- \* If you hold a registration night for your group this could be done at the same time.

## Lila Marlene Myles (Pearson)

April 23, 1943 – April 21, 2024

The family of Lila Myles announce that on April 21, 2024, Lila took her last breath in this life but her first breath in the next, as she passed away at the Drayton Valley Hospital with her family by her side.

Leaving to cherish her memory and live out the legacy of her life is her husband, Eli; her children Ed, Skipper (Cindy), Alan (Vera) and Haven (Joel); her grandchildren Nicole (Jesse), Angela (Marc), Gregory (Tess), Stephanie (Sabre), Lila and Oscar, along with her great grandchildren, Emma, Brooks, Ellie, Amariah, Hezekiah, Ezra, Jedaiah, Henry and Florence. Lila will also be remembered forever in the hearts of her siblings, Randy (Michele) Bevan, Shannon (Peter) Kidd, Michael Bevan and numerous aunts, uncles, cousins and extended family.

Lila was predeceased by her parents, Christine Webster and Alfred Pearson.

The family will always remember Lila's strong faith, and how much she loved God and His Creation. Her cathedral was walking in nature, and being creative like her Creator, Lila loved to paint and create works of art with her hands. But the greatest work of her hands will always be her family who she just absolutely loved spending time with. Her family will also remember Lila's passion for reading as she remained a life-long learner and was always expanding her knowledge and sense of wonder. She will be greatly missed, but the inspiration of her life and spirit will live on in their hearts and homes.

Lila's family would like to express their gratitude to all the Doctors and staff at the Drayton Valley Hospital for their kind and compassionate care of Lila during her times there.

*For those who so desire, memorial contributions in Lila's name may be made directly to Tear Fund Canada, 340 Ferrier St, Markham, ON L3R 2Z5.*

## Cindy Lee Bernice Brewster (Holmgren)

September 18, 1960 – April 20, 2024

It is with profound sadness that the family of Cindy Brewster announce her passing on April 20, 2024, in her home with family by her side. Cindy battled her cancer just as she lived her life – with vibrancy and positivity. Amidst the grief and sorrow of her passing, the family finds consolation in knowing this storm is over for Cindy and she is at rest. Nothing but Blue Skies from now on.

Cherishing her memory and living out her inspirational legacy of life is her husband of 42 years, Keith; her children, Ian (Lindsay), Trevor (Ashley), Owen (Jeseicka), Kendra (David), Karlee and Sara (Laine); her grandchildren Anastasia (Steven), Nicolas, Rainna, Tiegan, Thea, Octavia, Bjorn and Soren and great grandchild, Ivy. Cindy also lives on in the hearts of her dad, Jim Holmgren, sister Carol (Robert) Lind numerous aunts, uncles, cousins and extended family.

Cindy was predeceased by her mom Iona and her grandparents, Norman and Bernice Haffner and Norman and Mary Holmgren.

Cindy was so proud to be a Mom, Foster Mom and a Grandma and lived her life always looking out and caring for others. She had a passion for her horses, baking, sewing and knitting and has won awards in those arenas. And of course, Cindy absolutely loved children. Even at the height of her battle, she continued to place others before herself. The family will always find strength and inspiration from how Cindy lived her life with honesty, integrity and vibrancy. She will be deeply missed, but forever loved and remembered.

*Throughout Cindy's journey with cancer, the family has been so grateful for all the care and compassion shown to Cindy and the family from the staff at the Winfield Community Health Centre and the Cross Cancer unit in Drayton Valley Hospital. It is in this spirit of gratitude that the family would ask that any donations in honoring Cindy's name be made to The Cross Cancer Unit, Drayton Valley Hospital and Care Centre, 4550 Madsen Avenue, Drayton Valley, Alberta, T7A 1N8, or a charity of your choice.*

**A celebration of Cindy's life will take place on Friday, May 3, 2024 at 1:00 pm at the Breton Community Centre, 4715 50 Avenue, Breton, Alberta. In keeping with her vibrant life, please feel free to dress in colorful and vibrant attire.**

## Marvin Louis Milner

September 01, 1952 – April 12, 2024

With sorrowful hearts, the family of Marvin Milner announce his passing on Friday, April 12, 2024, at Royal Alexandra Hospital, Edmonton, Alberta, with his family by his side. Marvin bravely and optimistically battled an unidentified auto-immune disorder for the past two years, and the family finds some comfort in knowing the struggles and storms have ceased for him.

