

# THE BRETON BOOSTER

## FIRE PREVENTION WEEK October 6-12

It's that time of year again to think about ways to make your home, school, workplace and places you play safer. Check your smoke detector, do a fire escape plan, practice your escape route, know two ways out. Talk to your family, friends and co-workers about things you can do to make our community a little safer.

Drayton Valley/Brazeau County Fire Services Station 2 (Breton) members work hard to serve their community. Our membership all work toward NFPA 1001 level 2 Professional accreditation with their training. They also take countless other courses to enhance their knowledge and skills.

Breton Booster, over the next two weeks is happy to share the faces of those who are the backbone of Station 2 Fire Services. We thank the members for their time, effort and the sacrifice they make for this community.

## Greetings from Breton Elks Lodge #402

Well, hello everyone. Here is hoping that everyone is still healthy and somewhat wealthy. It appears that summer of 24 has left us. Now it is time to say hello to the fall season and take in the colors of the season. Unfortunately the tomato crop this year was much less than last year, but now it is a next year project.

Now, it is time to get back to business at hand and get back to the world of Elkdom. The lodge kicked off the new season at 7:30 sharp on September 19th with our Exalted Ruler Ann McKellar Gillis in full command. First order of business was to welcome our District Deputy Sister Bev Monette on her official visit to our lodge. Under the good of the order Sister Bev gave an inspiring chat on Elk business. She noted that over 800 pounds of aluminum tabs were collected by our District. The proceeds from these tabs are primarily donated to Alberta Elks Foundation.

Moving forward, Brother Don Gillis gave a report on his journey of being Grand Exalted Ruler and expressed great gratitude for support from our lodge and his lovely bride Ann. Congratulations to Brother Don for a job well done.

The National Curling Bonspiel is scheduled for December 5, 6 & 7, 2024 in Hanna. All Elk curlers are encouraged to participate. A letter of thank you was received from Elks and Royal Purple Fund for Children for the donation of \$2,500.00 the Breton Elks Lodge donated. A report was received on the Walk for Children indicating 90 walkers participated and were responsible for raising \$14,029.00. Great job indeed. Final report on Elk Raffle Tickets. First prize went to Angela Elle for \$30,000.00 purchased from Medicine Hat Elks Lodge. Second prize went to Brenda Sproule for \$10,000.00 purchased from Strathmore Elks Lodge and Third prize went to Carlotta Weerstra for \$5,000.00 purchased Online. Congratulations to all the winners.

A request for financial assistance was received from Brayden Kreil, who has been accepted into the Junior World Rodeo Finals in Las Vegas in December of 2024. Motion was presented and passed to donate \$500.00 to this event. Good Luck Brayden.

In R.V. park business it appears that everything is on track and comparable to last year. All reports indicate the Golf course was in fine shape and camping proved to be enjoyed by all. Brother Neil reported that we have 7 seasonal campers returning for the 2025 season.

Each year the Elks practice a tradition of visiting other lodges. This is referred to as the travelling gavel. The travelling gavel is taken from one lodge to another then that lodge takes it to another lodge. At the same time there is money raised which it donated to the Alberta Elks Foundation. This year Breton Elks will be travelling to Sherwood Park on October 8th.

Moving forward the subject of Christmas was mentioned. As time seems to skip by so quickly, a motion was passed to sponsor another community supper. So folks, December 14th is the day to remember. All details of this event will be announced a little later. But yes, it is time to start marking the calendar.

The evening was brought to a close with the announcement that Brother Neil and Brother Don had reached another level of experience. Congratulations and Happy Birthday to you both.

Meeting was adjourned at 9:30. We look forward to chatting again next month. So until then Happy Trails and Good health to all.

Al

## RESPIRATORY VIRUS IMMUNIZATIONS NOW AVAILABLE

*Alberta News, October 7, 2024*

**Starting today, Albertans will be able to  
book their annual immunizations against  
fall respiratory viruses.**

Eligible Albertans are now able to book their immunization appointments through the Alberta Vaccine Booking System, calling Health Link at 811 for pharmacy or AHS clinic appointments, or by directly contacting a nearby pharmacy. Albertans are encouraged to speak with their primary care provider for guidance on immunizations and what options are best for individuals and families.

COVID-19 and influenza immunization appointments can be booked as of today for openings available to the general public starting October 15. Respiratory Syncytial Virus (RSV) immunization appointments can now be booked for openings beginning on October 21.

*"As fall approaches, it's important to plan ahead against circulating respiratory viruses. I strongly encourage everyone to consult with their local pharmacist, doctor or health care provider to make informed decisions about their health and ensure they're well-prepared for the season."* Adriana LaGrange, Minister of Health

*"Adding an extra layer of protection this fall is the best way to guard against the illnesses that typically arise during the fall and winter months. The respiratory virus vaccines that will be offered this fall are specifically designed to offer strong defense against the strains of these viruses that are expected to circulate this season."* Dr. Mark Joffe, chief medical officer of health

New this year, in addition to influenza and COVID-19 immunizations, residents of continuing care homes and senior supportive living accommodations that are 60 years of age and older will have access to publicly funded Abrysvo vaccine to protect them from RSV through the Alberta Outreach Program.

Seniors living in the community who are 75 years of age and older will also have access to a limited supply of provincially funded Abrysvo vaccine. For those not eligible through the provincially funded vaccine program, vaccines will be available for purchase.

### Quick facts

- For more information on respiratory viruses, visit the [www.alberta.ca/respiratory-illness](http://www.alberta.ca/respiratory-illness).
- The COVID-19 and influenza vaccines can be given to an individual on the same day.
- RSV vaccine must be given either two weeks prior to or two weeks after COVID-19 and/or influenza immunization vaccines. New bodies will come into force on March 1, 2025.

