CLEANING UP THORSBY

Submitted by: Grade 1/2W, Ginger Walker

Thorsby Elementary's grade 1/2W, Our class is going to be picking up garbage around the town of Thorsby. We are doing this because we learned about The Great Pacific Garbage Patch and how litter is destroying our oceans, lands and even our communities. We decided that even helping a little to make sure garbage is cleaned up, can make a huge difference. We have also made posters that we are putting up in different businesses to remind people not to litter.

We hope that everyone will pitch in and help.

OUR CHARITY STEER

by Joseph Saarela, Thorsby 4-H Multi Club Reporter

For the last several years our 4-H club, Thorsby 4-H Multi Club has been raising a charity steer and selling it at our annual sale. Last year we had a very successful auction and are we are very thankful for the support we received. It enabled us to give Davin Mayr, a past 4-H member in our community who was in a dirt bike crash that left him paralyzed from the chest down \$18,800 to help him buy a stand up wheelchair.

This year we have decided to give the net proceeds of the steer to Sullivan Knoll. Sullivan is 9 years old Thorsby area resident who was diagnosed this past Christmas with an aggressive form of brain cancer. So far Sullivan has already undergone surgery to remove the brain tumour and completed 33 rounds of radiation in Edmonton.

Sullivan is still in the very early stages of his treatment and has many months/years ahead of treatment to follow. The charity steer will help the family cover the cost of traveling, medical

expenses and give them the ability to be together as a family while he fights his cancer.

We are looking forward to our Beef Show and Sale on May 6th at the Thorsby Haymaker Centre. We hope everyone will come out and support our members who are selling their steers and help us help Sullivan with the sale of our charity steer.

updates & reminders:

submitted by Paula Bosse

Please visit us during our weekday hours of Tuesday 10:00 AM - 6:00 PM, Wednesday 12:00 Noon - 6:00 PM, Thursday 12:00 Noon - 7:00 PM, Friday 10:00 AM - 5:00 PM, Saturdays 10:00am - 1:00pm.

April is another busy month at the library.

Notice to all teens, we have moved Teen Time ahead by one week, and it will run on Wednesday April 17 from 3:30 to 4:30. Come down and join the fun, and while you are here check out our reimagined youth area with a cozy corner to curl up with a good book or hang out with your friends.

Looking through our cookbooks, it is amazing how many excellent resources we have for those with restricted diets. If you live with diabetes; are lactose or gluten intolerant; are vegan, keto or vegetarian and looking for new ideas, come to the library! We may have just the book you are looking for.

The basket of wonderful seeds, so generously donated by Communities in Bloom is once again available for swapping, sharing or just taking home to see what grows. Stop by the library and check out the amazing possibilities for making our gardens colourful and inviting.

Flowers don't just look amazing, they help our butterflies, bees and hummingbirds too.

Speaking of gardens, don't forget the library will be hosting a fabulous Spring Tea with Garden Conversation and Seed Share on April 20 from 1:00 – 2:30. It is the perfect chance to share knowledge with your neighbours and get insight into those pesky garden problems from those who have been there and done that.

We are so excited to be able to share that the library has received an amazing grant from the Provincial Government to help fund programs and resources for people whose first language is not English. It will also allow us to purchase more books that are bilingual or in languages other than English. The grant also covers our English Language Conversation Circle, running Wednesdays at 6:00.

The Board and Staff of Thorsby Library would like to take this opportunity to thank all the wonderful volunteers who help make our library awesome. From helping with collection management through running programs the library would not be the same without your generous donations of time and expertise. You are all amazing.

See you at the library!

Thank you

I am grateful and blessed to have had the opportunity to work these last 43 years at ATB.

I have met so many staff members and clients who have become like family to me.

Everyone of you made an impression on my life which I will treasure forever.

Thank you to everyone who attended my retirement party and shared wonderful messages on Facebook.

Thank you for the flowers, cards and gift cards. I greatly appreciate your kindness.

While I am leaving ATB, I look forward to remaining part of this community and staying in touch with you all.

