

THE BRETON BOOSTER

FUN, FRIENDS & LEARNING AT PONY CLUB CHECK IT OUT NEAR BRETON THIS FRIDAY

Submitted by Kim Chung

Pony club is an international organization that was started to interest young people in riding and sport and provide learning they might not be able to get otherwise. Our motto is Loyalty, Character, Sportsmanship and, as an organization, we seek to not only develop strong riders but also upstanding citizens.

We are lucky enough to have 2 pony clubs in our area. We would like to invite you to learn more about us this Friday, October 25th, from 6:00 to 7:00pm at Pferde Traum Farm (4008 Twp Rd 482, Breton, AB).

Black Creek Pony Club encompasses the Calmar, Thorsby, Warburg and Breton areas. Blindman Valley Pony Club encompasses Winfield, Lakedell, Pigeon Lake, and Rimbey areas.

This Friday, our members will be riding together and having a fun lesson you can watch to see what pony club is like. We will be available to answer any questions you may have.

A bit more information:

- potential members must be at least 6 years old
- we have an adult program for 21 years and up
- members must have access to or own a pony or horse

For more information on pony club, please visit www.canadianponyclub.org/

We look forward to seeing you this Friday. If you want any other information before then, please text Kim at 780-405-5455.

A positive message will be added to the photo and used in the calendar. The calendars will be printed and distributed for free to members of our community. Please contact us at fcss@breton.ca or 780-696-3636 for more information or to be a part of this project. **Photos must be high resolution and submitted by October 28 to fcss@breton.ca.**

Counselling Subsidies

Breton and Area FCSS is pleased to offer Counselling Subsidies.

A subsidy is available for individuals, couples and/or families who are struggling with common, everyday issues to access short-term preventative counselling services. The goal is to:

- Improve relationships with better communication and conflict resolution skills;
- Improve mood with anger management and emotional support;
- Enhance personal growth with creativity, spirituality, self-esteem, self-awareness, goal setting;
- Improve parenting skills by focusing on attachment;
- Reduce stress with life balance; and/or
- Learn new skills and behaviors

The cost of counselling can be a barrier for many individuals and families. This subsidy is available to those who do not have access to coverage through health benefits or employee benefits, such as an Employee Assistance Plan (EAP), and whose family income is less than \$75,000 per year. Fees are determined according to a sliding scale based on income and family size. **Fees range from \$15 per session to \$50 per session.** The maximum number of sessions available is seven for individuals and nine for couples or families. Counselling services are provided through a partnership with Karunia Counselling from Leduc. We know that in this current environment many may have additional stress and anxiety. We also know that transportation may be an added barrier. These sessions can be arranged to be in person in the Karunia offices in Leduc, over the phone in your own safe environment or virtually on your computer.

To apply for the subsidy services, application forms are available through the Breton FCSS Office at 4916 50th Avenue or by contacting them at fcss@breton.ca or calling 780-696-3636. **ALL APPLICATIONS ARE STRICTLY CONFIDENTIAL.**

Breton and Area FCSS will be doing the intake of the applications. Counselling services are provided by Karunia Counselling by Registered Psychologists, Registered Provisional Psychologists, Canadian Certified Counsellors and Masters or PhD level student interns under the supervision of a qualified psychologist. All applications will be kept in strict confidence.

Greetings from Breton Elks Lodge #402

Well once again it is time to say hello and hope that all is well. It is apparent that summer is gone and we are into our fall season full tilt. Potatoes and tomatoes are fully harvested and our friends and neighbors on the farm are busy putting the final touch on all their fall activities.

Moving on with Elk Business, the first item is Christmas Supper. Be sure to mark December 14. This will be your opportunity to indulge in a fine helping of the finest of Christmas spirit provided by Breton Elks and Royal Purple Elks.

In review of the past year, the R.V. Park proved to be a center of attraction with another season of fine camping. Although the year got a slightly slower start, the final report put every detail above last year. Thank you to the tireless effort of all Elk members for their commitment to a great project. By all reports, the golf course was also in great shape and everyone can enjoy the fine hospitality of the Salt and Pepper Restaurant. The ice cream parlor also enjoyed another prosperous season. So when everything is gathered together a very fine visit is in store within the boundary of our Village.

Brother Don Gillis reported that Rimbey Legacy Committee is full speed ahead with preparations for their Oktoberfest Supper, October 26th. A fundraiser was held last spring to raise money for Heart Monitors and these have been purchased and are operational. This again is a result of a community banding together to make our world more enjoyable for everyone.

In keeping with the spirit of helping to make our community a better place, the Elk members would like to extend a huge thank you to Gary Gillert of Warburg for his donation of an electric wheelchair. Breton Elks members now have two electric wheelchairs in their possession. These chairs will soon be available for anyone who becomes handicapped and is in need of mobility assistance.

As the summer and fall activities draw to a close, winter action comes to mind. Conversation has started regarding the skate rink. As weather permits, work will once again take place on preparing an ice surface for winter skaters. Also, curling is coming into view. The Alberta Women's Curling Championship will be held in Rimbey in January 2025. This will see a great deal of attention focused on this community. The winners of this event will advance to the Scotty Tournament of Heart. Along with the attention on curling, the Elks National Curling will be hosted by Hanna December 5, 6 & 7, 2024.

