

THE BRETON BOOSTER

FARM-RESTRICTED CLASS 1 LICENCE

Get a farm-restricted Class 1 driver's licence
to drive to and from your farm.

from www.alberta.ca

Overview

Effective April 1, 2024, eligible farmers and their family members will have the option to apply for a farm-restricted Class 1 driver's licence.

Upon successful completion of a Class 1 knowledge and road test, vision-screening, and submission of a driver's medical assessment, the driver will be issued a farm-restricted Class 1 driver's licence with condition code "P", indicating they must comply with farmer restrictions. The driver will not be required to complete pre-licensing training.

The driver must meet all other requirements of a Class 1 driver's licence, including the Air Brake (Q) endorsement. For more information, check the Air Brake Program.

Farm-restricted Class 1 drivers may also be subject to licence code restriction "N" which means the holder may not operate vehicles or combinations of vehicles which require a Class 2 or 4 driver's licence unless that person has completed the required knowledge and road tests as well as completed any other conditions of a Class 2 or 4 driver's licence.

Eligibility

- A farmer is defined as a person:
- actively and directly farming, in Alberta;
- responsible for management decisions and operating costs;
- having control of the farming assets, either by holding title to the assets or having a rental agreement with the person holding title; and
- having annual farm commodity production worth at least \$10,000 or \$5,000 to \$9,999 if the only other significant sources of income are Canada Pension Plan or Old Age Security.

For the purposes of this exemption, a farmer is a person engaged in any of the following:

- the cultivation of land;

- the raising of livestock, including diversified livestock animals within the meaning of the Livestock Industry Diversification Act and poultry;
- the raising of fur bearing animals, pheasants or fish;
- the production of agricultural field crops;
- the production of fruit, vegetables, sod, trees, shrubs and other specialty horticultural crops;
- the production of eggs and milk;
- the production of honey; or
- the operation of agricultural machinery and equipment including irrigation pumps;
- the application of fertilizers, insecticides, pesticides, fungicides and herbicides, including application by ground and aerial spraying for agricultural purposes;
- the collection, transportation, storage, application, use, transfer and disposal of manure, composting materials and compost.

A family member of a farmer who meets the above criteria is also eligible for a farm-restricted Class 1 driver's licence. "Family member" is defined as:

- the spouse or adult interdependent partner of the farmer, or whether by blood, marriage or adoption or by virtue of an adult interdependent relationship, a child, parent, grandparent, sibling, aunt, uncle, niece, nephew or first cousin of the farmer.

Myron Mike Halushka

March 19, 1935 – March 26, 2024

It is with heavy hearts that we announce the passing of Myron Mile Halkushka on Wednesday, March 26, 2024. Myron was a beloved member of the community and a devoted family man he will be dearly missed.

Myron's memory will forever live on in the hearts of his wife of 64 years, Angeline; children, Murrey Halushka (Barb), Linda Halushka Brown (Allan); grandchildren, Matthew Moore-Halushka, Ellesse Cariou (Kyle), Logan White (Shannon), and Zac Halushka (Sarah); great-grandchildren, Sheldrake Cariou and Piper Cariou; and brother Jerry Halushka.

Myron was predeceased by his parents, Mike and Angeline Halushka and sister Vera Kuhn

Myron was known for his passion for sports as a ball player, Myron was a beekeeper and sold the honey, his love of beekeeping came from his parents. Myron needed to stay busy. He served as the captain of the Drayton Valley Fire Department, was a longstanding member of the Elks, and was the founder, owner, and operator of DIAL Oilfield.

Myron was a devoted family man who cherished his wife Angeline, his children, and grandchildren. He was admired for his strong work ethic and was a supportive person to many, especially to his brother Jerry. Myron's presence will be deeply missed, but his legacy of kindness, hard work, and love for his family will live on in the hearts of all who knew him.

The family of Myron would like to extend their gratitude to the staff at the Drayton Valley Hospital Emergency Unit, for their compassion and care shown to Myron.

In lieu of flowers, consider a donation in Myron's name to a charity of one's choice.

A Funeral Service for Myron was held on Saturday, April 6, 2024 at 1:00 p.m. at the Life Church, Drayton Valley. The Service was followed by interment at the Breton Cemetery in Breton, Alberta.