# BRAZEAU COUNTY COUNCIL HIGHLIGHTS

## October 1, Regular Council Meeting

### Community Organization Funding Policy FIN-7

Council approved amendments to the Community Organization Funding Policy FIN-7 to allow for sustainability funding for eight community halls: Berrymoor, Buck Creek, Carnwood, Funnell, Lindale, Lodgepole, Violet Grove, and Whitby.

The sustainability funding will match hall revenues from bookings and programming up to \$18,000 per year, and includes including provisions to require the community group amend their bylaws or enter into an agreement with the County to transfer ownership of all property and chattels should the organization fold, as well as limit on allowable reserves or savings. The policy, which takes effect January 1, 2025, also includes new maximums to some operational expense categories.

### Fire Incident Management and Emergency Notification System

Council approved the use of funds (for 2024 as \$4000 in 2024 and \$18,100 in 2025) budgeted to the AFRRCS project to implement the First Due System that will be an all-inclusive cloud based program that will provide the department with a host of useful tools for emergency management, navigation, and notification.

Replacing the current outdated system will save the County nearly \$14,000 annually in operating costs once fully implemented in 2026.

### Fire Bans and Restrictions Process

Fire Chief Tom Thomson provided Council with an overview of the process used by Drayton Valley/Brazeau County Fire Services (DVBCFS) to implement fire restrictions and bans in the county.

Alberta Forestry uses forecasted weather and seven categories such as moisture in fuels and beneath the ground and a fire weather index, to develop a fire behaviour forecast for the day with a rating from low to extreme for areas of the province.

In the local area on the provincial map is yellow that means the fire hazard is high, and DVBCFS will issue a fire advisory. If the map is red, that means the fire hazard in the area is very high and DVBCFS will issue a fire restriction. If the map of the area is purple/pink, that means the fire hazard is extreme, and DVBCFS will issue a total fire ban.

Fire Services looks at this information daily and looks at general trends, weather, and resource availability for the week or upcoming week to implement the level

of fire ban. Decisions to change the fire ban rating will be based on the calculations described plus the upcoming weather patterns.

For more on fire bans and restrictions, see the November/ December issue of the Brazeau County News.

Municipal relations staff with STARS Air Ambulance Glenda Farden and Shannon Paquette present Council with a gift as a thank you for the County's support of the organization. Currently, the County provides \$16,500 annually to STARS.

# INVESTIGATION ONGOING INTO DELAYED REFERRALS

Alberta News, October 04, 2024

**Alberta's government is taking action to address delays in referrals to community specialists after a processing disruption with Alberta Health Services was identified late last month.**

Alberta's government takes the health and well-being of all Albertans seriously, especially when it comes to having timely access to specialists to support their health needs.

In late September, AHS notified Alberta's government that there was an issue affecting patient referrals to community specialists from AHS' new electronic health record, Connect Care. Following an audit of referrals, AHS discovered that some patient referrals to community physician specialists or allied health providers (for example, physiotherapy and dieticians) outside of AHS were not being processed through Connect Care.

AHS has identified approximately 14,000 patients who may have been affected by the outgoing referrals to external health care providers not being properly processed. While the review is currently in its early stages, a total of 31 patients have been identified to date as requiring immediate follow up. They may have experienced a potential negative outcome due to the delay in referrals being processed in a timely manner.

A thorough review of the incident is underway to determine all possible contributing factors. Alberta Health has engaged the Health Quality Council of Alberta (HQCA) to provide an independent third-party review of systems and operational process to determine how a situation like this could have occurred and can be prevented in the future.

*"Timely access to care at critical times is a priority. This issue is greatly concerning, and we are committed to taking swift action to ensure AHS addresses and prioritizes the issue. I've asked the HQCA to investigate, and I look forward to recommendations brought forward as a result of the third-party review."* Adriana LaGrange, Minister of Health

AHS has begun to notify patients potentially affected by the disruption. AHS will work with the community provider to facilitate patient access in the event of delay that results directly from the issue. Patients can access information on the status of their referrals through MyHealth Records.

## Quick Facts

- Approximately 14,000 referrals to community

providers outside of AHS may have been affected since the implementation of Connect Care.

- Prior to Connect Care, there was no way to monitor the number of referrals sent and whether they were received by the community provider.
- Approximate total number of unsent referrals to community providers by zone:
  - Central: 741
  - North: 549
  - Edmonton: 10,025
  - Calgary: 3,329
  - South: 268

## LETTERS TO THE EDITOR

To the Editor:

With the objective of public knowledge and awareness, it should be noted that the Reeve of Brazeau County has been served an Application for his removal. This Application addresses concerns with his actions as a member of County Council for an apparent personal benefit, which appear to conflict with the duties and responsibilities to the County and his electorate. This issue is in the process of reaching a court to determine its validity; and if as a result of said Actions, the Reeve should be removed from County Council.

It should be noted that Municipal Affairs had been made aware of the Reeve's actions, but no response had been taken by this department.

Concerned ratepayers felt obligated and therefore compelled to take things further; therefore, the Court of King's Bench was the next course of action to be taken.

Another note: the Municipal Government Act contains over 540 pages of actions, responsibilities, and information empowering municipal Councils at all levels, but provides very little in the way of enforcement.

Lastly, the document (the Application) presented to the Reeve is accompanied by about 170 pages of Affidavit evidence regarding his actions which appear to put him in a conflict of interest between his personal motivations, and those of the office which he holds.

Stay tuned for further developments.
