Kindness Project 2025

We received some really great nominations in January, please continue to submit your nominations for our February event. We will draw for those received in February and announce our random winner at the end of the month. Thank you to those that have made nominations and those that are showing such kindness.

"Did you know that acts of kindness are a key contributor to mentally healthy communities? Kindness, as research has shown, also makes us happier, improves physical health, slows ageing, and improves relationships."

An act of kindness can be as simple and as a smile, a genuine greeting or acknowledgement, intentionally including someone in something, and can be a big as you can imagine. Many acts of kindness are free or low cost and are proven to make a difference to the mental wellbeing of a person.

An act of kindness, no matter how small, is ever wasted. You can show kindness in everyday life; from picking up the phone to say hello, to dropping round a baked loaf, to offering to pick something up for someone, to raking their yard. It could even be as simple as saying hi to someone in the street or taking the time to stop with someone who might need to see a friendly face.

Throughout 2025 we are asking you to let us know who has shown you Acts of Kindness. There are a couple of ways you can share with us:

Send an email to fcss@breton.ca Include the Act of Kindness, whom it was done by and their contact information along with your name and contact information.

Drop by the Village office or the Breton Municipal Library and complete a form

Once a month we will select random entries to be awarded gift certificates to local businesses for their gestures.

**Please feel welcome to contact us at

CONTINUING ALBERTA'S ADVOCACY EFFORTS TO U.S. OFFICIALS

Alberta News, February 10, 2025

Premier Danielle Smith and Canada's Premiers will be in the U.S. capital to advocate for win-win solutions that will repair our country's long-standing relationship with the U.S.

The Premiers' trip is part of a Council of the Federation mission to Washington, D.C. from Feb. 11 to 13 where Premier Smith will support a Team Canada approach to engaging with U.S. lawmakers and industry, while highlighting how tariffs on Canadian and U.S. products harms Canadians, Americans, workers, businesses and industry on both sides of the border.

Premier Smith will also take the opportunity to reinforce how Alberta is contributing to Canada's enhanced efforts to secure our shared border, how we can collectively grow our economies, and the significant role Alberta energy plays in helping the U.S. create prosperity for its people and achieve energy dominance and security for the long term.

The Council of the Federation was formed in 2003. It brings together Canada's 13 provincial and territorial Premiers to enhance collaboration among provinces, territories and with the federal government, while working together to address important issues that affect all Canadians.

Premier Smith will travel with five staff members. Mission expenses will be posted on the travel and expense disclosure page.

Quick facts

- The United States announced 25 per cent tariffs on most Canadian goods and a 10 per cent tariff on Canadian energy exports.
- In response, Canada announced retaliatory tariffs on C\$155 billion of U.S. exports.
- As of Feb. 3, U.S. tariffs on Canadian goods and retaliatory tariffs on U.S. goods have been delayed for at least 30 days.
- Alberta is spending C\$29 million on a border security plan, including the creation of a new sheriffs unit, a 51-officer Interdiction Patrol Team, four patrol dogs and 10 weather surveillance drones, among other measures.
- The U.S. is Alberta's largest trading partner and Alberta is the second largest provincial exporter to the U.S.
 - In 2023, Alberta's exports to the U.S. totalled

C\$156 billion, accounting for 89.3 per cent of total provincial exports.

- Energy products accounted for approximately C\$127.5 billion, more than 82 per cent of Alberta's exports to the U.S. in 2023.
- In 2023, Alberta imported approximately C\$25.8 billion in products from the U.S., including energy, machinery, aircrafts, vehicles and plastics. However, these figures are under-reported, as they do not account for trans-shipments.
- Canada buys more from the U.S. than Germany, Italy, France, the UK and Vietnam combined.
- The U.S. is an important source of industrial inputs and consumer goods for the province.
- If oil and gas exports are excluded, the United States actually sells more to Canada than Canada sells to the U.S.

and stronger
together."*
