Larry William Sendziak

February 12, 1938 - October 27, 2024

It is with great sadness that we announce the passing of Larry William Sendziak on October 27, 2024, at the age of 86.

Larry is survived by his loving wife Donna of 60 years; children Michael (Yuliia), Patricia (Ian), Nathania (Kyle); grandchildren Nicole (Cameron), Eric, Cole, Hunter, Ryder; step-grandchildren Nataliia, Oleksandr siblings Donald (Kyrstina), Diane (Cyril), sisters-in-law Phyllis (Ron), Elaine, Valarie (Julian), brothers-in-law Ken (Janis), Wallace; as well as numerous nieces, nephews, relatives and friends.

Larry was predeceased by his parents William and Katherine Sendziak as well two siblings.

Larry has lived and worked his whole life on his farm just west of Calmar. Larry was a dedicated volunteer to many organizations in his community, including Alberta Zirka Ukrainian Performers of Calmar, and his parish in Thorsby. He also enjoyed baseball, ice fishing and curling.

A Funeral Service will be held on Saturday November 2, 2024, at 10:30 am at St. John the Baptist Ukrainian Catholic Church (49177 Hwy 778, Thorsby Alberta).

In lieu of flowers memorial donations may be made to St. John the Baptist Ukrainian Catholic Church or Cemetery.

Daniel Leonard Hjalmer Fossen

September 4, 1987 - October 14, 2024

Daniel was born on September 4th, 1987, in Daysland, Alberta and with great sadness we announce his sudden passing on October 14th, 2024, in Thorsby, Alberta.

Daniel grew up on a small farm outside of Daysland. After high school he jumped around central Alberta then settled himself in Thorsby, Alberta. This is where he bought a home and built a beautiful life with his wife.

Daniel was a loving son, brother, husband, father and uncle. He will be greatly missed but the memory of him will be cherished by his wife Lindsay and children Emerson, Paxton, Angelika and DJ (Daniel Junior), his parents Dan and Karmen and his brothers Zen (Tanya), Layne (Deanna), his twin Katlin (Sarah) and Landon as well as his numerous nieces and nephews.

Daniel was a free spirit who loved to joke around. He was an avid outdoorsman. Whether on the water or in the woods, his love for nature was a constant presence in his life. Those that knew him will remember his spirit and the many memories made in the great outdoors.

There will be a Celebration of Life held in Daniel's honour on November 23rd, 2024. From 1-4pm at the Killam Community Hall (4929 50th St, Killam, AB). This will be informal with an open mic. All are welcome to come and share their stories of Daniel. Light refreshments will be provided.

In lieu of gifts the family asks that donations be made in Daniel's name to Alberta Mental Health Foundation or the MOvember movement.

Condolences may be forwarded to www.rockyfuneralhome.ca. Rocky and Sylvan Lake Funeral Homes and Crematorium, your Golden Rule Funeral Homes, entrusted with the arrangements.

Application summary

The Alberta Utilities Commission expects to receive an application from ATCO Gas and Pipelines Ltd. to approve the existing current and valid natural gas distribution franchise agreement with the Summer Village of Silver Beach. This application for approval is required due to changes made by the *Utilities Affordability Statutes Amendment Act*, 2024, to various statutes governing franchise agreements.

No changes to the franchise agreement or to the franchise fee rate rider percentage are being made as part of this application. The franchise fee rate rider percentage will remain at its current rate, which is 20%. ACCOUNTABILITY FOR OTTAWA'S CARBON TAX DOUBLE STANDARD

Alberta News, October 29, 2024

Alberta's government has filed an application at the federal court challenging the constitutionality and legality of Canada's heating oil carbon tax exemption.

Alberta's government is standing up against the federal government's carbon tax exemption for heating oil to protect Albertans from the double standard Ottawa has created with the carbon tax, which means Albertans continue to pay carbon taxes to stay warm in winter.

Last fall, after years of insisting that the carbon tax is applied equally across Canada, the federal government exempted the carbon tax for heating oils, which are used predominantly in Atlantic Canada and Quebec. Over the last year, the federal government has refused multiple requests to grant a similar carve-out on other heating methods from Alberta and others across the country who are also facing rising costs of living.

Alberta's government will now take this fight to the courts. Alberta filed an application seeking judicial review of the exemption with the Federal Court on Oct. 29, asking the court to declare that the exemption is both unconstitutional and unlawful. The application argues that Ottawa's carbon tax exemption for heating oil is unconstitutional and inconsistent with the Government of Canada's stated purpose for enacting the Greenhouse Gas Pollution Pricing Act.

