

THE BRETON BOOSTER

**Celebrating 44 years of
Learning through play!**

Submitted by Krista Sutherland

From the humble beginnings in 1980 of the old school house, now known as the Breton Museum, to the Elementary school music room, and to our current home in the bright and spacious basement of the Carolyn Strand Civic Centre,

Breton Playschool has been an important part of our community. Through so many wonderful and amazing Teachers, volunteers and community support this program has run for 44 years!

DID YOU KNOW THAT OUR PROGRAM IS 100% GOVERNMENT FUNDED?

All of our students receive free tuition thanks to the Affordability Grant for Child Care Program!!!

Why Breton Playschool is AWESOME:

When speaking of playschool, it's important to

remember the word "PLAY" and the great value it has for our children. "PLAY" is how preschoolers learn about themselves and their environment. Breton Playschool incorporates each child's

uniqueness into the classroom along with learning respect for themselves and others. Our program focuses on meeting the physical, emotional, social, intellectual and creative needs of your littles. Breton Playschool strives to provide a safe, secure, happy and positive experience for all who walk through our doors!

Another reason why BPS is AWESOME, our fabulous Teacher-Miss. Jessica!

Miss Jessica is a certified Teacher from the Warburg area and a mother to two kiddos. She has had the pleasure of working

alongside our previous Teacher, Miss Aimee, for the last two school years to help create the amazing atmosphere BPS has today.

Miss Jessica encourages her students to wonder and ask questions. She sees that each child has individual needs and different learning styles. Miss Jessica is passionate in her work, and creative in her lesson plans that allow each kiddo to thrive.

Come explore what BPS has to offer, help us celebrate a new school year or enrol your kiddo at our open house on:

Thursday, September.19th from 4:00pm-6:00pm

(you will find our private entrance along the east side of the building)

***Playschool runs**

Tuesday & Thursday mornings @ 8:50am-11:50am*

Classes start October.1st

Ivan "Stenko" Afric

May 5, 1942 – September 2, 2024

With sadness we announce that **Ivan "Stenko" Afric** of Winfield, Alberta passed away peacefully at the Rimbey Hospital and Care Centre on Monday, September 2, 2024, at the age of 82 years.

Ivan was born on May 5, 1942 to Anton and Nevenko Afric in Pasjak, Croatia. He immigrated to Canada in the early 1960s, and joined the union as a construction worker. Ivan married Marie on October 11, 1986, and they became an instant family as Marie had four sons Bradley, Robin, Michael, and Shawn. Ivan and Marie purchased their first home in the Millwoods area of Edmonton. Many birthdays, holidays, and Sunday suppers were hosted at their home, where the festivities always began with a toast of Ivan's favourite cognac.

When Ivan decided to retire, they sold their house in Edmonton and bought a modular home. They made a perfect little homestead on Robin and Heather's farm in the Yeoford area, where they resided for 15 years. In 2023, Ivan and Marie moved into their current residence at the West Pine Lodge in Winfield. Ivan was a man of few words with a soul of gold. His family will always hold a special space for him in their hearts and memories.

Ivan will be lovingly remembered by his wife Marie; and his family Bradley (Tami) Robinson, Robin (Heather) Robinson, Michael Robinson, and Shawn Robinson. He will also be greatly cherished by fourteen grandchildren; twenty-three great-grandchildren; and a special cousin Feliks Corallini and his children Tatiana (Nenad) Vrbancik and Robert (Melissa) Corallini. Ivan was predeceased by his parents.

A Funeral Service in Celebration of Ivan's Life was held at the Breton Community Centre, Breton, Alberta on Tuesday, September 10, 2024, at 1:00 p.m., with Pastor Calvin Skriver officiating. Interment followed in the Breton Cemetery.

If desired, memorial donations in Ivan's memory may be made directly to the West Pine Lodge, Box 150, Winfield, Alberta T0C 2X0. Condolence messages may be forwarded to the family by visiting: www.ofc-ltd.ca

Community Information Night - Celebrate Breton & Chili Cook Off - Tuesday September 24

This will be a time for community members to plan their fall activities, volunteer commitments and know of all the services available in and around our community, along with learning about the great businesses we have in our area.

