THOR HAS ARRIVED

On Saturday, September 7, Thorsby's statue of Thor was revealed to the world. Hundreds of people attended the Spirit of Thorsby event hosted by the Thorsby & District Chamber of Commerce to witness the unveiling.

"The goal of our Chamber is to promote our Town and bring visitors to our community, to shop in our stores, eat in our restaurants and support our local businesses. We also want Thorsby to have something beautiful and iconic that the community can be proud of" says Chamber President and business owner Shawna Ofstie.

The Chamber's goal has been achieved even sooner than expected thanks to local celebrity, Chris Scheetz (formerly of C1SN 103.9). Chris, the event MC and loyal supporter of his hometown Thorsby, has some great videos on social media and was interviewed by 630 CHED on Monday morning. News has traveled fast and Thorsby has already had visitors coming from all over to see Thor.

The plaque on Thor explains why the Thorsby & District Chamber of Commerce chose Thor. Among other references, this excerpt quoted from the County of Leduc No. 25 History book published in 1991 was most fitting. *"In 1929, when the first train thundered into Thorsby, it would seem appropriate that this tiny settlement was named for the god of thunder. Over two decades before the arrival of the railway, two*

brothers, surnamed Salstrom, homesteaded near Weed Creek and operated a frontier post office. The name Thorsby was their choice; when translated from their native Swedish it means Thor's-town."

Thor Sculptor Majestic Metal Art (Braden Kiefiuk) attended the Spirit of Thorsby event to answer questions and participate in the festivities. The details and thought put into this piece is remarkable. Braden also included Norse Symbols on the pedestal base which relate to our great community of Thorsby. Below are the symbols and their meanings

Need to talk? We can help.

The cost of counselling can be a barrier for many individuals and families. Leduc County's Family and Community Support Services (FCSS) offers access to free counselling sessions to eligible individuals, couples and/or families who are struggling with common, everyday issues.

Counselling subsidy

Short-term preventative counselling supports people who are struggling with common, everyday issues. Some reasons or issues that people seek counselling for include:

- relationship issues
- communication issues
- marriage preparation
- parenting support
- goal setting or skill building
- mental health issues
- stress

Counselling subsidy eligibility

To qualify for a counselling subsidy, you must:

- be a resident of Leduc County, Calmar, Thorsby or Warburg.
- not have access to an employee or health benefit plan that covers the cost of counselling.
- have a family income of less than \$75,000 per year*.

*If your household income is too high to qualify and you don't have health benefits that cover the cost, there are pay-what-you-can and free options. Contact us for more information.

Eligible households can choose from the following free options:

- Three sessions per individual*
- Six sessions per couple
- Nine sessions per family

*If individuals prefer to attend group sessions with other participants, seven sessions will be allotted. Sessions must be used within six months or they will expire.

Counselling is provided in partnership with:

- Karunia Counselling
- Family Counselling Centres
- Tansem Psychology
- Hooves of Hope Ranch
- Tracey Emmel, Counsellor, MScMFT
- Nurtured Minds Wellness and Therapy Services

Once intake is complete and your subsidy approved, you will be referred to one of the above-listed clinics for counselling services that are available in Leduc, Calmar, Beaumont, Edmonton, Millet and rural locations. Virtual and telephone counselling options are also available.

While offering free counselling sessions reduces the financial burdens for individuals and families, the number of free sessions is quite limited. This counselling subsidy program is meant to provide short-term, skill-based preventative services. We would be happy to refer you to different resources if your needs are more long-term or intensive. We can also support you in creating a financial plan to afford the cost of additional sessions if needed.

Apply for the counselling subsidy

Please send us an email at fcssinfo@leduc-county.com or call us at **780-955-6421**, if you'd like to apply for the Leduc County counselling subsidy.

Visit www.leduc-county.com to learn more about the programs and services offered.

September is here, and so much is happening at the library!

In our Makerspace we are featuring button making! We have everything you might need to create awesome buttons to pin to a backpack or jacket, including easy to follow step-by-step instructions, button blanks and a button press. Use one of our pre-printed templates or create your own design. The possibilities are limitless! Please note you must be eight years or older to enjoy this makerspace without parental or adult assistance.

And there is an exciting new addition to our kit collection - rockets! We used these rockets in the Summer Reading Program, and then turned them into a kit for patrons to take home and explore. The kit includes stomp rockets, a bottle rocket assembly, balloon rockets, and a battery operated rocket. To enjoy the bottle rocket activity you will need to supply three 1.5 or 2 liter bottles filled with liquid as ballast, otherwise these rockets come with everything you need for high flying fun!

To ensure safe and responsible use of this kit, we are restricting borrowing to adults only and emphasizing the need to read and observe all cautions and safety warnings.

This is an awesome opportunity to engage in some active, outdoor STEM fun with your family.

Every week we have new books on the shelves, and they range from manuals on bushcraft through the latest best sellers by popular authors. In Adult Nonfiction, "The Wager" stands out - a tale of Shipwreck, Mutiny and Murder! While in Adult Fiction we have new books by Jude Deveraux and Kathy Reichs to name just a couple. It is always worth stopping by and checking out our new arrivals!

