

THE BRETON BOOSTER

MOURNING THE LOSS OF TWO POLICE OFFICERS

Our thoughts and prayers go out to the families of Constable Brett Ryan and Constable Travis Jordan and to all the service men and women who serve and protect us daily.

HONOURING FALLEN OFFICERS

From www.edmontonpolice.ca/AboutEPS/InMemoriam

The Edmonton Police Service is mourning the passing of two of its members.

On March 16, Constable Brett Ryan, with 5.5 years of service, and Constable Travis Jordan, with 8.5 years of service, were fatally injured, while responding to a call for service.

The EPS has received an outpouring of support from the public in response to their passing.

Should you wish to share a message of condolence, you can do so by submitting them to:
lineofduty@edmontonpolice.ca

Condolences and kind words will be shared with the fallen members' families, friends, as well as their colleagues.

The Edmonton Police Foundation, in partnership with the Edmonton Police Association, is raising funds for the families of the fallen officers. All funds raised here will go to the Edmonton Police Foundation, which in turn will provide the funds to the families to assist with the costs of upcoming expenses. www.gofund.me/a46d525e

Starting Friday, March 17 after 10 a.m. condolence books will be available at all Edmonton Police Service stations and at City Hall in the south lobby near the information desk. The condolence books will be set up during regular business hours Monday to Friday.

BACKGROUND

Story & Picture taken from EPS Facebook Page

On Thursday, March 16, 2023, Constable Brett Ryan and Constable Travis Jordan responded to a family dispute call in an apartment complex near 114 Avenue and 132 Street.

When the two officers arrived, they were met by a 55-year-old female complainant outside of the complex. The two officers then responded to the suite where she resided, along with her 73-year-old male partner and their 16-year-old son.

Immediately upon arriving at the suite, both constables were shot by the 16-year-old male and were immediately incapacitated. A struggle reportedly ensued between the mother and son over the firearm, and the mother was shot. The suspect then turned the firearm on himself, taking his own life. The father was not physically injured during the shootings.

It has since been confirmed that neither officer discharged their firearm.

Following 911 calls by multiple reporters, additional police and EMS arrived. One of the injured officers was transported in a police vehicle to hospital, while the other injured officer was taken by ambulance. The female complainant was taken by ambulance to hospital, where she remains in serious but stable condition. Soon after arriving at the hospital, both officers were declared deceased.

Community Volunteer Income Tax Program

FREE INCOME TAX PREPARATION - For Low Income Persons, Families, seniors and students. Although this is something that most of us would like to avoid thinking about and doing, I am afraid that this is unavoidable. You need to file your income tax each year, even if you have no income to report. By doing this you may receive

benefits that you did not know you were eligible for. Also, in the event of the death of your spouse, benefits can easily be transferred to you, if you have filled a return for the last calendar year. If you did not file a tax return in 2021 you may not be receiving benefits from the government that you are eligible for. The focus of the Community Volunteer Tax Program is to assist those individuals who have limited income. This includes seniors, families, and students. If your income was approximately in one of the following categories, you may qualify for assistance. *1 person - \$35,000 / Couple - \$45,000 / Family - \$52,500

We are not able to complete returns with income from the following sources: *Capital Gains or Losses, Farming Income, Rental Income, Self-Employment, Interest exceeding \$1,000, Bankruptcies, Deceased Persons*

This service is FREE to those who qualify. If you require this service, please gather your information, and bring it to the Village of Breton office Monday to Thursday between 8:30 - 4:00. Clients will be notified when your return is completed. The program will run from March 1 - April 30, 2023. We require the following information to complete your return:

- Personal Information (Social Insurance Number, Birth date, Marital Status, Address)
- Dependent's information - spouse/ children's names, birth dates.
- All "T" Slips (T4's, T4A, OAS ect.)
- All Forms, Schedules, and Labels you have received from Revenue Canada.
- Receipts for any expenses such as medical, moving, tuition, sporting activities. Printouts from your pharmacist are available for those with numerous prescriptions.