Brother Jerry announced that all raffle tickets are out and approximately 30% have been sold and returned. Another order of books has been requested, so

appearance says they are a hit.

This concludes the highlights of recent Elkdom action. Until next time Good Health and Wealth to all.

FIRE SAFETY 2024 PART 2

Thank you to all that showed up for our spaghetti supper last Wednesday. The turnout was fantastic, with over 270 people in attendance. Hats off to our cooking crew for cooking up some of the best sauce around.

Our fire department is more than just a good bunch of cooks; they provide a vital service to our community. Training hours for our Station 2 crew totalled over 2673 hours in 2023. Wow, that is incredible dedication.

What can you, as a community member, do to help? Come join our team! The number one thing we hear from people is *"I'm too busy, I don't have time"*. Please remember that our team/family consists of a team of busy people that work full time jobs, run companies/multiple businesses and sit on community committees and boards. These members are also very busy but make time to serve you and your community.

Some other ways to help emergency services and yourself include:

- When you call 911 please give accurate information. If it is safe for you to safely get close enough to give an exact location and details of what is going on.

- We have had fires reported that in the end turned out to be flare stacks, clouds, the moon etc. Remember these people are walking away from work, family and sleep to respond. You taking an extra few minutes to investigate will help everyone. Accurate information helps save lives, time and valuable property.
- Test your smoke detectors, do fire escape plans, know how to run your fire extinguisher.
- Slow down - speed really does kill, don't pass on solid lines, don't run stop signs. Drive within the traffic safety laws. They are not merely suggestions.
- Please pull over and yield right of way for all emergency response vehicles.
- When passing a scene please slow down to 60 kph or less! Our membership is repeatedly put at risk because of people driving too fast or carelessly for members to do their jobs safely.
- Put your camera phone away! This one is for everyone within our community. It is not your job to show pictures with sensitive information on social media. You cause more worry and panic and none of us want to see an accident scene on social media that may cause hurt to other people. Let's care for one another and not be the paparazzi.

If you want further information please reach out to Mark at 780 542 0637.

PART 2 - RANDY CROWE MEMORIAL FUND

The Randy Crowe Memorial Fund was established in 2022 to help people with medical expenses, including transportation, that are not covered by Alberta Health Services. Through the generosity of our sponsors and the participation of golfers in the annual Randy Crowe Memorial Golf Tournament, to date we have helped over a dozen individuals in the Breton area with funding of up to \$500 each to aid with travel expenses, medical equipment and physical therapy among other things.

The fund, which is administered by the Breton Elks, is available and waiting to help members of our community. This is a confidential and seamless process. Patients going to the Edmonton, Calgary and Red Deer areas for medical treatments are encouraged to contact us to receive assistance. If you know someone who could use some help but may be reluctant to ask or may not know what to do, please contact us.

SAVING ALBERTA FARMERS TIME AND MONEY

October 17, 2024, Alberta News

Changes to Agriculture Financial Services Corporation's (AFSC) AgriStability program will reduce paperwork and lower costs for producers.

Farmers are vital to Alberta's economy, providing essential food resources and driving rural prosperity, yet they often face burdensome paperwork and high accounting fees that hinder their productivity. Governments are making changes to the AgriStability program to address these challenges.

A new option to align AgriStability reporting with tax filing in 2025 will result in less paperwork, reduce accounting fees, and make enrolment and participation in the program much easier. An accelerated deadline to submit program forms to AFSC will lead to earlier payments. Enrolling in AgriStability can also provide producers access to other credit options like the federal Advance Payments Program, which offers low-cost cash advances.

"We value the dedication and adaptability of our province's farmers. These changes to the AgriStability program will better respond to each producer's unique situation, making the program more predictable, timely and simpler to access, which is what producers have been asking for." RJ Sigurdson, Minister of Agriculture and Irrigation

AgriStability is an individual, whole-farm, margin-based program that helps producers who experience margin declines greater than 30 per cent due to production loss, adverse market conditions and increased costs. In 2023, AgriStability also increased compensation for margin declines exceeding 30 per cent, offering 80 cents per dollar of decline, up from the previous rate of 70 cents.

Producers rely on business risk management programs to offset the financial impact of many challenges. AgriStability provides income stabilization protection to help producers manage large margin declines that threaten their farm's viability.

"Farmers can often face uncertainty, and programs like AgriStability help them to protect their operations. To make things a little bit easier, we've made changes to the AgriStability program that will reduce paperwork, so our farmers can get the support they need, faster, and continue producing top-quality products." Lawrence MacAulay, federal Minister of Agriculture and Agri-Food

Risk management is critical in farming and each

producer needs to examine their situation and the tools available before making decisions. AFSC has a robust suite of lending, business risk management and insurance options that producers can access.

"Through our risk management programs, AFSC plays an important role in sustaining the agriculture industry.
