Once you have finished the quest take a screen shot, then you can come to the Drayton Valley & District FCSS Office located at 4743 - 46 Street to pick up a gift the whole family can enjoy.

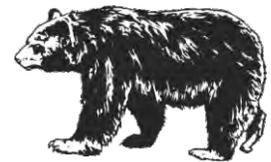

We can't wait to see you at one of these fun events to celebrate our great province!

## BLACK BEAR SIGHTING

A black bear has been seen West of Breton. The last sighting reported was August 28 on a trail cam located around TWP 482 and Range Road 51.

Remember, if you encounter a bear, Wave your arms over your head. Back away slowly and do not run or climb a tree. If the bear keeps approaching you, use bear spray (*make sure you know how to use bear spray before heading out on your hike*).

**Black bears rarely attack humans but best to avoid them altogether.**

## DO YOU COMMUTE TO DRAYTON VALLEY?

As of September 1, the Breton Booster will no longer be available at the IDA Malone Pharmacy (5203 - 50 Street) in Drayton Valley unless we find someone to take them there.

For more information call/text 780-499-9006 or email [media@community39.com](mailto:media@community39.com)

## **Golf Course - Leasehold Opportunity**

The Village of Breton is seeking a new leaseholder for the Breton CentraPlex Golf Course. The Lessee would be responsible for all operations of a golf course including the proshop and maintenance of the course. There is some equipment necessary for the maintenance of the golf course on site. Any additional equipment required would be the responsibility of the Lessee. This is a nine hole, 3155 yard, par 37 golf course in a mature treed setting located adjacent to the Breton RV Park (accessible by golf cart). The dance studio, restaurant, ice cream shop, RV park and ice rink located in the CentraPlex are under separate contract.

The Village of Breton is located one hour southwest of Edmonton on highway 20. With a well established membership this course offers an excellent opportunity for someone that loves the sport of golf.

Takeover date would be early 2024. Lease amount would be a percentage of the gross sales.

**Sealed proposals with detailed business plans, including the percentage of gross profit you are willing to offer, will be accepted at the Village of Breton office until noon on October 11, 2023.**

*For more information please inquire by email to [cao@breton.ca](mailto:cao@breton.ca). Telephone inquiries will not be accepted at this time.*

COMMUNITY INFORMATION

We will no longer have the Complete Community Listing for the Month of August or moving forward, we apologize for the change..

We are currently working on a bi-annual Fall & Winter (September to February) and Spring & Summer (March to August) booklet with information on our communities all in one place called "Community Connections". This booklet is in partnership with the Village of Breton, Town of Thorsby, Village of Warburg, Brazeau County and Leduc County.

If your local non-profit organization, church, community or municipal service wants to be included, please call or text 780-499-9006 or email media@community39.com

Please note: Due to the large volume of research and information, for the first issue we are only including organizations in Breton, Warburg, Thorsby, Leduc County West of Range Road 275 & Brazeau County East of Highway 759 or 761.

## Lillian Violet Meade

1946 - 2023

Lillian Violet Meade, born in 1946, in Alsike, was a remarkable woman whose life was filled with love, joy, and cherished moments. She peacefully passed away on August 16, 2023, at the Breton Continuing Care Centre..

Lillian's journey began on a farm in Alsike, where she was raised alongside her beloved sisters and brother. Growing up immersed in the beauty of nature and the values instilled by her parents, Bill and Mary Ollenberg, shaped Lillian into the compassionate and nurturing soul she became known for throughout her life.

She attended schools in Warburg and Breton, where she acquired knowledge that would guide her through various chapters of her life.

Married to Leonard for an awe-inspiring 60 years, Lillian found deep fulfillment within their union. Together they built a foundation of love, respect, and unwavering support that became an inspiration for those around them. Leonard stood by Lillian's side throughout their shared adventure with unwavering commitment and endless devotion.

Lillian's family meant the world to her. She treasured spending time with her loved ones and embraced every opportunity to gather together. Nurturing a close bond with her daughters Caroline, Karen (Colin), sons Robert (June) and James (Elsa), and grandchildren Alana, Mackenzie, Mikahla - each moment spent together was precious to Lillian.

Among Lillian's proudest accomplishments was her ability to create cherished memories with her family. Whether it be holiday gatherings filled with laughter or simply sharing meals every day around the table; Lillian understood the importance of family time and ensured that warmth and love permeated every encounter.