Greetings from Breton Elks Lodge #402

Hello everyone. Hope all is well. We now have some sure signs of spring. Daylight Saving Time and much warmer temperatures and soon road bans along with travel restrictions on our oilfield roads. Even the tomatoes are on the go and doing well.

Another sign of spring is the planning of Easter events. FCSS has a list on the go. So its hot chocolate and hot dog time at the club house at the golf course, compliments of the Breton Elks.

April 15 Drayton Valley Elks will be hosting the Annual Spring District meeting. Also our local Soccer Club is gearing up for a busy season and Breton Elks will be donating \$1,000.00 to this club to help with a jump start moving forward. It was reported that approximately 3000 players belong to the Provincial Organization. Last year a total of 98 players were involved in Breton.

April 29 the lodge will gather at the RV Park to do an annual cleaning of the RV Park in preparation for the coming camping season.

Another annual Walk-a-thon for Kids will take place May 13 in Halkirk, Stavely and Trenchville.

Preparations are underway for our nomination of officers for the coming year. Our April meeting will see all nominations presented with the official installation to follow in May.

Another sign of spring is that the skating rink is now closed for the season. The day time temperatures are taking a toll on our natural ice. I want to again thank the membership for their assistance in maintaining the ice and special thank you to Shawn Livingstone and Kyle Townsend for their contributions. Your efforts were greatly appreciated.

In closing, I want to wish everyone Good Health and Wealth. Soon it will be mud season and then mosquitoes, green grass and flowers.

Will chat soon.

ATTENTION BRAZEAU COUNTY RESIDENTS

Brazeau County has contracted Accurate Assessment Group to conduct its general assessment. As part of that contract, assessors have started the re-inspection process. Each year approximately 1/4 of the County is re-inspected by assessors. For 2023 assessors will be re-inspecting properties around the Drayton Valley boundary (Division 3) and the majority of Division 4. A re-inspection map can be found online at <https://www.brazeau.ab.ca/county-hall/corporate-services/tax-and-assessment-review>

Please be aware that assessors will also be conducting inspections throughout the County, pertaining to development permits, subdivisions and incomplete structures.

Assessors will be easily identifiable, as they will be carrying identification tags and will be driving Brazeau County marked vehicles.

If no one is present when the assessor visits your property, a call back card will be left. The County requests your co-operation in returning calls and providing the assessors with the necessary information.

If you have any questions or concerns, please contact the Tax and Assessment Coordinator at 780-542-777.

FRAUD PREVENTION MONTH

*Alberta RCMP tackle investment
scams in Fraud Prevention Month
awareness campaign*

This March, the Alberta RCMP will be sharing a variety of tips and resources in support of the Alberta Community Crime Prevention Association's (ACCPA) Fraud Prevention Month campaign. The campaign, which will include a weekly theme, seeks to educate Albertans on the many ways that fraudulent activity negatively impacts their communities.

This week, ACCPA and other supporting agencies including the RCMP, are focusing on investment scams. This includes, but is not limited to:

- Investment fraud via social media;
- Ponzi or pyramid schemes;
- Cryptocurrency schemes;
- Real estate scams; and,
- Offshore investing schemes.

To better protect yourself from investment scams, consider the following:

- Be skeptical of unsolicited investment opportunities;
- Always get a second opinion;
- Be suspicious of time-limited or high-pressure salespeople; and,
- Research the investment for how it works, the risks and fees.

"Investment scams often appear as business opportunities that are just too good to be true. Always be suspicious of unsolicited investment opportunities – even from friends and family members." Cpl. Sean Milne, Alberta RCMP Provincial Economic Crime Team

If you are unsure of whether or not you are being targeted by a scam, visit the Government of Canada's website to learn about common scam-types. If you have been the victim of fraud, report it to your local law enforcement and to the Canadian Anti-Fraud Centre online at www.antifraudcentre.ca, or by calling: 1-888-495-8501. Be sure to contact your bank and credit card company if you believe your personal or financial information has been compromised.