Marvin was 71 years of age, and filled those years loving music, the outdoors, the communities of Drayton Valley, Winfield, Breton and Buck Mountain School, and especially his family.

Marvin's life and memory will be forever cherished by his partner of 42 years, Marilyn James; his children Raina, Julia (Kenneth) and Leon (Libby), along with his grandchildren Marissa (Kyler) and Henry and his great grand-daughter, Valerie. Marvin will also be remembered in the hearts of his sisters Louise, Debbie and Frances along with his brother Corey.

Marvin was predeceased by his parents, Macey Milner and Kathleen Fehr and his older brother, Lawrence.

Marvin had a great passion for music, and while he played the saxophone and clarinet, it was his talented flute playing that will likely be most remembered. Marvin always packed his flute with him where ever he travelled, and entertained people from the beaches of Spain to the harbour in Victoria, and various campgrounds and outdoor venues that were a part of his journeys.

Marvin worked with his hands in a variety of ways throughout his life, be it building his home and out-buildings on his bush quarter or as a Massage Therapist with his business "Helping Hands". Marvin's hand prints are also left on the communities where he put in many volunteer hours with Rotary, coaching soccer or helping volunteer on School field trips or other activities. But his greatest passion and work of his hands is seen in the lives of family and friends that he touched throughout his life. His whimsical smile, witty sense of humor and optimistic outlook will always be remembered.

His family would like to express their gratitude to the Winfield and Drayton Valley Home Care staff, along with the staff at the Drayton Valley Hospital, for providing compassion and care to Marvin during his health battle.

For those who so desire, memorial contributions in Marvin's name may be made directly to your local Rotary or a charity of your choice.

Breton Flower Club is reaching out to the community to humbly request your support and generous contribution towards our cause. We believe that with the support of local businesses, organizations and residents we can work together to help the community of Breton flourish and we kindly request your consideration in supporting our efforts.

Breton Flower Club is a non-profit group of volunteers who are passionate about gardening and helping our community thrive. Our goal is to visually enhance Breton by way of planting and maintaining flower beds in the Village to increase community pride. We have the support of the Village of Breton Council to expand on what the Village already has, so we will be adding planters and flower beds to key locations throughout the Village.

We are writing to request a donation or any in-kind support that you can provide. One option that we believe will aesthetically improve the community is sponsoring a planter/planters in the Village that we will plant and maintain. Any amount, no matter how small, will make a significant difference in our efforts. To express our gratitude for your generosity, we would be pleased to acknowledge your contribution publicly, unless you prefer to remain anonymous. We kindly request that you take a moment to consider our cause and the impact your support can make. Your contribution will not only benefit your business but also the entire community of Breton. Cheques can be made payable to The Village of Breton on behalf of the Breton Flower Club.

## Greetings from Breton Elks Lodge #402

Well, hello everyone. Once again the time has arrived to check-in on what is new and great in our community. First, I sincerely hope that everyone is healthy and wise. Sister spring has arrived and is reminding everyone of the annual duties of spring. Such as planning our trip to the greenhouse for our supply of flowers and shrubs and whatever else we need to color our world. Tomatoes are on the go with hopes of another successful tour in the garden.

Moving forward to the business of Elkdom, a number of items come to mind. First up our Spring District Meeting was a success with a number of items being discussed. 40 registered visitors enjoyed a delicious lunch and snacks and good stuff to keep us busy for the day.

April 25th the Rimbey Hospital Committee hosted a VIP breakfast in Rimbey. The intent was to attempt to raise money for Special Heart Monitoring Equipment. They had a very successful breakfast.

Natasha from the Village office stopped in at our meeting and a discussion on Village plans for the coming season followed. Many exciting ideas were brought forward. On May 1st representatives from Breton Elks, Breton Royal Purple Elks and Breton Ag Society will meet with council to further discuss improvements within our Village.

On April 28th a work bee will take place to clean the RV Park and get ready for the upcoming camping season. It has been announced that the park is fully booked for the May long weekend. As for firewood for the campground, no firm commitment has been received as yet.

The nomination process for officers of the lodge for the coming year took place. The process of installation will take place at the regular meeting in May.