Lillian had a profound appreciation for the wonders of nature. One could often find her indulging in hobbies such as ice fishing or tending to her enchanting flower and vegetable gardens. Her collection of antique lamps was a testament to her exquisite taste and the appreciation she had for beauty in all its forms. Additionally, Lillian cherished the adventurous camping trips she took in British Columbia.

Lillian's love extended beyond her immediate family; she embraced the role of caring sister, sister-in-law, aunt, cousin, and friend. She leaves behind her loving sister Fay and brother Sam, numerous nieces, nephews, cousins, and countless friends who were touched by her vibrant spirit. Their cherished memories of Lillian will forever hold a special place in their hearts.

Lillian was predeceased by her sister, Linda; her son-in-law, Tom Gregg; her brothers-in-law, James Stange, Fred Meade, Clifford Meade, Donald Meade, Bill Pettit; sisters-in-law; Dorothy Meade, Marlene Pettit, and her granddaughter, Andrea Leach-Meade.

In conclusion, Lillian's journey was one that profoundly impacted those fortunate enough to have known her. Her legacy is one of love, kindness, and devotion. May we carry forth the memories of this extraordinary woman whose presence illuminated our lives. Although we mourn Lillian's passing deeply, let us rejoice in the time we shared with her and embrace the lessons she imparted upon us all. Rest peacefully now Lillian for your legacy remains eternally cherished by those whose lives you touched.

*The family wishes to express their sincere gratitude to the doctors, nurses, and the staff of the Breton Continuing Care Centre for their kindness, support, and care shown to Lillian during her stay.*

**Lillian's life will be celebrated on August 31, 2023. A "Celebration of Life" service will take place at the Breton Community Centre located at 48 Street in Breton. The ceremony will commence at 1:00 PM and provide an opportunity to honor and pay tribute to Lillian's extraordinary life. Let us join together in celebrating a life well-lived.**

# BACK-TO-SCHOOL TIPS FOR FAMILIES

submitted by Deanne Young, FCSS

Before it's time to head back to school, use these tips to help ensure your child has a safe, healthy and happy year.

## Make the first day of school easier for kids

- **Take your child to visit the new school or classroom before the first day of school.** Attend any available orientations and take an opportunity to tour the school. You can also bring your child to school a few days prior to class to play on the playground to help them feel comfortable. Many children get nervous about new situations, including changing to a new school, classroom or teacher. It can be helpful to rehearse heading into the new situation.
- **Remind your child that teachers know that students may be nervous about the first day of school;** they will make an extra effort to make sure everyone feels as comfortable as possible. If your child seems nervous, ask them what they are worried about and help them problem-solve ways to master the new situation.
- **Point out the positive aspects of school starting** to help your kids look forward to the first day of class. Talk about how they will see old friends and meet new ones, for example.
- **Find another child in the neighborhood you child can walk to school or ride with on the bus.** If you feel it is needed, drive your child (or walk with them) to school and pick them up on the first day. Get there early on the first day to cut down on unnecessary stress.

## Develop a healthy sleep routine

- Help your child adjust to earlier bedtimes a week or two before the new school year starts, just to help them ease into new routines. Set a consistent bedtime for your child and stick with it every night. Getting enough sleep is critical for kids to stay healthy and be successful in school. Not getting enough sleep is linked with lower academic achievement, as well as higher rates of absenteeism and tardiness
- Create a bedtime routine that is consistent to help your child settle down and fall asleep. For example, a calming pre-bedtime routine may involve a bath/shower, reading with them,

tucking them in and saying goodnight.

- Have your child turn off electronic devices well before bedtime. Try to have the home as quiet and calm as possible when younger children are trying to fall asleep.

## Plan for safe travel to & from school

Review the basic rules with your student and practice any new routes or modes of transportation:

## Taking the school bus

- **Remind your child to wait for the bus to stop** before approaching it from the curb. Kids should always board and exit the bus at locations that provide safe access to the bus or to the school building. Make sure your child walks where they can see the bus driver (which means the driver will be able to see them, too).
- **Remind your student to look both ways** to see that no other traffic is coming before crossing the street, just in case somebody does not stop as required. Encourage your child to actually practice how to cross the street several times before the first day of school.
- **If the school bus has lap/shoulder seat belts, make sure your child uses one** at all times when in the bus. Your child should not move around on the bus.
- **Check on the school's policy regarding food on the bus.** Eating on the bus can present a problem for students with allergies and also lead to infestations of insects and vermin on the vehicles.
- **If your child has a chronic condition that could result in an emergency on the bus,** make sure you work with the school nurse or other school health personnel to have a bus emergency plan. If possible, do this before the first day of class.