Why would you want to attend the Community Information Night and Chili Cook Off?

- * See all of the great opportunities there are in Breton to get involved in
- * Promote your business and services
- * Register for a class for yourself or your children
- * Learn about all of the different activities and events that happen in Breton
- * Meet your Village Council members
- * Taste and vote on some of the finest Chii around and help us choose our Champion

Why would you want to have a table at the Community Information Night and Chili Cook Off?

- * Let community members from Breton and the Surrounding area know about your organization or services
- * Hold a registration event for activities that you host

- * Recruit new Volunteers
- * Show off your cooking talents by entering the Cili Cook Off and earing the Championship title for the year!

Breton FCSS will be coordinating this evening. We are adding a twist to this year's event and inviting any groups / businesses that would like to be a part of a Chili Cook Off. The Cook Off will be organized by the Breton Agricultural Society.

Breton Community Chili Cook Off **NEW Category - Best Individual!**

We are now accepting entries for the Chili Cook Off from any individual (family or group) that would like to go against the organizations and groups that have a table at the Information Night.

- * All entries must be pre-assembled, cooked and kept in a slow cooker, hot and ready to serve. We encourage a variety - meatless, spicy, white, or surprise ingredient. Please have a list of ingredients displayed (for food allergies)
- * All ingredients must come from approved food sources, so it's absolutely safe for public consumption (No roadkill)!
- * Each team is responsible for all cooking utensils, extension cords, power bar, set up and clean up. Please keep chili tightly covered when not serving. Any remaining chili must be taken home by the group entering.
- * You may provide additional items to accompany your chili (ie - cheese, tortilla chips, sour cream).
- * Bowls, and spoons will be provided. Additional meal items such as veggie tray, dessert and refreshments will be provided by the Breton Agricultural Society and Breton FCSS.
- * Teams are encouraged, urged and otherwise motivated to decorate their area and themselves. This will encourage residents (judges) to visit your booth and learn about your organization / business. You will be given a 6ft table for your organization's information for the information night and a second table for your chili entry display.
- * Each contestant will be assigned a contestant number. Serving will be from 4:30 - 7:00 pm
- * Judges will be the citizens that visit and sample your chili. The public will each be given 3 tickets to vote for their favorite chili. The team with the most tickets wins. It's up to you to entice them to try your chili and cast their vote for you. The more chili you have, the more votes you can get - but a minimum of 2 gallons is required.
- * The winning entries will be announced at 7:30 pm. The winning entries will be presented with a big bragging-rights and awards. The decision of the judges is final.
- * HAVE A GOOD TIME!

To register please contact Breton FCSS at fcss@breton.ca or 780-696-3636

Older Adult Exercise Classes

Thursday Mornings @ Breton Community Centre - We are excited to get started with our low impact older adult exercise classes.

We have the same fabulous instructor in Cassie but will be holding them on a new day and time. We will be at the Breton Community Centre on Thursday mornings from 9:00 - 10:00.

These are drop-in classes and have a fee of \$2/ session. You are encouraged to participate at your own level, this can be sitting or standing.