BRAZEAU COUNTY COUNCIL HIGHLIGHTS

April 2, 2024 Regular Council Meeting

Recreation Board Bylaw 1175-24

Council gave third and final reading to Bylaw 1175-24, which establishes a Drayton Valley-Brazeau County Recreation Board.

The Board will initiate and provide direction for sport, culture, and recreation programs as designated by the councils of the Town and the County, and is directly accountable to the councils. It will be made up of two County councillors, two Town councillors, and two members-at-large, one a Town resident and one a County resident.

The Board will make recommendations to the councils on the management and operation of the recreation and cultural facilities as agreed to by both the Town and County and as identified in the Recreation and Culture Cost-Sharing Agreement.

The Board is advisory and all recommendations must be approved by both councils in order to take effect.

Assessment Update

Bob Daudelin and Ray Fortin of Accurate Assessment provided Council with the County's 2023 Assessment Highlights.

In general, assessment rose across the county by about nine percent between 2022 and 2023. There were 60 new roll numbers added to the property list, and 84 development permits issued. Seventy-five new wells were drilled in 2022.

Support for Drayton Valley Pro Rodeo

Council approved in-kind support of \$1,347.75 to supply and haul sand to the Drayton Valley Omniplex for the 9th Annual Drayton Valley Pro Rodeo, May 2-5, 2024.

Changes to agricultural policies

Council approved changes to two agricultural policies, AG-2 Rental Equipment Policy and AG-4 Predator

Control Policy, based on recommendations from the Agricultrail Service Board.

Item 14 of the Rental Agreement has been amended to indicate valid insurance is required and may be requested, and that item H of the AG-2 Policy has been amended to include that the renter must have valid insurance.

The AG-4 Policy has a number of changes to keep Brazeau County's policy and program for coyote control in line with current legislative standards and organizational structures.

For detailed information on Council meetings, including current minutes, please visit www.brazeau.ab.ca. Please direct inquiries to the office of the CAO at cscharfl@brazeau.ab.ca or 780-542-7777.

Rachel (Halstead) Beckett recently celebrated her 100th birthday at Seasons, and Division 2 councillor Donna Wiltse was on hand to present her with a commemorative clock on behalf of Brazeau County. Rachel and her family once farmed south of Drayton Valley, and she was the first woman in Drayton Valley to have a driver's licence. Happy birthday Rachel!

LETTERS TO THE EDITOR

To the Breton Booster/Community 39

I read with great interest your publication of an old copy of the paper THE VILLAGE VOICE. It brought back memories for me. I have some background information on this paper.

I noticed this example was VOL. 1 #1 so it was the first copy issued. The paper was based in Warburg and was started by Jim Deagan who lived in Warburg at that time.

I believe he was originally from Ontario but in 1980 he drove a cement mixer truck for Apollo Ready Mix which was based in Warburg. Apollo had started in 1979 and in those days it shut down for the winter months. I also started at Apollo in 1980. I remember Jim talking about starting a newspaper for the local area when Apollo would shut down for the season.

This he did. I don't know if he printed and published it himself or if he had that done by someone else. Likewise I don't know if he gathered the news stories himself or if someone else reported them. There wasn't internet or emails those days so if he gathered them himself, he was a busy man.

Judging by the quality of the stories and layout of the paper, Jim must have had previous newspaper experience.

Jim didn't return to Apollo in spring of '81 and moved away after presumably finding employment elsewhere thus ending what could be called a forerunner of the Breton Booster.

Nolan Osbak
Breton, AB

Note from the Editor

**When getting permission to print this from Mr. Osbak, he also told me to take note of the cartoon man on the tractor in the heading of "The Village Voice". The significance of this tractor is, in those days, Warburg also used to host Annual Tractor Pulls for the community.*

It was great to reminisce about past events and experiences like the Parachutist Flying club, Warburg outdoor Rodeo's, Smash up Derbies in both Warburg & Thorsby and more.

Thank you Nolan for your submission.

All "Letters to the Editor" must be printed with the name and city/town of residence of it's author. Letters dropped off that need to be re-typed may be charged an admin fee.

Letters to the Editor are the opinions of those who wrote them, not necessarily those of the Breton Booster and we have the right to refuse publication.

The Breton Booster can be viewed online
& in color at www.community39.com

EMIL KNOPP PROPRIETOR 789-3975

Randy and Lynn Jones and daughter of Edmonton are visiting his parents Lorne and Helen Jones. A speedy recovery is wished to Mrs. Kathy Ludsko in the Rimbey hospital and Mrs. Tom Jensen in the University hospital.