*Thank you again,
Deb Hennes*

LOCAL RESIDENT PUBLISHES NOVEL

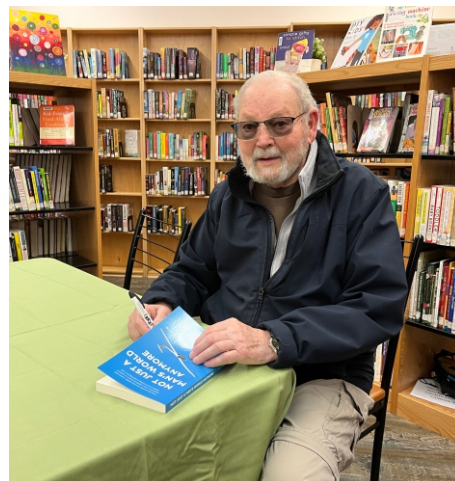

Submitted by Audrey Brosseau

Congratulations to Ivor Foster on the recent publication of a novel he wrote called "Not Just a Man's World Anymore". Ivor is a local resident who has served on town council and has been involved in many community activities. He has always had an interest in creative writing and in aviation, especially the sport of 'gliding' and combined these two interests into a novel about a young girl learning to fly.

"In Ivor Foster's novel we meet Kelti Ferguson, seventeen years old and a high school student in Edmonton. We also meet her coterie of friends and acquaintances, among whom are Sarah Oatman, the garrulous Marnie Foster and Li Nguyen from a Vietnamese family recently arrived from Los Angeles. Early on we also meet her boyfriend, Jeff Lampley who is quarterback on the school football team. When he and Kelti break up she tells him that he should "find someone with the brains of a gnat to stroke that overstuffed football ego of yours". Kelti is obviously no one to trifle with. We learn even more of her grittiness when she obtains her student license to begin training at the soaring club. It is now that she and the readers are introduced to the Schweizer Model SGS 2-33 glider and a maze of dizzying flying adventures that even include an encounter with criminals who have taken a farm family hostage. If you do not know the difference between a bank and a roll, an aileron and a rudder, a stabilizer and a spoiler then follow Kelti as she trains as a pilot. As well, her relationship with one of the instructors, Alex Machinski, develops into what foreshadows a happy life together.

Ivor Foster has considerable insight into the psyche and ego of a young person. His knowledge of gliding and flying could only be attributed to his own experience. Not Just a Man's World Anymore is well worth the read." As reviewed by John Elson

Ivor has been invited to the Spring Tea at Thorsby Library on Sat. April 20th, 1:00-2:30 pm to share the excitement of having this book published. Family, friends and community members are invited to join him.

Navigating Parenting Through Separation and Divorce

Navigating co-parenting through separation and divorce can be challenging, but with the right tools and strategies it is possible to foster healthy communication and prioritize the needs of the children.

This session aims to ensure participants are able to manage the various emotions involved in this process, while developing effective communication and conflict resolution strategies for a respectful co-parenting process.

Facilitated by Jenn Parker, Registered Provisional Psychologist with Level Up Wellness Group. Her 20-year career in community and school-based settings, along with personal experiences, has led her to a passionate practice in supporting children and families through challenges and diverse situations.

OPEN Tuesdays, Wednesdays, Thursdays
10 am – 6 pm

Book Club at Warburg Public Library, April's read will be "The Secret lives of Booksellers and Librarians" (true stories of the magic of reading) by James Patterson and Matt Eversmann. The back cover: Booksellers and Librarians help people every single day, Here are their amazing , inspiring true stories. To be a bookseller or librarian....You have to play detective. Be a treasure hunter. A matchmaker. An advocate. A visionary. A person who creates "bookjoy" by pulling a book from a shelf, handing it to someone, and saying "You've got to read this. You're going to love it" Step inside the secret lives of booksellers and librarians and enter a world where you can feed your curiosity, discover new voices, find whatever you want or require. This place has the magic of rainbows and unicorns, but it's also a business. The book business. Meet the smart and talented people who live among the shelves and who can't wait to help you find your next favorite book.

"The Secret lives of Booksellers and Librarians is very touching and beautifully crafted. It is like having the James Patterson storytelling Fairy dust sprinkled down upon you and your life. No, wait: It is having the James Patterson storytelling Fairy dust sprinkled down upon you and your life!"- Nina Barrett, owner, Bookends and Beginnings.