For more fraud prevention information and resources, follow us on Facebook @RCMPinAlberta and Twitter @RCMPAlberta.

Soul Care

I recently held a workshop where we explored the idea of finding God in our stories. We spent the day together exploring our family of origin and what that meant to us.

For many it carries much pain and for some trauma, that we tend to spend our lifetime running away from. If there is anything I have learned in my lifetime is that we cannot run away from our family of origin. Where and who we come from is a part of our story. The key is what do we do with this now? We can choose to live a life of blaming and live in bitterness, anger and resentment OR we can name it and find healing.

There is a significant difference when it comes to blaming or naming.

Here is a glimpse of some of the context of the workshop that I held.

"I do not blame but I name, that this is the story that I carry. I name the hurt, the feelings of abandonment, the pain of rejection. I name the feelings to be true, real feelings. But these feelings can keep me in bondage and in prison if I let them.

You see, blaming keeps the story charged and alive. It creates an opportunity to loop in our minds and hearts where we keep thinking about it, repeatedly.

BUT, naming it, saying it out loud, well it becomes different. What it does is it invites you to say it, whatever happens, write it, assess it which then can lead to the opportunity to heal from it. This then creates a natural rhythm to move away from it.

So, I name this and learn to feel it and I have gotten help. I have sought out counseling and have found or am finding healing in my story. I am finding God in my story. And what is happening is that I am organically moving away from it and moving into a new future that God designed for me." (Soul Care)

In Philippians 3:13 we have a passage that talks about forgetting the past and looking ahead, inviting us not to dwell on the past.

"No dear brothers and sisters I have not achieved, but I focus on one thing: forgetting the past and looking forward to what lies ahead."

We were not created to carry all that pain that we carry within us, we were created to give it to God. I encourage you if you are battling feelings of bitterness, resentment or anger, ask yourselves,

What has happened to me? And how can I move from blaming to naming?

Reach out if you are interested in exploring this!

I want to invite you to also keep your eyes open for my next ***"Finding God in our Stories"*** workshop held on May 13th at Covenant Bay Bible Camp

Peace my friends.

LETTERS TO THE EDITOR

To the Editor:

Here are some more issues for public consumption.

Policy PW15 relates to road surfacing of Country Residential. It states the conditions for which road surfacing gets done inside subdivisions.

Problems arise when Council decides to disregard this policy. In other words, they appear to play games as to who receives the benefit and who pays. One subdivision just outside Drayton Valley had paving paid for by the recipients (i.e., included in the cost of the lot). In other cases, subdivisions got pavement paid for by the rest of us. This is fair?

The policy states conditions for paving, one of which is that the county (we taxpayers) pays for 60%, residents pay 40% of the costs. Why only 40% for residents? (They receive the benefit.) In fact, why should the County (we taxpayers) pay any percentage? It seems to me that a Local Improvement Tax be paid by those who receive the benefit is in order.

If some councillors feel that policy should not/cannot be fairly applied, equitably and consistently, perhaps they should resign. Why have a policy if it is not followed, as we spend tens of thousands of dollars developing these policies. Either follow the policy or change it so that it IS equitable for all.

On another issue, there appears to be some concern about the noise level that cryptocurrency operations create. However, there wasn't much (if any) concern expressed when a gravel extractor wanted to extend his crushing hours or the noise level of a "motor cross" race track might have on surrounding residents.

Concerning the "Moose Hill" bridge that needs serious repair/replacement, it is disconcerting that only \$3150 was allocated to its preservation. Reports coming my way suggest a serious safety issue here—especially with grader use. Is it not strange that only \$3150 is adequate for bridge repair, but millions are allocated for ONE mile of a road (Township Road 474).

It should also be noted who (2) voted not to allow answers to questions raised in "public (ratepayers)" sessions. So much for their commitment to the Mission Statement of "Residents First Philosophy" and County Value of "Transparency."
