Thorsby Library updates & reminders:

submitted by Paula Bosse

Please visit us during our weekday hours of Tuesday 10:00am - 6:00am, Wednesday 12:00pm - 6:00pm, Thursday 12:00pm - 7:00pm, Friday 10:00am - 5:00pm, Saturdays 10:00am - 1:00pm.

WOW!

We are halfway through June already, and right on the edge of summer holidays. This is a perfect time to start thinking about the TD Summer Reading Club, generously sponsored by a grant from Leduc County.

What is it?

It is all about

Books - read for fun, and read to enter our draws for fabulous prizes

Fun - come to the library for weekly fun with your friends

Exploring - try new things with tons of STEAM adventures

Who is it for?

It is for all kids who want to join, celebrate books and have fun.

When are the programs?

Starting Wednesday, **July 10**, running through Wednesday, August 14 the program will run every Wednesday from 10:00 to 11:30.

How do I join (or sign up my children if I am a parent)?

Just stop by the library and sign up for the program and to get your reading passport and reading log.

Some other things to know:

All our programs are free of charge, donations to help with the cost are much appreciated. Please register for programs in advance by calling the library or dropping by to register in person. *Children under 6 must be accompanied by a parent or responsible adult to ensure their enjoyment of our programs.* If you are interested in volunteering, please contact the library at 780-789-3808. We would really appreciate the help.

But June is not yet over, and the library is a busy place!

June 21, if you are down at Rundle's Mission to join the festivities honouring National Indigenous People's Day be sure to stop by the library's display booth and say "hi".

June 22, we are hosting a Parent and Child paint afternoon from 1:00 through 2:30. Phone the library to sign up. We can accommodate seven parent and child pairs, so space is limited.

Take time to enjoy this lovely time of year, when the outdoors beckons and the days are long. From hiking guides to walking poles, we have a ton of resources designed to enhance your enjoyment.

See you at the library.

NEXT STEPS IN REFOCUSED MENTAL HEALTH, ADDICTION CARE

Alberta's government is moving forward with establishing Recovery Alberta and the Canadian Centre of Recovery Excellence.

June 11, 2024 Alberta News

In April 2024, Alberta's government announced it was creating two new organizations to improve mental health and addiction care as part of refocusing health care in Alberta. Recovery Alberta will be the new provincial health agency to deliver mental health, addiction and correctional health services currently provided by Alberta Health Services (AHS). The Canadian Centre of Recovery Excellence (CoRE) will also be established to support Alberta's government with data analysis, program evaluation and research of global best practices to support evidence-based mental health and addiction services.

Government tabled legislation to create both organizations during the spring session and, in May, the Alberta legislature passed both the Health Statutes Amendment Act and the Canadian Centre of Recovery Excellence Act, enabling government to move forward with establishing Recovery Alberta and CoRE.

Updated timelines of Recovery Alberta

Once the final legislative processes are complete, Recovery Alberta is expected to be a legal entity as of July 1. Kerry Bales, Recovery Alberta's incoming chief executive officer will then establish a senior leadership team and begin implementing the corporate policies and processes required to facilitate the transition of Mental Health and Addiction, and Correctional Health Services from AHS to Recovery Alberta.

Alberta's government has been engaging with staff on the frontlines in leadership positions following the introduction and passing of the Health Statutes Amendment Act, and in response to that engagement, has updated the transition timeline. It is now expected programs and staff will transition to Recovery Alberta on September 1. Staff will continue to be engaged throughout this transition period and information will be shared as it becomes available.

Frontline workers and service providers remain essential to care for Albertans, and there will be no changes to terms of employment for current AHS staff transitioning to Recovery Alberta. An agreement in principle has been reached with the United Nurses of Alberta on the transition of registered nurses to Recovery Alberta. Additionally, there will be no changes to grants or contracts for service providers currently under agreement with AHS upon establishment of

Recovery Alberta.

