## BRETONTHE B

## **CANADA POST RECEIVES STRIKE** NOTICES FROM CUPW

May 19, 2025, www.canadapost-postescanada.ca/cpc/en/ourcompany/news-and-media/corporate-news/negotiations/2025-05-19-canada-post-receives-strike-notices-from-cupw-customers-shouldbe-prepared-for-possible-service-delays

#### Customers should be prepared for possible service delays

Today, Canada Post received strike notices from the Canadian Union of Postal Workers (CUPW), for both Urban and RSMC (Rural and Suburban Mail Carriers) bargaining units. The notices indicate that CUPW intends to begin strike activity as of Friday, May 23 at 12:00 am local time, unless the parties reach agreements before then.

Our operations continue as usual at this time.

#### What you can expect

In the event CUPW initiates rotating strike activity, Canada Post intends to continue delivering in unaffected areas while working to reach agreements. We will work to minimize service disruptions, but customers may experience delays.

In the event of a national labour disruption, mail and parcels will not be delivered and no new items will be accepted until the disruption is over. All mail and parcels in our network will be secured and delivered as quickly as possible once operations resume.

Following either a rotating strike or a national labour disruption, processing and delivery may take some time to fully return to normal.

The potential for another strike comes at a critical moment for the postal system. Since 2018, the Corporation has recorded more than \$3 billion in losses before tax, and it will post another significant loss for 2024. In early 2025, the Government of Canada announced repayable funding of up to \$1.034 billion for Canada Post to prevent insolvency.

#### **Negotiations update**

Canada Post remains committed to reaching collective agreements focused on protecting and enhancing the wages and benefits that are important to our people while reflecting the Corporations' current realities.

#### Stay up to date

We'll notify you if there is a labour disruption of any kind, and keep you informed as the situation develops so you can plan accordingly. Continue to check our website to get updates and stay informed with the latest information on negotiations.

#### \*\*Note from the Village of Breton **Facebook regarding the potential** strike, May 19, 2025

Here we go again folks! Tax notices went out in the mail last week. If you have not received your tax notice in the mail by now please call or drop in to the Village office tomorrow.

Also for utility bills in June (if the strike goes forward) please strongly consider signing up to have your utility bills emailed to you.

If you have questions on these please reach out to us at 780-696-3636 option #2 or email admin@breton.ca

If you have been collecting beverage can tabs or recyclable metals for the Alberta Elks Foundation Tabs for Tots program, now is a good time to drop them off. Darren Scott Accounting is ready to accept your donations for the benefit of small community hospitals in

our province. Drop tabs off any time during working hours or phone to ask about any larger recyclable items. They have accepted aluminum products such as foil, eavestroughing, wheels and canoes in past. Phone 780-696-3800 to make arrangements for pickup of large items.

#### **PROGRAMS IN BRETON**

FREE Community Document shredding Monday June 2- bring your personal documents to the Village office between 8:30 - 11:30 am and they will be shredded in a big truck from Edmonton. This is free of charge for any community member. We ask that you don't bring more than 5 large garbage bags. This truck is a cross shredding unit. This is a great way to protect your personal identity and shred your personal documents. This service is available to all Village of Breton and Brazeau County residents. If you bring documents before June 2, we will keep them in a secure location until the shredding day.

Brighter Futures Stay, Play & Grow – Tuesday mornings from 10-11:30am. Hosted by Brighter Future's, held at Faith Covenant Church, 4712 – 53 Ave. Children 0-6 can burn off all that extra energy with physical activity. Drop in. Free. 780-514-5070 for info.

**Breton Youth Centre** – A fun and safe place for youth Grades 6-12 to hang out, try new activities. Located in the Breton Civic Centre. Activities are advertised on social media. Volunteer run. Some activities have included Movie nights, Crafts, Taco Thursdays, Games, Music, Bible & Pizza Time, Drama Club. Everyone welcome.