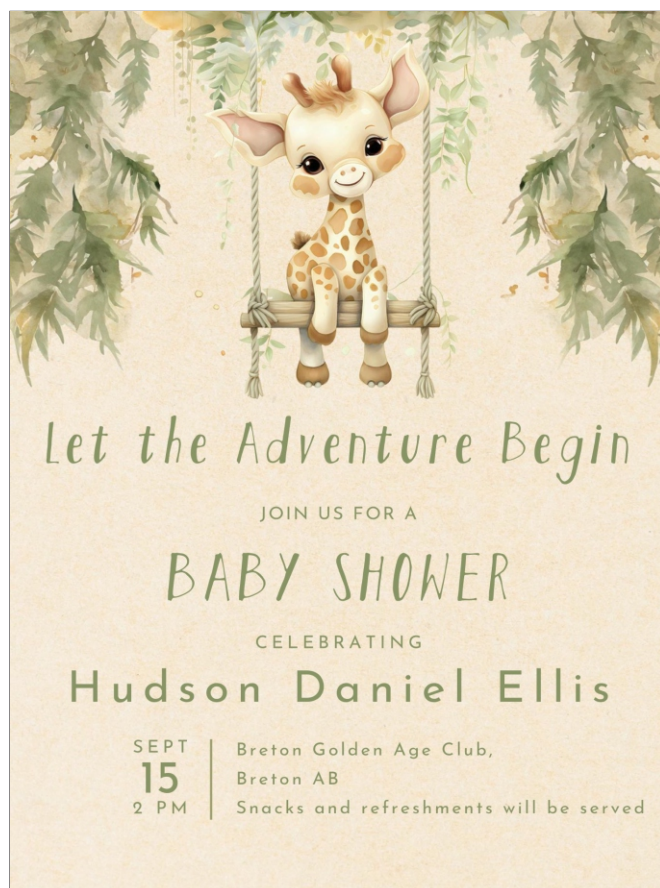

Community Fall Dinner & Entertainment

Thursday October 24. Join us for an evening to celebrate all of the great people in our community

This evening is open to anyone that would like to gather and enjoy the company of other community members, along with excellent food by Starkist Catering followed by entertainment with Ventriloquist, Michael Harrison. Michale has appeared on AGT - Americas Got Talent.

Tickets are \$15 for adults and \$10 for youth 6 - 12. Under 6 free. They are now available at the Village of Breton / FCSS Office.

Everyone is welcome to attend. We will be recognizing all Volunteers in attendance that evening.

Foundations of the Faith is a series of interactive small group Bible studies that will explore the (sometimes radical) teachings of Jesus in the Bible - teachings that challenge hearts, minds and culture in a positive way.

This series will be shared in a relaxed atmosphere and is open to people of any faith or background. All you need is a Bible, a pen, and an open mind. Come to join the discussion or just listen in - your choice!

Doug Holmgren

March 9, 1947 — September 6, 2024

It is with a heavy heart that we announce the passing of Norman Douglas (Doug) Holmgren on September 6, 2024 at the age of 77. Doug passed peacefully in the Drayton Valley Hospital surrounded by his family and close friends.

Doug will be lovingly remembered by his wife of 55 years; Marjorie; son Glenn and his wife Suzie; son Dean; grandchildren Paige, Reese, Hayley, and Brandt; brother Jim; and his many nieces and nephews.

Doug was predeceased by his brother Gordon; his sister-in-law Beth; his sister-in-law Iona; and his parents Norman and Mary Holmgren.

Doug was born and raised in the Lindale area, where he farmed until his passing. He also drove a school bus in the area for nearly 30 years. During his lifetime, he touched many lives, getting hundreds of kids to school on time, playing fastball, participating on boards and associations, leading the Lin-Berry-Buck 4H club, and simply being a good friend and neighbor to those around him.

In his later years, Doug was challenged with several difficult health issues, which culminated with him receiving a heart transplant in late 2016.

The family would like to especially thank the staff of the Mazankowski Heart Institute for the incredible work that they performed that helped Doug gain 9 more years of meaningful time with his family, watching his grandchildren grow, and farming the land he cherished. The family would also like to thank the staff of the Drayton Valley Hospital for making his passing as peaceful and pain-free as possible.

A Celebration of Life will take place at the Lindale Hall on September 21 at 1 PM.

*Memorial donations can be made to either the Canadian Cancer Society, 55 St Clair Avenue West, Suite 300, Toronto, Ontario, M4V 2Y7
or to the Mazankowski Heart Institute. c/o University Hospital Foundation, Room 1H1.91, WMC, 8440 – 112 Street, N.W., Edmonton, AB T6G 2B7*

EVERY FAMILY SHARES A STORY

From Africa to Alberta

The Impey Family's Transcontinental Journey

Part 7: A Major Decision Is Made

Peace returned with the end of WWI in 1918. George had been discharged from the army prior to the end of the war, due to poor health, and returned to the farm. He would suffer from malaria and poor health for some time after his return. Ida along with her daughters Effie and Enid, and three younger sons George Jr., Hugh and Dick had managed to keep the farm functioning for the duration of the war.