The creation of Recovery Alberta prioritizes mental health and addiction services and ensures these services receive the attention and oversight needed to address the addiction crisis and better support those struggling with mental health challenges. Alberta's government will be able to better direct resources and improve the patient experience across the continuum of care, including prevention, intervention, treatment and recovery.

Canadian Centre of Recovery Excellence

In the past five years, Alberta has made significant strides in creating a system focused on recovery. Alberta's government has removed user fees for treatment, increased publicly funded treatment capacity and opened two recovery communities with nine more on the way. The province has also paved the way for helping those with addiction achieve recovery by making same day treatment and medication available at no cost across the province through the Virtual Opioid Dependency Program.

The Canadian Centre of Recovery Excellence is being established to improve mental health and addiction services through data analysis, program evaluation, research and advice to government. Following the completion of legislative processes, CoRE is expected to be established by the end of the month.

Quick facts

\$1.55 billion is being invested in 2024-25 to continue building the Alberta Recovery Model.

- This includes a \$1.13-billion funding transfer from Health to Mental Health and Addiction (MHA) for mental health and addiction services currently delivered by Alberta Health Services.
- \$5 million is being invested in 2024-25 to establish the Canadian Centre of Recovery Excellence.
- Virtual engagement sessions for AHS staff and service providers were held in April and recordings can be listened to online.
- Additional engagement for AHS Mental Health and Addiction and Correctional Health Services staff is being planned over the summer months.

PROJECT APOLLO

submitted by the Warburg Parent School Society

On a blustery but sunny Tuesday last week, Warburg Parent School Society hosted the Grand Opening Ceremony of the Apollo play structure, to celebrate and honour the volunteers and generous sponsors of Project Apollo. The event was held in Warburg School playground, beginning with a welcome from Principal of Warburg School Wendy Maltais, followed by photographs, the ribbon cutting performed by Rhett Binding & Anita Hagel of Sinopec, presentation of certificates and then to the courtyard for light refreshments and viewing of the sponsorship “thank you” sign, created by CE Media in Thorsby. In attendance were many of the sponsors, volunteers, students and staff from the Elementary school.

During her “welcome”, Mrs Maltais gave a brief history of Project Apollo. It has been a multi-year project that started in the spring of 2019 when a dedicated group of parent volunteers—the Warburg Parent School Society—decided to fundraise for a piece of playground equipment to fill the space left behind where a set of old swings had been removed.

The Covid-19 pandemic slowed down progress drastically throughout 2020, 2021 & part of 2022 but the society slowly found its feet again. Although they increased the amount of fundraisers at the school, they realized quickly that they could not rely solely upon school families to fund this \$40K+ project.

“In 2022, we started applying for grants and we had a parent volunteer to create a sponsorship package for us so we could approach local businesses for support. This is when our project really started to gain traction.

We were blown away with the Community response to our sponsorships and we were able to raise the 50% matching funds required in order to apply for the Government of Alberta's Community Facility Enhancement Program (CFEP) grant in September 2022.

In March of 2023, we were notified that our CFEP application was successful. We ordered our equipment in April 2023, which had a very long lead time.

The equipment finally arrived the last week of August 2023, with installation complete on the second day that kids were back to school. The kids were so excited to have a new piece of equipment to play on, it was a great Welcome Back gift for them

This was an ambitious project for our small school. We learned a lot and we are super proud of our efforts. It is incredibly rewarding to see life brought back to our playground as the kids laugh and play on the new equipment.”

Thank you once more to all our sponsors, volunteers, community members and school families who supported

Photo by Hayley Johnson, Grade 12, Warburg School

our fundraising efforts and made it possible for the Apollo play structure to be installed for our school.

And thank you to 3D Line Locating for sponsoring our opening ceremony.

Warburg Parent School Society and the school's parent council always welcomes new volunteers. If it interests you to join us or you have any questions/suggestions, please contact us at warburgparentsociety@gmail.com or join us at our AGM meeting on September 16th at 3:30PM at the school.