Book people are the actual best! This book proves it- Sue Lucey, co-owner, page 158 Books.

Staff have ordered 4 large print and 4 regular print copies on Tracpac, call 780-848-2391 to secure your read. Or order one on your tracpac account. We are excited to see who joins in and what the book has to offer. There is no date set for discussing the book, we know there will be snacks and beverages!!

LETTERS TO THE EDITOR

To the Breton Booster/Community 39

I read with great interest your publication of an old copy of the paper THE VILLAGE VOICE. It brought back memories for me. I have some background information on this paper.

I noticed this example was VOL. 1 #1 so it was the first copy issued. The paper was based in Warburg and was started by Jim Deagan who lived in Warburg at that time.

I believe he was originally from Ontario but in 1980 he drove a cement mixer truck for Apollo Ready Mix which was based in Warburg. Apollo had started in 1979 and in those days it shut down for the winter months. I also started at Apollo in 1980. I remember Jim talking about starting a newspaper for the local area when Apollo would shut down for the season.

This he did. I don't know if he printed and published it himself or if he had that done by someone else. Likewise I don't know if he gathered the news stories himself or if someone else reported them. There wasn't internet or emails those days so if he gathered them himself, he was a busy man.

Judging by the quality of the stories and layout of the paper, Jim must have had previous newspaper experience.

Jim didn't return to Apollo in spring of '81 and moved away after presumably finding employment elsewhere thus ending what could be called a forerunner of the Breton Booster.

Nolan Osbak
Breton, AB

Note from the Editor

**When getting permission to print this from Mr. Osbak, he also told me to take note of the cartoon man on the tractor in the heading of "The Village Voice". The significance of this tractor is, in those days, Warburg also used to host Annual Tractor Pulls for the community.*

It was great to reminisce about past events and experiences like the Parachutist Flying club, Warburg outdoor Rodeo's, Smash up Derbies in both Warburg & Thorsby and more.

Thank you Nolan for your submission.

All "Letters to the Editor" must be printed with the name and city/town of residence of it's author. Letters dropped off that need to be re-typed may be charged an admin fee.

Letters to the Editor are the opinions of those who wrote them, not necessarily those of the Breton Booster and we have the right to refuse publication.

A bridal shower was held in honor of Diane Gidosh at the Legion Hall on Sunday, January 11 with Elaine Prenloslo as hostess. Chris Gidosh, Candace Pihonsky and Jeanine Broadbent assisted the bride-to-be in opening her gifts.

A party was held at the home of Jack and Sharon Broadbent in St. Albert to honor Sharon's parents, John and Clara Gidosh, on the occasion of their 30th wedding anniversary. Sharon's grandmother, Violet Oelkers, was wished a happy birthday at the same affair.

Diane Michele, third daughter of John and Clara

Gidosh, and Philip George, eldest son of Steve and Shirley Pihonsky of Thorsby, were united in marriage at St. Charles Church in Warburg on Saturday, January 17 at 4:30 p.m. a reception and dance was held in the Thorsby Community Hall. The couple will make their home in Kelowna, B.C.

Cloverleaf Manor is planning a Tea and Dress Sale on Saturday, February 14.

U18 BUCKS PROVINCIAL SILVER

Recap on 2023-2024 U18

Submitted by Coach J

How to recap the season, it was good, then bad, then awful, then good, then great. Seems weird that a team that lost in the gold final in provincials could be that up and down right? But we were exactly that. We never won a regular season game until January and lost 7 or 8 games by one goal or two with an empty net. Through it all, this group kept on working, bonding and realizing that they were good enough if we just got a break and they played up to their ability. I've coached many teams, some only losing one game all season but just did not get along. This team stuck together and it showed down the stretch. Our game got faster and better. We beat 1st, 2nd and 3rd place teams down the stretch and took out Camrose in round one with our Captain getting game winner. We took out New Sarepta after losing game one and coming home for a dominant game two. The final series of our league was against the hated Ponoka Stampeders, a super rough team who took game one.