Also a reminder July 1 – Canada Day Celebrations will be here before we know it. If you or a group you are with are planning activities or would like to be involved in the day, please contact the Village office with your ideas. It only takes a bit of time to put something together to add to the fantastic celebration in the community.

Seniors Information and Workshop Day - Please join us on June 10th, 2025 at the Breton Community Center for a day of information, laughter, prizes, great food and friendship. The FCSS programs of Warburg, Wetaskiwin County and Breton are planning this day out for any older adult or caregiver in our community. This free day will feature:

Speakers on topics such as:

 Hearing Aids / Home care services / Heart to Home Meals / Foot care / Wills / Estate Planning / Plan Ahead Session - Katlynn Prenioslo / Musical Entertainment

The day is free to all participants, but we do ask that you register with any of the FCSS programs - Warburg FCSS - 780-848-2828, Breton FCSS - 780-696-3636 or Wetaskiwin County FCSS by 780-352-3321 by June 4th for planning purposes.

#### **Kindness Project 2025**

We had some great nominations again this month. Thank you to all those that continue to lend a helping hand to their neighbors and community members. A reminder that the nominations must be for a "Act of Kindness". Thank you to those that have made nominations and those that are showing such kindness.

Throughout 2025 we are asking you to let us know who has shown you Acts of Kindness. There are a couple of ways you can share with us:

- Send an email to <u>fcss@breton.ca</u> include the Act of Kindness, whom it was done by and their contact information along with your name and contact information.
- Drop by the Village office or the Breton Municipal Library and complete a form

Once a month we will select random entries to be awarded gift certificates to local businesses for their gestures.

**Community Volunteer Income Tax Program – FREE INCOME TAX PREPARATION** - For Low Income Persons, Families, seniors and students. If you did not file a tax return in 2024 you may not be receiving benefits from the government that you are eligible for. The focus of the Community Volunteer Tax Program is to assist those individuals who have limited income. This includes seniors, families, and students. We will continue to offer this service throughout the year as our time permits to work on your file.

#### Save the Dates for these **Community Events:**

June 2 – 8 – Senior's Week Celebrations – Watch for more details next week with all of the events being hosted in our community to celebrate Older Adults.

June 10th - Seniors Information Day - Register with Breton FCSS at 780-696-3636 for information sessions on local services, Wills & Estates, Lunch and Entertainment. Free. All Older adults and caregivers in the area welcome

July 1 – Canada Day Celebrations – Pancake Breakfast, Outdoor Market, Parade, Children's area, games, food trucks, Beer gardens, car show, and more!

July & August – Youth Summer Programs – Activities will be held on Tuesday, Wednesday and Thursday throughout the summer. Calendar will be available near June 2.

September 16 – Community Information Night and Chili Cook Off – Join us to learn about all the activities, groups and services in Breton and area, along with tasting and judging some of the best Chili around.

September 27 - Roper Romp - Ladies Night - hosted by the Breton Agricultural Society - Trivia, Comedians, Music, and additional entertainment. Watch for more details.

## Brazeau County

## NOTICE

#### ROADSIDE VEGETATION CONTROL PROGRAM

Brazeau County Agricultural Services Division will be carrying out roadside spraying of prohibited noxious, noxious weeds and woody vegetation (brush) throughout the County from May to October. For public safety, a buffer zone will be maintained between these roadside spray areas and county residences/yard sites.

As per our Vegetation Management policy, spraying on roadsides is done under the authority of Alberta's *Weed Control Act.* Brazeau County is required to control the weeds in the roadside just like any other landowner is on privately owned land. As well, in the public interest of safety, brush control is performed to increase the sightlines on roadways and intersections. As a result, costs of maintaining these open roadways are reduced where brush and trees are managed properly as it makes snow removal easier and allows roads to dry out quicker after precipitation falls.