Our DVD section has exploded, thanks to Cindy's hard work and the generous donations from our patrons. Last October after weeding prior to the annual Book Sale our DVD shelves were pretty empty. Now, after year the shelves are filled with comedies, dramas, and everything in between. In fact there are so many red "NEW" stickers in that section that we gave up on shelving them separately. The new arrivals dot the shelves, a real celebration of a vibrant section of our library. From new releases to old favourites, there is something for everyone! So stop by, grab a couple of good movies and plan a fun night in.

See you at the library!

FOUNDATIONS OF THE FAITH

Foundations of the Faith is a series of interactive small group Bible studies that will explore the (sometimes radical) teachings of Jesus in the Bible - teachings that challenge hearts, minds and culture in a positive way.

This series will be shared in a relaxed atmosphere and is open to people of any faith or background. All you need is a Bible, a pen, and an open mind. Come to join the discussion or just listen in - your choice!

THE ULTIMATE GUIDE TO ALBERTA ROADSIDE ATTRACTIONS

www.roadtripalberta.com/alberta-roadside-attractions/
from website September 10, 2024

Roughly 100 years ago, when long trips in cars started to become a thing, North America's love affair with the roadside attraction began. And it continues today in many spots around the world. Large novelty architecture not only brings in tourists but also often helps display the personality of the region that surrounds it.

Alberta roadside attractions are no exception. Sometimes they are seemingly random (why is there a UFO landing pad in St. Paul?), but the cluster of Ukrainian heritage structures east of Edmonton speaks to the large number of settlers arriving from Ukraine starting in the late 19th century. (Hot tip: the Ukrainian Cultural Heritage Village nearby is worth a visit too.) And there are lots! Every corner of the province offers something to woo travellers in pursuit of a selfie with an oddity of curious proportions. Luckily enough, we've mapped them all out for you below.

We've divided it into three sections:

1. North includes Edmonton and all things north of there.
2. Central heads south from Edmonton until (and including) Calgary.
3. South includes everything south of Calgary to the USA border.

Northern Alberta Roadside Attractions

- World's Largest Mallard (Andrew)
- World's Largest Cowboy Boot (Edmonton)

- Giant Baseball Bat (Edmonton)
- Eddie the Squirrel (Edson)

- World's Largest Mushrooms (Vilna)
- World's Largest Chuckwagon (Dewberry)
- World's Largest Railway Spike (Hines Creek)
- Canada's Dragonfly (Wabamungo)

Central Alberta Roadside Attractions

- A Lovable Skunk (Beiseker)

BREAK AND ENTER IN WARBURG

Thorsby RCMP respond to a Break and Enter to a residence

Warburg, Alta. – On Aug. 7, 2024, Thorsby RCMP quickly responded to a report of a break and enter to a residence situated in the Village of Warburg. Upon arrival, police met with the occupant of the home who reported that a male had just broken into his residence while he was present. Nothing was taken from the home at the time and no injuries occurred as a result of this incident. The male suspect was described as;

- Male with a pale complexion;
- Thin build;
- Approximately 5 feet 10 inches tall;
- Described as having acne around his nose and cheeks;
- Collar length black hair, with a beard;
- The suspect had been dressed in all black, a leather coat.

RCMP members extensively patrolled the area, however no suspect was located at that time. An RCMP sketch artist was engaged and a composite drawing of the suspect was created. Composite sketches are created during an interview by refining a freehand drawing of a suspect until the witness indicates the drawing resembles their recollection.

If you have any information about this incident, please call the Thorsby RCMP at 780-789-3950. If you want to remain anonymous, you can contact Crime Stoppers at 1-800-222-8477 (TIPS), online at www.P3Tips.com or by using the "P3 Tips" app available through the Apple App or Google Play Store.

A WRONG SIGNAL

As I was driving down the highway, I was about to make a left turn and head south across the highway. There was a truck heading my way, so I patiently waited for him to pass by. When he was a couple of hundred feet in front of me he put on his blinker to indicate that he was turning north on the same road that I was turning south on. Seeing that there was no other vehicle coming behind him, the road was clear for me to safely make my turn, allowing him to make his turn. I paused for a second, and it was this pause that kept me from being broadsided.

The trucker who had been signaling to turn north, apparently changed his mind and decided to go straight through. Maybe they realized that it was the wrong road, but regardless, the driver swerved back into his lane and continued his course. The driver had sent me a wrong signal.

This incorrect information could have caused a serious accident with multiple injuries or even death. In our lives we are continually sent wrong signals. We are told that there is no God, there is no place called heaven or hell, you can do whatever makes you feel good and there will be no consequences.

So many things try to tear apart our personal, moral, and ethical convictions. I believe that the majority of people know right from wrong. It has been said for years that if it walks like a duck and quacks like a duck, it's a duck. Some would have us believe that this is no longer the case. Beware of false signals!