Maryann and Maria wish to express their thanks to all the generous people who sent cards and flowers to Stan in the hospital. He is coming along nicely now. Thank you to all the terrific people with their love and moral support.

Lester Larson of Gunn Alberta visited Mr. & Mrs. Alf Johnson of Winfield for a couple of days. Lester is an old timer from Winfield who used to work at the McDougall Etter plaining mill. The Senior Citizens Club members got together on January 6th despite the snow and chilly weather. All had a nice time playing cards and scrabble with a very nice lunch afterwards.

The Winfield Hockey Club held their New Year's dance at the Rec-Centre with a very good turnout. Music was provided by Kaliedescope, a group from Rimbey. The Club would like to thank the women who spent the afternoon preparing the meal and to the Hockey parents who worked at the dance. A special thanks to the people who are not involved in the club but helped out anyway. And thanks to all who attended and made the dance a success for the club and the children.

We are saddened to hear Mrs. Blanche Stewart, a former resident passed away. A van load of lodge residents went to the funeral at Buck Lake.

GROUNDBREAKING WASTE INITIATIVE

News Release – County of Wetaskiwin / Sustane, April 2

The County of Wetaskiwin and Nova Scotia based Sustane Technologies Inc. proudly announce a collaborative venture which will increase sustainability and drive economic growth by transforming waste into valuable resources. This partnership will adapt Sustane's award winning and proven technologies specifically for Alberta and will set a precedent as the first end to end circular waste solution of its kind in the Province.

"The Sustane Technologies' project represents a significant opportunity for the County of Wetaskiwin to lead in innovative waste management solutions," said Josh Bishop, Reeve of the County of Wetaskiwin. *"This project not only fosters economic development but also strengthens our commitment to environmental objectives, aligning with our vision for long-term sustainability."*

Sustane Technologies Inc. offers a proprietary clean technology that takes non-source separated municipal solid waste (MSW), separates it into components and converts it into needed resources such as fertilizer and fuel products. This project aims for up to 90% diversion and recovery rate of MSW from landfills, which will significantly reduce greenhouse gas emissions by 2-3 tonnes for every tonne of waste produced. This technology will dramatically reduce reliance on landfills and decrease greenhouse gasses.

Sustane produces premium outputs such as the CFIA-certified GroBoost Fertilizer, created from primarily paper derived materials, that can improve soil health while minimizing chemical runoff. Additionally, by integrating agricultural and other waste plastics into its processes, this initiative promotes both economic growth and environmental sustainability, aligning with the County of Wetaskiwin's efforts to enhance municipal waste management and support our agricultural community.

"We are pleased to partner with a forward-thinking community like the County of Wetaskiwin," said Peter Vinall, CEO of Sustane. *"When you combine our leading-edge technology and the County's innovative view of waste as an opportunity, it delivers new sources of clean, low-cost feedstock for renewable natural gas, or other applications while not only reducing the carbon footprint but also showing a commitment to building a better environment for citizens."*

This project is poised to deliver economic benefits by creating 30-35 local jobs in technical and maintenance roles, underscoring its contribution to the community's economic development. Understanding the importance of community input and support, early and proactive engagement efforts are underway to align the project

with local values and priorities. The initiative will also seek collaboration with regional stakeholders and pursue provincial and federal funding to further enhance its feasibility and reduce operational costs.

About Sustane Technologies Inc.

Sustane is a Canadian cleantech company that uses a mechanized proprietary process to recycle landfill destined household waste for use as low carbon fuels, feedstocks for production of renewable natural gas (RNG), agricultural fertilizers and in the production of plastics. By circularizing these landfill destined streams, Sustane aims to materially reduce greenhouse gas emissions, while reducing cost of disposal for communities it supports.

Laurie's Laughs

If you're drinking to forget, please pay in advance.

I SAW THIS GUY TODAY AT STARBUCKS. NO IPHONE, NO TABLET, NO LAPTOP. HE JUST SAT THERE DRINKING COFFEE. LIKE A PSYCHOPATH.

My wife yelled from upstairs and asked, "Do you ever get a shooting pain across your body, like someone's got a voodoo doll of you and they're stabbing it?"

I replied "No..."

She responded: "How about now?"

Why must I prove that I am me to pay my bills over the phone? Do strangers call to pay my Bills? And if they do, why don't you let them?