## NEW RECRUITED PHYSICIAN PRACTISING, ACCEPTING NEW PATIENTS

RIMBEY – A new physician is bringing improved access to care to local and area residents.

Dr. Jude Unuafe is a general practice physician (GP) working from the Rimbey Care Centre and from the Rimbey Medical Clinic at 5046 49th Ave. He is accepting new patients and can be reached at 1-855-941-4627.

With Dr. Unuafe's arrival, Rimbey now has seven physicians practising in the community.

*"The arrival of a new GP is wonderful news," says Jason Nixon, MLA for Rimbey-Rocky Mountain House-Sundre. "Dr. Unuafe and his family are a welcome addition to the community and he is sure to be a great asset to Rimbey and the surrounding area."*

Dr. Unuafe received his medical training in Nigeria and previously practiced in Nigeria and South Africa.

Alberta Health Services (AHS) continues to recruit for physicians across Alberta to meet community needs. AHS has physician resource planners who are dedicated to identifying and pursuing international and domestic physician recruitment opportunities. They work closely with various community partners and organizations, such as local Health Advisory Councils, the Rural Health Professions Action Plan, and independent physician recruitment and retention committees.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Our mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans. Our current focus is on reducing emergency department wait-times, improving EMS response times, increasing access to surgeries, and improving patient flow.

# THE NEW OTIPEMISIWAK METIS GOVERNMENT

Submitted by Wendy Snow, District 8 Citizen Representative Candidate

In August 2022, a draft Constitution was tabled with delegates at the MNA's( Metis Nation of Alberta) 94th Annual General Assembly by the MNA Constitution Commission. After two and a half years of extensive community engagement that included focus groups, community gatherings, hearings, written feedback and a previously circulated draft, delegates at the assembly voted overwhelmingly in favour of moving forward with a province-wide ratification vote.

## Why do we want self-government?

When the constitutions of Indigenous governments are recognized by other levels of government – federal and provincial – they provide legitimacy and enable Indigenous governments to represent their citizens more effectively. With a constitution in place, an Indigenous government can also better respond to citizens' needs, provide appropriate services, and position their citizens to pursue long-term economic opportunities. The MNA will be holding a general election for the new Otipemisiwak Metis Government in September 2023.

Otipemisiwak is a Cree word used to describe the Metis People, it means "People who govern themselves". The new Otipemisiwak Metis government has gone through a second reading at Parliament. It will receive one more reading then will be sent to the Senate, after which it can receive Royal Assent.

The current MNA's six large regions will be transitioned into twenty-two smaller districts represented by a Citizen's Representative at the provincial level and a District Captain at the local level.

This government will be comprised of four branches

## The Citizens Gathering;

The AGA (Annual General Assembly) will be renamed the Citizen's Gathering and will be convened each summer by the Citizen's Council to provide the annual report to the citizens, update citizens on important matters, provide those citizens a forum to ask questions and allow citizens to provide their views on any proposed amendments to the Constitution

## The District Councils;

The District Council will be composed of an elected District Captain and councilors, this council is meant to replace the current regional boards and Locals. The

Constitution sets out the authorities and responsibilities of the council to conduct consultation on behalf of its citizens.

## The Citizen's council;

The Citizens Council will be composed of the President, the Woman's Representative, the Youth Representative, all of which are elected every four years in a general election .Citizen Representatives, one per district – twenty-two in total, will also sit on the board and they are elected every 4 years by each respective district. The Citizen's Council will have the power to introduce and pass laws in relation to all matters falling within the Otipemisiwak's government's jurisdiction.

## The Judicial Branch;

The structure of the Judicial Branch is purposely left open so the new government can create the judicial bodies it needs to carry out the responsibilities identified in the Constitution.

Metis citizens will be voting either in person, on-line or by mail from September 13th to September 19th. Citizens will need to elect one Provincial President. The offices of Women's Representative and Youth Representative have been acclaimed. Each District must also vote for their Citizen Representative September 13th to 19th, although some districts are acclaimed as well.

Message from  
**Andrew Boitchenko**  
MLA for  
Drayton Valley-Devon

Alberta's economy is growing and diversifying under our United Conservative government. In addition to traditional industries like agriculture and energy, newer industries like technology and innovation are also booming in our province.

According to the Canadian Venture Capital and Private Equity Association, Alberta saw 24 venture capital deals worth \$208 million in the second quarter of 2023, bringing the province's investment total to \$406 million so far this fiscal year.

This investment boom represents an 18 per cent increase in deal size over the same period last year, while the whole of Canada saw a 28 percent decrease. It also puts Alberta firmly on pace to break its all-time venture capital investment record of \$729 million, set last fiscal year.

