NOTICE OF CONSTRUCTION

Warburg - Road Improvements

We would like to inform the residents in the area that the street in front of your property is scheduled to have Road Reconstruction starting at some point the week of August 2nd. Please refer to the Coloured area in the figure below for the streets being reconstructed. In order to reconstruct the roads, we will need to close the road being reconstructed. Rear alley access will be maintained for at least one entrance for the duration of construction, if your property has a laneway at the back of the property. Construction will begin on 48 Street and 51 Avenue. Once 48 Street and 51 Avenue is excavated and being graveled, then 46 Street and 51 Avenue excavation will start (in mid- August). Once the gravel is in on 46 Street and 51 Avenue, the concrete for both areas will be scheduled. It is expected that paving will happen in mid to late September.

Residents will be expected to park in the rear alleys during construction in order to allow for the road reconstruction work to proceed. We will look for street parking opportunities for those of you who do not have a laneway at the back of your property. Residents will be expected to cooperate with the parking restrictions in order to allow for the street improvements in front of their property to progress. During construction there will be traffic flow interruptions and we ask for patience and cooperation during these inconvenient times. We also ask that residents keep their distance from the equipment and watch their children for all of the obvious safety reasons. We apologize in advance for any inconveniences due to construction and we thank you for your cooperation during these inconvenient times.

Once any concrete is poured, we ask that it is not driven on for at least 7 days to allow for the concrete to cure properly and obtain the strength required to support a vehicle weight. We ask that residents water the seeded areas behind any concrete replacement regularly in order to ensure proper growth.

If there are any concerns, please contact Tyler Spence at 780-453-5841 or in the event of an emergency during construction the following representatives can be contacted:

Warburg School has an official Jack Chapter! Jack Chapters are made up of grade 10-12 students across Canada who go through training to promote positive mental health while dismantling barriers to access to mental health supports. These students are not counselors, but will be there to listen, and to help individuals find support. Our Warburg School Jack Chapter has awesome students in training now. We will be hosting special events in the school over the school year.

At Warburg School, we care!

Congratulations to our Senior Girls volleyball team on their silver medal at the Fort Saskatchewan tournament. The team only had three practices before this competition and they pulled together to win all of their games, qualifying for the championship game. The team battled hard versus the host team in the final with our Panthers only 2 points short of the win. Thank you to our coaches, Becca Mudry and Tanya Babcook for volunteering your time for our athletes.

SEPT. 19 DECLARED A PROVINCIAL DAY OF MOURNING

Alberta has declared Monday, Sept. 19 a provincial day of mourning in solemn recognition of Her late Majesty Queen Elizabeth II.

Albertans are invited to participate in an outdoor ceremony in honour of Her late Majesty at the Alberta legislature at 10 a.m. on Sept. 19, the day of her funeral in London, that will begin with a moment of silence. Workplaces, schools, offices and retail stores are encouraged to also observe the moment of silence.

As part of the day of mourning, all employers are encouraged to make accommodations for employees to either attend the ceremony at the legislature or otherwise mark the occasion of Her late Majesty's funeral.

Schools will be encouraged to offer opportunities for students to take part in the day of mourning. Alberta Education will provide further information to school boards Sept. 14.

"Albertans, Canadians and the peoples of the Commonwealth will join together on this day in sorrow to mourn the death of Her late Majesty and to commemorate her long and faithful service. I sincerely hope that Albertans find some time on this day to honour the remarkable life of Queen Elizabeth II and I strongly encourage employers and schools to appropriately mark this somber and historic occasion." Jason Kenney, Premier

More details on the ceremony to honour Her late Majesty will be available soon at alberta.ca/QueenElizabethMemorial. The ceremony will be livestreamed on alberta.ca and on Government of Alberta social media channels.

The public is invited to sign books of condolence at the Alberta legislature and other provincial buildings until 4 p.m. on Sunday, Sept. 18 and online until noon on Monday, Sept. 19.

REDUCING RED TAPE FOR OIL SERVICE RIGS

September 14, 2022

The governments of Alberta and Saskatchewan, along with industry stakeholders, have secured a regulation exemption from Ottawa that will allow oil service rigs to move freely between the two provinces.

On June 5, 2019, the premiers of Alberta and Saskatchewan signed a memorandum of understanding to help remove provincial barriers to the movement of service rigs.

Since then, they have been urging the federal government to exempt service rigs from regulations under the Motor Vehicle Transport Act that prevent vehicles and equipment from moving efficiently between job sites in the two provinces.

"Striking down service rig regulations is part of the Alberta government's plan to reduce red tape, improve labour mobility and grow our economy. In 2019 we fulfilled a platform commitment to end provincial barriers to the movement of service rigs and to scrap pointless regulation for these rigs that spend 90 per cent of their time drilling for oil and gas, not moving like typical heavy vehicles. Because the federal government regulates traffic between provinces, we have been pressing Ottawa for over two years to align their rules with our pro-growth approach. This federal exemption is another win for Alberta, allowing service rigs to move more freely and efficiently. Thanks to Premier Scott Moe of Saskatchewan and the Canadian Association of Energy Contractors for all their work to secure this victory for our shared energy economy." Jason Kenney, Premier of Alberta

"This is long overdue. Western Canadian Energy is not only among the most sustainable in the world, but also among the safest. We should be removing redundant red tape and barriers that impede opportunity to growth." Scott Moe, Premier of Saskatchewan

"Today, common sense has prevailed. We are delighted to see this much-anticipated regulatory reform pass the finish line. It means that our workers can focus on what matters most, developing the world's most responsible energy while at the same time meeting the highest standards in road safety." Mark A. Scholz, president

& CEO, Canadian Association of Energy Contractors

Under the new *Motor Vehicle Transport Act* exemption, service rig convoys will not be required to complete daily logs or have a certified electronic logging device.

Service rigs will continue to have robust safety checks in place, such as the need to have valid permits, regular inspections and to comply with all occupational health and safety requirements.

Quick facts

- Service rigs are large, heavy vehicles with mounted derricks that are used to service and maintain oil wells.
- The two provinces brought forward a joint application to Transport Canada for a class exemption for interprovincial service rig carriers from provisions of the federal Motor Vehicle Transport Act in order to recognize the harmonized approach between Alberta and Saskatchewan.
- The exemption will apply in Alberta, Saskatchewan, Manitoba and British Columbia.