It was also reported by Brother Neil that there is always a need for books to be donated to the book exchange program that is in place at the RV Park. Anyone who has finished reading their favorite book is invited to donate to the supply. Unfortunately, Playboys is not accepted.

Other topics for discussion involved the future of Edmonton Royal Purple Elks #22. This lodge is struggling for members and they also hold a very valuable spot in the Casino world. Fort Saskatchewan members are looking for support for their annual Touch-A-Truck program. This is much the same as a Show and Shine except young children are invited and are allowed to actually touch the equipment. Again, this program has generated a great deal of financial benefit to the lodge in previous years.

Lastly a membership drive is being launched in an attempt to shore up support for our Brothers and Sisters

of the Westlock Lodge.

As we all know Elkdom plays an important role in all communities. Further to this thought Breton Elks welcomes anyone who would like to have a hand in the future of our community. Anyone who might be interested can speak with any member or join us at 7:30pm on the Third Thursday of each month except July and August.

On this note I would like to wish everyone happy gardening and may your flowers bloom with happy thoughts. Will chat soon.

# ALBERTA REJECTS UNCONSTITUTIONAL CAP ON PLASTIC PRODUCTION

April 25, 2024, Press Release

**Minister of Environment and Protected Areas Rebecca Schulz issued the following statement:**

“Every modern convenience and necessity is either made from or contains plastic, from surgical gloves to your iPhone. Despite this, Minister of Environment and Climate Change Canada Steven Guilbeault has announced that he intends to cap the production of plastics in Canada.

“This unilateral announcement is a slap in the face to Alberta and our province’s petrochemical industry, and the thousands of Albertans who work in it.

“Plastics production is a growing part of Alberta’s economy, and we are positioned to lead the world for decades to come in the production of carbon neutral plastics.

“Minister Guilbeault’s proposal would throw all of that into jeopardy and risk billions of dollars in investments. This includes projects like Dow Chemical’s net-zero petrochemical plant in Fort Saskatchewan, a \$9-billion dollar project that will create thousands of jobs.

“His proposal will also fail to reduce plastic production. If the federal government limits plastic production in Canada, other counties like China will just produce more. The only outcome that this federal government will achieve will be fewer jobs in Canada.

“Last year, the Federal Court ruled that Minister Guilbeault’s decision to classify plastics as ‘toxic’ was both ‘unconstitutional and unreasonable’.

“Minister Guilbeault’s decision to cap production is even more egregious and is equally unconstitutional. Under no circumstances will Alberta permit any limit on our ability to produce and export plastic products.

“Instead of wasting everyone’s time, the federal government would be better served by taking a page out of Alberta’s plan, which diverts plastics from landfills and turns used plastics into new products. This is the promise of Alberta’s plan to create a Plastics Circular Economy, a modern miracle in which, through chemistry, we can have all of life’s conveniences and necessities while protecting our environment and reducing plastic waste.

“If the federal government refuses to abide by the constitution, we will take them to court again to defend our jurisdiction and the thousands of Albertans who work in the petrochemical sector.”

## A Provincial Example, A Federal Necessity

The 2021 tragedy in Hinton, where we lost 16-month-old Noah McConnell and his mother, Mchale Busch, has left a deep scar on our community. This horrific event not only brought grief but also a pressing call for tangible measures to prevent such occurrences in the future. It was in this context that I came across an OP-ED by the MLA for Camrose, Jackie Lovely, detailing Alberta's legislative response to cases like Noah and Mchale's.

In response to the loss suffered in Hinton and similar cases, Alberta's government has introduced significant legislative changes, aimed at tightening the reins on violent and sexual offenders. The new measures include a provincial ankle bracelet monitoring program, targeting repeat violent and sexual offenders, as well as individuals on bail who pose a clear risk to public safety. These steps are a decisive move towards enhancing the security and wellbeing of our communities.

While Alberta has taken commendable steps, it highlights a glaring gap at the federal level. My Private Member's Bill, C-336, known as Noah's Law, seeks to address this gap by intensifying the monitoring of highly-likely-to-repeat sex offenders. Noah's Law would extend reporting obligations to 30 years for highly-likely-to-repeat sex offenders and mandate completion of a rehabilitation program before any easing of reporting requirements can be considered. Additionally, it proposes stricter requirements for offenders to report any change of address and makes failing to report a criminal offense.