We went to their barn and won in triple overtime. Once again our captain was the winner and our goalie made some highlight real saves. You would think that is enough to make it to provincials but nope we had to travel 1200 km in two days. We played three games to make it and the boys came through once again.

Provincial weekend was a blast, the boys were amazing. Everyone bought in to team meals and curfew and were just being good ambassadors for our communities. We won game one 5-2, really not a great game but a win is a win. Game two we were awful for 40 minutes, our team was really down in between periods, we were losing 2-5 to probably weakest team there. After a little coaxing and lots of heart we battled back to a 5-5 draw, wow. Game three we put the hammer down in a dominate physical battle securing first on our side. As a result we had to play an 8 am semifinal. We played ok, our goalie and power play robbed this one. Finally the Gold game, tanks spent, injuries galore we battled hard. Even out shooting the other team, we came up short 0-3 and got the Silver. I know it was disappointing at the time but we all will remember how special this run was. Can't say enough how proud I was to coach everyone of these kids and work with some great people. Hope we can make Bucks proud again next year.

EXERCISE: 6 BENEFITS OF REGULAR PHYSICAL ACTIVITY

You know exercise is good for you, but do you know how good? From boosting your mood to improving your sex life, find out how exercise can improve your sex life, find out how exercise can improve your life.

Want to feel better, have more energy and even add years to your life? Just exercise.

The health benefits of regular exercise and physical activity are hard to ignore. Everyone benefits from exercise, regardless of age, sex, or physical ability.

Need more convincing to get moving? Check out these seven ways that exercise can lead to a happier, healthier you.

1. Exercise controls weight.

Exercise can help prevent excess weight gain or help maintain weight loss. When you engage in physical activity, you burn calories. The more intense the activity, the more calories you burn.

Regular trips to the gym are great, but don't worry if you can't find a large chunk of time to exercise every day. Any amount of activity is better than none. To reap the benefit of exercise, just get more active throughout your day—take the stairs instead of the elevator or rev up your household chores. Consistency is key.

2. Exercise combats health conditions and diseases.

Worried about heart disease? Hoping to prevent high blood pressure? No matter what your current weight is, being active boosts high-density (HDL) cholesterol, the good cholesterol, and it decreases unhealthy triglycerides. This one-two punch keeps your blood flowing smoothly, which decreases your risk of cardiovascular diseases.

Regular exercise helps prevent or manage many health problems and concerns including:

Stroke, Metabolic syndrome, High blood pressure, Type 2 diabetes, Depression, Anxiety, Many types of cancer, Arthritis, and Falls

It can also improve cognitive function and helps lower the risk of death from all causes.

3. Exercise improves mood.

Need an emotional lift? Or need to destress after a stressful day? A gym session or brisk walk can help. Physical activity stimulates various brain chemicals that

may leave you feeling happier, more relaxed, and less anxious.

You may also feel better about your appearance and yourself when you exercise regularly, which can boost your confidence and improve your self-esteem.

4. Exercise boosts energy.

Winded by grocery shopping or household chores? Regular physical activity can improve your muscle strength and boost your endurance.

Exercise delivers oxygen and nutrients to your tissues and helps your cardiovascular system work more efficiently. And when your heart and lung health improve, you have more energy to tackle daily chores.

5. Exercise promotes better sleep.

Struggling to snooze? Regular physical activity can help you fall asleep faster, get better sleep, and deepens your sleep. Just don't exercise too close to bedtime, or you may be too energized to go to sleep.

6. Exercise can be fun and social!

Exercise and physical activity can be enjoyable, they give you a chance to unwind, enjoy the outdoors or simply engage in activities that make you happy. Physical activity can also help connect with family or friends in a fun social setting. So, take a dance class, hit the hiking trails or join a soccer team. Find a physical activity you enjoy and just do it. Bored? Try something new or do something with friends or family.

STABILIZING ALBERTA'S PRIMARY HEALTH CARE SYSTEM

Alberta News, April 4, 2024

Alberta's government is delivering on a commitment to provide funding to help family doctors with their administrative costs so they can devote more time to seeing patients.

