity to have an Alberta-grown meal, whether it's at a participating event or just at home.

You may remember that our government launched a special "Made in Alberta by Albertans" label, to make it easier to identify Alberta-grown foods at local markets and grocery stores. Whether you're having steak, chicken, pork, potatoes, peas, or carrots – we challenge you to make an all-Alberta meal to celebrate our amazing farmers.

Despite all this good news, Alberta farmers remain anxious about Ottawa's continuous attacks on their livelihoods. ***I want to be clear that our United Conservative government opposes any effort by Ottawa to force our farmers to reduce their fertilizer use.***

I am pleased to report that the federal government recently signaled that it is backing away from its plan to mandate that Canadian agribusinesses reduce their use of nitrogen fertilizer, after getting an earful from farmers

and provincial governments like ours.

We know we can't let up, however. We will keep the pressure on the Trudeau Liberals to ensure that this short-sighted plan is fully dead and gone.

Agriculture is Alberta's second largest industry, and with so many exiting things happening in our booming economy, it's important we take time to recognize the role agriculture plays and will continue to play in our economy

I can be reached at the main constituency office in Drayton Valley at 1-800-542-7307 toll-free. The office is open Monday to Friday. The Devon constituency office is open every Wednesday and the phones are manned Tuesday to Friday at 780-987-3666 or I can be emailed at draytonvalley.devon@assembly.ab.ca anytime.

PUTTING
IT BACK IN
ALBERTANS'
POCKETS

If you live in Alberta,
you'll be getting more
money back in your pocket.

Inflation is tough on everyone. That's why the Government of Alberta is helping Albertans combat the rising cost of living by providing relief.

FUEL TAX RELIEF Alberta drivers automatically save 13¢ per litre at the pump until at least September 30th.

ELECTRICITY REBATES Over 1.9 million homes, farms, and businesses receive a total of \$300 until December to cover high electricity costs.

NATURAL GAS REBATES Rebates are coming this fall to address high winter heating costs from October 2022 to March 2023.

We're also making life more affordable with lower overall taxes, affordable child care and more.

Learn all the ways you're keeping more money in your pocket.

Laurie's Laughs

In Memory of

MORNING CHUCKLE.....They weren't in my pockets. Suddenly I realized I must have left them in the car. Frantically, I headed for the parking lot. My husband has scolded me many times for leaving my keys in the car's ignition. He's afraid that the car could be stolen. As I looked around the parking lot, I realized he was right. The parking lot was empty. I immediately called the police. I gave them my location, confessed that I had left my keys in the car, and that it had been stolen.

Then, I made the most difficult call of all to my husband: "I left my keys in the car and it's been stolen."

There was a moment of silence. I thought the call had been disconnected, but then I heard his voice. "Are you kidding me?" he barked, "I dropped you off!"

Now it was my turn to be silent. Embarrassed, I said, "Well, come and get me."

He retorted, "I will; just as soon as I convince this cop that I didn't steal your damn car!"

Welcome to the **GOLDEN YEARS**

Are you talkin to me?

Are YOU talkin to ME?

Mom: If a stranger came up to you and said, "I'm your mom's friend, she told me to pick you up." What would you say?

Kid: I'd say, "You're lying. My mom has no friends."

Mom: Not where I was going, but OK.