"Last year, Ottawa decided Canadians in the East deserved a three-year break from paying the carbon tax on their home heating costs. While we're happy for these Canadians, Alberta, Saskatchewan and other provinces who heat their homes with natural gas have been deliberately excluded from these savings. Albertans simply cannot stand by for another winter while the federal government picks and chooses who their carbon tax applies to. Since they won't play fair, we're going to take the federal government back to court." Danielle Smith, Premier

While the Supreme Court of Canada previously found the Greenhouse Gas Pollution Pricing Act was constitutional, it found that Canada's jurisdiction to regulate greenhouse gas emissions was limited to the ability to create minimum national standards for carbon pricing for the purpose of reducing greenhouse gas emissions.

Alberta strongly opposes the federal carbon tax exemption on heating oil, as the federal government is

no longer creating minimum national standards that apply evenly across the country, and is instead creating a regime that favours one region and fuel type over others.

"This exemption is not only unfair to the vast majority of Canadians, but it is also unlawful as the federal government does not have the authority to make special exemptions for certain parts of the country under the Greenhouse Gas Pollution Pricing Act. The federal government isn't even following its own laws now. Someone needs to hold them accountable, and Alberta is stepping up to do just that." Mickey Amery, Minister of Justice and Attorney General

The federal carbon tax adds to the rising cost of living for all Canadians. By 2030, it will cost Canadians \$25 billion every year, in addition to lowering the gross domestic product (GDP) by \$9 billion. In addition, the Bank of Canada has estimated that the federal carbon tax increases inflation by 0.15 per cent year over year.

Quick facts

- Since Apr. 1, 2024, Albertans have been paying around 35 cents in federal taxes on every litre of fuel – along with the carbon tax, that also includes the federal excise tax and the GST.
- The following percentage of households use home heating oil by province:
 - Forty per cent in Prince Edward Island
 - Thirty-two per cent in Nova Scotia
 - Eighteen per cent in Newfoundland and Labrador
 - Seven per cent in New Brunswick
 - Four per cent in Quebec
 - Two per cent in Ontario
 - One per cent in British Columbia
 - Less than one per cent in Alberta, Saskatchewan and Manitoba

FRESH STARTS FOR FALL

Just because there is a nip in the air doesn't mean you should go into hibernation mode!

Embrace the season with these fresh ideas.

1. Savor seasonal produce. Autumn is the perfect time to find fun recipes that feature beets, celery root, rutabaga
2. With the change in the season comes a change in the family schedule. Schedule in "mini workouts" of 10 or 15 minutes of physical activity to keep you on track while you adjust.
3. Clean out those cupboards! You've heard of spring cleaning, here's your six- month reminder to restock pantry items that support your healthy eating habits.
4. Get creative at an apple orchard or pumpkin patch. Stretching to pick up fruit, squatting to grab a gourd, or strolling alongside a hayride (instead of hopping on) all contribute to better fitness.
5. Take advantage of the time change and power down a little earlier with a good book or a luxurious bath. Or, combine the two!
6. Go for a bike ride. The air is fresh and cool, and the leaves are changing. Because it's not as hot, you may find yourself logging more mileage than in the summer months.
7. Spice it up! Add a cinnamon stick to some apple cider, cloves to pumpkin bread or nutmeg with baked squash.
8. Reimagine a fall chore as a great source of exercise. Aside from the benefits of being out in the crisp, fresh air, raking leaves works your muscles and burns calories, too!
9. Get a holiday head start. Before you know it, it'll be New Year's and you'll be pulling those snazzy clothes out of the closet. Set a goal for the next few months to fit into them better!
10. Conquer a corn maze. Make a game out of it, and see who can get to the end faster-or take a nice stroll in and around the maze.

Genesee Repowering Project Steam Blows

As part of the commissioning process and final testing of Capital Power's Genesee 1&2 Repowering Project there will be periods of unusual noise coming from the site as we complete steam blows for Genesee 2. The steam blows are anticipated to run 24/7 beginning on **Wednesday, October 30, and continue for up to two weeks.**

Steam blows are required to clean the steam piping and other steam related components. The process involves the continuous release of steam through the piping system, which produces noise not normally heard during operation.

We have made efforts to minimize noise and the duration of the steam blows. We recognize the steam blows may inconvenience you and appreciate your patience as we move through this short cycle of the project completion.