Primary care is the foundation of Alberta's health care system, and family physicians are fundamental to Albertans getting the care they need when and where they need it. That's why Alberta's government is pulling out all the stops to stabilize, strengthen and improve Alberta's primary health care system.

The additional one-time funding has been provided to the Alberta Medical Association (AMA) as part of a December 2023 commitment of \$200 million over two years to stabilize primary health care. The AMA will distribute the funding to eligible family physicians and rural generalists.

"We heard what primary care physicians told us about the challenges they are facing, and we've taken action to address those challenges. Alberta's government is pleased to provide this one-time funding to support family physicians and rural generalists until a new physician comprehensive care model is introduced."
Adriana LaGrange, Minister of Health

Approximately 3,000 family doctors are eligible to receive transition funding of \$24,000 to \$40,000. The amount a family physician and rural generalist will receive depends on the number of patients they have.

The funding is a one-time payment aimed at helping family doctors and rural generalists until a new compensation model is in place. It will be used for administrative and equipment costs related to the number of patients they manage.

"We are grateful that this funding will help family and rural generalist physicians remain in comprehensive, life-long care as we move to the next phase of collaboration with the minister and her team. For this stabilization investment to reap benefits for Albertans, we must rapidly implement the new payment model that will allow comprehensive care to flourish across the province." Dr. Paul Parks, president, Alberta Medical Association

This funding is enabled through the new Canada-Alberta Health Funding Agreement with the federal government. The agreement represents a total of about \$1.1 billion in additional health care funding over three years for shared priorities.

Quick facts

- Stabilization funding is a transitional measure identified through work under the memorandum of understanding (MOU) between the minister of health

and the Alberta Medical Association that was signed in fall 2023.

- In December, \$200 million over two years was announced to help stabilize primary care. This includes the \$92 million announced April 4 and \$8 million for the residency incentive program.
- Other recently announced supports for primary health care include:
- Providing ongoing base compensation for primary care physicians that is expected to be more than \$2.3 billion in 2024-25.
- Committing to create a primary-care organization within the refocused provincial health care system to co-ordinate primary health care services and provide transparent provincial oversight, with the goal of ensuring every Albertan will have a family physician or primary care provider.
- Investing \$40 million over two years to support Primary Care Networks.
- Investing \$12 million for the Community Information Integration and Central Patient Attachment Registry, enabling doctors and their teams to share patient information from their electronic medical record to Alberta Netcare.
- Committing to implement recommendations from the Modernizing Alberta's Primary Health Care System initiative through a phased approach.
- Creating a primary health care division within Alberta Health.

2024 Dust Control Program

Application deadline: Wednesday, May 15

Leduc County is currently accepting applications for our 2024
dust control program. There are two product choices available:

1. Calcium chloride

Calcium chloride is a top shoot dust control product that is
applied by spraying over the gravel surface.

- Two applications of product will be completed for every residence applying for this dust control product. The second application will be automatically applied approximately six-to-eight weeks after the first application (weather permitting).
- Residents desiring a calcium chloride dust control product on the County road adjacent to their residence will be required to complete an application form and must prepay a fee of **\$573.75** for the first 122 metres (400 feet). Dust control requested beyond 122 metres (400 feet) will be charged an additional **\$9.41/metre**.

2. Incorporated petroleum

Incorporated dust control is a petroleum-based product that
is applied to the road surface and mixed in and packed by
graders.

- It is warranted for one year from the date of application.
- Residents desiring an incorporated dust control product on the County road adjacent to their residence will be required to complete an application form and must prepay a fee of **\$4,426.25** for the first 122 metres (400 feet). Dust control beyond 122 metres (400 feet) will be charged an additional **\$40.98/metre**.

Other information

- GST will be added to all prices listed above.
- The prices listed are after receiving a Leduc County subsidy of **\$573.75** per strip.
- This subsidy is provided to County residents living in permanent residences along a county gravel road.
- Businesses will be charged the full rate without subsidy.
- The dust control program begins as soon as possible after seasonal road bans have been lifted.

How to apply

- Apply and pay for dust control online at **leduc-county.com/dust-control**.
- Application forms are also available for pick up at our Road Operations department, located at 1103 5 Street in Nisku.
- For more information, call **780-979-6185**.