After George's health recovered, he hired local help to clear more land for the production of crops, especially mealies (corn), having about 200 acres in production. The next issue was how to sell the corn. George decided to build a grist mill, powered by a water wheel, to grind the corn into flour for sale to the local residents. Previously, George had diverted water from a nearby river through a ditch to supply water to the farm, which he now upgraded to include a dam and water reservoir. George then hired a man to construct the water wheel and grist mill. Water turned the water wheel providing power to the grist mill. This business venture proved to be quite successful. However, at times there was an inadequate supply of water to operate the mill. George purchased another smaller mill powered by a motor, which was used when there was a shortage of water. For the next couple of years, the family all kept busy with the multitude of never-ending tasks on the farm.

As historians, sometimes, we have to play detective to piece together a story and the reason(s) why decisions were made. So, if everything was going well, why did the Impey's decide to sell a seemingly thriving farm in 1922 to travel from the British Colony of Kenya to Canada, and start over once again? We do glean some insight in the writings of Ida Impey, along with those of her daughter Effie and son Dick.

Ida writes... ***"In 1922 we had an offer for the farm at Ravine, and most of the children wanted to break away, to pasture new, we decided to sell and move out with them. We had been in correspondence with the C.P.R. about Canada and decided to come here, ... more the pity."*** We have to wonder whether there was a deeper meaning in the last three words of Ida's statement. Also, Ida's daughter Effie writes that she was gravely ill about 1920 and almost died, with what they believed was Blackwater Fever. Black Water Fever is a

complication of the malaria infection, where red blood cells burst into the bloodstream, releasing hemoglobin into the blood vessels and urine. Effie credits her recovery to a black doctor, from another province, who administered an unknown medicine to her. She writes that after her illness the family decided to move to Canada. Dick also writes that his father George had suffered several malaria attacks over the years, and they were progressively getting more severe and frequent. The doctor encouraged him to move to a cooler climate for his health. George contacted the CPR for information on immigration and land availability. We can only guess, but likely it was a combination of the reasons mentioned above which made the Impey family decide to move to Canada.

The farm was advertised for sale and a buyer was found in England to purchase the farm, with the oxen and transport wagons. It took some time to arrange the sale of the farm and make travel arrangements, but by August 1922 the Impey family were ready to depart their farm. We will pick up the story next time as they make the 15,000 km long trek to Canada.

BRAZEAU COUNTY COUNCIL HIGHLIGHTS

September 3, 2024 Regular Council Meeting

RCMP Update

Staff Sergeant Dwayne Moore of the Breton Detachment and Staff Sergeant Ryan Hoetmer of the Drayton Valley Detachment presented detachment updates.

In Drayton Valley, there has been an 56% increase in total Criminal Code offences for the period of April to June when compared to the same period in 2023, with 233 offences in 2024 compared to 150 last year.

Much of the increase is due to a few offenders in the community, as well as increased reporting of crime to the RCMP.

In Breton, total Criminal Code offences have dropped 13% when comparing the April to June 2024 time period to the same period in 2023, with 111 offences in 2024, compared to 127 last year.

Detachments continue to focus on reducing property crime, managing prolific offenders, reducing impaired driving, and community engagement.

Support for Backpack Event

Council approved waiving of the County's portion of the fee for the ½ hour rental time for the 2024 Back2School Annual Backpack Giveaway event presented by The White Bull Café.

Reeve Bart Guyon and Division 4 councillor Kara Westerlund present a commemorative clock to Holly and Dave Davie in recognition of their 50th wedding anniversary. Congratulations!

POWER RATES SLASHED IN HALF BY NEW MARKET RULES

Alberta News, September 5, 2024

New market rules introduced by Alberta's government to lower utility bills have resulted in year over year electricity prices decreasing by nearly 60 per cent for August.

Lowering the cost of everyday essentials, like power, is a top priority for Alberta's government. To achieve this, Alberta's government is modernizing the entire electricity system, providing long-term solutions to lower utility bills and protect Alberta's ratepayers. This work is already well underway, with measures to prevent power price spikes coming into effect on July 1, and more to come in the new year. The government's initial work on modernization means that Albertans have already seen significant decreases of almost 60 per cent on their August electricity bills.