The following programs related to herbicide use are available to residents:

- Hawkweed Program (County staff will treat up to 10 acres infested with Hawkweed on private land at no cost)
- Herbicide Rebate Program (the County will reimburse landowners 50% of the cost of herbicide used on the landowner's property to control prohibited noxious and noxious weeds)
- No Spray Agreement (the County will not use herbicides in the ditch adjacent to a landowner's property; responsibility for weed control is assumed by the landowner)

For further information about any of the above mentioned programs, please visit <u>www.brazeau.ab.ca</u> or contact the Agricultural Services Division at (780) 542-7777.

#### **IMPORTANT DATES**

Bring your recyclables to:

#### Household Hazardous Waste

These solid or liquid materials and gas containers have outlived their usefulness and could harm people or the environment, without special handling and treatment in how they are discarded. They can be flammable, corrosive, explosive or toxic and because of these dangerous characteristics should not be sent to the landfill or emptied into sewer systems. Household hazardous products in Canada display one or more of the following symbols:

Flammable - burn easily (painting wastes, degreasers, and other solvents).

Corrosive - "eats" away surfaces and skin (rust removers, alkaline cleaning fluids and old batteries).

Reactive/Explosive - react violently when mixed with other chemicals, under pressure or heat (aerosols).

(materials containing heavy metals like mercury, lead or cadmium).

When a product displaying one or more of the warning symbols is discarded (after considering reuse possibilities), it should be disposed of properly. Examples of acceptable products at <a href="http://www.brazeau.ab.ca/county-office/events/news-and-public-notices/household-hazardous-waste-roundup-may-25th-and-june-1st">www.brazeau.ab.ca/county-office/events/news-and-public-notices/household-hazardous-waste-roundup-may-25th-and-june-1st</a>

In conjunction with the Hazardous Waste Roundup <u>residents will</u> <u>also be allowed to bring large items and yard waste to the transfer</u> <u>stations on the same day.</u> Items such as furniture, appliances, scrap steel and yard waste will be accepted. Some transfer stations accept scrap steel and appliances year round. Check for times and sites on <u>www.brazeau.ab.ca</u>

Tires unloaded by hand and removed from rims will be accepted again this year. Please do not bring in any tires from large industrial, commercial or agricultural equipment.

Very large items such as car bodies/parts, construction waste and commercial/industrial waste will not be accepted.

Glen Gunderson Councillor Div. 1 780-621-6459

Kara Westerlund Councillor Div. 4 780-898-4561

Councillor Div. 5 780-696-2468

## FIRE RESTRICTION

from Drayton Valley/Brazeau County Fire Service & Village of Breton Facebook

Please be advised due to the increased levels of precipitation, and cooler weather conditions forecasted this week, the Village of Breton/Brazeau County Fire Services will be reducing the Fire Ban status to a Fire Restriction for the area of Brazeau County and the Village of Breton EFFECTIVE Thursday May 15, 2025 at 8:00am. A Fire Restriction occurs when the fire hazard in the area remains high to very high. Wildfires can start easily from most causes. Wildfires may become serious and difficult to control if not successfully contained while small.

OUTDOOR BURNING IS ONLY PERMITTED IN APPROVED FIRE PITS OR APPROVED BURNING APPLIANCES.

- Existing fire permits are still valid (no permit extensions will be issued)
- No new fire permits will be issued until Partial Fire Ban is Lifted

- Allowed: • Safe wood
- campfires in approved fire pits
- Portable propane fire pits
- Gas or propane stoves and barbecues
- Charcoal and pellet barbeques
- Catalytic or infrared-style heater
- Approved and certified incinerators (for agricultural use)

For more information please visit <u>www.albertafirebans.ca/</u>

for fire up-to-date fire status or contact the Drayton Valley/Brazeau County Fire Services @ 780-514-2216 during regular business hours.

## DETECT EARLY, STOP CANCER

Alberta News, May 15, 2025

#### Alberta's government is investing \$5.5 million in cancer screening to improve early detection and ensure faster access to life-saving diagnosis and treatment.