The actions taken by Alberta in response to these types of tragedies serves as both a blueprint and a call to action. It is imperative now more than ever for the federal Liberal government to follow suit. We have the responsibility and the means to ensure that the lessons learned from past tragedies translate into stronger protective measures nationwide. Let us honour the memories of those we've lost by ensuring a safer future for all Canadians.

# HELPING COMMUNITIES SAVE MONEY, LOWER ENERGY COSTS

April 29, 2024 Alberta News

## Alberta's new \$6-million program will help municipalities make energy-saving upgrades, reducing costs and emissions.

Arenas, community centres and other facilities consume large amounts of energy. These facilities can be costly to operate and upgrades are often expensive to implement. With inflation and energy costs on the rise, many municipalities want to improve energy efficiency and save money.

Thanks to funding from the Alberta government, municipalities can now apply to the Community Energy Conservation Program to make energy-efficient upgrades to municipally owned buildings. This will help communities of all sizes save energy, lower energy costs and reduce emissions.

*"We are helping municipalities make the practical upgrades they need to increase energy efficiency and lower energy costs. By making upgrades to rec centres, arenas and community halls, we can reduce emissions while supporting growing communities for years to come."* Rebecca Schulz, Minister of Environment and Protected Areas

Under the new Community Energy Conservation Program, up to \$500,000 is available per municipality, including community-related organizations. The funding can be used for recreation centres, libraries, community halls, transit centres, fire halls and waste water treatment facilities, among others.

*"Local facilities, from community halls to hockey rinks, are at the heart of every municipality in Alberta. Urban or rural, large or small or mid-sized, the municipalities of Alberta have been calling for an energy conservation program to make a difference in their communities. I am looking forward to seeing this program in action and to see the efficiencies and savings it will create at the local level."* Ric McIver, Minister of Municipal Affairs

Communities can apply for funding to help conduct energy audits of existing community facilities. They can also receive funding for a wide range of projects, including upgrading insulation, heating, ventilation and air conditioning systems, interior and exterior lighting, and more. Municipalities are encouraged to visit the Municipal Climate Change Action Centre's website for more information.

The Community Energy Conservation Program is part of an \$18-million investment by Alberta's government to help reduce costs for municipalities through the

Municipal Climate Change Action Centre. It is part of Alberta's Emissions Reduction and Energy Development Plan, which is reducing emissions, creating jobs and supporting a strong economy.

*"The Community Energy Conservation Program provides an opportunity for rural municipalities, which may otherwise not have access to funding, to improve the energy efficiency of their buildings. This will allow rural municipalities to continue to fund their core services while reducing their energy usage."* Kara Westerlund, vice-president, Rural Municipalities of Alberta

### Quick facts

- Applications for the Community Energy Conservation Program are now open and will close in March 2026, or when funding has been fully allocated, whichever comes first.
- Under the program, funding will be provided through:
  - Energy audits: Up to 50 per cent of pre-GST energy audit costs (per facility), to a maximum of \$7,500 for all municipal facilities.
  - Retrofit projects: Up to 50 per cent of project costs. Projects may receive 25 to 50 per cent of project costs depending on the abatement rate.
  - Retrofit project bonus: A bonus of 10 per cent project cost rebate will apply if a project results in a 20 per cent or greater reduction in facility-wide emissions.
- Eligible costs include the equipment, materials, labour, installation, and project or construction management costs required to complete the project.
- The Municipal Climate Change Action Centre was established in 2009 as a partnership between Alberta Environment and Protected Areas, Alberta Municipal Affairs, Alberta Municipalities and Rural Municipalities of Alberta.
- Through this partnership, the Government of Alberta invests in programs that provide funding, technical assistance and education to Alberta municipalities and community-related organizations to help lower energy costs and reduce greenhouse gas emissions.
- Alberta's government has provided more than \$24 million to the Municipal Climate Change Action Centre since 2019.

# BRETON HISTORY

## Hooks Homestead

*Breton Museum Facebook February 13, 2024*

Pictured here is the home of Sam and Neoma Hooks. The Village of Breton would develop on what was the Hooks homestead. Located south of the Hooks Ravine, near where the Senior apartments are now.

The house was built circa mid 1930's. It was a two story house, with four rooms on the ground floor and four upstairs. Quite a grand home for the times. It would stand like a sentinel over looking the Ravine until 1974 when it was destroyed by fire.