THE HUMAN RACE IS DOOMED

From the Internet

THESE ARE ACTUAL COMPLAINTS RECEIVED BY "THOMAS COOK VACATIONS" FROM DISSATISFIED CUSTOMERS:

1. "They should not allow topless sunbathing on the beach. It was very distracting for my husband who just wanted to relax."
2. "On my holiday to Goa in India, I was disgusted to find that almost every restaurant served curry. I don't like spicy food."
3. "We went on holiday to Spain and had a problem with the taxi drivers as they were all Spanish."
4. "We booked an excursion to a water park but no one told us we had to bring our own swimsuits and towels. We assumed it would be included in the price."
5. "The beach was too sandy. We had to clean everything when we returned to our room."
6. "We found the sand was not like the sand in the brochure. Your brochure shows the sand as white but it was more yellow."
7. "It's lazy of the local shopkeepers in Puerto Vallarta to close in the afternoons. I often needed to buy things during 'siesta' time -- this should be banned."
8. "No one told us there would be fish in the water. The children were scared."
9. "Although the brochure said that there was a fully equipped kitchen, there was no egg slicer one in the drawers."
10. "I think it should be explained in the brochure that the local convenience store does not sell proper biscuits like custard creams or ginger nuts."
11. "The roads were uneven and bumpy, so we could not read the local guidebook during the bus ride to the resort. Because of this, we were unaware of many things that would have made our holiday more fun."
12. "It took us nine hours to fly home from Jamaica to England. It took the Americans only three hours to get home. This seems unfair."
13. "I compared the size of our one-bedroom suite to our friends' three-bedroom and ours was significantly smaller."
14. "The brochure stated: 'No hairdressers at the resort.' We're trainee hairdressers and we think they knew and made us wait longer for service."
15. "When we were in Spain, there were too many Spanish people there. The receptionist spoke Spanish, and the food was Spanish. No one told us

- that there would be so many foreigners."
16. "We had to line up outside to catch the boat and there was no air-conditioning."
17. "It is your duty as a tour operator to advise us of noisy or unruly guests before we travel."
18. "I was bitten by a mosquito. The brochure did not mention mosquitoes."
19. "My fiancée and I requested twin-beds when we booked, but instead, we were placed in a room with a king bed. We now hold you responsible and want to be re-reimbursed for the fact that I became pregnant. This would not have happened if you had put us in the room that we booked."

“GRANDPARENT SCAMS” ITS NOT JUST GRANDPARENTS AFFECTED

June 11, 2024 Media Relations RCMP

RCMP are advising the public that there has been an increase in the number of “Grandparent Scams” reported to the Detachment this month. These scams are also referred to as “Emergency Scams” or “Grandchild” scams.

No matter the name, these scams often involve a phone call being placed to the victim claiming a loved one is in trouble with the courts or law enforcement, and a payment is needed to help them. The suspects will often pretend to be a police officer, judge, or family member. Suspects will usually ask for cash, however more recently they have been asking for payment by Bitcoin and gift cards.

RCMP want to remind citizens of the following:

- Never send or give money to anyone you don't know or haven't confirmed their identity
- Bail is always paid in person at a courthouse or correctional centre, and is never in the form of giftcards or BitCoin
- If a person claims to be a police officer or judge, call that police service or court house directly to confirm the situation and identity of the caller
- Never give out personal information over the phone or online to someone you don't know
- If you receive a call from someone saying they are a friend or family member and they need emergency money, hang up and call them yourself to ensure the person is who they say they are. Fraudsters have the ability to change their caller id information to say anything they want. With new technology, there are also applications that can mimic the voice of anyone.

Police are asking the public to speak to their friends and family, of all ages, about these scams to help spread awareness and education. Though these particular scams have historically been aimed at the elderly, RCMP advise the age of victims is now a broad range from young teenagers, young adults, to the elderly.

RCMP encourage the public to visit The Canadian Anti-Fraud Centre www.antifraudcentre-centreantifraude.ca to familiarize themselves with the many different types of scams out there, as well as to access information and resources to share with family and friends.