Half of all people living in Alberta will have cancer during their lifetime. They deserve high-quality cancer care, including early detection. That's why Alberta's government is extending the Alberta Lung Cancer Screening Program and is providing grants to four organizations to improve access to cancer screening – particularly in rural, remote and Indigenous communities.

Launched as a pilot in 2022, the Alberta Lung Cancer Screening Program was designed to assess whether a provincially coordinated approach could improve lung cancer outcomes through earlier detection and timely treatment. After a promising launch, it is being extended with a \$2-million investment and an additional \$500,000 from the Alberta Cancer Foundation. This funding will allow the pilot to continue offering screenings to eligible individuals for an additional year while plans are finalized to transition the program to a permanent, provincewide program.

"We're making progress, with more people in Alberta surviving lung cancer than ever before, but more work remains. That's why we're funding the Alberta Lung Cancer Screening Program to support early detection and improved patient outcomes." Adriana LaGrange, Minister of Health

Treatment for early-stage lung cancer is significantly more effective, less burdensome for patients and their families, and more cost-effective for the health care system. Since its launch, the Alberta Lung Cancer Screening Program has screened more than 3,800 eligible people in Alberta, with almost 90 per cent of detected lung cancers identified at an early stage.

"Late-stage lung cancer is much harder to treat or cure because the cancer has already spread to other parts of the body or there's too much cancer in the lungs. Screening with low-dose CT scans can detect lung cancer earlier, before someone has symptoms." Dr. Alain Tremblay, medical lead, Alberta Lung Cancer Screening Program

"This year alone, more than 2,700 Albertans will be diagnosed with lung cancer. Our donors are proud to support vital projects like this that strengthen cancer screening across the province and make a meaningful and lasting impact." Wendy Beauchesne, CEO, Alberta Cancer Foundation

## More funding available for screening, prevention

Detecting cancer early is crucial to saving lives, and Alberta's government continues to make early detection more accessible and easier to navigate.

The Cancer Research in Screening and Prevention Program is providing about \$3 million to support cancer prevention and screening initiatives to improve health outcomes for people living in Alberta, including research, education, marketing and public policy development. Eligible Alberta-based health agencies and organizations, post-secondary institutions, non-profits, First Nations and Métis communities, as well as municipalities, can apply for funding under the program.

Four organizations received funding for their projects in 2024:

- Alberta Health Services Optimizing screening for subsequent primary cancers in recipients of hematopoietic cell transplantation \$343,518
- Lakeland Métis Nation Association Lakeland Métis Nation cancer screening awareness program – \$600,000
- Siksika Health Services Siksika Nation cancer screening and prevention \$997,850
- University of Alberta A Phase 3 randomized trial of prostate cancer screening using high resolution micro-ultrasound versus MRI – \$987,000

The deadline to apply for 2025-26 program funding, which includes a dedicated Indigenous stream, is May 30

#### Quick facts:

- Lung cancer is the most common cause of cancer deaths in Alberta.
- In typical clinical settings, more than 70 per cent of lung cancer cases are detected in advanced stages.
- Alberta Health Services already operates provincewide screening programs for breast, cervical and colorectal cancer.
- Since the Cancer Research in Screening and Prevention Program launched in 2022, nine organizations have received funding to initiate a total of 18 projects.

🗹 sam.kobeluck@gmail.com

#### YES WE CAN MAKE A DIFFERENCE FOR THE FUTURE

TAX FREEZE

I have decided to run for Councillor in Division 6 of Leduc County. I think with my experience, and challenges of today, I can offer a great leadership voice to the county and especially for the rate payers of Division 6. I will *work* for you so that *we are not left behind*.