This kind of tremendous growth doesn't happen by accident. Our United Conservative government spurred this growth by cutting taxes, balancing the budget, reducing red tape, keeping life affordable, and supporting pro-growth economic policies. As a result of our efforts, Alberta is now capturing 11.9 percent of Canada's venture capital deals, and we have positioned our province to be the next technology hub of Canada and North America.

"Investments into Alberta ultimately create jobs, continue our economic momentum, and support local tech innovators. We are creating this ecosystem by decreasing red tape, providing low corporate tax rates, and ensuring Alberta's workforce is ready to work in vital industries such as tech," Technology and Innovation Minister Nate Glubish said, in response to the new numbers.

Alberta is attracting big names in the technology and innovation world such as Jobber, Amazon Web Services, Mphasis, Appexus, mCloud Technologies Corp., Infosys, and so many more. Undoubtedly, 2023 will be another big year for the technology and innovation sector. That means more high-paying jobs for Albertans.

While Alberta's technology and innovation sector continues to grow in size and reputation, attracting investment dollars and workers from across the world, other industries are growing in Alberta and supporting our ongoing efforts to diversify the economy. Renewables, agrifood processing, film and television, and manufacturing are a few other examples of newer industries that are making waves in our economy and

creating high-paying jobs for Albertans.

This new report from the Canadian Venture Capital and Private Equity Association is more good news for our province and economy. With the summer coming to a close and fall rapidly approaching, I look forward to providing more good news about how our United Conservative government will continue supporting economic growth and diversification.

# LETTERS TO THE EDITOR

To the Editor

Recently there was a letter written by a resident that this reader finds deeply troubling on multiple accounts.

The letter has many false statements regarding a road (474 between RR 52 and RR53) that council has voted against. Council voted against building a section of road not where the accident occurred (between RR54 and RR55 and highway 616) that the writer expressed. So how could this stretch of the road prevent the accident?

Council and staff on numerous occasions have provided alternative routes to the road (474) being mentioned both to save money and also be a much superior design, all of which have been turned down by one said land owner who does not want to give up land but feels others should have to. The alternative design is just to the south avoiding the major creek challenge. Like many roads within the county and province there are examples of what are called "forced road allowances" exist for this very reason, Environmental and cost prohibited. So while that writer expressed council should have to explain their votes, perhaps the rationale for why the alternative is being refused should be stated in writing as well by the one land owner? Should council just proceed with the legal authority of expropriation on the alternative road?

While I can agree that accidents are horrible and should be prevented it appears to be that only incidents that occur to this said writers area are of importance. There have been countless accidents along highway 39 with farm equipment. Highway 39 is a much heavier traveled route that is also part of the provincial "high load corridor" which carries much larger, heavier, and often dangerous goods traffic. It appears that looking at motions and actions of a councillor an alternative to expanding a bridge along TWP 482 is of little to no concern. While this improvement would not only take farming equipment off Highway 39 it would also reduce traffic on Highway 616. So while one road for "safety" is of such great importance another of equal if not more safety is of minimal to none, not to mention the potential grant dollars from the provincial government to help fund the replacement and redesign to the potential of 75% of the cost. That's not a slouch of a number.

Furthermore it is rather peculiar that the writer has

mentioned code of conduct investigations. Why? For what purpose? To note frivolous wastes of money? I'm sure there are hundreds of those examples. While costs of investigations of "code of conduct" appear to have been published the results of findings in said investigations have not been released on the date the writer mentioned but in the minutes of January 17th. To note the investigations were made by two ratepayers for two separate cases against different members of council. 1 complaint being made against Reeve Bart Guyon. The other Councillors Dallas Ekstorm and tragically deceased councillor Randy Swap. And while reviewing these said findings the complaints were not necessarily "disproved". Reeve Guyon acknowledged his involvement and not overly appropriate actions in the report.

Offensive comments made by Councillor Ekstorm were not of objective nature for action, but they were found to be subjective.

So while accusations of misinformation were made by a previous writer and accusations of "affiliations", I believe it would be prudent to ensuring Brazeau County ratepayers have full transparency. Not translucency. It should also be noted that councillors take an oath to represent the county as a whole not one singular group, interest or division. Thank you to the councillors who understand the oath of office and do in fact take that oath seriously.

It is this writer's opinion that on the particular subject of TWP road 474 council did in fact make well thought out, UNBIASED decisions, that do consider interests of the county as a WHOLE.

Sara Wheale  
Brazeau County Resident.