If you have fallen victim to this or any other scam, please contact your local RCMP, as well as the Canadian Anti-Fraud Centre www.antifraudcentre-centreantifraude.ca or 1-888-495-8501). To report crime online, or for access to RCMP news and information, download the Alberta RCMP app through Apple or Google Play.

NEW REPORT SLAMS FEDERAL ELECTRICITY PLANS

June 11, 2024 Alberta News

Premier Danielle Smith and Minister of Environment and Protected Areas Rebecca Schulz issued the following statement on the Canada Electricity Advisory Council's final report:

"The Canada Electricity Advisory Council's latest report echoes Alberta's long-standing warning: Ottawa's one-size-fits-all electricity regulations are a dangerous, costly and unrealistic path to failure.

"For over two years, provinces, utilities, businesses and Canadians have demanded federal electricity regulations that reduce emissions without sacrificing affordability and reliability. Yet the federal government has stubbornly stuck to its plans to implement unrealistic targets for a net-zero grid by 2035, regardless of the costs and risks to Albertans.

"Now the federal government's own expert advisory body is sounding the alarm. The Canada Electricity Advisory Council is calling for less ideology and more common sense, rejecting rigid mandates that ignore regional realities. Alberta is rapidly decarbonizing its grid, but we refuse to gamble with winter blackouts and crippling energy bills.

"This federally appointed committee recognizes that the arbitrary 2035 deadline is unrealistic and unattainable – and has instead recommended that the federal government support the development of provincial and territorial energy roadmaps for a net-zero or carbon-neutral energy system by 2050.

"We urge the federal government to listen to this report and to the many concerns raised by Canadians, industry and provinces across the country. Abandon the reckless 2035 targets and partner with us to build a modern, reliable and affordable electricity grid that truly serves Canadians.

"Alberta already has a plan to reach carbon neutrality by 2050 – the federal government should work with us to achieve this goal."

**THE BATHROOM
COMMODOE STORY**

The story is told of a lady who was rather old-fashioned, always quite delicate and elegant, especially in her language. She and her husband were planning a week's vacation in Florida, so she wrote to a particular campground asking for a reservation.

She wanted to make sure the campground was fully equipped, but didn't quite know how to ask about the toilet facilities. She just couldn't bring herself to write the word "toilet" in her letter. After much deliberation, she finally came up with the old-fashioned term BATHROOM COMMODOE. But when she wrote that down, she still thought she was being too forward. So she started all over again and rewrote the entire letter referring to the bathroom commode merely as the BC. "Does the campground have it's own BC?" is what she actually wrote.

Well, the campground owner wasn't old-fashioned at all, and when he got the letter, he just couldn't figure out what the woman was talking about. That BC business really stumped him.

After worrying about it for awhile, he showed the letter to several campers, but they couldn't imagine what the lady meant either. So the campground owner, finally coming to the conclusion that the lady must be asking about he local Baptist Church, sat down and wrote the following reply:

Dear Madam: I regret very much the delay in answering your letter, but I now take pleasure in informing you that a BC is located nine miles north of the campground and is capable of seating 250 people at one time. I admit it is quite a distance away if you are in the habit of going regularly, but no doubt you will be pleased to know that a great number of people take their lunches along and make a day of it. They usually arrive early and stay late. It is such a beautiful facility and the acoustics are marvelous. Even the normal delivery sounds can be heard.

The last time my wife and I went was six years ago, and it was so crowded we had to stand up the whole time we were there. It may interest you to know that right now a supper is planned to raise money to buy more seats. They are going to hold it in the basement of the BC.

I would like to say it pains me very much not to be able to go more regularly, but it surely is no lack of desire on my part. As we grow old, it seems to be more of an effort, particularly in cold weather.

If you do decide to come down to our campground, perhaps I could go with you the first time you go, sit with you, and introduce you to all the other folks.

Remember, this is a friendly community.

Sincerely, Campground Owner - *Author Unknown* -