"Our government promised to lower Albertans' utility bills, and I am proud to see our efforts yield results. The numbers speak for themselves and prove that our government's new policies are working, with much more still yet to come." Nathan Neudorf, Minister of Affordability and Utilities

Since coming into effect on July 1, the Market Power Mitigation Regulation is already keeping more money in Albertans' pockets. This regulation prevents power price spikes for Albertans' on variable rate contracts. Within weeks of being implemented, the regulation protected Albertans on variable rate contracts from price spikes when a summer heat wave drove up demand, at a time when access to power was critical. The Market Power Mitigation Regulation is working, and has decreased power prices by nearly 60 percent year over year for August. Independent reports have estimated this regulation will save Albertans more than \$8 billion over the next decade.

Figure 1 – Price comparison of the default rate of electricity in Alberta: August 2023 vs August 2024

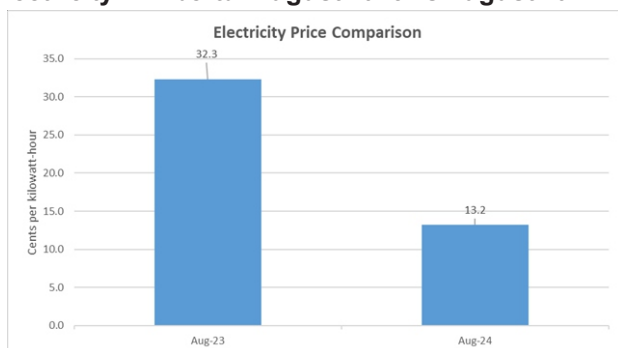

Table 1 – Average monthly price of the default electricity rates across Alberta, 2023 vs 2024

	2023	2024
July	27.50 c/kWh	11.86 c/kWh
August	32.27 c/kWh	13.19 c/kWh

**Average monthly price for the four major default rate providers (ENMAX, EPCOR, FortisAlberta, ATCO Electric)*

Source: Alberta Utilities Commission

Additional measures to lower utility bills will come into effect in 2025, such as the Utilities Affordability Statutes Amendment Act (UASAA), regulatory changes to the default electricity rate, and changes to how transmission costs are allocated. The UASAA was passed in April, renaming the default electricity rate to the Rate of Last Resort and will lower and stabilize local access fees. This legislation alone is estimated to save the average family on the default electricity rate \$937 per year on their power bills.

"Cost uncertainty and unpredictable price spikes in electricity bills have been significant challenges for Albertans in recent years. However, in recent months retail electricity prices have been decreasing and there is more price stability for consumers. Consumers can learn more about their retail energy options from ucahelps.ca." Chris Hunt, Utilities Consumer Advocate

Alberta's government is creating pathways to prosperity by lowering the cost of electricity, ensuring Albertans keep more of their hard-earned dollars in their bank accounts. The Utilities Consumer Advocate (UCA) continues to help Albertans better understand and navigate the utility market, and their advocacy has led to more than \$3.2 billion in savings for Albertans over the past 20 years. Albertans who are looking for assistance with their utility bills or are experiencing a dispute with their retail provider should contact the UCA.

LETTERS TO THE EDITOR

To the Editor:

In a small community they say that we should support our local businesses and I support that idea 100%.

I live and shop in Breton, I support the grocery store, hardware store, drug store, both restaurants and my children love using the library here. I have no problem supporting these businesses.

I do however, have a problem supporting one particular business. It's not because I have no need to use this business, because I do. It's because they have no respect for the community or their staff.

A respectable business would fix an on going sewer pipe issue so the staff and patrons could use the bathroom facilities and they wouldn't have to go elsewhere to go to the bathroom. They would rectify the lack of air circulation. Like putting in air conditioning in the summer and fixing the furnace so it would work properly in the winter.

These conditions are not only bad business. They are human rights issues. If this business doesn't respect us. Then why should we support them?

Like I'm going to do, maybe they should take their business elsewhere.