- Increase transparency between council and their constituents
- Freeze on taxes. We need to look at our budget and make sure that taxes do not increase.
- Protect county land from future annexation. The Leduc County is slowly decreasing in size from the North, West & East - Brazeau County, City of Edmonton / Leduc.
- Have a 3 & 10 year capital infrastructure plan so that we know where we want to set budgets.
- Increase the budget allotment to Public Works and the Agriculture Department.
- Upgrading of TWP Rge. Rd. 274 Rundle's Mission.
- Paving of Rge. Rd. 485 from Warburg Transfer Station into Warburg and Rge. Rd. 32 to Hwy. 39
- Maintain the Nurse Practitioner in Warburg and Thorsby.
- Complete the paving of Railway Avenue to Rge. Rd. 490 in the Hamlet of Sunnybrook.
- Open up the Sunnybrook Creek Park.

TRANSPARENCY

- Make sure that ALL Rural Halls are Fiscally Stable.
- Work with local municipalities to make sure all concerns are met as to cost share agreements.
- Lobby the Provincial Government to look at and fix Hiway 616 from 778 West 5 miles.
- Road Maintenance and dust suppression a major concern

We need to have a strong voice and opinion on matters at the county level so that it is in the best interest of the County as a

whole and the interest of the electorate of

**Division 6.** 

ACCOUNTABILITY

## DEFENDING ALBERTA INDUSTRY DURING U.S. TARIFFS

Alberta News, May 12, 2025

#### Alberta's government is freezing its industrial carbon price to keep industry competitive and defend jobs in response to the uncertainty caused by United States' tariffs.

The current tariffs being imposed by the United States are increasing costs, disrupting supply chains and creating uncertainty for industry, making it challenging to operate efficiently and stay globally competitive. Action is needed to defend Alberta's economy and Albertan jobs.

In response to feedback from industry leaders, Alberta is freezing the industrial carbon price at the current rate of \$95 per tonne of emissions. This freeze provides certainty and economic relief to oil and gas, electricity, petrochemical, manufacturing, cement, pulp and paper, mining, forestry and other sectors employing tens of thousands of workers across the province.

"This freeze will provide certainty, stability and economic relief to the businesses that contribute so much to all of Canada. With the change in government south of the border, it essential that we have a reasonable carbon pricing system, not one that will price our industries out of global markets. Alberta has had a reasonable, industryled carbon-pricing system in place since 2007. This is provincial jurisdiction, and we will not needlessly burden our businesses with further increases dictated by Ottawa that would be detrimental to our economy." Danielle Smith, Premier

"By freezing the TIER price, we are defending the businesses that drive our economy and the jobs that tens of thousands of families rely on against tariffs, threats and uncertainty. Industry is at the heart of Alberta, and we will continue to keep our industry competitive and strong and will not allow it to be shut down or be put at risk of falling behind during this challenging time." Rebecca Schulz, Minister of Environment and Protected Areas

"This freeze balances industry's need for predictability and stability and acknowledges that Alberta competitiveness will be irreparably harmed by an industrial carbon price that goes too high and would hurt our efforts to produce the cleanest energy in the world." Brian Jean, Minister of Energy and Minerals

The current tariffs imposed by the United States come after a decade of anti-industry and anti-development policies by Canada's federal government. These rules and regulations have decreased Alberta's competitiveness, increased uncertainty and driven away much needed investment since 2015.

Alberta remains committed to reducing emissions through the development and implementation of new technologies, not unrealistically high taxes, while responsibly powering the world for decades to come.

#### Quick facts:

- Alberta's industry-led industrial carbon tax system, TIER, has been in place since 2007. Alberta's industrial carbon pricing and emissions trading system, known as the TIER system, sets an industrial price for carbon dioxide equivalent (CO2e) emissions produced by regulated facilities.
- Alberta has reduced emissions intensity from the oil sands by over 22 per cent while production increased by 90 per cent.
- Previously, the price was scheduled to rise to \$110 per tonne in 2026 and continue increasing to \$170 per tonne by 2030.
- The next legislated review of the TIER system must take place by Dec. 31, 2026.
- TIER funding supports geothermal, hydrogen, energy storage, methane emissions reduction, and carbon capture, utilization and storage technologies for industries across the province.

No job too big or small...we do them all
